Blanks, nineteen hundred and fifty-eight (1958).

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That Article 2 be laid upon the table.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

Voted: To so authorize the Treasurer.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1948 and to issue a note or notes therefor, payable within one

year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: To so authorize the Treasurer.

Voted: ARTICLES 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19 be referred to the Finance Commission for consideration and report with recommendations at the Adjourned Session of this meeting.

Voted: That this meeting adjourn.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant

ADJOURNED ANNUAL TOWN MEETING

January 19, 1948 to March 31, 1948

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak, and dated March 22, 1948, the Adjourned Annual Town Meeting was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That Article 2 be laid on the table.

ARTICLES 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19.

Voted: That these Articles be referred to the Finance Commission for consideration and report with recommendations at the Adjourned Session of this meeting on the 12th day of April A. D., 1948, in the Junior High School Auditorium, Washington Street, Norwood, Mass.

Voted: That this meeting adjourn.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant.

SPECIAL TOWN MEETING

April 12, 1948

On a warrant duly issued by the Selectmen under the date of March 30, 1948, and signed by Sture Nelson, George C. O'Brien, Harry B.

Butters, Clement A. Riley, W. J. Dempsey, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James C. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing an outdoor swimming pool at Hawes Brook; determine whether the money shall be provided for by taxation, by appropriation from available funds in the treasury, or by appropriation from the Post-War Rehabilitation Fund, or take any other action in the matter.

Voted: By taxation, the sum of \$20,000.00.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate for repairs and improvements of real estate owned by the Town, or take any other action in the matter.

Voted: By taxation, the sum of \$750.00.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of providing shelter for veterans of World War II who are residents of the Town of Norwood, or take any other action in the matter.

Voted: By taxation, the sum of \$3,000.00.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate to cover the expense for codification of Town By-Laws, or take any other action in the matter.

Voted: By taxation, the sum of \$1,000.00.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to provide for the necessary expenses of the committee appointed pursuant to the provisions of Chapter 541, Acts of 1947, in connection with the establishment of Representative Town Government by Limited Town Meeting.

Voted: By taxation, the sum of \$1,000.00.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate to meet the expense of printing the proposed building code for the Town of Norwood.

Voted: By taxation the sum of \$500.00.

ARTICLE 7. To see if the Town will vote to raise and appropriate a sum of money to provide the cost of architect's fees in connection with the proposed Recreation Center Building.

Voted: Indefinite postponement.

ARTICLE 8. To see if the Town will vote to accept as a town way under the provisions of law relating to the assessment of betterments, a new way as laid out and reported by the Selectmen, to be known as Ellis Avenue and substantially in the location of an existing private way, and to raise and appropriate a sum of money for the payment of damages, or take any other action in the matter.

Voted: By taxation, the sum of \$500.00, and to so accept.

ARTICLE 9. To see if the Town will vote to accept as a town way, a new way as laid out and reported by the Selectmen, to be known as Margaret Street, and to raise and appropriate a sum of money for the payment of damages, or take any other action in the matter.

Voted: To so accept.

ARTICLE 10. To see what sum the Town will vote to raise and appropriate to meet the necessary expense of a public school kindergarten program, or take any other action in the matter. (On request of the School Committee.)

Voted: By taxation the sum of \$10,000.00.

ARTICLE 11. To see if the Town will vote to accept from the Women's Community Committee the sum of Three Hundred Dollars, said sum to be expended by the Trustees of the Morrill Memorial Library for the purpose of providing a film lending service for the Town. (On request of the Trustees of the Morrill Memorial Library.)

Voted: To so accept.

ARTICLE 12. To see if the Town will vote to acquire by purchase or take by eminent domain for public parking purposes certain areas or parcels of land westerly of the High School shown on "Sketch of Proposed Parking Area also Public Garden, Norwood, Mass." on file with the Town Clerk, and to raise and appropriate a sum of money for said purpose. (On request of the Norwood Housing Trust.)

Voted: Indefinite postponement.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

POSTPONED ADJOURNED ANNUAL TOWN MEETING**March 31, 1948 to April 12, 1948**

SPECIAL TOWN MEETING

May 21, 1948

On a warrant duly issued by the Selectmen under the date of May 12, 1948, and signed by Sture Nelson, George C. O'Brien and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by Thomas C. Lydon, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to determine the need for a housing authority and provide for the organization of such an authority in accordance with the provisions of section 26K of the Housing Authority Law of the Commonwealth of Massachusetts as inserted in Chapter 121 of the General Laws by Chapter 574 of the Acts of 1946, and raise and appropriate by borrowing or transfer or otherwise sufficient money to accomplish such purpose.

Voted: Pursuant to the provisions of Section 26K of the Housing Authority Law of the Commonwealth of Massachusetts as inserted in Chapter 121 of the General Laws by Chapter 574 of the Acts of 1946:

(1) That the Town of Norwood hereby determines and declares that there

is a need for relieving congestion of population, that there exists sub-standard or decadent areas and insanitary or unsafe inhabited dwellings, that there is a shortage of safe sanitary dwellings available for families of low income at rentals which they can afford in the Town of Norwood.

(2) That the Town of Norwood hereby determines that a housing authority is needed in the Town of Norwood for the purpose of the clearance of sub-standard or decadent areas or the provision of housing for families of low income or engaging in a land assembly and redevelopment project.

(3) That the Town of Norwood hereby provides for the organization of a housing authority in the Town of Norwood and hereby establishes such a housing authority.

(4) That the sum of One Thousand (\$1,000.00) Dollars be appropriated by transfer from Surplus Revenue for the purpose of said housing authority.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Laws by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the present General Residence District, as shown on a plan entitled "Town of Norwood, Mass., Zoning Map, Supplementary to and changing original zoning map dated November 1926 and showing alteration of district boundaries under amendment to Section 17 of Zoning By-Laws as adopted June 15, 1926, A. W. Thompson, Town Engineer," more particularly described as follows:

Beginning at a point in the easterly line of Lenox Street, said point being 97.50 feet southerly of the southerly line on Williams Street; thence running easterly by a line parallel with and distant 97.50 feet from the southerly line of Williams Street a distance of 400 feet more or less; thence southerly by a line parallel with and distant 400 feet from the easterly line of Lenox Street, a distance of 415 feet more or less, thence northwesterly by a line parallel with and 100 feet distant from the northerly line of Nahatan Street a distance of 312 feet more or less; thence turning at right angles and running 100.00 feet to the easterly line of Lenox Street; thence running northerly by the easterly line of Lenox Street a distance of 215.20 feet to the point of beginning, as shown on plan entitled "Town of Norwood, Mass., Zoning Map, Supplementary to and Changing Original Zoning Map dated November 1926," by A. W. Thompson, Town Engineer by withdrawing the area from General Residence and establishing the same as Business District, as shown on plan on file with the Town Clerk.

Voted: Indefinite Postponement.

ARTICLE 3. To see if the Town will vote to amend the existing Zoning By-Laws by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the present General Residence District as shown on a plan entitled, "Town of Norwood, Mass., Zoning Map, Supplementary to and Changing Original Zoning Map dated November 1926 and showing alteration of

District Boundaries under Amendment to Section 17 of Zoning By-Laws as adopted June 15, 1926 A. W. Thompson, Town Engineer," more particularly described as follows:

Beginning at a point in the northerly line of Silver Street, said point being S 84-20W and distant 160.00 feet from the westerly line of Nahatan Street, thence running S 84-20W by the northerly line of Silver Street a distance of 160.00 feet; thence N 5-40 W a distance of 112.39 feet; thence N 84-30E a distance of 160.00 feet; thence S 5-40E a distance of 111.93 feet to the point of beginning, as shown on plan entitled "Town of Norwood, Mass., Zoning Map dated November 1926 and Showing Alteration of District Boundaries under Amendment to Section 17 of Zoning By-Laws adopted June 15, 1926," by A. W. Thompson, Engineer, by withdrawing the area from General Residence District and establishing the same as Residential Business District, as shown on plan on file with the Town Clerk.

Voted: Indefinite Postponement.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK, .

Town Clerk and Accountant.

**THE COMMONWEALTH OF MASSACHUSETTS
 TOWN OF NORWOOD**

WARRANT FOR STATE ELECTION

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of The Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood, qualified to vote in elections and town affairs, to assemble in the State Armory on Nahatan Street, Norwood, on Tuesday, the second day of November, A.D. 1948, at 5:45 o'clock in the forenoon, then and there to give in their votes for: Electors of President and Vice President of the United States; Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney General; Senator in Congress; Representative in Congress, Thirteenth District; Councillor, Second District; Senator, Second Norfolk District; Two Representatives in General Court, Seventh Norfolk District; Register in Probate and Insolvency for Norfolk County; Two County Commissioners for Norfolk County; County Treasurer for Norfolk County; Clerk of Courts for Norfolk County; and to vote on the following questions:

Question No. 1

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 28, 1945, received 227 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 9, 1947, received 232 votes in the affirmative and 8 in the negative?

YES	
NO	

Summary

This proposed amendment to the Constitution adds to the declaration of the rights of the inhabitants, as now set forth in the Constitution, the following: "The right of free speech shall not be abridged."

Question No. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 6, 1946, received 220 votes in the affirmative and 28 in the negative, and in a joint session of the two branches held June 9, 1947, received 228 votes in the affirmative and 5 in the negative?

YES	
NO	

Summary

This proposed amendment to the Constitution provides that the use of revenue from fees, duties, excises or license taxes relating to the registration, operation or use of vehicles on public highways or to fuels used for propelling such vehicles, except revenue from any excise tax imposed for the privilege of registering such vehicles in lieu of local property taxes, shall be for highway purposes only.

Question No. 3

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 6, 1946, received 243 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 3, 1948, received 231 votes in the affirmative and 9 in the negative?

YES	
NO	

Summary

This is an amendment of Article XVII of the Amendments to the Constitution. It provides that in case of a failure to elect the secretary, treasurer and receiver general, auditor or attorney general of the Commonwealth, or in case of the death of a person elected to any of such offices between the day of election and the third Wednesday of the following January, such an officer shall be chosen by a joint ballot of the senators and representatives from the people at large, instead of from the two persons who had the highest number of votes at the election as is now required. It also provides that if there is a vacancy in any of such offices during a session of the Legislature the vacancy shall be filled in like manner by choice from the people at large, but if the vacancy occurs at any other time it shall be filled by appointment by the Governor, and with the advice and consent of the Council.

Question No. 4

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 84 in the affirmative and 130 in the negative and in the Senate by a vote of 15 in the affirmative and 22 in the negative?

YES	
NO	

Summary

This measure by amending General Laws (Ter. Ed.), Chapter 272, Section 21 provides that the provisions of Sections 20 and 21 of said Chapter 272 which make it an offense to advertise or give information as to the procurement of means for the prevention of pregnancy or conception shall not apply to treatment

or prescription given to married women by registered physicians for protection of life or health.

Question No. 5

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 5 in the affirmative and 203 in the negative and in the Senate by a vote of 0 in the affirmative and 36 in the negative?

YES	
NO	

Summary

This measure prohibits the denial of the opportunity to obtain or retain employment because of membership or non-membership in labor organization and prohibits agreements which exclude any person from employment because of membership or non membership in a labor organization. Violation of the provisions of the measure is made an offense punishable by fine or imprisonment or both.

Question No. 6

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 82 in the affirmative and 126 in the negative and in the Senate by a vote of 13 in the affirmative and 20 in the negative?

YES	
NO	

Summary

This measure requires that elections of officers of labor organizations shall be held at least annually. Sixty days' notice of a regular election and twenty days' notice of an election to fill one or more vacancies are required to be given by public announcement at a regular meeting, by notice in writing to each member, or in any other adequate manner. Candidates to be voted for must be nominated by a paper signed by ten members and filed at least thirty days before a regular election and at least ten days before an election to fill a vacancy.

The voting at such an election must be by secret written or printed ballot. Watchers appointed by nominating members and by union officers may be present during the voting and counting of ballots.

Coercion and intimidation of members in connection with an election is prohibited, and violations of the provisions of the measure are made punishable by fine of not less than twenty-five dollars nor more than two hundred dollars or by imprisonment for not more than thirty days or both.

Question No. 7

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 95 in the affirmative and 110 in the negative and in the Senate by a vote of 14 in the affirmative and 18 in the negative?

YES	
NO	

This measure prohibits the calling of a strike by a labor organization in any business or plant or unit thereof, except when authorized by the vote of the majority of all the members of the organization employed in the business, plant or unit thereof. Such authorization to be expressed

by a secret written or printed ballot at a meeting called for that purpose.

The Labor Relations Commission is authorized to make rules for the conduct of the voting. Within twenty-four hours after the voting the labor organization conducting it shall make a written report of the result to the commission, which shall be a permanent public record. If no report is filed the vote taken shall be void and a person making a false report shall be guilty of perjury.

Coercion and intimidation of members of a labor organization in connection with such voting is made a penal offense.

Question No. 8

Is it desirable that the proposed amendment to the Constitution of the United States, —

Article —

“SECTION 1. No person shall be elected to the office of the President more than twice, and no person who has held the office of President, or acted as President, for more than two years of a term to which some other person was elected President shall be elected to the office of the President more than once. But this Article shall not apply to any person holding the office of President when this Article was proposed by the Congress, and shall not prevent any person who may be holding the office of President, or acting as President, during the term within which this Article becomes operative from holding the office of President or acting as President during the remainder of such term.

“SECTION 2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress,” — be

YES	
NO	

Question No. 9

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES	
NO	

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES	
NO	

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES	
NO	

The polls shall be opened at 6:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they shall be closed.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this fourteenth day of October, A.D. 1948.

STURE NELSON
CLEMENT A. RILEY
G. C. O'BRIEN
W. J. DEMPSEY
HARRY B. BUTTERS

Selectmen of Norwood.

October 27, 1948

Norwood, Norfolk ss.

By virtue of the within warrant, I have posted the same as directed. The posting was completed on October 25, 1948, at 4:30 P.M.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant.

SPECIAL TOWN MEETING

December 13, 1948

On a warrant duly issued by the Selectmen under the date of November 30, 1948, and signed by Sture Nelson, Clement A. Riley, George C. O'Brien, W. J. Dempsey and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of town meetings were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law with respect to a certain portion of the existing Trunk Highway "A"; namely,

Beginning at a point in the westerly line of the Boston-Providence Turnpike, said point being at the intersection of the southwesterly line of Everett Street; thence N 32-12-00 W by said southwesterly line of Everett Street, a distance of 106.37 to a stone bound; thence N 27-12-00 W by said southwesterly line of Everett Street a distance of 105 feet more or less; thence S 16-47-30 W a distance of 538 feet more or less; thence S 73-12-30 E a distance of 150.00 feet; thence N 16-47-30 E by the westerly line of the Boston-Providence Turnpike a distance of 221.92 feet; thence northeasterly by the said westerly line of the Boston-Providence Turnpike by a curve of a radius of 4040.00 feet a distance of 178.08 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of existing Single Residence District with respect to the following area; namely,

Beginning at a point of curvature of a 20 foot radius curve in the northeasterly side of Winter Street leading from Winter Street to Walpole Street; thence running northerly, northeasterly and easterly by said 20 foot radius curve a distance of 42.18 feet; thence running easterly by the southerly line of Walpole Street a distance of 289.78 feet; thence turning at right angles and running southerly 213 feet more or less; thence S 56-50 W a distance of 197 feet more or less; thence N 33-10 W by the northeasterly line of Winter Street a distance of 314.86 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 3. To see if the Town will vote to accept and allow a new town way, to be known as Edgehill Road, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept.

ARTICLE 4. To see if the Town will vote to accept and allow a new town way, to be known as Glendale Road, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept.

ARTICLE 5. To see if the Town will vote to accept and allow a new town way to be known as Lancaster Lane, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept.

ARTICLE 6. To see if the Town will vote to accept and allow a new town way to be known as Cambridge Road, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept.

ARTICLE 7. To see what sum of money the town will vote to raise and appropriate or transfer from available funds in the treasury, to meet unpaid bills incurred prior to December 31, 1947, or take any other action in the matter.

Voted: By transfer from Surplus Revenue, \$149.76.

ARTICLE 8. To see if the Town will vote to raise and appropriate a sum of money to meet the further expense for water construction, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue, the sum of \$7,000.00.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to acquire by purchase, for school purposes, certain areas or parcels of land easterly of the Senior High School and to raise and appropriate money by transfer from available funds in the treasury for the same, or take any other action in the matter. (On request of the School Committee).

Voted: Indefinite postponement, and that the Moderator be authorized to appoint a committee of five for the purpose of making a study of the proposed acquisition of land for school purposes.

ARTICLE 10. To see what sum of money the town will vote to transfer from available balances in existing appropriations for the current year and make said sums available by the appropriation thereof, or to appropriate from any available funds, to meet the further expense of the current year in the following appropriation account: Schools, Maintenance of Buildings. (On request of the School Committee).

Voted: By transfer the sum of \$11,800.00.

ARTICLE 11. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Schools, Maintenance of Buildings, said appropriation to be provided for by transfer from Surplus Revenue and/or by transfer from available funds in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue the sum of \$30,400.00.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Fire Department salaries and Fire Department incidentals, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue the sum of \$505.00.

ARTICLE 13. To see if the Town will vote to accept Chapter 710, Acts of 1941, entitled "AN ACT RELATIVE TO THE REGISTRATION AND OPERATION OF CERTAIN BICYCLES,"

Voted: To so accept.

ARTICLE 14. To see what action the Town will vote to take with reference to the closing of public offices in the Town on Saturdays as authorized by General Laws, Chapter 41, Section 110A. (On request of Municipal Building Employees).

Voted: That all public offices in the Town shall remain closed on all Saturdays.

ARTICLE 15. To see if the town will vote to raise and appropriate, by transfer from available funds in the treasury, a sum of money for the purpose of constructing an outdoor swimming pool at Hawes Brook, or take any other action in the matter. (On petition of Madeline Joseph and others).

Voted: Indefinite postponement.

ARTICLE 16. To see if the Town will vote to raise and appropriate by transfer from available funds in the treasury, a sum of money for the purpose of reconstructing the swimming pool at the Civic Building, or take any other action in the matter.

Voted: Indefinite postponement.

ARTICLE 17. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Public Works Department new equipment, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue the sum of \$5,000.00.

ARTICLE 18. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Electric Light Department, Purchase of Electric Energy, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue the sum of \$27,000.00.

ARTICLE 19. To see if the town will vote to authorize the Board of Selectmen and/or the Airport Commission to apply to the Civil Aeronautics Administration for federal funds to aid in financing the construction of a public airport, and to execute any and all requests, applications, grant agreements, sponsor's assurance agreements, and other instruments necessary to obtain, accept and expend such federal funds.

Voted: To so authorize the Selectmen and/or the Airport Commission.

ARTICLE 20. To see if the Town will vote to accept a merry-go-round, the gift of the Wilson Street Improvement Association, to be installed at the Wilson Street Playground.

Voted: To so accept.

ARTICLE 21. To see if the Town will vote to authorize the General Manager to enter into agreement for the acquisition, installation or maintenance of parking meters, in accordance with the provisions of Chapter 442, Acts of 1947, or take any other action in the matter. (On request of the Norwood Retail Trade Board).

Voted: Motion lost.

ARTICLE 22. To see if the Town will vote to accept Chapter 588 of the Acts of 1948 entitled, "AN ACT AUTHORIZING INCREASES OF THE AMOUNTS OF PENSIONS PAYABLE TO CERTAIN FORMER PUBLIC EMPLOYEES WHO HAVE BEEN RETIRED AND TO BENEFICIARIES OF CERTAIN RETIRED PUBLIC EMPLOYEES" and raise and appropriate by transfer from available funds in the Treasury a sum of money to carry out the provisions of said chapter.

Voted: To so accept.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant.

COMMONWEALTH OF MASSACHUSETTS

TOWN OF NORWOOD

Norfolk, ss.

To the registered voters and property owners of Railroad Avenue, in the Town of Norwood, in said County, Greetings:

Notice is hereby given that the Board of Selectmen will conduct a Plebiscite in Memorial Hall, Municipal Office Building, on Nahatan Street, in said Town, on Wednesday, December 29, 1948, between the hours of 2:00 P.M. and 8:00 P.M., for the purpose of acting on the following question:

**"Shall the name of Railroad Avenue be changed to
Madison Avenue?"**

By order of the Selectmen in meeting on Tuesday, December 14, 1948.

WALTER J. DEMPSEY

GEORGE C. O'BRIEN

Board of Selectmen,

Town of Norwood.

In accordance with the foregoing notice, the inhabitants and registered voters of Railroad Avenue met in Memorial Hall, Municipal Office Building, on Nahatan

Street, on Wednesday, December 29, 1948, between the hours of 2:00 P.M. and 8:00 P.M., for the purpose of voting on the following question:

"Shall the name of Railroad Avenue be changed to Madison Avenue?"

Polling places were set up for the convenience of the voters and the result of the Plebiscite is as follows:

Voting yes, ninety-six (96)

Voting no, one hundred and twelve (112)

Blanks, one (1)

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

December 30, 1948

On a warrant duly issued by the Selectmen under the date of December 21, 1948, and signed by Sture Nelson, George C. O'Brien, Harry B. Butters and W. J. Dempsey, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see what sum of money the town will vote to raise and appropriate to meet the further expense of Removal of Snow and Ice, said appropriation to be provided for by transfer from Surplus Revenue and/or by transfer from available balances in existing appropriations for the current year.

Voted: Indefinite Postponement.

ARTICLE 2. To see if the town will vote to authorize the Town Treasurer and Collector of Taxes in his capacity as Town Treasurer to give a confirmatory deed to a certain parcel or tract of land to ratify and confirm a deed dated April 2, 1937 and recorded with Norfolk Deeds Book 2140 Page 205 which sale was authorized by vote of the Special Town Meeting held March 22, 1937 wherein a clerical error was made with reference to the description of the land.

Voted: To so authorize the Town Treasurer and Collector of Taxes.

ARTICLE 3. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of existing General Residence District and to establish the same as a Business District with respect to the following area, namely:

Beginning at a point in the southerly line of Dean Street, said point being 85.00 feet easterly of the base line of the Old Colony Railroad Company, thence S71-45E by the southerly line of Dean Street a distance of 562.70 feet; thence southeasterly and southerly by a curve of a radius of 60.00 feet a distance of 109.78 feet; thence southerly by the westerly line of Pleasant Street a distance of 77.21 feet; thence N71-45W by a line parallel to and 150 feet distant from the southerly line of Dean Street, a distance of 545 feet more or less; thence northerly by a curve of a radius of 2949.93 feet by land of the Old Colony Railroad Company, a distance of 160 feet more or less to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: Indefinite Postponement.

ARTICLE 4. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing General Residence District and to establish the same as a Manufacturing District with respect to the following area, namely:

Beginning at a point in the westerly line of Pleasant Street, said point being southerly 77.21 feet from the end of a 60 foot radius curve; thence running N71-45W by a line parallel with and distant 150.00 feet from the southerly line of Dean Street, a distance of 545 feet more or less; thence running southerly by the Old Colony Railroad Company, by a radius of 2949.93 feet a distance of 285 feet more or less; thence easterly by a present Manufacturing Zone, a distance of 382 feet more or less to the westerly line of Pleasant Street; thence northeasterly by said westerly line of Pleasant Street, a distance of 290.3 feet more or less to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: Indefinite postponement.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

121 were non-residents of Norwood who died in Norwood.

29 were residents of Norwood who died in other towns.

DEPARTMENTAL REPORTS

REPORT OF THE SELECTMEN FOR THE YEAR 1948

The Selectmen submit the following report on the activities of their department for the year 1948.

There were held forty-six regular meetings, three special meetings, and numerous conferences and public hearings.

At the annual town meeting held January 19, 1948, Harry B. Butters and George C. O'Brien were elected and duly qualified for the ensuing term of three years.

The Board organized on January 20, 1948 with the election of Sture Nelson as Chairman.

Appointments were made during the year as follows:

January 6 — **James E. Bunney**, reappointed Game Warden.

Alonzo N. Earle, appointed Forest Warden.

January 20 — **Walter A. Blasenak**, reappointed Clerk of Board of Selectmen.

Walter A. Blasenak, reappointed Soldiers' Relief Agent and Soldiers' Burial Agent.

Eva M. Greene, reappointed Assistant Town Treasurer.

February 3 — **Edward C. Monahan**, appointed superintendent for suppression of gypsy and brown tail moths.

February 10 — **Harry Smith**, appointed constable.

February 24 — **Thomas U. Mahoney**, appointed Inspector of Animals.

April 6 — **Edward A. Flaherty**, appointed member of Board of Assessors.

Henry A. Holman, appointed member of Board of Registrars.

April 20 — **Alonzo N. Earle**, appointed Smoke Inspector.

April 28 — Constables:

Frederick C. Kern, 70 Cedar Street

William H. Sullivan, 188 Washington Street.

Thomas C. Lydon, 188 Prospect Street.

Thomas J. Foley, 450 Nahatan Street.

Patrick J. Coyne, 34 Nichols Street.

Francis T. Riley, 35 Adams Street.

James T. Quinn, 69 Chapel Street.

Valentine Balutis, 98 Dean Street.

Anthony F. Grinavic, 23 Dean Street.

April 28 — Playground Advisory Committee:

William C. Kendrick, 15 Beech Street.

Lucille Riemer, 62 Winter Street.

Josephine A. Chandler, 55 Winslow Avenue.

John A. Abdallah, 1027 Washington Street.

Edson Eckhardt, 512 Walpole Street.

Nellie Patinsky, 42 Concord Avenue.

Frances L. Blanchot, 226 Vernon Street.

James Cuff, 24 Cross Street.

Rev. Christopher P. Griffin, 547 Washington Street.

Rev. William F. English, 49 Walpole Street.

John J. Reynolds, 31 Oak Road.

Mrs. Frank Lane, 56 Davis Avenue.

Frederick Brown, 40 Guild Street.

Rev. Oscar Olson, 94 Vernon Street.

April 28 — **Francis C. Foley**, Town Counsel.

April 28 — Fence Viewers :

George DeAlmeida, 90 Rock Street.

Harry F. Howard, 805 Neponset Street.

Lewis J. Danovitch, 92 Lincoln Street.

April 28 — Board of Public Welfare :

Martin J. Foley, 57 Highland Street.

Alonzo F. Swift, Jr., 2 Elm Street.

John J. McGarry, 359 Nahatan Street.

April 28 — **George L. Lynch**, 142 Ellis Avenue, Dog Officer.

April 28 — **Dr. George Klein**, 869 Washington Street, Town Physician.

April 28 — **Thomas A. Rorke**, 738 Washington Street, Soliders' Relief Investigator.

April 28 — **Joseph M. Lovell**, 74 Elm Street, Sealer of Weights and Measures.

April 28 — **Joseph W. Price**, 200 Dean Street, Inspector of Wires.

April 28 — **Thomas U. Mahoney**, Animal Inspector.

April 28 — Board of Appeal :

James Callahan, 24 Shattuck Road.

Francis J. Doran, 1 Hawthorne Street.

Clement A. Riley, 178 Winter Street.

April 28 — **Louis D'Espinosa**, 60 Elm Street, Veterans Graves Custodian.

April 28 — **David V. DeCosta**, 41 Press Avenue, Permanent Police Officer.

May 4 — Auctioneers :

John Abdallah, 1027 Washington Street.

Thomas H. Hayden, 70 Bond Street.

John C. Keenan, 120 Winslow Avenue.

June 1 — **Frank B. Coughlin, Daniel J. Collins, Edward H. Thompson**, and **Roger Pearson**, appointed members of Norwood Housing Authority until the annual town election.

June 29 — **Dr. John J. O'Day**, appointed Town Physician.

November 16 — **Frederick F. Brown**, appointed Sealer of Weights and Measures.

November 23 — **Richard J. Towne**, appointed permanent patrolman in Police Department.

November 30 — **William Flaherty**, appointed permanent patrolman in Police Department.

December 7 — **William C. Jankowski**, appointed temporary sergeant in Police Department. (Mr. Jankowski later declined the appointment.)

December 14 — **Henry C. Breen**, appointed temporary sergeant in Police Department.

There were also appointed election officers for the Annual Town Meeting and for special town meetings, various special police officers at large and at particular premises including all schools and special schools, various sworn weighers, measurers of bark and surveyors of lumber.

REPORT OF THE TOWN COUNSEL

*The Honorable Board of Selectmen,
Gentlemen:*

I submit herewith in summarized form my report of the activities of the law department for the year 1948.

Frequent amendments of the laws applicable to municipal government bring requests for interpretation of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our town government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances and trials, drafting of articles for town meeting warrants and motions to be offered thereunder, and the drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Michael Flaherty vs. Norwood—Industrial accident claim for compensation for partial disability resulting from injury suffered out of and in the course of employment. Agreement for compensation reached with employee and approved by Industrial Accident Board.

Lyons vs. Board of Appeal—Appeal by petitioner from refusal of respondent board to grant a permit for the removal for sale of sand and gravel from petitioner's property off Everett Street in Norwood. The action was tried in the Superior Court at Dedham and a decree was entered ordering a permit to be issued in accordance with conditions and restrictions set forth in the decree.

Lipschitz vs. Building Inspector—Petition for writ of certiorari subsequently amended to mandamus brought in the Superior Court seeking to void the action of the building inspector in refusing to grant building permit in alleged violation of building by-laws. Respondent's return was prepared and filed. After trial before Donahue, J. at the Superior Court in Dedham the court ordered that the action of the building inspector be quashed upon the return.

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways in which opinions as to liability were given and recommendations made as to disposition.

Other matters as to which service was given by way of advice and otherwise are briefly referred to under the headings of the departments or officials concerned.

Selectmen

Veterans housing legislation—review and report as to status.

Street car rails—advice with reference to liability for cost of removal.

Property damage claim resulting from operation of snow loader—advice as to liability.

Right of way question in connection with proposed town yard location—advice.

Election officers—advice with reference to providing meals.

Sewer construction—question of assessment of areas of undeveloped property under provisions of sewer act—advice.

Housing Authority—preparation of articles for warrant and form of votes in connection with establishment of Housing Authority and preparation of application for allotment.

Flaherty industrial accident claim—review of file, advice and recommendation.

Northeast Sewer Line—opinion furnished with reference to contract provisions dealing with time extension for stated causes.

Alcoholic beverages—advice with reference to serving without charge, common victuallers and non license holders.

Playground—advice with reference to leasing portion for private enterprise.

Amusement license—advice with reference to activities within scope of license.

Common Victualler's license—advice in connection with application for common victualler's license, requirement of specified place of business.

Hearing—advice with reference to procedure and formality of hearing, police department.

Surplus Revenue—opinion as to necessity of approval of Commissioner of Corporations and Taxation prior to use of funds transferred from Surplus Revenue.

Parking Area—advice with reference to right of way to property proposed as parking area.

Selectmen's meetings—advice with reference to quorum and votes necessary to take proper action.

Dog officer—advice and interpretation of law relating to duties of dog officer.

Surface drainage—advice with reference to liability for damage caused by surface waters.

Representative town meeting—advice and attendance at meetings of temporary committee authorized to determine percentage of voters to constitute representative town meeting and number of districts to be established and drafting of by-laws in connection therewith.

Street names—advice with reference to authority to change names of streets and question of amendment of deeds in event of change.

Smoke nuisance—review of file, advice and attendance at hearing.

Town charter act—advice with reference to authority of selectmen and General Manager in matter of appointments.

Reimbursement—drafting of bills with reference to reimbursement for payments made for installation of water service in ways accepted by the town.

Cemetery—advice with reference to setting aside portion of cemetery.

Civil service—advice with reference to veterans preference and termination of provisional appointment.

Town election—advice with reference to effect of warrant provisions as to hours of voting.

Bicycle registration—preparation of article for town meeting warrant with reference to acceptance of act providing for registration of bicycles.

Light rates—attendance at hearing before Department of Public Utilities on petition of Edison Company for increase in rates.

License fees—advice with reference to charge of nominal fee in connection with licenses issued to veterans' organizations.

Sale of land—preparation of deed and passing papers—former pumphouse property on Pleasant Street.

Selectmen's report—preparation of summary of Selectmen's records for 1947 report.

Board of Appeal

Advice to chairman with reference to jurisdiction in matters relating to building by-laws.

Advice with reference to form of notice of hearing and report of decisions.

Drafting pleadings, preparation and trial of appeal from Board decision with reference to refusal of permit for removal of sand and gravel for sale.

Finance Commission

Drafting of motions under articles requiring appropriation of funds.

Advice with reference to form of motions.

Advice with reference to interpretation of statutory provisions governing reserve fund transfers.

Advice with reference to procedure in matter of disputed bill referred to Commission for investigation and attendance at conference.

Town Treasurer and Collector of Taxes

Advice with reference to service of trustee process.

Town Clerk and Accountant and Clerk of Selectmen

Advice with reference to preparation of ballot for town election.

Advice re private livery license.

Advice and drafting of articles for special town meeting.

Advice with reference to registration of voters.

Filing nomination papers—advice with reference to dates for filing for certification and election.

Vacation pay—advice with reference to payment in case of deceased employee.

Veterans Housing—advice re pending legislation and authority under existing law.

Alcoholic Beverages—advice re regulations of Alcoholic Beverages Control Commission.

Saturday closing of public offices—preparation of article for warrant with reference to acceptance of statute permitting Saturday closing.

Housing Authority—advice with reference to election of Housing Authority, nomination papers and ballot.

Cemetery lots—advice with reference to descent of cemetery lots and control in case of several heirs.

Garbage Contract—advice with reference to performance bond and assignment of contract.

Surplus Revenue—conference and advice with reference to availability of surplus revenue funds in connection with salary appropriations.

Water extension—discussion and advice with reference to water extension agreements.

Representative Town Meeting—conference and advice with reference to procedure under special act.

Town meetings—conference with reference to annual town meeting and special town meetings—drafting of articles and motions and advice with reference to extent of action permissible under motions.

General Manager

Advice with reference to installation of light poles.

Advice with reference to duty of abutters with reference to sidewalks.

Sewer assessments—discussion and review of special act with reference to basis of assessment.

Advice with reference to sidewalk obstructions.

Advice with reference to bids and contract awards.

Advice with reference to establishment of no parking areas.

Installation of utilities in private way by individual—advice.

Form of invitation for bids—conference and advice.

Preparation of release—Petranga matter.

Elks Park—conference and advice with reference to drainage problems and proposed skating area.

Town Charter—review of provisions of charter with reference to duties of General Manager.

Advice with reference to Fairbanks Road petition for acceptance.

Conference with reference to Access Road to airport.

Advice with reference to performance bond requirements.

Conference and advice with reference to procedure in Workmen's Compensation matters.

Advice with reference to overhead pipe line across Morse Street.

Advice with reference to Legion baseball admission charge.

Sewer contract—conference and advice with reference to contract provisions in connection with alleged dust nuisance resulting from installation of sewer line.

Conference and advice with reference to tax title situation, Lenox Street widening and Plimpton Avenue.

Advice with reference to statutory and by-law provisions in case of public official dealing with the town.

Advice with reference to applicability of Workmen's Compensation provisions in case of part time playground employees.

Advice with reference to title and order of taking in connection with Lenox Street relocation.

Advice with reference to use of Bond Street park.

Advice and preparation of article for town meeting warrant providing for acceptance of gift by the town.

Discussion and advice with reference to liability in connection with surface drainage situation.

Advice with reference to erection of poles by Edison Company, Norwood-Westwood line.

Preparation of release in Nickerson claim.

Advice with reference to procedure and statutory requirements in acquisition of public parking areas.

Advice with reference to rights of pedestrians at cross walks.

Conference with reference to occupancy of civic building.

Preparation of guarantee agreements in connection with extensions of water service.

Preparation of Augustine-Webber lease.

Advice with reference to responsibility for maintenance and repair of bleachers at High School.

Advice with reference to applicability of provisions of General Laws to annual vacations for employees.

Housing Authority

Opinion with reference to authority of Veterans' Housing Board and Housing Authority.

Board of Health

Review of former proceedings with reference to abatement of alleged smoke nuisance.

Advice with reference to application for complaint—violation of by-law.

Building Inspector

Advice with reference to non-conforming use.

Advice with reference to permitted use in business district.

Conference, advice and preparation of pleadings in matter of Lipschitz appeal.

Conference and review of legislation with reference to petition to Board of Standards.

Advice with reference to authority in matters arising under by-law prohibition against removal of sand and gravel for sale.

Discussion with reference to regulations with reference to trailers and applicability of by-law.

Board of Public Welfare

Advice and attendance at conference with reference to salary schedule under welfare compensation plan.

Advice and drafting of application to Civil Service Commissioner with reference to welfare compensation plan.

Advice with reference to establishment of domicile as basis of settlement.

Advice and preparation of papers in estate payment of amount due secured by mortgage and bond and discharge of same.

Advice with reference to statutory provisions dealing with neglect of children.

Conferences and advice with reference to various claims for reimbursement and contribution.

Conference with reference to out of town accident cases, hospital charges and physician's charges.

Police Department

Advice with reference to sale of gas and automobiles on Sunday.

Advice with reference to picketing areas, public highway.

Advice with reference to carrying of firearms.

Planning Board

Preparation of articles for town meeting warrants with reference to amendments to zoning by-law and motions to be offered thereunder.

Advice with reference to petition for amendment to zoning by-law.

Advice with reference to conduct of public hearing and adequacy of petition.

Advice with reference to publication of notice of hearing.

Advice with reference to report and form of motion incorporating recommendations.

Examination of notices of hearings with reference to petitions for amendment.

Town Engineer

Conference with reference to Access Road application for allotment of funds.

Conference and advice with reference to relocation of Lenox Street.

Discussion with reference to sewer contract alleged dust nuisance.

School Committee and Superintendent of Schools

Opinion with reference to interpretation of equal pay law.

Opinion with reference to establishment and effect of rules of sub committee on matters of appointment.

Preparation of article for warrant with reference to public school kindergarten.

Library Trustees

Preparation of article for warrant for town meeting with reference to acceptance of film service as gift to town.

Respectfully submitted,

FRANCIS C. FOLEY,
Town Counsel.

REPORT OF THE GENERAL MANAGER

The Honorable Board of Selectmen:

Gentlemen:

I hereby transmit detailed reports of the various departments over which the General Manager has administrative control. These department reports contain some of the more important activities of the various departments. The following brief observations in connection with the various departments are offered for consideration:

1. An increase in electrical consumption has offset the increasing high coal charges of the Boston Edison Company from whom the Municipal Light Plant purchases its electrical energy. A study is now being made regarding the installation of a new street lighting system.
2. The increasing demand for installation of sidewalks would make desirable a larger appropriation for such purpose.
3. Future expansion of Highland Cemetery has been the subject of considerable study during the past year.
4. The Public Works Department was highly commended for its excellent work in snow removal during the past severe winter. A new system of rubbish collection has resulted in more economic operations. The limited number of present employees would appear to be inadequate. More efficient equipment is being gradually added each year for the purpose of eventually making the department completely self-sustaining. A new Town Yard is definitely needed.
5. Water used during the past year has been over 17% greater than the previous year. Since we can expect our water usage to increase each year, it will be necessary for us to add another gravel packed well in 1949.
6. The work load of the Town Engineering Department is extraordinarily high.
7. One additional patrolman was added to the Police Department this year to assist particularly in the handling of illegal parking, speeding and other traffic problems.
8. The Recreation Department is doing everything possible to keep youngsters busy.
9. Maintenance of public buildings proceeds at a pace which covers bare essentials only. Thought is being given to a re-appraisal of our public buildings for insurance purposes.
10. Competitive bidding in all phases of municipal purchasing is being continued excepting in those isolated and unusual circumstances where an emergency condition would preclude purchasing on a competitive basis.

Detailed departmental reports follow.

Respectfully submitted,

EDWARD C. MONAHAN,
General Manager.

In Memoriam

JOHN H. DONAHOE

Born in Norwood on August 20, 1876.

Died in Norwood, April 30, 1948.

* Mr. Donahoe, or "Jack," served the Town of Norwood as a special police officer for many years.

In the spring of 1929 he became custodian of the new Municipal Building in which capacity he served for over 14 years, retiring December 15, 1943.

The Town of Norwood extends this expression of gratitude for the faithful work done by him during his employment and wishes to record its appreciation and its expression of sorrow in his departure.

REPORT OF THE PURCHASING AGENT

*Mr. Edward C. Monahan,
General Manager,*

Dear Sir:

The following is a brief summary of the requisitions, purchase orders and invoices handled by the department during the year ending December 31, 1948:

Purchase Orders Issued	1554
Total Amount of Invoices	\$772,129.89
Total Cash Discounts	4,011.11

In connection with each and every order numerous telephone calls, letters and other means of communications were utilized in order to ascertain proper competitive prices, delivery dates and other important information.

In all but emergency cases, the spirit of competitive bidding was used to the fullest extent in order that Town purchases could be made at the lowest possible prices provided quality, service, delivery, etc., were comparable. Local vendors were always contacted first in order to give them the opportunity to do business with the Town.

In reference to Local vendors the following policy was adopted by the Board of Selectmen on January 20, 1948:

"Where responsible local bidders are within 2% of the lowest responsible bidder, if they come down to the amount of the lowest responsible bidder, they may be given the contract."

The above policy enabled local vendors to receive contracts on various occasions during 1948.

In connection with all purchases during 1948 prices remained at a high level. The well-known escalator clause was still in effect during the past year. This clause appeared in the purchases of cast iron pipe, transformers, and electric cable of all sizes. With the escalator clause in effect it is impossible to give an actual cost of material when ordered because the actual cost does not become known until the time of delivery. However, there has been a noticeable easing of this tight situation, especially in the last month or two of the year. It may be that we are finally moving into a buyers' market which will eventually rid us completely of the unsatisfactory escalator clause. This easing of the situation may be temporary — time alone will give us the correct answer.

Respectfully yours,

JOHN J. McAULIFFE,
Clerk of Purchases.

REPORT OF ENGINEERING AND PUBLIC WORKS DEPARTMENTS

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood, Massachusetts*

Dear Sir:

I herewith submit my report as Town Engineer and Director of Public Works for the year 1948.

The year 1948 was a very busy year for the Engineering Department with the many and varied requests. During the construction of the Northeast Trunk Line sewer, it was necessary to keep two engineers on this job alone, for about 75 per cent of the year, as inspectors. On three of the largest contract jobs, (1) Northeast trunk line sewer, (2) Drains on various streets, and (3) Water mains in Access Road and Winslow Avenue, which represented a total of about \$306,000. The Town saved over \$25,000 by having the Town Engineering Department do the work instead of outside engineering firms.

We have had so many more requests for engineering services this past year and with the limited help, we have been unable to finish some of the requested plans and surveys.

A brief review of the more important requests and work done are listed as follows:

Highways

Lenox Street — plans for construction and moving houses.

Cambridge Road — checking construction, making acceptance plans and legal documents.

Margaret Street — checking construction, making acceptance plans, and legal documents.

Edgehill Road — checking construction, making acceptance plans and legal documents.

Lancaster Lane — checking construction, making acceptance plans and legal documents.

Glendale Road — checking construction, making acceptance plans and legal documents.

Ellis Avenue — surveys, acceptance plans and legal documents.

Shaw Street — study plan for extension to Cross Street.

Water Street — relocation plans.

Tentative plans showing exterior lines, Guild Street and Central Street.

Setting stone bounds on Fairview Road, Ellis Avenue and Margaret Street.

Street lines on Everett Street at Route 1.

Checking Irving Street levels during construction.

Sidewalks

Plans, budget estimates, lines, grades, contract documents and final measurements were made for the following sidewalks:

Bituminous Concrete Walks

Pleasant Street — 980 S. Ys.	Maple Street — 131 S. Ys.
Lydon Street — 132 S. Ys.	Vernon Street — 100 S. Ys.
Warren Street — 289 S. Ys.	Plimpton Avenue — 559 S. Ys.
Garfield Avenue — 239 S. Ys.	Cross Street — 543 S. Ys.
Railroad Avenue — 235 S. Ys.	Miscellaneous Patching — 125 S. Ys.
Total — 333 S. Ys.	

Granolithic Walks

Washington Street — 214 S. Ys.	Hill Street — 33 S. Ys.
Hawthorne Street — 104 S. Ys.	Nahatan Street — 31 S. Ys.
Press Avenue — 38 S. Ys.	Total — 420 S. Ys.

Sewer Construction

The major improvement in 1948 was the beginning of construction of the North East Trunk Line Sewer, running from the Metropolitan District Sewer Main near the Norwood-Canton Line to Neponset Street, Washington Street to Philbrick Street. For many years the northeast section of the Town has been without sewers and as this section is near our water supply area, it was becoming a serious situation effecting our water supply. The main line running through the low meadow area near the Airport was designed to carry the sewerage of part of Westwood as well as the Norwood section. It is anticipated that at some future date, when this part of Westwood decides to have a sewerage system the Metropolitan Sewer Division will take over about three miles of this line and reimburse the Town of Norwood for part of the present cost.

It was decided to do this job in two sections and the two successful bidders were Norwood contractors. There were thirteen bidders for these two jobs with the highest bidder being 120% over the lowest bidder. Contracts were awarded as follows:

Section 1 — Norfolk Construction Co.	\$185,498.17
Section 2 — Forrest Construction Co.	84,410.33

SECTION 1 — was approximately three (3) miles long and consisted of 14,600 feet of twenty-four inch reinforced concrete pipe and 630 feet of eighteen inch reinforced concrete pipe, both with the rubber gasket type joint.

SECTION 2 — was approximately one and eight-tenths (1.8) miles long and consisted of 156 feet of fifteen (15) inch vitrified clay pipe, 2149 feet of twelve (12) inch vitrified clay pipe, 3676 feet of ten (10) inch vitirified clay pipe and 4015 feet of eight (8) inch vitrified clay pipe.

SECTION 1 will be completed about the middle of 1949. SECTION 2 has been completed but property owners along SECTION 2 will not be able to connect into the system until SECTION 1 has been completed.

Plans, estimates, grades and contract documents were also made for Mylod Street, Lenox Street and Fourth Street.

Lines, grades and inspections were furnished for Norwood Arena connection to M.D.C. Sewer.

Drains Construction

Specifications, contract documents, lines, grades, inspections and final quantities were made for the following drains:

Mylod Street	Washington Street to Maple Street
Nahatan Street	Savin Avenue
Margaret Street	Fulton Street
	Dean Street

Water Department

Lines, inspections during construction and final quantities were furnished for work done by contract on Access Road, Winslow Avenue, State Highway Route 1 southerly of Cross Street and Gay Street.

Plans and contract documents were made for water main extension on Union Street.

Discussions and lay-out of water main additions and changes to Factory Mutual plant.

The master meter was placed in 41 houses to check on various water complaints. Lines for water extension to Norwood Arena from Pleasant Street.

Miscellaneous

1. Locating and posting tree removal notices.
2. House locations, measurements and calculations on 1948 new buildings for the assessors.
3. Plotting 1948 land transfers on assessor's maps.
4. Printing and placing names on Honor Roll.
5. Plans and descriptions for tax sales.
6. Plans and staking out new burial sections at cemetery.
7. Plotting 1948 burials on individual lot plans.
8. Taking Neponset River samples for State Department of Health.
9. Checking and cleaning chlorine feeding equipment at Westwood Pumping Station and Hawes Brook swimming pool.
10. Making particular sewers and water estimates to new houses and renewals to old houses.
11. Locations and grades for various contractors relative to water, sewer and drain connections.
12. Lines and grades during reconstruction of Elliot Park.
13. Washington Street traffic study.
14. Sign locations on State Highway.
15. Measuring trucks for snow removal.
16. Rifle range plans and additions to conform with Massachusetts State Guard regulations.

17. Pole location plans on Nichols Street, Dean Street, Glendale Road, Edgehill Road, Lancaster Lane and Union Street.
18. Shattuck School heating changes.
19. Specifications for pointing and water-proofing Senior High School, Winslow School, Municipal Building, Library and Westwood Pumping Station.
20. Preliminary plans and estimates on Hawes Brook and Civic swimming pools.
21. Plans for Zoning changes :
 - Pleasant Street at Dean Street.
 - State Highway Route 1 at Everett Street.
 - Walpole Street at Winter Street.
 - Lenox Street at Williams Street.
22. Preliminary Town Yard — plans and estimates for :
 - Present location on Nahatan Street
 - Lenox Street opposite Holliston Mills.
 - Rear of Norwood Lumber Company.
23. Specifications and contract documents for purchasing :
 - Aero-Mist Sprayer
 - Two — 3½ ton Dump Trucks.
 - One — ½ ton Pick-up Truck.
 - One — Bull-dozer.

Norwood Airport

Plans and specifications for the construction of the Access Road were completed in 1948. The actual construction estimate is \$24,000.00 with the Town of Norwood contributing \$6,000.00, the State of Massachusetts \$6,000.00 and the Federal Government \$12,000.00. This project will be put out for bids sometime in February, 1949.

The plans and specifications had to conform with the State and Federal regulations and had to include complete plans for the future development of the Norwood Airport. These plans and specifications were very elaborate and the Engineering Department had to devote a considerable amount of time and effort in completing them. We are probably the only Town or City in the United States who have attempted to do this type of Airport planning with their own engineering force. It is usually done by outside engineering firms who have had considerable experience in Airport work. In making up these plans it was necessary to meet frequently with State and Federal Aeronautics Commissions.

If the Norwood Memorial Airport is to expand and take its place as one of the best Airports in this section of the country and all Airport authorities believe that the location has all the possibilities of becoming one, it will be necessary for the Town of Norwood to appropriate various amounts of money from time to time to secure matching funds from the State and Federal Government.

The demands for engineering services is increasing and to keep up with all these requests, it will be necessary to increase the engineering force the coming year.

PUBLIC WORKS DEPARTMENT

Highway Maintenance

The usual street cleaning and patching was done this year. Due to our limited help, the cutting of brush along the highways has been a problem, especially in the

outlying districts where new housing developments have been increasing. New type mowers to cut the heavy brush along the highways are needed to prevent the brush from growing too close to the highway.

The following streets were oiled in 1948 with the following grades:

MC—3 with Sand Cover

Austin Street	North Avenue
Clark Street Extension	Oolah Avenue
Concord Avenue	Oliver Street
Fuller Street	K Street
High Street	Hartford Street
Irving Street	Lydon Street
Rock Street Extension	Winfield Street
St. James Avenue	Tremont Street

Sewer Department

The various trunk lines were cleaned as well as many plugged house connections.

Total number of new connections added this year	66
Total number of connections	2670
Total miles of new sewer mains added this year and in operation...	0.20
Total miles of sewer mains in operation	39.17
Total miles of sewer mains not in operation	3.84

Parks and Playgrounds

All parks and playgrounds were cleaned, mowed and shrubbery around the various buildings was kept trimmed throughout the growing season. The various baseball diamonds were graded, new loam added, rolled and mowed as needed. Elliot Park grading, fertilizing and seeding was completed in 1948. The relocation of the Civic baseball diamond was started in the late fall and will be completed in the early spring of 1949. A new chain link backstop at Fr. McAleer's was also constructed this year.

All skating rinks were cleaned and put into shape for skating and the hockey rink was set up on the old reservoir location at the end of Bellevue Avenue.

Endean swimming pool was cleaned, sand added and water from the Town water mains was used to fill the pool. The building at Endean still presents quite a problem because the damage done by vandals during the year makes it necessary to make extensive repairs every year.

The Civic tennis courts were regraded, stone dust and clay added during the early spring.

Forestry

The usual moth control and spraying of trees along the highway as well as spraying of private orchards and shrubs was done this year. All private work was billed to the owners. The Town purchased a new Aero-Mist sprayer this year and with the new DDT spray mixtures we have been able to do a much better job on moth and insect control. Some tree trimming was done by the Public Works Department, but on account of lack of sufficient help, most of this work was let out to private contractors.

Maintenance and Control of Traffic

All street signs, traffic lines, markers, slow signs, cross-walk lines, taxi and bus stops were painted during the year. Due to the many complaints, we have painted many more slow and stop signs at the various street intersections than we have ever done before.

Water Department

The sand filters at Ellis and Westwood were cleaned several times as well as the coke filters at Ellis Pumping Station during the year. The water used the past year has been over 17% greater than the previous year. Since we can expect our water usage to increase each year it will be necessary for us to add another gravel packed well in 1949. If we add this gravel packed well and repair about 27 wells that are not producing their usual capacity we will have an adequate supply for many years. In 1949 we should clean our existing wells to increase their water producing capacity. This work should be done by private contractors who have the necessary equipment for doing this type of work. We should abandon our practice of blowing these wells by compressed air, as it tends to destroy the usefulness of the wells.

We have had several large water main breaks the past year and the rust and tuberculation that we found in some of our mains will make it necessary for us to do some water main cleaning in the near future.

The increase in pressure, due to the new storage tank installed several years ago, is still causing many of the older house service connections to break. Many of these connections are the old lead pipe connections put in forty years ago.

As in previous years, the program of replacing old meters with new ones is being continued.

The following water analysis, made by the Massachusetts Department of Public Health, was made from a sample of water taken in December, 1948:

WATER STATISTICS
Monthly Consumption In Gallons

Month	Total Gallons	Ellis	Buckmaster
January	42,711,000	31,991,000	10,720,000
February	41,528,000	31,223,000	10,305,000

1942	411,815,000	1947	480,553,000
1943	430,120,000	1948	548,990,000

Refuse Removal

Previous to October 1, 1948, refuse collections were made the first full week of each month and after this date a new schedule was put into operation. The Town was split up into districts and collections were made continuously for three weeks out of each month, and beginning the first full week of each month and continuing for the three weeks. This new schedule enabled us to use the new rubbish truck continuously instead of only one week each month. The total refuse for the year

amounted to 1000 loads. We still have difficulty with many people placing refuse in small cardboard containers and paper bags which break up very easily during rainy days. It then becomes necessary to shovel and sweep up refuse from these broken containers which in turn slows up the collection. I believe we should begin to consider the advisability of acquiring additional land for dumping purposes or the construction of an incinerator.

Snow Removal

The snow fall from January to March in 1948 was the heaviest for many years and the Public Works Department was kept very busy trying to keep up with its plowing and removal. Favorable letters of commendation were received from various town organizations and out of town firms doing business in the Town, complimenting the Public Works Department for the good and efficient job of plowing done by them during this period.

The Public Works Department have many areas from which we have to remove snow and they seem to be growing each year. We remove the snow from the business district uptown, the central district near Hoyle Street and the South Norwood district as well as the outlying small business districts around the Town. We also remove it in front of all the churches in the Town.

Town Yard Buildings

We are still in the process of trying to find a good location for a proposed new town yard that will satisfy everybody concerned. In the meantime, we are leaving valuable equipment outside in all kinds of weather and hoping that the present buildings hold together until we build a new one. It is hoped that a solution to the problem will be found in 1949.

Personnel

With the increasing demands made each year for work to be done by the Public Works Department, it will be necessary to increase the personnel of the department this coming year.

Respectfully submitted,

ALBERT W. THOMPSON,

Director of Public Works and Engineering.

THE COMMONWEALTH OF MASSACHUSETTS — Department of Public Health — Norwood

REPORT OF MUNICIPAL LIGHT DEPARTMENT

*Mr. Edward C. Monahan,
General Manager.*

Dear Sir:

I submit herewith a report of the activities and operations of the Municipal Light Department for the year ending December 31, 1948.

This coming year the Light Department has outlined a program for making a survey of the underground system and service in the business district in Norwood at present. Also, we are in progress of making a similar survey in South Norwood with the thought in mind that at some future date this information will be of value to this department.

In 1948, the personnel of the Light Department completed the laying out of the work necessary to install a new street lighting system as requested in the future street lighting program.

For the year of 1948, the distribution lines and the department as a whole did not suffer too severely from weather conditions, as our outages were held to a low minimum for a period of the year.

The department installed five fire alarm boxes that were on order in the 1947 budget for the Fire Department and were received in 1948; also three additional boxes that were of the 1948 allotment. This leaves two boxes yet to be installed for the 1948 program of the Fire Department. All boxes were added to the system as designated by the Chief of the Fire Department and the Town Officials. Some of the Fire Alarm circuits that were damaged in the storm of December 22, 1947, were replaced this past year with new conductor as the conductor was not available at an earlier date.

The Light Department put into service the new Mack Line Truck Chassis that was received in the Fall of 1947, pending a new Line Truck body that was not installed until the early part of this year.

We anticipate ordering a new Ladder Truck this coming year to replace the old unit.

In the early part of 1948 we continued the program to replace poles which did not meet the safety requirements due to old age. Of this, we replaced some fifty poles and expect to continue this program this coming year.

Meetings of the Municipal Light Association were attended during 1948.

The other activities of this department have been briefly and accurately written up by each division head and are submitted as part of this report.

Respectfully submitted,

JOSEPH W. PRICE,
Superintendent, Municipal Light Department.

REPORT OF THE LINE FOREMAN

Joseph W. Price, Superintendent,
Municipal Light Department,
Norwood, Massachusetts,

I am pleased to submit a report of the activities of the Line Crew of the Light Department for the year ending December 31, 1948.

Most of our work was repair work such as changing arms and trimming out trees, also a small amount of new construction. We still have some chestnut poles to replace with new hard pine poles which we expect to do this coming year.

Our Street Light trouble such as breakage of shades and bulbs increased approximately 10% over last year. These bulbs were replaced as soon as possible.

The amount of damage to our lines due to storms were at a minimum this past year. Two transformers were destroyed by lightning. Four poles and two Police and Fire standards were damaged through automobile accidents. The parts for these standards are expected to arrive soon and we will have them in working order in the near future.

The Water Signal Wire on Ellis Avenue that was broken off in the December, 1947 storm was replaced with new wire. We also replaced a number of Fire Alarm conductors in various parts of the town.

Our new Line Truck was put in service early this year and has been a great help to us.

At this time, I wish to thank the Line Crew for their fine co-operation they have given me and also the rest of the Light Department personnel.

Respectfully submitted,

JOHN F. BLASENAK,
Line Foreman.

INSPECTION AND METER DIVISION

*Joseph W. Price, Supt.,
Municipal Light Department,*

Meetings of the Massachusetts and Rhode Island Inspectors Association were attended monthly. At these meetings problems of inspectors are discussed and much valuable information is gathered.

Factory R. I. demand meters were read and charts changed on the first of every month and on the fifteenth of the month all meters were wound.

Daily inspections of our sub-station at Short Street have been made.

Statistics

1. Four hundred ninety-seven Wiring Permits applied for.
2. One hundred thirty-six new meters installed.
3. One hundred seventy-one meters replaced.
4. Twenty-nine meters discontinued.
5. One hundred forty-seven meters discarded.
6. Two hundred and five complaints investigated for the Billing Department.

Respectfully submitted,

JOSEPH J. O'BRIEN,
Deputy Wire Inspector.

REPORT OF CHIEF OPERATOR

Purchased Energy

I herewith submit my report for the year 1948:

Short Street Sub-Station	4,007,410 K.W.
Central Street Station	14,465,532 K.W.
Total	18,472,942 K.W.
Increase for the year 1948	1,781,531 K.W.
Average cost per KWH. for the year 1948	\$.0136

Statistics

K.W. used for the year 1948 Station Power & Lighting	21,225 K.W.
K.W. used for the year 1948 Fire Alarm Building.....	2,217 K.W.

Total 23,442 K.W.

Street lights were illuminated approximately 3,963 hours and 8 minutes, using 639,882 K.W.

Respectfully submitted,

JOHN M. CLAPP,
Chief Operator.

REPORT OF CEMETERY DEPARTMENT

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood, Massachusetts.*

Dear Sir :

Herewith is submitted the annual report of the Cemetery Department for 1948.

The beginning of the year found us in the midst of a very strenuous winter. A considerable accumulation of snow was on the ground; this accumulation did not abate, but on the other hand continued to increase until by the latter part of January we had an accumulation which averaged three feet and which in places exceeded four feet in depth. Continued plowing had made the roadways so narrow that it was necessary finally to engage the heaviest equipment available to throw back the snow banks on the side of the road, which at the time were about seven or eight feet high.

In spite of the tremendous handicap under which the department was working, we are happy to report that all funerals were taken care of at the scheduled time. During the months of January and February, 25 funerals were scheduled, all of which were accommodated at the appointed time.

Memorial Day exercises scheduled for Monday, May 31, were postponed on account of rain and were held the following Sunday, June 6th.

During the summer, practically all the time between funerals was, of course, taken up in mowing grass and trimming in both Cemeteries. The area of grass in Highland Cemetery is being increased annually.

In the fall we built a five foot black top walk between Section 56 and the stone wall running along the main entrance. This walk is about 330 feet long. In connection with the same job we broke thru the same stone wall, building a walk-way, which connects the five foot walk with the main Avenue. This walk-way has provided a convenient entrance for those who walk to the Cemetery to visit lots in that vicinity.

Continuing work in Section 47 where we left off the previous winter, about 13,500 sq. ft. of this Section was brought to sub-grade. Of this area about 6,000 sq. ft. was brought to finish grade. At the end of the year, excavation of the remaining portion of this Section was in progress.

In addition to the above work the department took care of 216 funerals. This is an increase over last year. This bears out the fact that over a period of years, the number has been generally increasing annually.

Foundations also were built for 68 monuments.

At the request of the Selectmen thru the General Manager a study was made of the Cemetery property and estimates based on past records were made to determine how long the present holdings would last. Suggestions also were made for possible expansion.

In connection with the same report and also upon request to find out the method of setting aside land for Cemetery purposes, a study was made of Town records in order to find out how the Cemetery was established, and the methods used from time to time when additional land was bought for expansion of the same.

Respectfully submitted,

LOUIS J. D'ESPINOSA,
Superintendent

In Memoriam

JOSEPT T. FLOOD

The townspeople were saddened on the night of November 24th, 1948, when they learned that Sergeant Joseph T. Flood, who for 20 years has been a member of the Norwood Police Department had passed away at his home on Railroad Avenue, after a short illness.

St. Catherine's Church was crowded to capacity on the morning of November 27th, when large delegations of police from all of the surrounding towns, neighbors and friends, and the members of the Norwood Police Department filed into the church in a body behind the flag-draped casket of Sergeant Joseph T. Flood, who had served his country in both World Wars I and II.

Quiet and unassuming, Sergeant Flood was a devoted husband and father and his exploits as a member of the Norwood Police Department where he was outstanding in his zeal for law and order, are recorded on the record books of the department. That "Sergt. Joe", as he was affectionately known, had made a legion of friends while performing his duties as a law enforcement officer, was made known by the hundreds who paused at his bier and by the floral bouquets that covered his last resting place in Highland Cemetery. Although only 48 years of age when called home, Sergeant Flood had lived a useful and abundant life and his passing left a void in the hearts of his friends and family which can never be filled.

REPORT OF POLICE DEPARTMENT

*Mr. Edward C. Monahan,
General Manager,
Norwood, Mass.*

The members of the Norwood Police Department are always willing and anxious to become better informed in the advanced methods of police procedure. During the months of March and April a six weeks advanced course in police procedure and criminal law was held in Memorial Hall.

This course was conducted by Robert G. Clark, 1st Assistant District Attorney of Northern Norfolk Superior Court. We had as instructors: Edmund R. Dewing, District Attorney of Northern Norfolk Superior Court; Attorney Edmund J. Campbell of Mr. Clark's Brockton office; Miss Frances Marley, Supervisor of the Society for the Prevention of Cruelty to Children; Joseph O'Brien, Chief Probation Officer of the Middlesex Superior Court; Dr. Warren Stern, noted Psychiatrist at the Bridgewater State Hospital and Elijah Adlow, Associate Justice of the Municipal Court of the City of Boston.

These classes which were attended by members of the Wellesley, Needham, Dedham, Canton, Walpole and Norwood Police Departments have been a great benefit to all police officers, especially the younger men as they have been able to pick up more quickly a knowledge of modern police procedure and criminal law.

It is my intention in the future if possible, to conduct these classes that police officers may be more fully informed in police procedure and criminal law.

I wish to thank Mr. Edward C. Monahan, General Manager of the Town of Norwood for his whole hearted co-operation in making these classes possible.

Respectfully submitted,

THOMAS C. LYDON,

Chief of Police.

REPORT OF THE BUILDING INSPECTOR

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood, Mass.*

Dear Sir:

The following is the annual report of the Department of Building Inspector for the year 1948:

	No. of Permits	Estimated Cost
New Buildings:		
Dwellings	82	\$739,400
Factories and Commercial buildings.....	18	643,000
Garages, commercial	1	40,000
Garages, private	22	15,000
Minor out buildings	4	5,600
Total	127	\$1,443,000
Additions, Alterations and Repairs:		
Dwellings	49	\$57,795
Factory and commercial	12	86,250
Repair of fire damage.....	5	15,300
Total	66	158,345
Grand Total	193	\$1,601,345

Six (6) buildings were razed during this period.

Several violations of the zoning law were corrected without recourse to law.

All necessary inspections were made on buildings for which permits were issued. Daily inspections were made during repairs on the Senior High School boiler to insure adherence to specifications.

Permits were issued for two (2) prefabricated dwellings. One under the emergency housing law, Chapter 438 of the General Laws of the Commonwealth of Massachusetts. One by order of the Superior Court of Norfolk County.

Respectfully submitted,

HENRY J. CRONAN,
Building Inspector

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1948, together with the statement showing comparison of tax rate recapitulations for the years 1947 and 1948, and also the table of aggregates of polls, property and taxes assessed January 1, 1948.

Organization

On April 6, 1948, Edward A. Flaherty was reappointed an assessor by the Selectmen and approved by Henry F. Long, Commissioner of Corporations and Taxation, to serve for the term of three years, expiring April 1, 1951.

Tax Rate for the Year 1948

On May 3, 1948, the Board of Assessors voted that the tax rate for the year 1948 be determined at \$38.00 per each one thousand dollars of valuation, an increase of \$1.00 over the 1947 tax rate.

Financial Report

The financial statement of the department will be found in the report of the Town Accountant.

Appellate Tax Board Cases

No appeals were pending before the Appellate Tax Board on January 1, 1948, and no new appeals were taken before the Board during the year.

EDWARD A. FLAHERTY,

Respectfully submitted,

WILLIAM J. DALTON,

RICHARD D. NORTHROP,

Board of Assessors.

TABLE OF AGGREGATES OF POLLS, PROPERTY, AND TAXES

Assessed under Date of May 1, for the Following Years: 1872, 1875, 1880, 1885, 1890, 1895, 1900, 1905
 Assessed under Date of April 1, for the Following Years: 1910, 1915, 1920, 1925, 1930
 Assessed under Date of January 1, for the Following Years: 1935, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948

REPORT OF SEALER OF WEIGHTS AND MEASURES

*Mr. Edward C. Monahan,
General Manager,
Norwood, Massachusetts,*

Dear Sir:

The following is the report of the Sealer of Weights and Measures from January 1, 1948 to November 20, 1948:

Platform Scales 100 to 5,000 lbs.	32
Counter Scales under 100 lbs.	4
Beam Scales 100 lbs. or over	4
Beam Scales under 100 lbs.	2
Spring Scales under 100 lbs.	13
Computing Scales under 100 lbs.	15
Personal Weighing Machines	5
Prescription Scales	8
Avoirdupois Weights	128
Apothecary Weights	101
Metric Measures	66
Meters Over Inch Inlet	3
Gasoline Measuring Pumps	2
Leather Measuring Machines	6
Total	389

Respectfully submitted,

JOSEPH M. LOVELL,
Sealer of Weights and Measures.

*Mr. Edward C. Monahan,
General Manager,
Norwood, Massachusetts,*

Dear Sir:

It is a privilege to present my first annual report which begins on November 17, 1948, when I accepted the oath of office for Sealer of Weights and Measures. Upon notifying the Bureau of Standards of my appointment, State Inspector Mr. James Dawson checked the inventory of the town equipment with me and found it to be satisfactory.

The Town Standard Avoirdupois Weights were taken to the State Bureau of Standards and compared with the standards of Massachusetts, thus having corrections made accordingly; and returned December 16, 1948, with a certificate of corrections signed by the State Director of Standards. The town working weights have been so adjusted to equal these standards.

I have tested and sealed the following:

Platform Scales 10,000 lbs. or over	4
Spring Scales under 100 lbs.	2
Computing, under 100 lbs.	5
Meters over one inch outlet	3

Respectfully submitted,

FREDERICK F. BROWN,
Sealer of Weights and Measures.

In Memoriam

PETER LEO DEVINE

Peter Leo Devine was born in Norwood, Massachusetts, August 19, 1903. He was appointed a member of the Permanent Force of the Norwood Fire Department November 4, 1929. He served the Town as a Fireman for eighteen years, four months and twelve days.

Fireman Devine died March 16, 1948.

The Norwood Fire Department lost one of its most respected members and the Town of Norwood one of its finest Public Servants in the death of Peter Leo Devine.

REPORT OF FIRE DEPARTMENT

*The Honorable Board of Selectmen,
Gentlemen:*

I herewith submit my report of the Fire Department for the year ending December 31, 1948.

Number of box alarms	310
Number of still alarms	33

Classified as follows:

Buildings	57
Automobiles	21
False	13
Woods, brush, dumps and others	252

Total.....	343
------------	-----

Property involved:

Buildings	\$509,650.00
Contents	118,000.00

Total.....	\$627,650.00
------------	--------------

Estimated loss on buildings	\$34,775.00
Estimated loss on contents	19,475.00

Total.....	\$54,250.00
------------	-------------

Insurance paid on buildings	\$36,957.48
Insurance paid on contents	18,134.00

Total.....	\$55,191.48
------------	-------------

Insurance carried on buildings	\$1,288,100.00
Insurance carried on contents	113,500.00

Total.....	\$1,401,600.00
------------	----------------

Number of gallons of water used	173,300
Number of feet of hose used	45,750
Ambulance calls attended	350

Inspection of business buildings, recreation and public gathering places, gasoline stations and garages, gasoline and oil storages were made in the usual manner.

I wish to thank the Honorable Board of Selectmen, and all departments of the town for their co-operation.

Respectfully submitted,

ALONZO N. EARLE,
Chief of the Fire Department.

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen.

Gentlemen :

The Norwod Board of Public Welfare submits its annual report for the year ending December 31, 1948:

The present Board was re-appointed by the Selectmen on April 28, 1948. At a regular Welfare Board Meeting on May 11, 1948, Mr. Alonzo F. Swift, Jr., was elected Chairman for the ensuing year.

A summary of the number of active General Relief cases as of December 31, 1948, and the number of persons aided follows this report.

Aid to Dependent Children cases showed an overall decrease in the number of cases over the previous year.

The Federal Government continues to render cash grants to the Town on a percentage basis for A.D.C. regular payments. The Federal Government also gives the Town reimbursement for administration costs of A.D.C.

General employment conditions in the Norwood area have held up throughout most of this year. Any continued lay-offs in industry were not reflected in the 1948 caseload, as the Unemployment Security Insurance will in the majority of instances provide funds for 1948 and into the first portion of 1949.

Good low cost housing for families is a problem still, not only in Norwood but elsewhere. Fortunately no serious housing problems were encountered with Welfare Department cases.

Potatoes were the only Surplus Commodities available for distribution and several shipments were received during 1948.

The Town Clerk and Accountant's report found elsewhere in this book, shows in detail the expenditures and receipts for the Welfare Department.

The Welfare Board expresses their appreciation to all persons, organizations and Town Departments that have co-operated with the Department during the year.

Respectfully submitted,

ALONZO F. SWIFT, Jr., *Chairman*,
JOHN J. McGARRY,
MARTIN J. FOLEY,

Norwood Board of Public Welfare

1948 PUBLIC WELFARE CASE LOAD

REPORT OF BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen.

Gentlemen :

The Norwood Bureau of Old Age Assistance submits herewith the annual report for the year ending December 31, 1948:

Listed below is a summary given by month and the number of active cases in the Old Age Assistance category. Each case represents a person:

January	142	July	140
February	146	August	140
March	144	September	138
April	141	October	137
May	140	November	138
June	140	December	139

During 1948 there were several changes in the rules and regulations promulgated by the State Department of Public Welfare for the administration for Old Age Assistance.

Payments are now made in advance and a budget adjustment was made in October, 1948.

The eligibility qualifications remained the same during 1948.

The Federal Government continued to render Cash Grants to the Town for regular Old Age Assistance payments. The percentage of reimbursement since October 1, 1948, has been on a higher basis, therefore in 1949 sums exceeding those of 1948 will be received.

The Federal Government allows a Cash Grant for the municipality to be used for administrative costs in the Old Age category.

A proportionate amount of the cost of Old Age Assistance shared by the Commonwealth of Massachusetts.

The Town Clerk and Accountant's report gives a detailed list of expenditures in the Old Age Assistance category and also lists the receipts from all sources.

Respectfully submitted,

ALONZO F. SWIFT, Jr., *Chairman*,
JOHN J. McGARRY,
MARTIN J. FOLEY,

Norwood Bureau of Old Age Assistance.

REPORT OF BOARD OF HEALTH

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood,
Norwood, Massachusetts,*

Dear Sir:

The Board of Health submits the following report for the year 1948:

At a meeting of the Board of Health held on Feb. 11, 1948 Mr. James F. Foley was elected Chairman of the Board for the year. Mr. John P. Dixon and Dr. Charles L. Lynch continued to serve as members of the Board of Health. Regular Board meetings were held throughout the year to take care of various matters coming to the attention of the Board, the Health Office or the Agent, Mr. Bartley J. King.

The following is the report of Miss Frances McDonough, nurse at St. Catherine's Parochial School, Norwood, Massachusetts:

It is a privilege to present my second annual report explaining my program at St. Catherine's School.

SCHOOL PHYSICIAN

Dr. Thomas H. O'Toole visited the school on two days each week and examined the children recommended for it, plus routine work. This year he examined 509 children and the following defects were noted:

Throats	136
Feet	12
Heart	14
Lungs	0
Speech	12

Eight children in our school have had their tonsils out since school started in the Fall and many others have appointments to have their tonsils removed during the summer vacation.

Diphtheria Control

Schick Tested	107
Positive Reactors	5
Toxoid Injections given	84

Tuberculosis Control

Dr. Thomas H. O'Toole gave the Tuberculin Patch Test to all second and ninth grade children who had their parents permission. We had one positive reaction which was X-rayed along with four contact cases by the Norfolk County Tuberculosis Association. No tuberculosis was found among them.

Communicable Diseases

The following rules regarding the exclusion of children are still in effect. Children will be excluded for the following reasons:

Temperature under 97 degrees or 99 degrees or over.

Skin eruptions—contagious.

Evidence of sore throat.

Vomiting.

Returning to school without a certificate from the doctor after having a communicable disease.

The following is a list of reported cases of contagious diseases this year:

Scarlet Fever	1
Pertussis	1
Measles	32
Chicken Pox	28
Infantile Paralysis	1

We thank the parents for their fine co-operation in the matter of communicable disease control.

Audiometer Tests

The children from the third to the ninth grades inclusive had their hearing tested with the audiometer this year.

Number tested	480
Retested	64
Failed in retest	10
Notices out	10
Recommended for lip reading	0
Attending classes for lip reading	3

Eye Clinic

Doctor H. B. Riemer and Miss Jane O'Sullivan, public school nurse, conduct the Eye Clinic each week at the Norwood Junior High School. Usually we are allowed five appointments each week.

All of the children at St. Catherine's School received the Massachusetts Vision Test this year. This test is divided into three parts. Part I is the test for acuity, part II, for farsightedness, part III, for muscular control. Two partial failures in any one part of the test means failure of the test and these children are recommended for examination by an eye doctor.

Number given Massachusetts Vision Test	746
Number of children failing	52
Number needing new glasses	26
Number who did not need glasses	26
Number of children who needed glasses changed	11
Number of children to report next year	10
Number of children wearing glasses	92
Number of children examined by private doctors	12

Dental Clinic

The Dental Clinic is held each week at the Norwood Junior High School. In September Dr. T. J. Curtin assisted by Mrs. Curran examined the teeth of all the children in the school. Clinic permission slips were sent to parents of all children needing care. We send twenty children each week and all dental work on the children was finished for the year.

Weighing and Measuring

September	754
Number losing	10
May	752
Number losing	5

I am very grateful to all who gave me such kind assistance in my work during this school year.

Public School

The following is the report of Dr. Timothy J. Curtin, School Dentist:

Number of children completed	490
Number of children not completed	8
Number of temporary fillings	862
Number of temporary extractions	204
Number of permanent fillings	620
Number of permanent extractions	22
Number of cleanings	448
Number of children examined	1926
Number of children o.k. at examination	869

Parochial School

Number of children completed	186
Number of children not completed	4
Number of temporary fillings	310
Number of temporary extractions	103
Number of permanent fillings	209
Number of permanent extractions	2
Number of cleanings	171
Number of children examined	735
Number of children o.k. at examination	316

Mr. Harry A. Shannon, Plumbing Inspector for the Town of Norwood reports that 205 Plumbing Permits were issued in 1948.

Listed below are the various diseases reported to the Board of Health during the year, 1948:

Chicken Pox	5
Dog Bites	12
Influenza	1
Measles	11
Lobar Pneumonia	17
Other types of pneumonia	7
Mumps	13
Scarlet Fever	2
Pulmonary Tuberculosis	4
Whooping Cough	2
Infantile Paralysis (non-paralytic)	1

The following is the report of the Milk Inspector for the Town of Norwood, Mr. Leonard E. Curran:

During 1948 the usual licenses for the sale of milk and oleomargarine, for the pasteurization of milk and for the manufacture of ice cream were issued. All pasteurization and ice cream plants in Norwood were found to be operating according to the laws of the Commonwealth of Massachusetts.

Samples of milk and cream were collected and tested in the Board of Health Laboratory for butterfat, total solids, bacteria per cubic centimeter and pasteurization. The following tables show the results of the tests:

TABLE 1

Year	No. of tests	Butterfat	Total Solids
1946	88	4.07%	13.12%
1947	123	4.20%	13.23%
1948	88	4.17%	13.30%
Massachusetts State requirement		3.35%	12.00%
Ave. composition of cows milk		4.00%	12.86%

TABLE 2. Bacteria per cubic centimeter.

Year	No. of counts	Bacteria per c.c.
1946	59	51,000
1947	66	18,500
1948	87	11,000
Massachusetts State requirement—no more than		40,000

Of the eighty-seven (87) bacteria counts made in 1948 eighty-five (85) were lower than the legal requirement of 40,000 per cubic centimeter and two (2) were higher. The causes of the high counts were determined and corrected.

TABLE 3. Butterfat in Cream

	No. of Tests	Butterfat
Light cream	11	18.6%
Heavy cream	13	40.7%

The Massachusetts legal standard for light cream is 16% butterfat and for heavy cream is 34% butterfat.

From time to time questions about milk are asked a milk inspector. I wish to present here several common questions of consumers and the answers to same.

Question. How does the pasteurization of milk protect the consumer?

Answer. All pathogenic (disease producing) bacteria are killed by subjecting them to pasteurization temperatures.

Question. What are some of the diseases which can be transmitted by raw-milk?

Answer. 1. Bovine tuberculosis.
2. Scarlet fever.
3. Septic sore throat.

4. Diphtheria.
5. Undulant fever.
6. Measles.
7. Typhoid fever.
8. Dysentery.

Question. What is the pasteurization of milk?

Answer. Pasteurization is the process of heating milk for the purpose of killing pathogenic bacteria without changing the flavor, consistency or appearance of the milk.

Question. For what period of time and at what temperature is milk held in the process of pasteurization?

Answer. Milk is held at 143 F. for not less than thirty minutes or 161 F. for fifteen seconds in the process of pasteurization.

Question. Is there a laboratory test for determining whether or not milk is properly pasteurized?

Answer. The phosphatase test is used extensively to determine proper and improper pasteurization of milk.

Question. Does pasteurization improve the keeping quality of milk?

Answer. Pasteurization improves the keeping quality of milk tremendously and almost completely reduces losses for spoilage.

Question. Is pasteurized milk sterile?

Answer. There are many non-pathogenic (non disease producing) bacteria which survive pasteurization temperatures.

Question. Does pasteurization affect the food value of milk?

Answer. Only the heat labile Vitamin "C" (the anti scorbutic vitamin) is destroyed in pasteurization. However a milk is not a good source of Vitamin "C" and babies being fed on pasteurized milk should also receive orange juice.

Question. Are pasteurization plants licensed and supervised?

Answer. Pasteurization plants are licensed and supervised by the Massachusetts Department of Public Health and the local Boards of Health.

The following is the report of Miss Marie Lyons, Public Health Nurse, Town of Norwood, Massachusetts:

The Norwood Chest Clinic is held on every Thursday at 5:00 P. M., at Room 11, Municipal Building, Norwood, Massachusetts under the direction of Dr. Walter A. Griffin.

Number of Clinic Days	43
Number of patients attending	25
Number of patients given cold serum each week.....	3
Number of patients given T.B. skin test	6

Number of positive reactors	0
Number X-rayed at Norfolk County Hospital	15
Number admitted at Norfolk County Hospital	2

As a result of the Industrial X-ray Clinic conducted by the State Department of Public Health during the year all Tuberculosis suspects were reported to this Clinic in order that these patients may have another X-ray in six months.

This method of X-raying people in various industries is a very valuable health asset to the community as it may help in checking the increase of tuberculosis.

During the year the Public Health Nurses averaged about 425 calls a month. The nurses are busy in their daily work caring for chronic invalids, doing dressings, baths, enemata, hypodermics, pre-natal and post-natal care. They also instruct diabetics how to administer insulin, check their diets, etc. They instruct mothers in the care of communicable diseases. All of the nurse's duties are done wholly on doctor's orders. During the summer months they assist the doctors in tonsillectomies. They also help patients to be transported to hospitals, clinics, etc., when they are unable to get transportation.

The following is the report of Mr. Bartley J. King, Health Agent for the Town of Norwood.

Through the past year, the Norwood Health Department has conducted routine inspection of tenement houses, theatres, restaurants, public halls and manufacturing plants. The Agent has also co-operated with the District Health Officer and the Division of Pure Foods and Drugs of the State Department by making spot checks of local establishments for and with representatives of the State Department. Naturally, there have been violations of the Public Health Laws uncovered during these periodic visits. Many times these violations were made, not through disregard of the law, but in ignorance of it. However, a word of warning will suffice in most cases and re-check generally does not uncover repeated violation. Court action was found necessary in only three instances.

With the re-opening of Willett Pond this past summer, it was necessary for the Board of Health to establish a set of regulations in the interest of public health and safety which are applicable at both Willett Pond and Hawes Brook. I will repeat them here for the matter of record and with no further comment.

Section 1: No DOGS allowed within the bathing area.

Section 2: No SOAP BATHS allowed.

Section 3: No BOTTLES, CANS OR ANY SHARP OBJECTS may be carried into the beach area.

Section 4: All REFUSE must be deposited in proper receptacles.

Section 5: No swimming for children beyond the safety zones.

Section 6: The use of inflated tubes or water wings is not permitted.

Section 7: Bathing shall only be permitted between 10:00 A.M. and 8:00 P.M., when lifeguards shall be in charge and when public toilet facilities are open for

public use. However, the hours of opening and closing may be changed at any time to meet operating schedules or public need.

Section 8: Whoever violates any of these regulations shall be subject to a fine not exceeding \$20.00 (twenty dollars) for each offense.

Section 9: As authorized by the provisions of Chapter III of the General Laws as amended, the foregoing regulations are made and adopted for the protection of public health.

Samples of water were taken from both Willett Pond and Hawes Pool throughout the bathing season and examined for quality and bacteria content. At no time during the past year was the danger point reached at either swimming area. To dispell any thoughts of fear in the minds of parents whose children use the local bathing areas, the Board of Health will be ever on guard and will take immediate action to close either or both of the swimming places if and when they are found to be a danger to the public health through polution or unsanitary conditions.

All matters of public health referred to me throughout the year were investigated and acted upon by the Board of Health.

May I thank the members of the Board of Health for their kind advice and many courtesies extended to me during the year.

JAMES F. FOLEY,
JOHN P. DIXON,
CHARLES L. LYNCH, M.D.,

Board of Health, Town of Norwood.

ANNUAL REPORT OF THE TOWN PHYSICIAN

*To the Honorable Board of Selectmen:
Gentlemen:*

I was appointed Town Physician on June 29, 1948 to fill the vacancy which resulted by the untimely death of Dr. George Klein. My report consists of:

Office visits	212
Home and Hospital Visits	373
	585

Services rendered included treatment to three groups:

General Relief Cases
Aid to Dependent Children
Old Age Assistance

The services consisted of medical, surgical and pediatric cases. There was one case of Pulmonary Tuberculosis, Advanced Type. This patient was transferred to the Braintree Sanatorium.

The Norwood Hospital has been cooperative in all respects in caring for patients requiring hospitalization. Every consideration has been given to the admission of these patients at a time when hospital beds were in great demand. Such services as X-Ray and laboratory facilities were used when necessary.

A few cases have received care and treatment at private nursing homes. Many cases were treated at home and received adequate and efficient care administered by the District Nurses.

Respectfully submitted,

JOHN J. O'DAY, M.D.,
Town Physician.

REPORT OF THE ANIMAL INSPECTOR

182 Dean Street
Norwood, Mass.
January 13, 1949

*Mr. Edward C. Monahan
General Manager
Norwood, Massachusetts
Dear Sir:*

I herewith submit my report for the year 1948. Fifteen dogs were quarantined for biting. None showed symptoms of rabies at the time of quarantine or at the time of release. I was unable to locate two dogs that were reported for biting. Five truck-loads of cows, for dairy purpose, were shipped in from out of state. All of the shipments were inspected and were according to laws governing the same.

An inspection of all the animals and the conditions under which they are kept was made for the Division of Livestock Disease Control. All of the premises and conditions were found to be excellent.

Respectfully submitted,

THOMAS U. MAHONY,
Inspector of Animals.

REPORT OF PLAYGROUND DEPARTMENT

*Mr. Edward C. Monahan,
General Manager*

Dear Sir:

Herewith is submitted my report for the Town of Norwood Recreation Program.

The first part of the report deals with the summer program and the latter part is the program during school time.

Leadership Training Course

This summer, before the playground season started, a Leadership Training Institute was held at the Civic on June 24 and 25 from 10:00 A. M. to noon and 1:30 to 4:30 P. M. for all the playground personnel. For the first time since we have had this institute, people from the surrounding towns were invited to attend. We had representatives from Mansfield, Stoughton, Medfield, Sharon, Foxboro and Islington.

The course was conducted by Miss McGowan, Miss Barwick, and Mr. Flaherty from the Boston Community Recreation Association with no cost to the Town of Norwood. Miss Shumaker of the Morrill Memorial Library devoted some of her time to instruct the leaders in the proper technique of story telling.

This training was very important and certainly assisted the leaders in establishing a good playground program for the summer.

Block Dances

Due to the difficulty in finding an orchestra to replace the Paul's Orchestra only three of the scheduled five Block Dances were held. However, the attendance at these block dances was very high.

Attendance

Callahan School	350
Balch School	400
Town Hall	400
	1,150

Band Concerts

At a Selectmen's meeting on July 8, 1947 it was suggested that consideration be given in the 1948 budget for an appropriation to cover the cost of band concerts. In this way the Town would be able to finance half of the concerts while the others would be furnished free of charge by the bands.

Because of this we were able to have eight Band Concerts during the summer. The American Legion Band and the Norwood Musician's Union Band furnished the music for these concerts.

Baseball Trips

On Friday, July 23, 354 boys and girls with their instructors traveled to see the Red Sox-White Sox game at Fenway Park. This was the largest crowd that has ever gone in a group from Norwood to watch a big league baseball game.

The second trip to Boston to see a big league game was made on July 29. On this trip 271 boys and girls with their leaders went to see the Braves play at Braves Field.

A breakup of the attendance at these games follows:

	<i>Red Sox</i>	<i>Braves</i>
Civic	66	46
Callahan	52	50
Baleh	34	10
Endean	16	7
Shattuck	52	30
Wilson Street	22	35
Winslow	35	35
High School	12	23
Fr. Mae's	65	35
Totals	354	271

Outings

The days that most of the children look forward to on the playgrounds are usually those on which they go to Nantasket, Lake Archer, or on a weenie roast. This year, 97 boys and girls from five playgrounds went for a day to Nantasket. The breakup is as follows: Callahan—25, Civic—16, Fr. McAleer's—23, Wilson Street—10, and Winslow—23.

As some of the children did not wish to go to Nantasket a trip to Lake Archer was arranged. The number going totaled 73 with 11 from Wilson Street, 37 from the High School, 15 from the Balch, and 10 from Endean.

The Endean Playground and the Baleh Playground were the only ones to have a weenie roast this year.

Father's Night

The Father's Night Program which took the form of a track meet was held at the Civic before hundreds of parents and friends of the competing boys.

The thrilling ten-event program which included dashes, jumps, and relay races was closely contested from the start to the finish. The final standings indicated a three-way tie for first place among the Baleh, Fr. McAleer's, and the Winslow Playgrounds.

It was decided immediately following a short conference of the playground officials that the tie would stand with each of the winning playgrounds keeping the handsome silver trophy donated by Welch's for four months of the year. The eup will be engraved with the names of the three winners.

Mother's Night

A program of community singing, skits, and special contests was highly enjoyed by a large group of mothers who were the guests of the playground instructors and of their daughters at the first Mothers' Night to be observed by the Recreation Department.

One of the highlights of the evening was the song contest in which each playground was allowed to enter the song that had been written by the youngsters about their respective playground.

Swimming Classes

Another new feature of the Department's functions was the beginners and advanced swimmer's classes which were held from July 12 to 24 at Willett Pond. These classes were conducted by Joseph Baldwin, life saving and water safety instructor from the Boston Chapter of the American Red Cross. Over 200 youngsters registered for the classes before the summer swimming season had opened.

Due to various activities at the playgrounds the attendance dropped to a daily figure of 70, out of which 39 passed their examinations.

Mr. Baldwin stated that the Children of Norwood were placed in two groups—non-swimmers and fair swimmers. With further instruction at both Willett and Hawes Ponds by the lifeguards he predicted that this situation could be remedied. Accordingly, after Mr. Baldwin had concluded his classes, classes were held at Willett and Hawes Ponds near the end of the season for all those who were interested in bettering their swimming.

Hostel Trip

An experimental Hostel trip was tried out by Mary Warnke this year and it turned out to be a great success. A group of girls supervised by Mary Warnke biked to Lake Massapog for an outing. This was an all-day trip and was enjoyed by all. The girls were enthusiastic about such a trip and hope that more hostels will be held next year.

Historical Tour

Sixteen children from the High School spent a day in Boston traveling from one historic point to another. Some of the places visited were the State House, Old Ironsides, Bunker Hill, the Christian Science Building, the Mapparium, the Museum of Fine Arts, and the Boston Public Gardens. It was felt that such a trip would be both educational and enjoyable and the reaction of those who went proved this to be true.

Instructors' Games

A group of male playground instructors and directors played a game of Baseball with the Cobras near the end of the playground season. This game was one of the highlights of the season and was eagerly looked forward to by all the children.

The girl instructors learned a few lessons in softball when they played the playground All-Stars team on August 11. This game was also looked forward to by all the children on the playground as well as by the instructors.

Swimming Meet

An experimental swimming meet was arranged between Mr. Graney of Walpole and the Recreation Department. This was the first such attempt of such a nature between the two towns.

Several swimmers from Hawes Pool from the age of 10 to 15 were asked to compete in this meet. Its success can be easily noted as Norwood won two of the three events. The winners for Norwood were Dickie Walker who won the 25-yard dash for those under 12, and Stanley Bobinski who won the 50-yard dash for those 15 years old.

Mobile Library

With the co-operation of the Morrill Memorial Library, it was possible to organize a Mobile Library unit this summer which visited Fr. McAleer's, Wilson Street,

and the Callahan Playgrounds. During the playground season 157 books were borrowed by the children at these three playgrounds.

Miss Shumaker, who was in charge of this experiment, suggests that in the future the playgrounds have a specific day to visit the library for a program of story telling and music appreciation; and that a small collection of books be made available at each playground where facilities are available.

Music Appreciation

Mary Warnke, Supervisor General, inaugurated a music appreciation class on the playgrounds this year. Each playground had at least three of these musical periods. Some of the selections that were played were Peter and The Wolf, Playland Records, Strauss Waltzes, Stephen Foster Songs, Square Dances, Symphonic Marches, and the Nutcracker Suite.

PLAYGROUND PERSONNEL

<i>Supervisor of Tennis</i>	Richard O'Leary
Martin Curran	(Temporary—1 week)
<i>Supervisor of Baseball</i>	<i>Endean Leader</i>
John F. Kiley	Barbara Jefferson
<i>Supervisor of Arts and Crafts</i>	<i>High School Leaders</i>
Mrs. Dorothy Nelson	Angela Kneizys
<i>Supervisor General</i>	Francis Triventi
Mary Warnke	<i>Shattuck Leaders</i>
<i>Civic Leaders</i>	Joan Dwane
Anne Coughlin	Thomas Curran
Robert Chandler	<i>Wilson Street Leader</i>
<i>Callahan Leaders</i>	Irene Perniola
Theresa McNulty	<i>Father McAleer's Leaders</i>
William Ahearn	Marion Fleck
<i>Balch Leaders</i>	Charles Parker
Joan Seekins	<i>Winslow Leaders</i>
James Tomm	Stephanie Bonica
	Roy Mears

Lifeguards

<i>Head Lifeguard</i>	<i>First Year</i>
Francis Murphy	Charles McDonough
<i>Other Lifeguards</i>	John McDonough
<i>Experienced</i>	Stephan Larnard
Joseph Frates	
Elizabeth Corcoran	

Tennis

Because the tennis courts here at the Civic were not repaired until the middle of the season, the attendance was quite low. The attendance for the season follows.

This year the winners of the Tennis Tournament were Danny Chisholm who won the Juvenile Division, Tom Nugent who won the Junior Boys' Division, Marie Chisholm who won the Junior Girls' Division, Joe Chisholm who won the Senior Boys' Division, and Marie Chisholm who won the Senior Girls' Division.

First Row: Anne Coughlin, Robert X. Chandler, Dorothy A. Nelson, Mary Warnke, Superintendent Leon P. Smelstor,
 John F. Kiley, Martin B. Curran, Thomas P. Curran, Joan T. Dwane.
 Second Row: Angela Kneizys, Francis Triventi, Marion L. Fleck, Charles F. Parker, Barbara Jefferson, Irene Perniola,
 Joan C. Seekins, Theresa B. McNulty, William V. Ahearn, Stephanie Bonica and Roy Meeers.

Modern Dancing

A modern dance class is conducted by Miss June Beasley for any girls of Norwood at the Civic on Monday, Tuesday, Wednesday and Friday. This is a cultural activity that is very popular as it helps girls develop poise and appreciate expressive art. A recital will be held at the Junior High School in February.

Boxing

A Boxing class is held on Monday and Tuesday afternoons in the Civic for under High School age boxing. This activity is designed to help the boys stay in condition and learn the art of self-defense.

ARTS AND CRAFTS

The Arts and Crafts program this year was conducted by Mrs. Nelson. Some of the articles that were made on the various playgrounds are pins, leather key cases and purses, hot plate mats and coasters, bracelets of gimp and metal, and hand-painted scarfs.

The attendance for this summer is as follows:

<i>Playground</i>	<i>Week Ending July 16</i>			<i>Week Ending July 23</i>			<i>Week Ending July 30</i>			<i>Week Ending August 6</i>			<i>Week Ending August 13</i>			<i>Week Ending August 20</i>

Elementary Basketball for Boys

Wednesday, Thursday and Saturday afternoons the Elementary grade and St. Catherine's boys have basketball classes and games. Swimming Pool Hall is much too small, but the boys are co-operative and they really enjoy the session.

The Senior Basketball League

The Senior League is composed of ten teams and their games are played at the Senior High School on Mondays, Wednesdays, and Thursdays. This activity is of tremendous value for boys who are out of school, as it gives them an opportunity to play under supervision and it keeps them in excellent physical condition.

Rifle Club

With the co-operation of the National Rifle Club, the Recreation Department conducts a rifle club. This is held on the top floor of the Municipal Building and we are very grateful to the National Rifle Club, because the youngsters are taught the proper use of fire-arms and safety.

The Symphony Orchestra

Three years ago the Norwood Recreation Department started a Symphony Orchestra because I felt that good talent was wasted after the people left a good music program which is conducted in our school system. With the sincere and excellent leadership of Professor Jean V. Dethier, the group has made tremendous progress and in due time, Norwood will have one of the finest Symphony Orchestras in the country.

This is my last report to the Town of Norwood, because in February, I am entering the service of an industrial firm in the Recreation Department. This is an opportunity for advancement and I feel very fortunate that "Lady Luck" flew my way.

Before I leave, I want to thank the citizens of Norwood for being so co-operative and kind to me. I cannot thank the youngsters enough, for without a doubt, they are the finest group of boys and girls in America. It has been an honor to supervise Norwood's fine young ladies and men who worked for me in the department.

I also want to take this opportunity to express my gratitude to Mr. Francis Smith, former General Manager who appointed me after my discharge from the service in 1945. He gave me an opportunity to serve Norwood and the experience and work was to my advantage.

Last, but not least, I want to thank Mr. Edward C. Monahan, present General Manager, who has been wonderful to work under. He understands the needs and problems of the youngsters and his co-operation has been unlimited. It has been very pleasant to serve him.

Respectfully submitted,

LEON P. SMELSTOR,
Superintendent, Recreation

REPORT OF NORWOOD HOUSING AUTHORITY

*Board of Selectmen,
Norwood, Massachusetts,*

Gentlemen:

Herewith is report of the Housing Authority for the year 1948.

The Norwood Housing Authority was organized and established as a public body politic and corporate by action of the Commonwealth of Massachusetts as authorized in Chapter 121 of the General Laws and as voted by Special Town Meeting of May 21, 1948. The certificate of organization was dated July 19, 1948 and the local housing authority became effective as of that date.

Four members were appointed by the Board of Selectmen, their terms to expire on January 17, 1949. They are Daniel Collins, Frank B. Coughlin, C. Roger Pearson and Edward H. Thompson. The fifth member, Arthur H. Gleichauf, was appointed by the State Housing Board for a term of three years. The Authority organized on August 17, 1948 with C. Roger Pearson as Chairman, Frank B. Coughlin as Vice-chairman, Edward H. Thompson as Treasurer, Arthur H. Gleichauf as Assistant Treasurer and Daniel Collins as temporary secretary.

Questionnaires were sent to about 1800 veterans and the results carefully tabulated as to the needs of the various families.

Application was made to the State Housing Board for Financial Assistance and Part I of same was approved on November 23, 1948 with authorization also granted to proceed with preliminary plans for the construction of approximately 75 dwelling units. A complete survey was made throughout the Town and a site selected for the proposed development that would meet the strict requirements of the State Board. This area is in the vicinity of the Callahan School, lying northeasterly of Roosevelt Avenue and opposite the end of Mountain Avenue. Approval of this location has been granted by the State, and real estate and topographical surveys are now being prepared.

Arrangements have been made to employ Harry J. Korslund of Norwood as architect for the development, he to prepare plans and specifications for construction of the various units and utilities. It is anticipated that these plans will be prepared during the winter months and actual construction of the houses undertaken during the spring and summer of 1949.

Respectfully submitted,

C. ROGER PEARSON, *Chairman*
FRANK B. COUGHLIN,
EDWARD H. THOMPSON,
ARTHUR H. GLEICHAUF,
DANIEL COLLINS,

Norwood Housing Authority

REPORT OF VETERAN'S HOUSING BOARD

To the Citizens of Norwood:

The Norwood Veterans' Housing Board is a permanent board which was elected by Town Meeting to operate a temporary housing project for veterans using Federal funds. The project located off Winter Street was opened in August 1946 and forty veterans and their families are finding comfortable temporary homes there.

As the Board is responsible to the Federal Government for the financial operation, the fiscal year corresponds with that of the Government and ends June 30th. The following figures are taken from the report of the Board's auditor for the year ending June 30, 1948:

Income---From rent		\$14,208.00
Cash Disbursements:		
Repairs, Maintenance and Replacement.....	\$2,136.16	
Management	1,075.36	
Operating Services	360.00	
Insurance	23.75	
Payment to Town:		
for water	480.00	
for heater rental	196.80	
for land rental	600.00	
for space heaters	500.00	
in lieu of taxes	2,276.25	
		7,648.32
	Net Profit	\$6,559.68

Of this net profit \$990.94 is being carried over as reserve for repairs and maintenance, \$15.00 is held in petty cash and the balance of \$5,553.74 has been paid to the Treasurer of the United States.

The cash paid to the Town of Norwood during the year amounts to \$3,573.05 exclusive of \$480 paid in water bills. In 23 months this project has returned to the Town Treasury \$5,566.75 of the approximate \$20,000 appropriated as the Town's share of the project costs.

Dividends for the Taxpayer, 1948

Service by library personnel at five centers: the Adult Department; the Children's Room; the Intermediate Room; South Norwood Branch; and the Norwood Hospital. Book deposit service at eight schools.

Four rooms prepared for new use: Reference Room, Cataloging Room, Janitor's Work Room, and Pages' Work and Wash Room.

The start of a Film-Lending Service.

Book interpretation and aid. Reference service, escorted tours, and instruction for students. Book talks on request.

Book taxi service to home and office.

2,796 new books this year.

Circulation of 106,929. A gain of 10,272. 6.9 per capita, 1940 Census. 15.53 per registered borrower.

What the Taxpayer Invested

Exclusive of special repairs and improvements due to age of building, \$2.25 per capita, 1940 Census.

A Community-Centered Library

Weekly service at the Norwood Hospital had its fifth anniversary. It reaches many readers not heretofore library patrons, and often results in their coming to the Main Library after recovery. The excellent work by Esther C. Hallet, Circulation Librarian, in charge of hospital service, and Helen R. Fraser, Substitute,, has been reflected in deepened understanding of patients' needs and an increase of 1,123 in their use of books. Mrs. Louis Balboni and Mrs. Harold Alden have repeatedly volunteered their effective aid. The Norwood Rotary Club presented the library with a fine Colson book truck, for use at the hospital.

Five local industries accepted the library's invitation to join in an exhibit at the library of books for industrial workers, and of objects illustrative of local

manufacturers. Six more industrial plants expressed an interest in this in one way or another. It was one of the best tie-ups the library has had.

Stimulation of reading interest was aided in talks on books and the reading habit to school, church and club groups; on the business and professional man's reading to a service-man's club; on our hospital book service, to a civic club; and on story-telling at an Institute for Playground Leaders. Two staff members hold office in the Norwood Woman's Club.

The Welcome Wagon was regularly supplied with attractive library items for its general calls, and its calls on young mothers.

A request was met for counsel on organizing a library at St. Catherine's Church.

Modern Approaches to Readers' Interests

In the current trend of accenting the homelike, and getting away from the institutional, our new Reference and Reading Room is equipped with a pair of leather armchairs near the fireplace, in addition to the informally arranged tables and chairs for study, and soft-toned ranges of Mexican mahogany shelves which house the Reference books. The equipment includes filing cases, an atlas case, and magazine racks. Thanks to the generosity of Alice H. Plimpton, it was possible to do this with the Plimpton Fund at a cost of \$3,761.91.

The Women's Community Committee gave \$300.00 to start a Film-Lending Service. Believing this an excellent way to help in the communication of ideas — a library's main business — the task was gladly accepted. A meeting was called of representatives of Norwood school, church, and recreational interests to outline plans and seek counsel. This was followed by organizing a small permanent Film Council. An article in the "Messenger" asked for full information on locally owned projectors. From this a card file of prospective film-borrowers is started.

The Librarian took a brief course at the Boston Public Library in Film Service. We now own a re-wind machine, a splicer, N. Y. Times film strips, 4 travel films, 7 films for children, local and regional slides, indexes, books, catalogs, and periodicals pertaining to the subject. At this point, a severe staff shortage came, and made it necessary to suspend temporarily further work on this new service. Indications show it will be a very popular one as soon as we can resume action.

Thirteen painting and drawings of George V. Augusta, a Norwood artist, were presented, in a notable one-man show. The event had newspaper coverage both local and in Boston papers.

At the time of the Boston showing of the Berlin Museum pictures, the library had related exhibits in all departments.

Building Improvements

The contract is placed for installation of fluorescent lighting in the Children's Room; for re-building the fixtures in the Lobby; and work is finished on increased illumination in the Intermediate Room.

Painting has been completed in the Plimpton Wing, the Children's Room and the Intermediate Room; linoleum laid in Staff Room; exterior repair of leaks in one section of the Wing. A new concrete floor has been laid in the parapet at the front entrance.

A janitor's workroom with workbench and cabinet has been constructed and the room painted. The contract is placed for painting and lighting an unused basement room, as a workroom and washroom for pages.

A new power motor for grass cutting assists in covering a great deal of work. The library is indebted to the efforts, the information, and the constant work Carl B. Pearson, Building Custodian, has put in helping with these building improvements.

"The Key to the Library"

2,796 new books have been cataloged and processed under the direction of Martha C. Eaton, Assistant Librarian and Cataloger — an accessions gain of 295.

A gain for all time in efficiency of operation is made possible by our new Cataloging Room, installed in February of this year. It is well equipped, and immediately adjoins the catalog.

Youth Is Served

Girls and boys borrowed 15,434 books and 137 pictures from the Junior Department. In addition, 1,176 books sent to the elementary schools circulated 4,762 times.

With the cooperation of the Supervisor of Recreation, weekly book service was given to three playgrounds.

Eight hundred and forty-one children attended 25 story hours.

Over 70 girls and boys at the Main Library and 44 at the South Norwood Branch became active members of the READING ROUND-UP, the summer reading club.

More than 20 Junior High School age girls are corresponding with girls in Berlin as a result of a library-sponsored project in person-to-person acquaintance between countries. Exhibits of books about German life and history added to the Norwood girls' interest in their friends across the sea. Miss Crocker was responsible for this fine service, following her own correspondence with a German girl, now a teacher.

One of our younger patrons remarked to N. Dorothy Shumaker, the Junior Department Librarian, "You would do better for yourself if you earned your living working in an office. You don't do much business (meaning taking in money) here." Through books and related projects, we are helping boys and girls grow into good citizens — not only of our own community, but of the world. We do a GOOD business.

Intercultural Action

A book talk and guided tour of the library was given to a group of men and women from other countries in the Adult Civic Education class. Nine of them joined the library following this.

The Librarian was chairman of the American Library Association's Committee on Work with the Foreign-Born, which presented a panel discussion at the Atlantic City meeting of the A.L.A. She has been asked to serve again as chairman of the new A.L.A. Committee on Intercultural Action. She has completed two years as

chairman of the Librarians Advisory Council of the United Nations Association in New England. Among its activities in 1948 was a broadcast featuring Mr. Carl H. Milam, on "The United Nations, Your Library, and You."

We and the Library Profession

Staff meetings included fine book reviews by staff members, and a talk on "Personal Financial Plans" by Mr. Ten Broeck of Estabrook & Co., Boston, who came to Norwood on the staff's invitation.

The Librarian has taken part in three panel discussions related to adult education — for the Charles River Library Club, the Old Dartmouth Library Club, the course on Film Service given at the Boston Public Library; and she served on the Massachusetts Library Association's Adult Education Committee. The Junior Department Librarian is Secretary-Treasurer of the Round Table of Children's Librarians.

South Norwood Branch

In spite of a necessary two-day opening this fall and winter instead of the usual three, Mary Knowles, Branch Librarian, reports a gain for the year of 680.

The South Norwood Community Club, started in December, 1947 under the leadership of Barbara Heslam, then Branch Librarian, continued this year with five stimulating meetings held at the Branch Library. Among them was one on the recreational facilities of South Norwood, led by Mr. Leon Smelstor, with lively discussion from the floor by adults and young people.

Saturday morning story-hours are geared to the interests of the younger readers and they love it.

Thank You

— To the memory of Alice H. Plimpton whose bequest made the new Reference Room possible.

— To the Women's Community Committee, for implementing the start of a Film Lending Service.

— To the Norwood Rotary Club, for a Colson book truck, and four films.

— To the Norwood Garden Club for many flower arrangements and Christmas decorations.

— To the Norwood Woman's Club for a carved, wooden flower vase stand.

— To a Friend of the Children's Room, for a woodbasket.

— To the Women of the Moose for their annual gift of new children's books, and 300 hand-made bookmarks.

— To the Girl Scouts and the Camp Fire Girls, for volunteer service.

— To 44 men, women and children for their gifts of 243 books, 7 films, many magazines and flowers.

— And to the Massachusetts Division of Public Libraries for counsel, aid in filling positions, and inter-library loans.

The Staff

Barbara Heslam, whose three years as Branch Librarian left its favorable mark on our neighborhood service, resigned for a head librarianship. Eleanor Johnson, Circulation Librarian, for ten years a valued member of the staff; and Helen Crocker, our competent Records Librarian, have both had compelling reasons for leaving the library profession. Their places have been taken by Mary Knowles, Branch Librarian, South Norwood Branch, formerly Children's Librarian, Watertown; Esther C. Hallet, Circulation Librarian; and Shirley Day, Records Assistant. Mrs. Hallet and Miss Day were promoted from other positions here. They and Mrs. Knowles are making a fine start in difficult work.

Despite our meeting three vacancies and three long illnesses in one year, (with necessary cutting of hours and services), Miss Eaton and the other members of the staff have achieved a most creditable year's work, done in fine spirit. This has been aided by the competent work of our substitutes — who often put the library's call ahead of their own convenience; and by our corps of high school pages. The Librarian owes her fellow-workers an enduring gratitude for the way in which they have met their part in our 1948 assignment.

This year, throughout the library system, the Morrill Memorial Library celebrated its 50th Anniversary in the present building. Our best commemoration of it is to treasure gains from the past, and to do our part as Trustees, Librarian, and Staff, in the forward march.

Respectfully submitted,

EDNA PHILLIPS,
Librarian.

REPORT OF PLANNING BOARD

*The Honorable Board of Selectmen,
Gentlemen:*

At the first meeting in January, Lester N. Lechter was unanimously elected Chairman and Hazis Kelley was elected Secretary. The other members of the Board are Rosewell A. Norton, Patrick Long and Ludovic Fournier.

The Board acted upon many zoning changes and after much consideration, the following action was taken:

a. The Planning Board recommend that the zoning change on property on Silver Street be "indefinite postponement." This recommendation was upheld at Town Meeting.

b. The Planning Board recommend "indefinite postponement" for the two zoning changes on the corner of Dean Street and Pleasant Street. After several hearings this recommendation was upheld at the Town Meeting.

c. The Planning Board recommended that the zone on the corner of Walpole Street and Winter Street be changed from Single Residence to General Residence. This recommendation was upheld at the Town Meeting.

d. The Planning Board recommended that the zone on the corner of Everett Street and the State Highway be changed from THA to THB. This recommendation was upheld at the Town Meeting.

The Planning Board acted on and discussed the following projects:

a. They met with a special committee of the School Committee to discuss future school building developments.

b. They had 300 additional up-to-date zoning maps printed.

c. They met with George Willett to discuss Westover Developments and a proposed highway as the future entrance of Westover.

d. They recommended that the Selectmen purchase land behind Washington Street, between Cottage Street and Nahatan Street for parking purposes.

e. They recommended that Shaw Street be extended.

f. They recommended that the one-way Central Street be extended to Guild Street.

g. They proposed to hold a hearing in regards to increasing the minimum size lot from 6,000 to 8,000 square feet.

h. They proposed to have a committee appointed to study the South Norwood Highway.

i. They proposed to hold a hearing in regard to proposed changes in the zoning by-laws.

j. The Planning Board went on record as being opposed to the installation of parking meters.

k. They proposed that studies be conducted in regards to set backs along the Central Street area.

The retiring member of the Planning Board is Ludovic O. Fournier.

Respectfully submitted,

LESTER N. LECHTER, *Chairman*,
HAZIS KELLEY, *Secretary*
ROSEWELL A. NORTON,
LUDOVIC O. FOURNIER,
PATRICK LONG,

Members of Planning Board.

ANNUAL REPORT
OF THE
SCHOOL DEPARTMENT

TOWN OF NORWOOD
MASSACHUSETTS

FOR THE YEAR ENDING DECEMBER 31

1948

In Memoriam

MARGARET NICHOLSON

Born in Walden, Vermont, March 16, 1909; died July 15, 1948. Attended Montpelier Seminary, Plymouth Normal School, and Boston University, Degree of Master in Education. Appointed as teacher in the Norwood Public Schools on September 9, 1941.

Miss Nicholson taught in the Junior High School for two years before her appointment to the staff of the Senior High School. She was one who responded quickly to the demands of ever-changing situations, and characteristically, in such manner as to be more able to serve her friends, her school and her community.

Quite typical of her, was her enthusiastic spirit in co-operating with the Civilian Defense activities during the entire duration of the recent war. Identified at first with the local Civilian Defense School, her ability and interest soon attracted the attention of the Massachusetts Civilian Defense authorities in whose work she devoted all of her spare time and attention.

Pupils loved and respected her for what she was—an excellent teacher.

Repeated at 12:30 p.m. No afternoon session, Kindergarten through 6th grade.

Repeated at 6:15 p.m. No session for Evening School.

Note: When the No-School Signal is sounded, all street lights are illuminated for three minutes.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

This statement, and the reports of school officers, taken together, are adopted as the Report of the School Committee, it being understood that such adoption does not commit the Committee to the opinions or recommendations made therein.

Press Representation

Although for several years the Regulations of the School Committee have permitted the public to attend Committee meetings, the Press has not been invited to attend.

This year, a majority of School Committee members felt that an open invitation should be extended to the press and on February second it was voted that the local press be admitted to all meetings of the Norwood School Committee, subject to exclusion from executive sessions and, on majority vote, subject to exclusion when the business at hand is of a private nature involving a parent, teacher, or pupil.

Equal Pay

Following a series of meetings and discussions with the Salaries Committee of the Teachers' Club, and following the adoption by the Town of the provisions of the Equal Pay Law, so-called, the School Committee adopted, this year, proposals of the representatives of the teachers relating to the establishment of new salary schedules, which over a relatively short period of time will effect an arrangement, whereby Norwood Teachers' salaries will be on a Preparation, Single Salary and Equal Pay basis.

Audits—School Accounts

It would appear from the records of the School Committee that there has never been a systematic and complete audit of all school funds.

The Superintendent of Schools, principals, teachers and pupils have custody of funds totalling several thousands of dollars each year. For the most part, this money is received and dispensed on account of pupil activity, such as athletics, class funds, milk funds, child savings and school collections.

In the past, the accounting and bookkeeping systems have not been uniform and records have been incomplete.

To clear this difficulty, and for the protection of all who are involved, the School Committee has this year negotiated with Mr. Charles R. Peters, who is auditing all school funds for which no audit is provided by other governmental authorities, for his services in the matter, not only of audit, but in the matter of setting up a uniform and simple system of accounting which will be subject to easy audit and supervision.

Teacher Appointment Policy

For purposes of securing better qualified teachers, it seemed to the School Committee that in the future, whenever possible, principals and department heads, acquainted with the requirements of any assignment wherein appointment of a teacher is involved, should interview candidates for appointments with a view to counselling with the Superintendent of Schools and making recommendations which would be helpful in making the best selection possible.

This policy is established and promises to be fruitful of result.

Extra Duties — Extra Pay

Several of our teachers undertake responsibility for providing special services not in line with their regular duties as teachers, but, nevertheless, quite necessary for the full development of a complete school offering.

These individual teachers undertake this special work because of an aptitude, special training or interest. For many years the School Committee has arranged to pay for these services at rates which have been more or less arbitrarily set.

This year, the School Committee set in motion a survey and study which is calculated, when completed, to determine more equitably, the extra compensation which teachers earn as the result of these extra duties, so-called.

On the basis of time and responsibility factors, a committee of high school teachers is studying, with a view of making a recommendation to the School Committee, the relative values to the Town in terms of salary differentials, of such services as department headships, coaching athletic sports, dramatics, and literary work.

CHANGES IN PERSONNEL — 1948

Resignations

Miss M. Eileen McDonough, Americanization Supervisor, to be married.

Mr. John D'Espinosa, Junior Building Custodian, to accept another position.

Miss Jean C. Robertson, Temporary Clerk, Junior High School, to be married.

Miss Claire M. Curran, Callahan School, to be married.

Miss Dorothy Sheehy, Junior High School substitute in Latin and English, other employment.

Miss Grace C. McGonagle, requested relief from duties as High School Treasurer.

Mr. Frederick E. Wellsman, Junior High School, Art and Woodwork, to live in California.

Deaths

Miss Margaret Nicholson, July 15, 1948, Senior High School teacher of English.

Retirements

Mrs. Martha R. French, Junior High School, Social Science.

Miss Bessie D. James, Senior High School, English.

Military Leave

Mr. Henry F. Fairbanks, Senior High School.

Appointments

Miss Catherine A. Coleman, Senior High School, English.

Mr. John J. Flaherty, Senior High School, English.

Mr. Lloyd Schultz, Junior High School, Art and Mechanical Drawing.

Mr. James R. Hilly, Junior High School and Elementary Schools, Industrial Arts.

Miss Patricia Shortall, Kindergarten teacher, Callahan School.

Miss Wanda Juras, Kindergarten Teacher, Balch School.

Miss Julia Walsh, Kindergarten Teacher, Shattuck School.

Miss Paisley Sasso, Kindergarten Teacher, Winslow School.

Miss Alice J. O'Malley, Grade 5, Callahan School.

Promotion — Special Appointments

Miss Elizabeth O'Sullivan, Head of English Department, Senior High School.

Mr. John B. Kelley, Treasurer, Senior High School.

Leave of Absence

Miss Gertrude Crowell, Balch School.

Resolution

Miss Bessie D. James

In the year 1921, you came to our community to serve us in our schools.

For your decision to teach in Norwood and to remain here through these many years, we, members of the Norwood School Committee, are most grateful.

In a most unassuming manner, you have addressed yourself to your tasks diligently. Speaking for the hundreds of young people whose privilege it was to be enrolled in your classes, we are sorry to learn that you find it necessary to leave the service of our schools.

We would have you know that you are always welcome among us, and we cherish the memories of your kind and considerate guidance of young people.

It is our sincere hope that you have before you many years of good health and fortune.

The Norwood School Committee,

JOHN F. KILEY, *Chairman*
JOHN F. REYNOLDS
ANTHONY F. O'DONNELL
JAMES J. CURRAN
THOMAS R. BOWLER
JOHN J. COOK

July 31, 1948

Resolution

Mrs. Martha R. French

In the year 1921, you entered the service of our public schools.

In your quiet and gracious way, you have performed your tasks in an exemplary fashion.

We, all of us,—and we speak for the hundreds of young people whose privilege it was to be numbered among your pupils, are sorry to learn that you are to leave our schools.

We would have you know that we value the memories of your kind and considerate guidance of young people, and our sincere wish is that you may continue in good health and fortune.

The Norwood School Committee,

JOHN F. KILEY, *Chairman*
JOHN F. REYNOLDS
ANTHONY F. O'DONNELL
JAMES J. CURRAN
THOMAS R. BOWLER
JOHN J. COOK

July 7, 1948.

Appreciation

We, members of the Norwood School Committee, at this time, commend the employees of the Department for their willingness to perform, each according to his capacity to contribute, the many and difficult tasks which they have so generously undertaken.

JOHN F. KILEY, *Chairman*
THOMAS R. BOWLER
JOHN J. COOK
JAMES J. CURRAN
ANTHONY F. O'DONNELL
JOHN F. REYNOLDS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith, I submit my thirteenth annual report as Superintendent of Schools.

Introduction

Usually, at the end of a report such as this, the author extends a word of appreciation to all of those who assist in a common enterprise. This is not due to afterthought,—it is a form.

The truth is that we, all of us, who are well and active, are appreciative as we must be, if we are to get things done, so-to-speak, of all the help that we get from those for whom and those with whom we work,—all the time.

We do complain occasionally,—but in moments of thoughtlessness. Reflection and thoughtful consideration bring in to relief the thousands of incidents of daily life and work which exemplify the generosity of our fellow workers, our citizens, and their representatives.

Norwood is a wholesome community,—its people are generous,—truly so, and considerate.

Comparing our school costs, for instance, with those of many other communities we find that they are high. People rightfully question,—but they are satisfied with the answers. They want the best that we can afford, and their sense of personal and civic pride is satisfied, notwithstanding the costs involved.

Our School Committee, mindful, of course, of the financial burdens of the community reflects this same attitude. It has been my privilege and honor to sit with Norwood School Committees for many years. Ideas have been presented, new programs introduced, new materials and equipment suggested,—and invariably these proposals have received thoughtful, critical and careful attention.

It is a pleasure to serve such people and we who work in the interest of better schools are grateful.

Safety Education — Driver Training Program

As a result of a suggestion which was made by ex-committeeman Harold T. Young, more than a year ago, and with the support and assistance of our School Committee, we are now offering a better safety education and Driver Training program in our senior high school.

We have reorganized our elementary school traffic patrols following the recommendation of our Chief of Police.

Institutes

On several occasions, this year, our teachers have participated in large numbers in the promotion of Institutes designed to improve the quality of our teaching. The central themes of these meetings were elementary mathematics, elementary science, language arts, and audio-visual aids. Elementary science is a particularly promising area, so far as the development of the elementary school curriculum is concerned. It is a high potential so far as challenging the interests and activities of boys are concerned. Its methods and materials, because of the fact that they are new, will

not be hampered by traditional, out-moded or unsound approaches. It is an "uncharted sea" for most of our elementary teachers, due to the fact that science has never been a major offering in teacher-training institutions. It offers the teacher an opportunity to learn with children in a dynamic and intriguing area of wonderful knowledge. It provides the child an opportunity for adventure which may make school and its ways more interesting, colorful, and profitable.

Many of our teachers are already planning to take courses which will prepare them for this new field of study which appears to be "here to stay."

Kindergarten

Following the introduction, several years ago, of the kindergarten privately operated, but, housed in the Junior High School, townspeople voted the funds, and the School Committee established in September, our first public kindergarten.

We hope that its benefits may be continued and that eventually we may have it operated upon a single morning session basis for all kindergarteners.

From the standpoint of health and adjustment, this is most desirable. Administration by and from the standpoint of improving school services, the kindergarten teachers will be available for afternoon assignments in such fields as remedial help, exceptional-child attention, speech correction, lip-reading, and home-visiting.

Expansion of School Facilities

Census estimates point quite clearly to the fact that we may anticipate larger school enrollments following a period of substantial decline. It would be well to take steps to see that desirable school building areas are reserved. In earlier reports I have indicated a particular choice which is yet, it seems to me, a good one. Land-taking on Nichols Street, opposite the Senior High School, for several reasons, might be quite desirable.

Sometime, in the future, a parcel of land in the rear of the bleachers on the athletic field should be taken for the accommodation of spectators at football games. The area reserved for the present bleachers is not enough to meet the needs of an increasing demand for good seating.

School construction and remodelling costs are now extremely high. They may be lower at sometime in the future. Come what may, we still have a problem in meeting the needs for expanding our vocational school offerings for boys and there is the old problem of building an up-to-date auditorium for the Senior High School.

School Buildings and Equipment

Our school department equipment, by-and-large is in excellent condition. Here and there, we must consider replacements and in certain places, additions to present equipment are desirable.

Installation of condensation pumps and tanks is desirable in the Senior High, Balch, and Callahan Schools. The opening of the Tea Room at the H. O. Peabody School for Girls will require some new equipment and furnishings.

Grandstand facilities at the Senior High School will have to be renewed within the next few years because of the fact that those which are now used are either unsatisfactory or in deteriorated condition.

After the masonry in the Shattuck, Balch, and Junior High Schools is pointed, and the estimate for this work is approximately \$10,000, we must anticipate a big painting (interior and exterior) program in each of our schools.

Although steps were taken this year to protect our heating plants from the destruction results of rust in our boilers and pipes, it is to be noted that most of our plumbing and heating equipment has already served us many years. Recently, we have made very costly repairs and replacements and I hope that we may be spared such heavy expense for at least a few more years.

Conclusion

May I take this opportunity here to express to our new teachers a word of welcome and satisfaction, to our older teachers a word of gratitude and to the School Committee,—again a word of thanks.

LINCOLN D. LYNCH,

Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE NORWOOD SENIOR HIGH SCHOOL

I present herewith my third annual report as Principal of the Norwood Senior High School.

The disaffections and disintegrations characterizing this post-war period clearly indicate the increasingly important role which education must play if the better tomorrow envisioned for the years ahead is to become a reality. Few will deny that the most precious asset of a community is its children. This report is written with an abiding confidence in what education can mean to America's children. It is written also with the conviction that the educational improvement necessary to reach optimum goals can be substantially accelerated only if there is, on the part of the community, a widespread recognition and understanding of the significant potentialities of education in our democratic society.

In Retrospect

1. The uniform success which graduates of Norwood Senior High School have year after year in securing admission to college is a source of pride to all of us and is indicative of the excellent college preparatory instruction available at the school. Yet faculty members realize that in appraising an educational program, success in college preparation is but a single factor in the total evaluation of the school. If it would be truly democratic, the comprehensive high school of today must recognize an equal obligation to all its students—to the 25 per cent who are planning to enter upon four years of collegiate work and to the 75 per cent who are not.

More to the point then in evaluating a school such as ours is the answer to the question:—

How well does the school provide for the imperative life needs of all its students?

I am happy to report that during the year faculty members through group meetings, special courses, and other means of in-service training have constantly striven to meet more adequately the challenge implied in this broad and democratic criterion. Substantial progress is being made. This will continue.

2. The school assembly is today one of the most interesting and promising areas in the modern school curriculum. Its possibilities as a democratizing and integrating influence are immediately evident when it is realized that the assembly affords the one opportunity during the week when the entire student body may sit together to share a common learning experience.

The assembly program during the year was planned and conducted almost entirely by a pupil committee which met at frequent intervals with faculty members for the consideration of assembly matters. Some assembly presentations such as panel discussions and debates grew directly out of classroom activities. In others, outstanding lecturers and artists, some of national reputation, were heard in special programs devoted to world affairs, literature, and music.

Twenty-three different programs were presented during the year including Christmas tableaux sponsored by the Sophomore Class. This year for the first time

a temporary stage with curtains was improvised by the Vocational Shop boys, and a particularly beautiful and unusual Christmas assembly was thus made possible.

3. In recent years, the appalling loss of life due to preventable accidents on the part of teenagers has focused attention on the need for safety education in the schools. To supplement our fifteen hour classroom course in safety required of all tenth grade students, this year for the first time behind-the-wheel driver training was made available to all students in the school who had reached their sixteenth birthday. A new Plymouth sedan for use in this driver training was made available to the School Department at the nominal cost of \$1 through the co-operation of Sansone Motors of Norwood. Excellent instructional results are being achieved both in the classroom and on the road, and I am happy to report that the Hon. Rudolph F. King, Registrar of Motor Vehicles, on the occasion of a recent visit to the School commented most favorably on our Safety Education program.

4. The opportunity for educational growth potentially available through the planned use in the classroom of outstanding radio programs has for many years been a source of challenge to progressive teachers. Heretofore, because of the difficulty of synchronizing class time with radio time, the classroom use of radio has been relatively infrequent. However, the recent purchase by the School Department of a Sound Mirror Recorder has now made it possible to record radio programs electronically and subsequently to play and replay these programs in the classroom for instructional purposes. Thus all the rich educational value of radio can now be brought to the classroom to aid the teacher in presenting vitalized and significant learning experiences.

Of equal or perhaps of even greater value is the use of this recording device in speech training in foreign language study, and in music. The recorder permits the student to listen to his own voice, to study his own articulation and enunciation, or in the field of music, his own instrumental or vocal rendition.

Helpful self-criticism is facilitated, and constructive suggestion by the learning group and/or by the teacher becomes more meaningful since the pupil is able with the recorder to identify his own mistakes and his own strengths.

It is difficult indeed to be less than enthusiastic over the potentialities of this new instructional aid. Substantial progress is being made in and through its use.

5. It has long been recognized that the reading ability of any given student is a most important factor in determining the school progress he will make. Since reading ability is particularly susceptible to improvement, faculty members decided that as early as possible in the school year each teacher, particularly each English teacher, should know the current reading ability of each of his students.

Accordingly this fall to supplement our usual eleventh grade testing program, for the first time standardized reading tests were administered to all our tenth grade students. Each test was then scored by the pupil's own English teacher and the test results made available to all the teachers of that pupil. Teachers are thus able more accurately to gear instruction to known pupil needs and abilities.

6. The matter of producing a senior yearbook worthy of their particular class and at least as good if not better than all predecessors presents a yearly challenge to each incoming group of seniors. Many hours are devoted by students and by

their faculty sponsor to the production of a yearbook, and each year many students have an opportunity to secure valuable literary, art, photographic, business, and advertising experience through this activity.

The Yearbook of the Class of '48 reached a new level of achievement for the school when it was awarded second prize for general excellence in its class by the Scholastic Press Association of Columbia University.

This was indeed a well-earned reward and a happy climax to the activities of an excellent class.

Personnel

Miss Elizabeth D. James, Head of the English Department, resigned from the Senior High School faculty on July 31, 1948. Miss James was admired and respected by all. The memory of her quiet poise and dignity and of her unfailing sense of equity will always be treasured by her colleagues and by the many students whose lives she influenced during her twenty-seven years of devoted service.

In the early summer, Miss Margaret Nicholson, a teacher in the Norwood Schools since 1931, passed away after a brief illness. To the many pupils and faculty members who knew her over the years, Miss Nicholson was not only a capable teacher, but a sympathetic and understanding friend. Her passing was another distinct loss to the English Department and to the school.

On July 30, 1948, Miss Catherine A. Coleman was appointed to the English Department. Miss Coleman came to us after twenty years teaching experience at Brockton High School. Miss Elizabeth O'Sullivan, a teacher in our English Department since 1931, was raised to the Headship of that department on August 18, 1948. Shortly thereafter, Mr. John J. Flaherty was appointed to replace Miss Nicholson. Mr. Flaherty had taught previously at the Henry Ford Wayside Inn School at South Sudbury and in the high school at Litchfield, Connecticut.

Miss Grace C. McGonagle in the early spring had asked the School Committee to be relieved of her duties as School Treasurer—effective at the close of school in June, and on July 14, 1948, Mr. John B. Kelley was appointed School Treasurer in addition to his regular teaching assignment. Miss McGonagle's many years of service as School Treasurer are deeply appreciated. She continues her faculty membership as Head of the Business Department.

On November 17, 1948, Mr. William C. Hagblom was appointed hockey coach to replace Mr. Peter Amirault who because of conflicting business interests was unable to continue his service in this capacity.

In Prospect

The importance of reading ability and its susceptibility to improvement have already been mentioned. During the coming year, a program in remedial reading should be undertaken at the Senior High School. If the results attained through such a program are to be commensurate with the value of the skill sought, the program should make provision for small special classes and for specially trained experienced personnel.

Attention should also be given to the school library. When the High School was built, the beautiful physical facilities provided for a library were a source of particular pride to citizens interested in the school. It is to be regretted that appar-

ently the library has never approached the educational value which was its early promise. In the modern high school, there is no substitute for an ample school library with a professionally trained experienced school librarian. The Senior High School Library is definitely inadequate, and steps should be taken as soon as possible to bring this phase of the school up to top standards.

During the coming year, further improvement could be effected in our assembly program if the School Department were to underwrite the cost of our paid assemblies—a charge now financed entirely by student contributions. Several of these special assemblies of definite educational merit had to be omitted during the year because of the inadequacy of student funds.

In addition, a permanent portable stage and blackout facilities to permit the use of instructional motion pictures would further multiply the educational value of this activity.

It is difficult to overestimate the tremendous value in motivation and integration which can accrue to the High School student who has been successfully guided to give serious thought to his vocational tomorrow. To produce this desirable outcome, the modern school increasingly stresses in all its classes the importance of occupational consideration and, in all its classes, the occupational significance of all its learning experiences. During the coming spring, it is planned to hold a career day at the Senior High School in order to underline still further the importance of at least tentative occupational choice and to supplement still further the occupational information upon which this tentative choice is made. Career Day will be under the immediate direction and supervision of our Guidance Department. On this occasion, some twenty representatives of various occupations will speak in the School—each guest meeting with groups of students who have previously signified an interest in the particular occupation represented. It is planned to so schedule these conferences that a student may be able by attending three different meetings to obtain the latest occupational information on the three occupational fields in which he or she personally is most interested.

Also planned for the coming year is an activity sometimes called a Parents' Night. Activities of this type have as their principal objective the establishment of a closer relationship between the school and the home with consequent improvement in school accomplishment. Indeed it is believed that the school cannot hope to reach that level of social contribution of which it is potentially capable without the support of a community which is both interested in and well informed with regard to what the school is doing and what it aims to do.

Fathers and Mothers will be invited to visit the school on Parents' Night to follow through the individual programs of their sons and daughters, to meet their teachers and to learn at first hand the objectives and growth experiences provided for them in their various classes.

Accordingly, it is hoped that all parents and many other interested citizens will come to the Senior High School on the occasion of Parents' Night and that this activity may prove to be an effective step towards bringing about a fuller recognition by the community of the modern comprehensive high school as a vitally important and valuable agent of society, building for a better tomorrow for all the children of all the people.

In Conclusion

I wish to thank Superintendent Lynch and the School Committee for their helpful guidance and constant support during the year.

This report will close with the program of the 1948 graduation exercises and an enumeration of the special honors awarded to members of the class on that occasion.

CHARLES A. HAYDEN,

Lane Medal Recipients

The following pupils in the Class of 1948 were awarded Lane Medals:

Patricia J. Lynch	Marian T. Murphy
Barbara M. Cushing	Martin Chipman
Ruth E. Pask	Constance E. Hurney
Joseph Uzdavinis	Marie A. Lynch
Carolyn J. Congdon	Frederick J. Mike
Thomas H. O'Leary	John F. Coughlin
Claire L. Burns	Eleanor A. Novick
Stephen F. Learnard	Jean M. Nugent
Amos T. Dixon, Jr.	Margaret T. Doucette
Beverly A. Eppich	Lorraine H. Homer

Music Prizes

Program

PROCESSIONAL—March*F. Mendelssohn*
High School Orchestra

INVOCATION

Rt. Rev. J. F. Minihan

"Arise! All Nations!" *J. V. Dethier*

Chorus and Orchestra

Words by J. J. Gormley

Arise! Arise! All nations of the earth.
 Arise! Arise! All nations of the earth.
 Tho' times are filled with shadows dark
 And hearts of men are sore beset,
 You must not falter now.
 The answers are not found in arms alone.
 Rome fell and many more that put their trust in might.
 Then raise your hearts, Oh fellowmen,
 To Him in whom you can place trust.
 The God of peace! The God of peace!
 Arise! Arise! All nations of the earth.
 Arise! Arise! All nations of the earth.
 Tho' times are filled with shadows dark
 And hearts of men are sore beset,
 Arise all Nations and seek thy peace,
 Through Him who rules by love—
 The Lord of lords, the Lord of lords,
 The King of Kings, the Way, the Truth, the Light!

ADDRESS

J. Harold Williams
 Scout Executive
 Narragansett Council
 Boy Scouts of America

"Pomp and Circumstance" *E. Elgar*

Chorus and Orchestra

Words by J. J. Gormley

Lord guide our Nation,
 Justice ever our goal.
 Strengthen hearts that are weary;
 Foster, nourish each soul.
 Lord guide our lives
 Each day so we pray.
 Lead us into Thy Kingdom
 Thy Kingdom come.
 Lead us into Thy Kingdom
 Thy will be done

GIFT OF THE CLASS OF 1948

John Coughlin

ACCEPTANCE OF THE GIFT FOR THE SCHOOL

John Poce

REPORT OF THE HENRY O. PEABODY SCHOOL FOR GIRLS

I hereby submit the seventh annual report of the Henry O. Peabody School for Girls.

We again finish a very full and interesting year which can be treated only briefly in a report of this nature. The school enrollment has remained fairly constant throughout the year, fluctuating as students leave to go to work and new members enter. There is increased interest in the school on the part of non-residents, post-graduates and students who wish to take short-unit courses. I believe there is a growing conviction of the worth of our program and a better understanding of the objectives of vocational education.

All present course offerings are well established and have, so far, proved effective. I feel the school is now ready for expansion, but new offerings must be evaluated in the light of employment possibilities and costs of new building.

Each student of the Peabody School is given individual consideration in the planning of her program. Most students have already selected their courses before entering the school—others require vocational guidance and many require personal guidance. Our vocational objective is to train for profitable employment. Our total objective includes the development of wholesome attitudes toward home, work, and civic life. The School is attractive, and its atmosphere is pleasant. Emphasis is given to the appreciation of beauty and general cultural influences, all of which contribute to a happier and fuller life.

The following is taken from the annual report to the Superintendent of Schools from the State Department of Vocational Education: "The School has had another successful year offering an effective trade-education program, maintaining high standards and securing satisfactory related employment for its graduates."

CERTIFICATES

This year, certificates were granted to all graduates of the Henry O. Peabody School for Girls. Being a new school, established in war years, it has taken some time to acquire a sufficient number of graduates to have a certificate designed and engraved which we felt would be appropriate. Thoughtful consideration was necessary to determine the standards upon which the certificates should be granted. The faculty, Superintendent of Schools and the Norwood School Committee decided to award two types of certificates:

1. A Certificate of Proficiency which is earned and awarded on the basis of the high standard of work accomplished by the graduate in the senior year of schooling, following recommendations made by the faculty of the school.
2. A certificate which is awarded to those who have completed the course in which they were enrolled but who have not met the above standards for the proficiency certificate.

ENROLLMENT AND PLACEMENT BY COURSES

January, 1949—December, 1949

Public relations are very important in developing a school of this kind. Every effort is made to invite parents and prospective students to the School whenever possible. Our annual Open House and Parents' Teas attract large numbers and the Tea Room when opened to the public also furthers a very pleasant relationship. Each year Vocational Days are conducted when ninth grade pupils are invited with their guidance teachers to spend a day at the School. The Director and several of the faculty this year have addressed education groups, service clubs, women's clubs in Norwood and surrounding towns.

In March, a joint Parent-Teacher Association meeting was sponsored by the P. T. A. of the Norwood Junior High School and the faculty of the Henry O. Peabody School for Girls. A program was arranged which enabled each group

to witness a typical day in all trade and academic classes. A discussion and social hour was held at the close of the evening. Refreshments were prepared and served by the Catering Department.

Alumnae Association

On November 30, seventy-five graduates held an evening meeting at the school for the purpose of organizing the Alumnae Association of the Henry O. Peabody School for Girls. It was a very enthusiastic group and showed a fine carry-over of school spirit which, if encouraged, will exert a very strong influence on the future of the school.

The following officers were elected and the date set for the next meeting:

<i>President</i>	Anna Santoro
<i>Vice-President</i>	Florence (Koval) Dwane
<i>Recording Secretary</i>	Miriam Ristom
<i>Corresponding Secretary</i>	Mary Pennacchio
<i>Treasurer</i>	Louise Charron

A social hour followed the business meeting. Entertainment was furnished and refreshments served by the undergraduate students.

Business Department

The Business Department continues to offer special short-unit courses to recent high school graduates or to adults who feel the need for intensive training. It is impossible to describe fully the individual teaching service which has been rendered to persons who have found themselves confronted with the need for employment.

In September, the department also expanded its teaching program to accommodate the needs of a group of senior pupils of the Norwood High School. Nineteen seniors now report daily to the Business Department of the Henry O. Peabody School for two continuous periods of instruction. The regular program in the Henry O. Peabody School was rearranged so that the High School seniors could report for their work during the last two periods of the high school day.

This year we have been fortunate in obtaining much needed additional equipment—furniture, as well as office machines.

Commercial Foods Department

The opening of the Tea Room and the establishment of short-unit courses in bakery and cafeteria work resulted in increased interest and a larger entering class this year. Among this group are four boys, two of whom are seniors of the Plainville High School.

Although the School is intended primarily to accommodate girls, we have admitted a few interested boys to each department. The course which appeals most to young men is Commercial Foods. There is a great demand in this field for well-trained young men. A recent boy graduate is a baker and pastry chef at the Faulkner Hospital.

Mr. John Stokes, Executive Vice-President of the Massachusetts Restaurant Association, after visiting the School on Open House last Spring, requested that we invite the Massachusetts Restaurant Association to hold its October meeting at the Peabody School.

On Monday evening, October 18, the Commercial Foods students entertained the Massachusetts Restaurant Association at dinner. President Paul Herbert of the Association addressed the group, pointing out the need for vocational training for the restaurant industry. Mr. Robert Collins of Wellesley Town Line House expressed appreciation to the girls and boys who prepared and served a typical New England dinner. The Director outlined the purpose and objectives of the school in training young men and women for the restaurant industry.

This year, two new members have been added to the advisory board of the Commercial Foods Department: Mrs. Kenneth Wakefield, Toll House, Whitman, Massachusetts and Mr. H. William Anderson, Vega Restaurant, Norwood, Massachusetts.

We operate a successful school lunch program in connection with our Food Department which meets all the requirements of the Massachusetts School Lunch Program supervised by the State Department of Education. A complete hot lunch, including milk and dessert, is served to students for 20 cents. The School receives a 9-cent reimbursement for each meal if the menu meets the required standards. This School lunch program has a threefold purpose:

1. Education in nutrition.
2. Training for quantity cookery and cafeteria management—Practical use of instruction supplies.
3. Daily nutritional lunches for pupils during the school year.

Trade Dressmaking Department

The Dressmaking Department continues to successfully prepare girls for the trade. There is an increasing demand for our graduates. We are not a co-operative school as such, but it seems feasible, in this department, to allow certain students to profit by work experience for short periods during special seasons of the year. Several girls having been employed on a part-time basis were retained in full-time employment.

Miss Mary Pacheco, an instructor in the Trade Dressmaking Department, attended a course in Textile Mending conducted by the Department of Rehabilitation at Fitchburg State Teachers College last summer. Instruction in Weave-Bac Mending is being introduced in our school this year for the first time. Textile mending is a very profitable trade and is closely related to Hand Weaving which has been for some years taught in this department as a related course. One of our former graduates upon recommendation by the Director also attended the summer school course and is now ready for employment by the Department of Rehabilitation. She will teach handicapped veterans the trade in their own homes. The Peabody School owns its own equipment for teaching this process.

Beauty Culture Department

This year's entering class has been the smallest to date. Our Beauty Culture Department has formerly been the largest in the school with a 100% placement of graduates. However, there are still fine opportunities in this field of work for well-trained operators, and new students are entering from time to time throughout the year.

Miss Dorothy Blood, Instructor, took a special six-week course in Beauty Culture this summer at the Harper Method School in Atlanta, Georgia.

Distributive Occupations

A ten-hour course in Pre-Christmas training was conducted in November by Mrs. Dorothy Weeks, Instructor of Merchandising at the Peabody School. The object of this course was to assist Norwood merchants in obtaining trained sales people for Christmas business. Thirty-three Peabody and High School students were trained and placed this holiday season.

In March, an evening course was conducted in "Starting and Operating a Small Business" by Irwin Gordon. This course was held to meet the demands of veterans and others for training in small business operation. It was very well attended. The following guest speakers made fine contributions to the course:

Mr. John Russell, banker, Norfolk County Trust Company, Norwood.

Mr. James Curran, lawyer, Norwood, Massachusetts.

Mr. Andrew Petersen, accountant, Charles Rittenhouse and Co., Boston.

Student Co-Operative Association

The Student Co-Operative Association has had a very successful social year and has contributed much to the promotion of school spirit and to maintaining school traditions.

The long-awaited Lounge Room was opened this year. This is the girls' own room planned, decorated, and paid for by the Association. The furnishings were made by the boys of the Norwood Vocational School. A formal opening and tea was held last March. This room is very popular with the student body.

A beautiful silver birch tree was planted on the lawn of the school at our annual step party for seniors in June. The silver birch was chosen as it represents the school colors—silver bark and green gold leaves.

Last year the Henry O. Peabody Perpetual Care Fund was established by the association for the perpetual care of the cemetery lot of the late Mr. Henry O. Peabody. One hundred dollars was paid to the Superintendent of the Boxford cemetery. The faculty of the School contributed \$38 to have the lot reconditioned. The work is completed, and the Association has received a letter of appreciation from Mr. Frank A. Manning of Boxford, a distant cousin of Mr. Peabody.

Evening Practical Arts Program

The Evening Practical Arts Program has grown beyond all expectations. In 1944, there were seventy-five students enrolled in three dressmaking classes. In October, 1948, the enrollment was 400 students, with waiting lists for many of the courses.

The following courses are included in this year's program:

Children's Clothing	3 classes
Dressmaking	10 classes
Decorative Art	3 classes
Jewelry Making	1 class
Millinery	1 class
Rug Braiding	1 class
Rug Hooking	2 classes
Slip Cover Making	1 class
Upholstery	1 class

Several men are enrolled in the Jewelry and Upholstery classes. Evening school is in session three nights a week from October to May. The fine exhibition of work held at the close of the program was well attended by the public. The report to the Superintendent of Schools from the State Department of Education comments on the program as follows: "It is noteworthy that because of the excellence of the Norwood program, surrounding areas are increasingly obtaining the "Vote" for Vocational Education and establishing their own programs locally."

Faculty

We are fortunate in having a fine enthusiastic group of teachers who have a common understanding of the fundamentals of vocational education and faith in its objectives. It is indeed a privilege to work with them. There has been no change in the faculty membership this year which results in many benefits to the students and in greater progress for the school. We have had a very harmonious and happy year together.

Conclusion

I should like to express my sincere appreciation and that of the faculty to the Superintendent of Schools, to the Norwood School Committee, and to Town officials, and to the community for their continued interest and loyal support of the School.

BLANCHE L. MARCIONETTE, *Director*

REPORT OF THE PRINCIPAL OF THE JUNIOR HIGH SCHOOL

I herewith submit my ninth annual report as principal of the Norwood Junior High School.

In accordance with our belief that facilities should be provided whenever possible to improve instructional opportunities so that better learning may result, we have furnished a classroom as a workshop in social science. The furniture, maps, and sets of reference material provide for a wider range of activities than is possible in the traditional classroom. Teachers and pupils are pleased with provisions made for them, and I hope eventually to have two more rooms similarly equipped so that each of our three grades may work there with greater profit.

Our testing program continues to indicate that satisfactory results are being obtained, while at the same time teachers are enabled to identify specific areas in which a need for improvement is indicated in any class.

Pupil control of traffic has been extended throughout the building, and results are satisfactory. This is but one of the many forms of pupil participation in the activities of the school, for we believe that only by providing many opportunities for pupils to regulate their affairs can they learn democracy which they are soon expected to practice when they take their place in community life.

Another important pupil activity, the school publication "Junior Narrator", continued to gain recognition and add to its laurels by getting a first-class award in the annual competition held at Columbia University by the Interscholastic Press Association.

Rated on make-up, typography, art work and advertising, as well as on the literary quality and originality of the editorials, short stories, features and verse the magazine again achieved top honors in competition with thousands of other school magazines from all over the United States.

For the June issue the publication took on a new format. Forced by rising costs to find a less expensive medium of continuing the activity which gives pupils such a splendid scope for their creative talents, the staff experimented with the multi-lith process and produced a magazine which in every way met the high standards which the "Narrator" has always sought to maintain.

The Journalism Club extended its activities this year to include the weekly newspaper column "Junior Jottings", sponsored and encouraged by the Norwood Messenger.

One of the difficulties which confronts an administrator whose enrollment has decreased considerably is the combination of special subjects which an instructor can effectively teach.

During this school year, we have had to replace Mr. Wellsman, who resigned to live in California. To find one qualified to teach both art and woodwork on the same high level which we expect in our schools, we found it necessary to hire one teacher for art and one for woodwork. Mr. Hilly, the shop teacher, has extra classes which provide greater opportunity for pupils who especially need that type of work. He also teaches during the week at the grade schools so that the shop classes can be more advanced when pupils enter grade seven.

The building is in good condition, and the repair jobs which are needed for the upkeep of the building are being considered and acted upon by our Superintendent.

May I take this opportunity to thank you, Mr. Lynch, for your co-operation in matters pertaining to school, and for your advice which has always been so helpful to me.

JOHN J. CORCORAN.

REPORT OF THE SUPERVISOR OF HOME ECONOMICS

I herewith submit a report on Home Economics Education for the year ending December 31, 1948.

Values Acquired Through Home Economics Education

The broadness of the field of Home Economics Education and its vital concern for people places this branch of education in a position to develop a deep sense of values among its pupils. Through Home Economics instruction pupils can acquire a store of ideals and standards by being taught the qualities of beauty and goodness as well as how to seek for and live with the best things in life.

The need for satisfying and fulfilling home life is greater than ever before—at every age level. The individual needs to feel that he counts in the life of someone. He needs the opportunity to give and receive affection, in fact a place where he can be himself. A successful home provides such values for its members and it is the privilege of Home Economics Education to offer instruction to these ends.

Home Economics in the public schools developed from a concern for the betterment of family living and basically that concern has always controlled its development as a field of education. At the present time emphasis in Home Economics is upon personal development and family relationships because of the urgency and timeliness of these approaches. It is the specific object of Home Economics Education to so direct its teaching that the attainment of all worthwhile ideals is accompanied by the attainment of the necessary attitudes, techniques and habits of achieving them in life itself. To accomplish these purposes our instruction is built around everyday homemaking experiences and the many activities of daily life.

The influence of Home Economics teaching can be far reaching. Home Economics has an enviable position in teaching the principles involved in tolerance, understanding, and the recognition of another's worth. The American Family is America's most priceless asset for it is the center of gravity of the American Way of Living. The field of Home Economics, embodying as it does family life education holds a strategic position in education where it may capitalize on its excellent opportunity to differentiate, stressing the *genuine* and *true* standards of living. Home Economics Education provides a well-balanced design for living—the happiness factors so important to all of us.

The Modern Home Economics Program

Education for citizenship is not new but the problems facing the world today give it new implications. It is clear that homemaking education has much to contribute to citizenship training because of the nature of the material with which it is concerned and through the methods used to present this material. Homemaking education today offers unusual opportunities for meeting adolescent needs, for its scope and content are immediately interesting to youth.

The educational environment is important. The homemaking department itself should be homelike, attractive, efficient, and arranged in home-like patterns and units in order that educational experiences in sharing, in working together and

in assuming responsibility may be handled more effectively. Educational procedure that is positive rather than negative in approach, that is an activity program rather than a series of lectures, makes it possible for students to acquire necessary skills, to experience joy in work and to develop self-confidence, initiative, leadership, cooperation, judgment and efficiency.

A hopeful trend is the increasing number of schools offering third and fourth year courses in High School Home Economics and schools making Home Economics available to boys. The more mature girls in High School earnestly seek more advanced information in homemaking subjects. They are in a position to benefit by advanced courses in home life education. Most of these girls are going into homes of their own soon and it should be our immediate concern to help them make this adjustment. Home Economics subject matter in High School can be dignified, require thinking and recognize personal development. It can develop the point of view that will make for good citizenship.

We may well feel satisfied that we are meeting modern requirements in the content and conduct of our pioneer required course for girls at the Senior High School. The course is functioning as "Personality Development" course or "Forum for Girls". It is the meeting ground for discussion of all problems leading to personal and family life betterment and enrichment and has advanced far beyond its original objective, viz.; a review of the field of homemaking. The course opens the way for self-expression and self-help and the value of this type of instruction cannot be over-emphasized. If the classes could be divided into smaller groups for discussion purposes, even more could be accomplished than at present with our very large groups.

Life Enrichment for All—the Ultimate Reward

Helping boys and girls to solve their relationship problems is one of the most satisfying rewards of teaching. When our pupils are more cooperative at home, more considerate of other members of the family because of homemaking instruction, a teacher may well feel repaid for her efforts. What could be more interesting or necessary than learning to understand ourselves and others and working out satisfying ways of living together? What a pleasure to recognize your own influence in the simpler things, better flower arrangements, better lunch boxes, improved color sense, development of hobbies, better social practises, homes planned to meet family needs, better ways of doing and living! What happier experience than encouraging better human relations, noting improvement in attitudes, helping to lay solid foundations for new homes, striving to be of major influence in developing citizens of tomorrow, working not so much with *things* as with *lives*, being a colleague and friend or—just having a good time! It can be truly said of the field of Home Economics "You cannot bring happiness to others without receiving some of it yourself."

We earnestly trust that as a result of our Home Economics teaching, we are interesting and inspiring our girls to become contented, happy homemakers and that they will want to accept the basic truth so well expressed by Longfellow in these lines,

"Stay, stay at home my heart and rest
Homemaking hearts are happiest."

Acknowledgements

To the Mother's Club:

Our continued and warm appreciation of their interest in Home Economics Education is expressed in their generous award for excellence in Home Economics.

To the Federal Lunch Organization (Mr. John C. Stalker, Director) :

For their interest and excellent cooperation and especially for their appreciation of our efforts as expressed in the allotment of new equipment for our Cafeteria (large white enamel ice chest and white enamel bottle cooler) both of which added so much to the appearance and efficiency of our lunch service.

To Bushway-Whiting Ice Cream Company (Mr. J. Howard Bushway) :

For making available for our use a modern ice-cream mart which has completely modernized our ice cream service much to the pupils' pleasure and satisfaction.

To Our Pupils :

For working so hard and giving so generously of their time happily, willingly and enthusiastically on numerous Home Economics projects such as special lunches (Student Council), refreshments for parties, preparation and serving at Teachers' Club Tea, assisting with department renovation and costume making for assemblies and always helping where help is needed. It is a joy to work with those who respond so readily and heartily.

To Our Co-Workers :

Who daily make the wheels turn. My most sincere thanks and appreciation for their excellent cooperation.

Department Needs and Recommendations

We have arrived at a critical stage where much of our equipment and facilities need modernization. To teach new and accepted techniques we need new equipment and new utensils and new gadgets. Never in the history of man have so many new products been offered. Many of our pupils are seeing and using more modern equipment in their homes than we are offering them in school. We should meet this situation immediately.

In Junior High School we need a room set aside as a permanent part of our department set-up for our use as a "general purpose" room or social center. Such a room would have variable settings and uses, first for teaching modern living in a suitable setting and secondly for developing a social program for Junior High School pupils. Some expenditure to make the room suitable and attractive would needs be made. I particularly seek the opportunity to demonstrate the value of such a project. We have been unable to date to proceed with our plans in this direction and request consideration of the benefits to be derived from assigning the Home Economics Department a room to be used as outlined.

We need an opportunity to demonstrate the general importance of Home Economics Education. We would like to display our results and set up educational exhibits. I request, for this purpose, locked display cabinets at both Junior High and Senior High Schools, to be placed in corridors.

I again stress the potential possibilities in a comprehensive nutrition program as well as a family life program which would cover and include the entire school system.

May I at this time extend my heartfelt thanks and appreciation to all who have contributed to the constructive results of Home Economics in our schools.

AGNES M. BRIDGES.

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS

Submitted herewith is my annual report of the Vocational-Industrial Arts department for the year ending December 31, 1948.

As we look back over the year 1948 and review the accomplishments, achievements and incidents of our Boys' Vocational School, one bright spot prominently appears. In June, 1948, we graduated our first group of young men, who made up our first vocational boys' class in 1944. After completing the four year course of intensive trade training in cabinet-making, these boys are ready for placement. Unfortunately for some, the compulsory military training forced them to enter the armed services, delaying their chance for employment.

In September, we accepted the applications of a group of boys from the eighth and ninth grades. Although the boys from the eighth grade have appeared somewhat immature, we abide by the rule of our State Department of Education which states:—any boy, fourteen years or over, who may profit by trade training may become a member of the school. In some respects the first year of their enrollment acts as an orientation period; the second and succeeding years prove more beneficial and prepare them for the more advanced training.

We have earnestly endeavored to meet the standards of a code that expresses clearly what our boys mean to us. In part that code reads:—

A student is the most important person ever to enter our school.

He is not dependent on us, we are dependent on him.

He is not an interruption of our work, he is the purpose of it.

He is not an outsider to our organization, he is a part of it.

A student is a person who brings us his wants.

It is our job to handle those wants in a way profitable to him.

In October some of our outmoded equipment, that had been in constant service for a period of twenty years or more, was replaced with new modern machines. We have now eliminated a real source of danger to our young students by safer working conditions, and stimulated a greater interest in creating a higher degree of productive work.

Our production work in the shop was mainly to fulfill the needs and requirements of the various school departments. Sectional cabinets and screens were needed for the recently established kindergarten department and our first and second year boys were assigned to this task, which they completed very satisfactorily.

In line with other departments our vocational classes took full advantage of the use of the new moving picture machine. Through the projector's audio system we were able to place a greater emphasis upon shop safety, care and use of hand tools, proper methods of machine operation, and many up-to-date and informative subjects related to shop work.

At least once each year a visit is made by a supervisor from the State Department of Education. This year Mr. John Shea, representing the Division of Vocational Education, visited our school and found it effectively organized and well conducted. He was impressed by the amount and quality of our boys' work. The shop and its facilities for trade training met the requirements he outlined with one exception. A means of disposing of the sawdust and shavings should be con-

sidered. His recommendation was that a blower system be installed to control the existing health hazard.

Our shop exhibit of projects held in the spring was an outstanding event, particularly from the standpoint of the number of citizens who visited our showing of shop products.

Industrial Arts Education

Senior High School:

In the next eight years, high school enrollments are expected to increase. Many of these students will want industrial-education courses and if facilities can be made available in the immediate future our student demands may be met.

The discussion of life-adjustment education, which is now sweeping the country, show that school administrators are becoming aware of the necessity for broadening the secondary curriculum with industrial-education subjects, to meet the needs of young people for educational opportunities closer to their interests and aptitudes. To anticipate the needs of these young people, will we be able to provide some facilities for them which are lacking at present? I sincerely hope that industrial arts may come into the high school program even if only one or two periods per day.

Our only industrial arts subject at present is mechanical drawing, which provides for both high school pupils and vocational students. We are somewhat crowded in our present room, and need expansion for pupil working space.

In September we introduced to our three-year students the use of the new technical drawing workbook, supplemented by a reference text.

Junior High School:

On the Junior High School level, where our industrial arts education is most widespread, an opportunity for pre-vocational tryouts and exploration in several units was available to every boy in the school. Through these units the boys became acquainted with many shop processes and learned something of industry.

Our industrial arts printing laboratory was one activity through which all subjects and activities in the junior high school program were integrated. In addition to serving the school educationally, the unit was a valuable service to the entire school system in furnishing printed forms and material essential to operating programs and administrative requirements.

In October, 1948, Mr. James P. Hilly was appointed as instructor in woodwork and mechanical drawing, to fill the vacancy caused by the resignation of Mr. Fred Wellsman. He comes to us well qualified as an instructor, ready to put into operation many improvements in industrial arts work.

Elementary Schools:

The elementary grades of our schools represent the formative period in the child's life. Industrial arts in our grades can develop correct educational and social habits of thinking and doing. Among Gandhi's writings on education which are receiving renewed attention since his death, is the following, which presents a case for industrial arts in our elementary schools.

"I would begin the child's education by teaching it a useful handicraft and enabling it to produce from the moment it begin training . . . I hold that the

highest development of the mind and soul is possible under such a system of education. Only every handicraft is to be taught not merely mechanically as is done today, but scientifically, i. e., the child should know why and wherefore of every process."

We are now prepared to place industrial arts in the grades. Mr. Hilly will assume the duties as instructor in addition to his teaching duties in the Junior High School.

Conclusion

I wish to express my sincere thanks and appreciation to all for the splendid spirit and cooperation that was given to our Department.

CLIFFORD H. WHEELER.

REPORT OF THE DIRECTOR OF GUIDANCE AND PLACEMENT

Herewith, I submit my third annual report as Director of Guidance and Placement.

Guidance

Our guidance program during the past year has developed along the lines of the pattern described in the first two annual reports. Special emphasis is placed upon individual conferences at which the student has the opportunity to discuss his educational and vocational plans both of an immediate and remote nature.

In addition to these individual conferences, group meetings are held which deal with various vocations, post high school educational opportunities, and other guidance activities. During the past year, senior high school students were given the opportunity to take several occupational tours which included visits to a radio station, hotel, social service agency, airport, hospital, insurance office, advertising office, large retail store, an engineering laboratory, and an industrial plant. At each one of the establishments visited, an official of the company gave a talk on the various occupations involved, the preparation required for that type of work, and the opportunities for progress in the field.

Placement

Our placement service was utilized extensively during the year for both full-time and part-time employment. Seventy job openings were filled by high school boys and girls. Sixty-six per cent of the senior class, sixty per cent of the junior class, and twenty-five per cent of the sophomore class reported that they engaged in some type of part-time work. We extend our thanks to the many employers who thus enabled these young people to add to their educational and vocational experiences.

Other Activities

The Director was again requested by the State Department of Education to serve as one of the Consultants to the State Supervisor of Guidance and Placement.

He was also appointed by the State Supervisor to act as chairman of the regional committee which set up an extensive display of guidance materials for the Conference of Massachusetts High School Principals which was held at the Framingham State Teachers College in April. Schools from all parts of the State of Massachusetts sent copies of their materials for use in this exhibit.

The Guidance Department was represented on the local committee of the national organization to help physically handicapped individuals secure employment. This work has the strong endorsement of the President of the United States.

During the past Spring, an unusual activity was carried on through the joint efforts of the management of the Guild Theatre and the Guidance Department. A group of high school students managed the theatre for a day. Under supervision, they took over the duties of manager, advertising manager, cashier, doorman, and usher. These young people thus secured a first-hand knowledge of how one Norwood business firm operates.

Membership is maintained in the National Vocational Guidance Association and in the Guidance Club of Greater Boston.

Follow-Up

A follow-up of 158 of the graduates of the Norwood Senior High School Class of 1948 showed the following distribution: (does not include Veterans, Boys' Vocational School, or Henry O. Peabody School graduates.)

	<i>Number</i>	<i>Per Cent</i>
Attending school or college	60	37.9
Employed	71	49.4
Married	1	0.7
In Armed Services of United States	19	12.0

Of the sixty members of the Class attending school or college on a full-time basis, the distribution was as follows:

<i>Type of School or College</i>	<i>Number Enrolled</i>
Four Year College	34
Business and Accounting	14
Schools of Nursing	6
Miscellaneous	6

A broad classification of the number of members of the Class employed, shows the following distribution:

<i>Type of Employment</i>	<i>Number Employed</i>
Industrial	27
Secretarial, Stenographic, Clerical	18
Sales and Distribution	21
Construction	4
Telephone Operator	3
Proofreader	2
Agricultural	3

Conclusion

As we have stated several times in the past, effective guidance results cannot be achieved by the school alone. It is quite apparent that the cooperative efforts of the school, the pupil, the home, the church, community groups, and all concerned with the welfare of youth, are needed to attain the desired objectives.

May I take this opportunity to thank the School Committee, Mr. Lynch, Mr. Hayden, and all who have helped this department.

D. VINCENT KENEFICK.

REPORT OF THE ART DIRECTOR

This is the annual report of the Art Department for the year ending December 31, 1948.

Changes in Personnel

Mr. Lloyd Schultz, formerly a teaching-supervisor in the Littleton Public Schools, has been appointed teacher of art and technical drawing in the Junior High School. He succeeds Mr. Frederick Wellsman who resigned to accept employment on a ranch in California. Mr. Schultz is a graduate of the Massachusetts School of Art and has completed further studies at the Harvard Graduate School.

Art in Our Elementary Schools

In our report of 1946 we showed by comparison how outmoded our traditional art teaching had become in the light of contemporary art thinking. By honestly facing the problem of trying to work up a curricula which would give our children a basic and utilitarian view of art understandings we inaugurated a completely revised program. During 1947 we made it possible for teachers to become acquainted with the reasons for such a change and we explained how we hoped to bring that change about.

This report represents the second year of that program. Although we conclude that progress is slow we equally acknowledge the fact that the teacher guidance problem for so complete a change is difficult.

We are attempting to consolidate elementary school activities into three important divisions, each of which is to be taught with equal emphasis. They are—creative expression, design, and awareness of color.

The work of Grades I to III is primarily creative with such emphasis in the mixing of color which might help each child to better observe and enjoy its use as an important part of his life. In many instances remarkable progress has been made in this direction as it becomes recognized by teachers and pupils alike that the mixture of crayon color conveys an infinite variety of color interest.

Young children make little color separation for to them every type of red is matched by the single use of their one red crayon. This, of course, is due to false observation. We wish to commend all the work at this level which has been done this past year to improve a situation too prevalent in the creative work of the early school levels.

Other signs of progress are being reflected by those teachers who are making use of the child's vivid imagination by reading stories, or describing situations which offer children the opportunity to express the complete flexibility of their uninhibited artistic expressions.

Much work is still to be done in helping these youngsters develop an early sense of design and the importance of using cut paper as an element of three-dimensional work has too often been neglected.

In some instances Grade IV should offer clearer concepts of our program at this stage. This grade is the key link in our elementary program for it represents the time when the early grade child becomes more conscious of his accomplishments. We hope to give this more attention in the coming year.

Grades V and VI, the last two years of our elementary school, have made true progress in the direction of our initial objectives. Some of these include the conduct

of interesting units on home planning and furnishing, handicrafts of many types, use of the visual aids as a means to improve art appreciation, work in the understanding of color and color mixing, and units on design.

The liberal use of art media in other classes is also doing much to increase the effectiveness of teaching.

Art in Our Junior High School

The ever increasing use of visual material to help convey essential ideas in all the subject fields is in itself proof of the strong relation of the arts to all classroom work. We most sincerely regret that our Junior High people cannot have art for more than the present one period per week.

One illustration can often express a thousand words and more and more of our daily living involves the use of graphic and illustrative material to explain or express thought. As common as the photograph has become we have yet to find the time to adequately express its methods and purposes in the classroom.

Mr. Schultz is conducting a program of class work which will adequately help our young people to make a better choice of all those objects in their everyday life which call for a degree of artistic discrimination. His classes analyze and study the properties of "good taste" as it relates itself to the problem of individual personality. The cultivation of the powers of observation is also of great importance. Time is so short that very little opportunity is available for creative enjoyment but those students, who by aptitude tests are acknowledged to possess unusual abilities, are afforded the workshop atmosphere of the Studio—a new adjunct to the Junior High art room.

We make but two recommendations. That provision of some type be made for the use of water in the art room and that a study be made of the advisability of using a suitable text.

Art in Our High School

For two months the director of this department has spent one period a day teaching and observing the problems related to the conduct of the High School Art Program. Mr. Hayden and Mrs. Cook have both been most cooperative and understanding with regard to how we feel a new type of curricula should be initiated. Though we acknowledge that the following recommendations will be difficult to fulfill we do feel that their accomplishment will in great part tremendously facilitate effective art teaching.

1. It is recommended that the course now known as Freehand Drawing and Art Appreciation be changed to—Art Major I, Art Major II, and Art Major III. These classes should be homogenous groupings consisting of students who can elect the course on the basis of academic progression. This, in turn, will allow the instructor to conduct the course in the same manner.

2. It is recommended that homework be considered an essential practice in each of the courses.

3. It is recommended that the Unit Method be generally adopted for Art Major I and adopted in part for the other two courses for those students not clearly decided in interest.

4. We recommend that a study be made toward the suggestion of a text suitable to the requirements of good high school art education.

Our New Studio

To serve the purpose of those students who seek to participate in more of the creative arts than can be offered in the regular classroom courses, under conditions more conducive to originality and specialized study, the department is announcing the opening of its "Studio" located in the room formerly known as 209, next to the Junior High School Art Room.

This room will offer an opportunity for the exercise of silk screen, modeling and casting, paper mache, block printing, textile printing, air brush, ceramics, oil painting, pastel, and water color painting.

It will serve also as an experimental and visual aid center for all the art teachers and will display on its ample bulletin board area a continuous exhibition of fine reproductions and current student work from all the schools.

The "Junior Narrator" Art Staff will also use this room as their office.

The Studio will be under the supervision of the department director.

Art Through Visual Aids

Through the fulfillment of our recommendations of last year the Department is most pleased to announce the addition of a Filmstrip and Slide Projector to its visual aid equipment. We have also been able to procure a beginning library of color slides which have greatly increased the interest of Grades VI through XII. We have, in addition, made beginning experiments in the production of our own color slides and strips.

Conclusion

We wish to take this opportunity to thank Mr. Lynch for his continued interest in our "Studio" project and equally as much for his help in enabling us to make more use of visual aid equipment.

To all the principals and to each of the teachers through whom our progress depends may we express our sincere appreciation for their continued efforts and kind understanding.

WALTER E. LUNSMAN.

REPORT OF THE DIRECTOR OF MUSIC

I herewith submit the report of the Music Department for the year ending December 31, 1948.

Elementary Schools

The Music program now in force in our schools is based on the educational philosophy that any child who can master the letters of the alphabet can master the seven letters of music.

The present music course is also calculated to insure the maximum development of the child, full participation and initiative.

The achievement of these aims is progressing satisfactorily in all the Grade Schools.

There are 761 pupils enrolled in the various instrumental and rhythm classes as follows:

Rhythm Band	341
Majorette	60
Melody Flute	160
Band and Orchestra	200

Junior High School

In the Junior High School, besides the regular orchestra and band periods, the pupils have the opportunity of joining sectional rehearsals for string, wind, and percussion instruments. The program in vocal and theoretical work has continued as indicated in previous reports.

Senior High School

In the Senior High School, the number of students in the music classes is practically the same as last year, the only change being that there are now two classes in Music Appreciation I instead of the one listed previously.

A fact which is brought out in this course, is that there are various types of music and that each type has a place of its own in our life. Furthermore, Music Appreciation is integrated with the other subjects in the curriculum and take a meaningful place in the life experience of the students.

There are now 73 students enrolled in these classes. In the Voice Training Classes in which 39 students are enrolled, the aims are: to build the foundation for the Art of Singing with correct posture, proper breathing, articulation, and enunciation; to acquire a good repertoire while studying good song literature with a new horizon of poetical works.

Norwood was well represented in the Massachusetts State Symphony Orchestra, which gave its concert last spring in Symphony Hall, Boston, by six members of the Senior Orchestra. Several vocal and instrumental groups which were organized and trained during the homeroom period and after school gave several concerts in and out of town with great success.

The members of the Senior Band under Mr. George Farnham gained great commendation for their playing in the many parades and celebrations in which they participated. One of the highlights was their concert for the Norfolk County Teachers' Convention.

Recommendations

1. That an adequate room and a piano be provided for the rehearsals of the Junior High School Glee Club.
2. That two periods of Music a week be allotted to the seventh and eighth grades as in former times.
3. That every possible opportunity be afforded to pupils having talent worth extra cultivation.

Conclusion

I wish to take this opportunity to express my sincere appreciation of the helpful interest and the cooperation of the Superintendent of Schools, each of the Principals, and all who have aided in the work of this Department.

JOHN V. DETHIER.

REPORT OF THE HEALTH DEPARTMENT

I herewith submit the report of the School Health Service for the school year 1948.

Physical and Dental Examinations

During the fall term all children in the schools were given a physical examination by Dr. George R. Allen and Dr. Harriet E. Rogers. The dental examinations were made by Dr. Timothy J. Curtin. Parents have been notified of the defects discovered and have been urged to have the corrections made.

Hearing Tests

To bring the study of hearing out of the realm of guesswork, we need tests of hearing. When an individual is completely deaf, there is usually no doubt about it; but when one has an incipient deafness, that is a different matter. For several years much research has been done in order to devise a hearing test which is reliable and reasonably rapid. Schools have progressed from the whisper, watch-tick, and coin-click tests to the phonographic-speech test, which has proved superior to the examinations which preceded it; however, this, too, has had a margin of error. For this reason we are changing this year to the discrete frequency or puretone test, which is the most accurate method known at this date.

We regret very much that because of the resignation of Mrs. Kathryn V. King, lip-reading classes have been temporarily suspended.

Vision Tests

The Massachusetts Vision Test has been used to measure the visual acuity.

Dr. Hugo B. C. Riemer has conducted the Eye Clinic, which 297 patients attended. Of these 99 were given glasses to correct vision; 64 required no change in the glasses which they were wearing; 3 were treated medically; 3 were advised to have surgery; 2 no longer needed to wear glasses; and 123 were found to be in need of no medical or refractive correction. Of the last group mentioned, many had slight deviations from normal; however the defect was not sufficiently serious to warrant refraction.

Communicable Disease Control

The incidence of mumps and chickenpox has been extremely high during the past year. With rare exception, the cases have been uncomplicated. Several children have succumbed to measles and whooping-cough. Few, if any of us, are immune to the common cold.

Toxoid or Schick Test Clinics

Diphtheria, a preventable disease, continues in Massachusetts. In Norwood, however, approximately ninety-five per cent of children have been immunized against this disease. The Schick Test and Toxoid Clinics are conducted yearly.

Tuberculosis Clinic

Each year, every senior is given a chest x-ray. We are glad to relate that in 1948 there was no active pulmonary tuberculosis.

Doctors who specialize in tuberculosis feel that contact cases should be followed

by hospital service so that they can be given special consideration. For that reason, children who are contacts of tuberculosis now are referred to the Norwood Visiting Nurse Association. The nurses of this agency take these children for examination to the Norfolk County Hospital in Braintree.

Mid-Morning Lunches

The Norwood Woman's Club again defrayed the cost of mid-morning milk and cookies for 100 children.

Conclusion

We are grateful to Mr. Lincoln D. Lynch, the School Committee, the members of the school department, and the community for their cooperation.

JANE O'SULLIVAN, R. N.

REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

The report of Physical Education Department for the year ending December 31, 1948, is respectfully submitted.

Introduction

Education in America has a responsibility, as have other great social institutions, to help boys and girls live effectively in a democratic society. Education dedicated to the democratic ideals of this society must provide,—

an opportunity to deal honestly and realistically with problems which come within the experiences of boys and girls and within the experiences of teachers.

a program rich in knowledge, skills, techniques, and understandings in all areas of life.

an opportunity to recognize and deal effectively with needs and purposes of boys and girls, and

an opportunity to translate ideals of democratic society into everyday living and teaching.

Physical education has the same responsibilities and the same objectives as has education in general. It is that area of education which, because it deals with the body in action, in movement, has one of its major aims the development of the more sensitive control of this instrument for more effective functioning. It is significantly that area which deals constantly and continuously with the individual in his most dynamic learning, for he moves, sees, thinks, feels at once in situations of social and democratic import.

The physical education program must provide,—

an opportunity for the promotion of vigorous normal growth through a wide range of large motor activities such as natural activities of daily life, free and individual play, games and sports, dance, athletics, self-testing activities, relaxation and rest, remedial and adapted activities, co-educational and co-recreational activities, trips, and parties,

an opportunity for the development of sound attitudes, habits, and knowledge of wholesome living, and

an opportunity to develop interest, joy, and satisfaction in many skills, and these skills in terms of sports, dance and recreational activities, now and which will continue in the mature use of leisure time.

Physical Education Program*Senior High School—Boys*

An integrated program of physical education that included calisthenics, group correctives, combative activities, and group games was carried on during the year.

The athletic program consisted of the following sports:

- Varsity Football
- Junior Varsity Football
- Varsity Basketball
- Junior Varsity Basketball
- Intramural Basketball
- Hockey
- Indoor and Outdoor Track
- Golf
- Varsity Baseball
- Varsity Tennis

This year the intramural basketball program was under my supervision. This activity was run for two weeks after the football season and was enjoyed by eighty-five boys. It is expected that this program will be continued at the end of the basketball season.

A varsity and junior varsity basketball schedule of fourteen games in competition with Bay State League teams was completed in a successful manner. Three games were lost, two by one point and one by five points. Our record: eleven wins, three defeats in varsity competition.

Varsity hockey under the direction of Mr. Peter Amirault held practice sessions in the skating club and the Arena in Boston. Games were played with teams of the Bay State League. This year we have a new hockey coach, Mr. William Hagblom.

Indoor track was resumed under Mr. Stanley Fisher. The track schedule was as follows: Northeastern University meet, the State Meet Class D, Dual meet with Concord, and the Greater Boston Meet. It was in the Greater Boston meet that a Relay team consisting of boys under seventeen years of age and under five feet six inches tall was able to defeat all other teams in record time. All factors being considered, the indoor track team had a very successful season.

Mr. Clifford Wheeler, outdoor track coach, called for candidates early in April. Thirty-two boys reported. The schedule consisted of one invitation meet, five dual meets, one triangular meet, and the entire squad participating in the State Relays held in Belmont. The boys distinguished themselves in all of the above events.

The tennis team under the direction of Mr. Fisher matches with Dedham, Needham, and Wellesley. Two boys were entered in the State Tournament held in Winchester. One boy participated in quarter-finals. This was excellent showing in State competition.

The Varsity baseball team enjoyed a successful season, winning eleven of fourteen games played in league competition.

The Golf team under Mr. Everett Learnard competed as in the past in the Norfolk County High School Golf League. The teams in the league are as follows: Dedham, Needham, Walpole, North Quincy, and Quincy. All home matches were held at the Ponkapoag Golf Club.

The first football meeting was held August twenty-fifth at the Senior High School. This meeting was attended by sixty-five boys. The first few days were devoted to organization, such as physical examinations, giving out equipment, and assigning lockers. Our first official practice took place on September first. Calisthenics, warm up, and conditioning exercises were scheduled for about a week followed by body contact work and dummy scrimmages. The 1948 record was as follows:

Norwood	6	Needham	6
Norwood	0	Framingham	8
Norwood	13	Belmont	13
Norwood	19	North Attleboro	0
Norwood	14	Braintree	0
Norwood	20	Canton	6
Norwood	7	Cambridge Latin	0
Norwood	7	Natick	7
Norwood	13	North Quincy	21
Norwood	13	Dedham	18
Won.....	4	Tied.....	3
		Lost.....	3

The Junior Varsity Football Team was coached by Mr. John Sullivan. Approximately thirty boys reported for practice sessions and completed a five game schedule. The season ended on November fifteenth with a game played at Dedham.

Senior High School—Girls

This program under the supervision of Miss Erna Kiley included corrective exercises, apparatus, marching, dancing, hiking, games and posture work.

The after-school athletic program consists of Archery, Basketball and Tennis. About twenty-five girls reported for Archery this fall.

Basketball started the middle of November and sixty-five girls reported for practice. A schedule of six games are played with neighboring towns. The intramural program was carried out at the end of the basketball season.

Miss Ruth Johnngren, tennis coach, received seventy girls for her first indoor practice session early in April. Instruction and practice were transferred on to the courts as soon as the weather permitted. Four matches were played, two at home and two away.

Junior High School—Girls

The physical education program for girls, under the direction of Miss Ellen Gifford, included apparatus, marching, corrective exercises, dancing, hiking, games and posture work.

An intensive after-school program is carried out, consisting of games such as tennis, tenniquoit, volley ball, softball, badminton, and basketball.

Junior High School—Boys

Under the supervision of Mr. John Dixon, the program at the Junior High School included calisthenics, gymnastics, marching, apparatus, health hints, group games, social dancing and a sports club.

The Athletic program consists of the following: varsity basketball, varsity baseball, intramural basketball, and intramural baseball. A carefully planned schedule of twelve games is arranged for both basketball and baseball.

An excellent intramural program in basketball and baseball was carried out with over one hundred and fifty boys participating.

Elementary Schools

No formal program by a Physical Education instructor is carried on in the elementary schools. However, the classroom teacher practices daily health lessons and supervises a play program for these children.

Health and Hygiene Education

Health education classes are organized in the sophomore classes for boys and girls while classes in hygiene are given weekly to senior high school boys and girls.

The general objectives of the health program are:

to improve the general condition of the individual so that he may function normally, may avoid disease, and may fit himself for his life work;

to develop the functional power of each individual consonant with his needs and capacities;

to develop in the pupils an interest in good body mechanics through self appraisal and group judgment, and

to present to the pupils health instruction material that is progressive, scientific, social and individualized.

Conclusion

I sincerely thank the Superintendent of Schools, School Committee faculty, and physical education department for their splendid co-operation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my report as attendance officer for the year ending December 31, 1948:

Number of truanies	22
Number of illness cases investigated	103
Assisting at home	79
Lack of shoes or clothing	1
Investigation of cases where children left school	7
Investigation of cases where home permits were desired	5
Investigation of cases where working certificates were desired	7
Miscellaneous cases	39

Total..... 263

Total number of children returned to school 12

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1948, as follows:

Francis E. Metcalf, *Chairman*

Daniel E. Callahan, Jr., *Clerk*

Thomas F. Riley, *Member*

On January 1, 1948, the debt of the Town was \$199,000.00 with maturities in 1948 of \$44,000.00. No money was borrowed during the year for any purpose.

After examining the request for appropriations submitted by various departments the Commission met with Department Heads and Committees charged with the disbursement of the appropriations and discussed in detail the basis for such requests.

On completion of the work of the Commission a public hearing was held prior to the Adjourned Town Meeting.

The sum of \$20,000 was appropriated for the Reserve Fund and transfers were made therefrom as follows:

Finance Commission	\$100.00
Water Department Construction	430.00
Water Department Construction	970.00
General Manager, Personal Services	58.00
Town Clerk and Accountant, Personal Services	54.00
Sewer Construction	455.00
Town Clerk and Accountant, Personal Services	210.00
General Manager, Personal Services	200.00
Selectmen's Personal Expense	13.00
General Government, Incidental Expense	110.00
Board of Health, Incidentals	450.00
Assessors' Incidentals	50.00
Police Salaries, Specials	700.00
Election and Registration, Incidentals	500.00
Water Department Construction	1,227.26
Rubbish Collection	500.00
Fire Department Salaries	700.00
General Government, Incidentals	396.58
Light Department Operation	3,500.00
Assessors' Incidentals	56.06
Election and Registration, Incidentals	213.64
Maintenance and Control of Traffic	41.99
Fire Department, Incidentals	183.83
Snow and Ice Removal	1,662.50

\$12,781.86

Respectfully submitted,

FRANCIS E. METCALF, *Chairman*

DANIEL E. CALLAHAN, JR., *Clerk*

THOMAS F. RILEY, *Member*

*The Honorable Board of Selectmen,
Gentlemen:*

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1948, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule:

RECORDS OF TOWN MEETINGS

ANNUAL TOWN MEETING

Monday, January 17, 1949, adjourned to March 31, 1949

On a warrant duly issued by the Selectmen under the date of January 4, 1949, and signed by Sture Nelson, Clement A. Riley, George C. O'Brien and W. J. Dempsey, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to elections and town meetings were complied with. The articles contained in the warrant, and the action thereunder is as follows:

ARTICLE 1. To choose all necessary Town Officers. The following are to be chosen by ballot, namely: One Selectman for three years; one Town Treasurer and Collector of Taxes for one year; one Moderator for one year; one member of the Board of Health for three years; one member of the Town Planning Board for three years; one Finance Commissioner for three years; two members of the School Committee for three years; two Trustees of the Morrill Memorial Library for three years; four members of Norwood Housing Authority; six Constables for one year.

One Selectman for Three Years.

Charles L. Rich had thirty-five hundred and eighty-eight (3588) votes.

Elected and sworn by Town Clerk and Accountant.

Clement A. Riley had twenty-one hundred and forty-two (2142) votes.

Blanks, fifty-five (55).

One Town Treasurer and Collector of Taxes for One Year.

Edmund F. Sullivan had forty-seven hundred and forty-six (4746) votes.

Elected and sworn by Town Clerk and Accountant.

Scattering, one (1).

Blanks, ten hundred and thirty-eight (1038).

One Moderator for One Year.

Francis C. Foley had forty-six hundred and twenty-eight (4628) votes.

Elected and sworn by Town Clerk and Accountant.

Blanks, eleven hundred and fifty-seven (1157).

One Member of the Board of Health for Three Years.

James F. Foley had twenty-eight hundred and fifty-nine (2859) votes.

Elected and sworn by Town Clerk and Accountant.

Edward V. Paduck had twenty-one hundred and eighty-two (2182) votes.

Scattering, one (1)

Blanks, seven hundred and forty-three (743).

One Member of the Town Planning Board for Three Years.

Charles S. Ennis had twenty-nine hundred and seven (2907) votes.

Elected and sworn by Town Clerk and Accountant.

Ludovic O. Fournier had sixteen hundred and sixty-five (1665) votes.

Scattering, twenty-one (21).

Blanks, eleven hundred and ninety-two (1192).

One Finance Commissioner for Three Years.

John W. Ahearn had thirty-seven hundred and seventy-three (3773) votes.

Elected and sworn by Town Clerk and Accountant.

Edmund J. Cashen had seventeen hundred and fourteen (1714) votes.

Blanks, two hundred and ninety-eight (298).

Two Members of the School Committee for Three Years.

John J. Cavanaugh had twenty-five hundred and ninety-three (2593) votes.

Elected and sworn by Town Clerk and Accountant.

Alexander MacIntyre had sixteen hundred and fifty (1650) votes.

Anthony F. O'Donnell had twenty-four hundred and forty-three (2443) votes.

Edward H. Thompson had three thousand and two (3002) votes.

Elected and sworn by Town Clerk and Accountant.

Scattering, five (5).

Blanks, eighteen hundred and seventy-seven (1877).

Two Trustees of Morrill Memorial Library for Three Years.

Rachel P. Martin had thirty-six hundred and fifty (3650) votes.

Elected and sworn by Town Clerk and Accountant.

George H. Welles had sixty (60) votes.

Elected and sworn by Town Clerk and Accountant.

Scattering, fifteen (15).

Blanks, seventy-eight hundred and forty-five (7845).

Four Members of the Norwood Housing Authority.

John E. Bamber had three thousand (3000) votes.

Elected for one year and sworn by Town Clerk and Accountant.

Daniel Collins had thirty-five hundred and twenty-one (3521) votes.

Elected for four years and sworn by Town Clerk and Accountant.

Frank B. Coughlin had thirty-six hundred and twelve (3612) votes.

Elected for five years and sworn by Town Clerk and Accountant.

Lawrence J. O'Brien had thirty-two hundred and forty-seven (3247) votes.

Elected for two years and sworn by Town Clerk and Accountant.

C. Roger Pearson had twenty-eight hundred and thirty-six (2836) votes.

Robert A. Browning had six hundred and forty-four (644) votes.

Blanks, sixty-two hundred and eighty (6280).

Six Constables for One Year.

Scattering, one hundred and twenty-four (124).

Blanks, thirty-four thousand, five hundred and eighty-six (34,586).

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That Article 2 be laid upon the table.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

Voted: That the Town Treasurer and Collector of Taxes as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer and Collector of Taxes in his capacity as Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Voted: ARTICLES 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, and 19 be referred to the Finance Commission for consideration and report with recommendations at the Adjourned Session of this meeting.

Voted: That this meeting adjourn.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

ADJOURNED ANNUAL TOWN MEETING

January 17, 1949 to March 31, 1949

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak, and dated March 22, 1949, the Adjourned Annual Town Meeting was called to order by the Moderator Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That Article 2 be laid upon the table.

ARTICLES 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19.

Voted: That Articles 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19 be referred to the Finance Commission for consideration and report with recommendations at the Adjourned Session of this meeting, on the 7th day of April A. D. 1949, in the Junior High School Auditorium, Washington Street, Norwood, Mass.

Voted: That this meeting adjourn.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

March 31, 1949

On a warrant duly issued by the Selectmen under the date of March 22, 1949, and signed by W. J. Dempsey, Sture Nelson, Charles L. Rich and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the existing General Residence District and to establish the same as a Business District, namely:

Beginning at a point in the easterly line of Lenox Street, said point being southerly 196.50 feet from the southerly line of Williams Street; thence S 72° 30' 00" E a distance of 100.00 feet; thence S 17° 30' 00" W a distance of 116.20 feet; thence N 72° 30' 00" W a distance of 100.00 feet to the easterly line of Lenox Street; thence N 17° 30' 00" E by the said easterly line of Lenox Street a distance of 116.20 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: Motion lost.

ARTICLE 2. To see if the Town will vote to authorize the Selectmen to lease for a period not exceeding five years a building or parts of building for the purpose of providing suitable headquarters for the Norfolk County Marine Corps League of Norwood subject to regulations to be made by the Selectmen therefor as provided by law, and to raise and appropriate a sum to provide for the current year, or take any other action in the matter.

Voted: To so authorize the Selectmen and that the sum of \$540.00 be raised by taxation and appropriated for the payment of rent reserved under such lease for the current year.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate for repairs and improvement of real estate owned by the Town or take any other action in the matter.

Voted: By taxation, the sum of \$375.00.

ARTICLE 4. To see if the Town will vote to raise and appropriate a sum of money for the purpose of providing shelter for veterans of World War II who are residents of the Town of Norwood, or take any other action in the matter.

Voted: By taxation, the sum of \$1500.00.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to lease for a period not exceeding five years a building or parts of building for the purpose of providing suitable headquarters for the Disabled American Veterans, Chapter 90, Norwood, Mass., subject to regulations to be made by the Selectmen therefor, as provided by law, and to raise and appropriate a sum to provide for the current year, or take any other action in the matter.

Voted: To so authorize the Selectmen and that the sum of \$720.00 be raised by taxation and appropriated for the payment of rent reserved under such lease for the current year.

ARTICLE 6. To see if the Town will vote to accept from the Norwood Rotary Club a gift of playground equipment for use on the Norwood Playgrounds.

Voted: To so accept and that the Town Clerk and Accountant be directed to express to the Norwood Rotary Club the appreciation of the citizens assembled at the Town Meeting for their generous gift.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate for the construction of a traffic island and the erection of flasher lights at the corner of East Hoyle Street and Washington Street, or take any other action in the matter.

Voted: On amended motion, that the sum of \$1,400.00 be raised by taxation and appropriated for the erection of flasher lights at the corner of East Hoyle Street and Washington Street.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate for improvements of the town parking area in the rear of the Norwood Theatre, or take any other action in the matter.

Voted: By taxation, the sum of \$1,000.00.

ARTICLE 9. To see what sum of money the Town will vote to raise or transfer from Surplus Revenue and appropriate for the purpose of the construction of utilities, namely, sewers, drains, water and highways for the Norwood Housing Authority Project.

Voted: By transfer from Surplus Revenue, the sum of \$25,534.78.

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate for the improvement of the town-owned area adjacent to the Memorial Municipal Building, or take any other action in the matter.

Voted: By taxation, the sum of \$3,100.00.

ARTICLE 11. To see what sum of money the Town will vote to transfer from Surplus Revenue and appropriate the same for the purpose of meeting the further expense of an underground electric light system in South Norwood.

Voted: Indefinite Postponement.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate to provide for the establishment of a cost of living adjustment plan in connection with the salaries of all full-time employees of the Town except school teachers.

Voted: By taxation, the sum of \$40,000.00.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to acquire by purchase, for school purposes, certain areas or parcels of land easterly of the Senior High School, and to raise and appropriate money by taxation for such purpose, or take any other action in the matter. (On request of the School Committee).

Voted: Indefinite postponement.

ARTICLE 14. To see if the Town will vote to adopt the following by-laws:

1. For the purpose of the act entitled "AN ACT TO ESTABLISH REPRESENTATIVE TOWN GOVERNMENT BY LIMITED TOWN MEETINGS" the Town of Norwood shall be divided into eight districts.

2. $1\frac{1}{2}$ per cent of the total registered voters of the town in addition to the members at large shall constitute a representative town meeting in the Town of Norwood.

Voted: To so adopt.

ARTICLE 15. To see if the Town will vote to authorize the appointment by the Moderator of a committee of seven (7), one of whom shall be a member of the Norwood Planning Board, to study the advisability of the construction of a road from Walpole Street to Washington Street and from Washington Street to the State Highway in South Norwood, and to see what sum of money the Town will vote to raise and appropriate for engineering costs and other purposes of said committee.

Voted: To so authorize the Moderator and be it further voted that no appropriation be made for such purpose.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to purchase for public parking purposes certain parcels of land shown as Parcels 1, 2, 3, 4, 6, 7 and 10 and portions of Parcels 8 and 9 as shown on a plan entitled, "Plan of Proposed Parking Area in the Vicinity of Washington Street, Nahatan Street, Maple Street and Cottage Street, by A. W. Thompson, Town Engineer," and to see what sum the Town will vote to transfer from Surplus Revenue and appropriate for such purpose.

Voted: Motion lost.

ARTICLE 17. To see what sum of money the town will vote to transfer from Surplus Revenue and appropriate for the purpose of the construction of a public works yard and building on town-owned land off Washington Street.

Voted: By transfer from Surplus Revenue, the sum of \$50,000.

ARTICLE 18. To see if the Town will vote to purchase for playground purposes an area containing 17,400 square feet bounded by Lenox Avenue and Pleasant Street and shown as Lot 14, on Assessors' Survey Plans, Sheet 3, Map 6, and raise and appropriate a sum of money for said purpose.

Voted: To so purchase and that the sum of \$900.00 be raised by taxation and appropriated for said purpose.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

POSTPONED ADJOURNED ANNUAL TOWN MEETING

To see if the Town will vote to authorize the Selectmen to lease for a period not exceeding five years a building or parts of building for the purpose of providing suitable headquarters for Post 2452, Veterans of Foreign Wars of the United States subject to regulations to be made by the Selectmen therefor, as provided by law, and to raise and appropriate a sum to provide for the current year or take any other action in the matter.

Voted: By taxation, the sum of \$500.00.

ARTICLE 16. To see if the Town will vote to raise and appropriate a sum of money to be used for the payment of an annuity to the dependents of John F. Lydon, a Fireman, whose death was sustained during the performance of his duties, or do or act anything in relation thereto.

Voted: By taxation, the sum of \$1520.00.

ARTICLE 17. To see what sum or sums of money the Town will vote to raise and appropriate for the Town's Committee on Rehabilitation and Reemployment.

Voted: By taxation, the sum of \$325.00.

ARTICLE 18. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or take any action in relation thereto.

Voted: Indefinite postponement.

ARTICLE 19. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Construction, or take any other action in relation thereto.

Voted: By transfer from Surplus Revenue, the sum of \$10,000.00.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

April 28, 1949

On a warrant duly issued by the Selectmen under the date of April 20, 1949, and signed by W. J. Dempsey, Sture Nelson and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to rescind action taken under Article 12 of the warrant for the Special Town Meeting held on March 31, 1949, whereby it was voted that the sum of \$40,000.00 be raised by taxation and appropriated for the purpose of establishing a Cost of Living Adjustment Plan in connection with the salaries of all full-time employees of the Town except school teachers.

Voted: To so rescind.

ARTICLE 2. To see what sum the Town will vote to raise by taxation, or borrow, or transfer from the Post War Rehabilitation Fund, the Post War Rehabilitation Fund interest or any other available funds in the treasury and appropriate for the purpose of drains construction, or take any other action in the matter.

Voted: On amended motion, that the sum of \$8,260.00 be raised by taxation and appropriated for the purpose of drains construction, and that the additional sum of \$11,740.75 be transferred from Post War Rehabilitation Fund Interest and appropriated for said purpose.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

July 15, 1949

On a warrant duly issued by the Selectmen under the date of July 5, 1949, and signed by W. J. Dempsey, Sture Nelson, Harry B. Butters, Charles L. Rich and George C. O'Brien, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the town will vote to amend the existing Zoning ByLaw of the Town of Norwood in the manner following or take any other action in the matter:

Amend Section 10, paragraph (B) as follows:

By striking out in line 4 of said Section 10, paragraph (B) the word "ten" and substituting in place thereof the word "fifteen."

By striking out in line 5 of said Section 10, paragraph (B) the word "twenty" and substituting in place thereof the word "thirty."

By striking out in line 13 of said Section 10, paragraph (B) the word "five" and substituting in place thereof the word "ten."

Voted: Indefinitely postponed.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the Existing Trunk Highway "A" and to establish the same as Trunk Highway "B" with respect to the following area: namely,

Beginning at a stone bound in the westerly line of Neponset Street, said bound being northerly by a curve of a radius of 193.41 feet a distance of 90.30 feet from a stone bound in the westerly line of the Boston Providence Turnpike; thence running S 63° 56' 43" W a distance of 150.00 feet; thence running southerly by a curve of a radius of 43.41 feet a distance of 20.16 feet; thence running southerly by a curve of a radius of 2310.00 feet a distance of 394.96 feet; thence running S 10° 28' 30" W a distance of 1068.97 feet to the sideline of Nahatan Street; thence running N 58° 47' 30" E by the northerly line of said Nahatan Street a distance of 57.30 feet; thence running northeasterly and northerly by a curve of a radius of 320.00 feet a distance of 269.87 feet; thence running N 10° 28' 30" E by the westerly line of the Boston Providence Turnpike a distance of 791.88 feet; thence running northerly by a curve of a radius of 2460.00 feet by said westerly line of the Boston Providence Turnpike a distance of 420.61 feet; thence running northerly and northwesterly by a curve of a radius of 193.41 feet a distance of 90.30 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 3. To see what sum of money the Town will vote to borrow, or transfer from the Post-War Rehabilitation Fund, Sale of Real Estate Fund, or any other available funds in the treasury and appropriate for the purpose of Water Construction, or take any other action in the matter.

Voted: By transfer from the Sale of Real Estate Fund, the sum of \$8,600.00.

ARTICLE 4. To see if the Town will vote to amend the vote passed under Article 17 of the Warrant for the Special Town Meeting held March 31, 1949, whereby it was voted to appropriate \$50,000.00 for the purpose of constructing a public works yard and building on town-owned land off Washington Street by providing that the appropriation be made available for the purchase of land adjacent to the present public works yard and for constructing a building thereon.

Voted: To so amend and that the Selectmen are hereby authorized to purchase said land and construct a building thereon.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

October 10, 1949

On a warrant duly issued by the Selectmen under the date of September 27, 1949, and signed by Walter J. Dempsey, Sture Nelson, Charles L. Rich, George C. O'Brien and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of town meetings were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to authorize the Selectmen to sell at public auction or private sale and convey by appropriate deed at a price to be determined by them a certain parcel of land with the buildings thereon situated on Plimpton Avenue shown on a plan entitled "Plan of Subdivision of Land Norwood, Mass." dated May 11, 1949 A. W. Thompson, Town Engineer, said parcel being bounded Northerly by Plimpton Avenue Eighty (80) feet; Easterly by other land of the Town of Norwood One hundred twenty-one and 45/100 (121.45) feet; Southerly by land of Elsie Nelson and Stephen and Anne Devine Eighty-five and 12/100 (85.12) feet and Westerly by land of the Town of Norwood One hundred fifty and 52/100 (150.52) feet. Containing 10,879 square feet.

Voted: To so authorize the Selectmen.

ARTICLE 2. To see if the Town will vote to authorize the Selectmen to sell and convey by appropriate deed in behalf of the Town to Margaret Hanf of Norwood a certain parcel of land with the buildings thereon situated on Plimpton Avenue shown on a plan entitled "Plan of Subdivision of Land Norwood, Mass." dated May 11, 1949, A. W. Thompson, Town Engineer, said parcel being bounded Northerly by Plimpton Avenue Sixty (60) feet; Easterly by land of Town of Norwood One hundred fifty and 52/100 (150.52) feet; Southerly by land of James H. and John F. Murphy, John J. and Anne L. O'Hara and Elsie Nelson Sixty-three and 84/100 (63.84) feet and Westerly by land of William M. and Margaret M. Crimmins One hundred seventy-two and 31/100 (172.31) feet. Containing 9,685 square feet. Such conveyance to be made in consideration of the release by said Margaret Hanf to the Town of her claim for damage resulting from the taking by the Town of the land of said Margaret Hanf for the relocation of Lenox Street.

Voted: To so authorize the Selectmen.

ARTICLE 3. To see if the Town will vote to authorize the Selectmen to convey by appropriate deed in behalf of the Town a certain parcel of land lying Easterly of Washington Street, Southerly of the Norwood Press and Westerly of the right of way of the New York, New Haven and Hartford Railroad Company, shown as Parcel "A" on a plan entitled "Plan of Land in

Norwood, Mass. belonging to the Heirs of Francis O. Winslow, Geo. A. Smith, Town Engineer" dated July 14, 1926 recorded with Norfolk Deeds Book 1715 Page 544 and containing 45176 square feet more or less to the United States Veterans' Building Association of Norwood in consideration of the conveyance by said United States Veterans' Building Association of said Norwood to the Town of Norwood of a parcel of land owned by said Association lying on the Northerly side of Railroad Avenue and containing 42,115 square feet more or less.

Voted: To so authorize the Selectmen.

ARTICLE 4. To see if the Town will vote to transfer from Water Construction and make available by appropriation thereof the sum of Seven hundred thirty-nine dollars and sixty-one cents (\$739.61) and pay the same to Edward O'Toole in full settlement of his claim against the Town for reimbursement on account of money expended in connection with the construction of water works in Margaret Street a private way in the Town which has since been accepted as a public way; provided that no payment shall be made unless and until said Edward O'Toole shall have released to the Town by proper instrument or instruments all right, title and interest said Edward O'Toole may have in said works in accordance with the provisions of Chapter 91, Acts of 1949.

Voted: To so transfer and appropriate.

ARTICLE 5. To see if the Town will vote to transfer from Water Construction and make available by appropriation thereof the sum of One thousand two hundred sixty-eight dollars (\$1,268) and pay the same to Aina S. Svibergson in full settlement of her claim against the Town for reimbursement on account of money expended in connection with the construction of water works in Cambridge Road a private way in the Town which has since been accepted as a public way; provided that no payment shall be made unless and until said Aina S. Svibergson shall have released to the Town by proper instrument or instruments all right, title and interest said Aina S. Svibergson may have in said works in accordance with the provisions of chapter 91 Acts of 1949.

Voted: To so transfer and appropriate.

ARTICLE 6. To see what sum of money the Town will vote to transfer from the sale of real estate fund, or any other available funds in the treasury, and appropriate the same for the purpose of water maintenance and operation, or take any other action in the matter.

Voted: By transfer from Surplus Revenue, the sum of \$12,483, said appropriation being required because of the emergency situation in the Water Department due to the extreme drought.

ARTICLE 7. To see what sum of money the Town will vote to transfer from Surplus Revenue, or any other available funds in the treasury, and appropriate the same for the purpose of particular sewers, or take any other action in the matter.

Voted: By transfer from Surplus Revenue, the sum of \$5500; guaranty deposits for particular sewers now in the treasury to be transferred to Surplus Revenue when said work is completed.

ARTICLE 8. To see what sum of money the Town will vote to borrow, or transfer from the sale of real estate fund, or any other available funds in the treasury, and appropriate for the purpose of water construction, or take any other action in the matter.

Voted: By transfer from Sale of Real Estate Fund, the sum of \$25,000; and be it further voted that the sum of \$9100 be and hereby is transferred from Surplus Revenue and appropriated for the purpose of Water Construction, said appropriations being required because of the emergency situation in the Water Department due to the extreme drought.

ARTICLE 9. To see what sum of money the Town will vote to transfer from Purchase of New Equipment, Public Works Division, and appropriate for the Purchase of New Equipment for Removal of Snow and Ice.

Voted: Indefinite postponement.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

December 19, 1949

On a warrant duly issued by the Selectmen under the date of December 6, 1949, and signed by Walter J. Dempsey, Harry B. Butters, Sture Nelson, Charles L. Rich and George C. O'Brien, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law of the Town of Norwood in the manner following or take any other action in the matter:

Amend Section 10, paragraph (B) as follows:

By striking out in line 4 of said Section 10, paragraph (B) the word "ten" and substituting in place thereof the word "fifteen."

By striking out in line 5 of said Section 10, paragraph (B) the word "twenty" and substituting in place thereof the word "thirty."

By striking out in line 13 of said Section 10, paragraph (B) the word "five" and substituting in place thereof the word "ten."

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law of the Town of Norwood in the manner following or take any other action in the matter.

Amend Section 12 as follows:

By striking out in line 5 of Section 12, the words "six thousand (6000)" and substituting in place thereof the words "eight thousand (8000)."

Voted: To so amend.

ARTICLE 3. To see if the Town will vote to permit the use for burial purposes of a certain area of land bounded westerly by the present Highland Cemetery, northerly by the lot containing the chapel, easterly by a line parallel with and distant 370 feet from the westerly line of Winter Street and southerly by land formerly belonging to Housing Securities Corporation and now Town of Norwood, containing 40,800 square feet of land more or less, or take any other action in the matter.

Voted: On substitute motion, that a committee of seven be appointed by the Moderator to make a study of the question as to whether or not the parcel of land in question shall be used for burial purposes and a study of the entire cemetery problem, said committee to report to the Town at the Annual Adjourned Town Meeting in 1951 or at a meeting prior thereto.

ARTICLE 4. To see if the Town will vote to abandon that portion of the old Lenox Street which does not come within the limits of the present Lenox Street as relocated or take any other action in the matter.

Voted: To so abandon.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Soldiers' Benefits, said appropriation to be provided for by transfer from Overlay Surplus.

Voted: By transfer from Overlay Surplus, the sum of \$2,000.00.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money to meet the further expense for Public Welfare, said appropriation to be provided for by transfer from Overlay Surplus and or by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Overlay Surplus, the sum of \$4,900.00; by transfer from Old Age Assistance, the sum of \$1,400.00 and by transfer from Aid to Dependent Children, the sum of \$3,300.00.

ARTICLE 7. To see if the Town will vote to raise and appropriate a sum of money to meet the further expense of Election and Registration Inci-

dentials, said appropriation to be provided for by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Town Clerk and Accountant Incidentals Personal Services Account, the sum of \$200.00.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for the Removal of Snow and Ice, said appropriation to be provided for by transfer from Surplus Revenue and, or, by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$7,000.00.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for the Purchase of Electric Energy, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue, the sum of \$6,700.00.

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Department Maintenance, said appropriation to be provided for by transfer from Surplus Revenue and, or, by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$1,800.00.

ARTICLE 11. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Police Department Salaries and Police Department Salaries Special, said appropriation to be provided for by transfer from Surplus Revenue and, or, by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$1,161.00 for Police Department Salaries and the sum of \$1,139.00 for Police Department Salaries Special.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Maintenance of Public Dumps and Particular Sewers, said appropriation to be provided for by transfer from Surplus Revenue and, or, by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$510.00 for Particular Sewers; and, with respect to Maintenance of Public Dumps, indefinite postponement.

ARTICLE 13. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Vacations for Laborers, Sick Leave for Public Works Employees and Public Works Incidentals, said appropriation to be provided for by transfer from Surplus Revenue, and, or, by transfer from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$6,274.00, of which amount \$424.00 shall be used for Vacations for Laborers, \$1,050.00 shall be used for Sick Leave for Public Works Employees, \$4,800.00 shall be used for Public Works Incidentals.

At this point in the meeting, and with permission of the Moderator, Clement A. Riley offered the following motion, duly seconded by Herbert A. Wiggin, and it was

Voted: That the Moderator be authorized to appoint a committee of five to draw up a set of resolutions honoring George F. Willett for his outstanding public service and contributions to the Town of Norwood. On voice vote, declared unanimously carried.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

- June 21—Board of Survey layouts of Spruce and Hickory Roads and Lancaster Lane.
Voted to put into effect for 30 day trial period traffic regulations intended to alleviate traffic tie ups especially in vicinity of Guild Square and Day Street. Diagonal parking banned; Day Street one way from Washington to Central; continuous flow of traffic along Washington Street in northerly direction and down Day Street which is controlled by continuous green arrow except for intermittent periods when amber lights permit pedestrians to use crosswalk.
- July 5—Warrant signed for special town meeting July 15, 1949.

July 19—Conference with representatives of Central Labor Union and representatives of town departments with reference to outside part time employment by employees of various town departments.

August 2—Voted to amend traffic regulations putting into effect parallel parking on easterly side of Washington Street and one hour parking on Day Street.

Conference with Veterans of Foreign Wars building committee with reference to exchange of town owned land on Washington Street for land owned by Veterans of Foreign Wars on Railroad Avenue. Approval of exchange voted subject to town meeting action.

Conference with John C. Kiley representing Winslow Bros. & Smith Co. with reference to the desirability of widening Central Street.

August 11—Special meeting dealing with the water shortage problem. Voted that emergency situation exists; that use of water for gardens, lawns and other outside purposes be banned; that people be requested to restrict use of water within household; that immediate arrangements be made to install gravel packed well at cost of approximately \$21,500 exclusive of engineering expense; that arrangements be made to clean and otherwise repair existing wells at cost of approximately \$5,000; that General Manager, Superintendent of Public Works and Town Engineer confer with Walpole Board of Selectmen on the possibility of Town of Walpole rendering emergency water service to Norwood if needed in accordance with previous written request of Town of Norwood.

September 20—Schedule of fees for hire of halls in civic building adopted.

September 27—Conference with committee on representative town meeting form of government. Report of sub-committee setting out districts, number of voters and number of town meeting members to be elected approved and report of full committee filed with Town Clerk, Board of Assessors and Registrars of Voters.

November 1—Public hearing on matter of widening of Central Street and Railroad Avenue. Layout approved.

Conference with Veterans' Housing Board and Town Counsel with reference to contract with Federal Public Housing Authority and advisability of town taking over temporary housing project.

Voted to have General Manager contact the Metropolitan District Commission with regard to water tie-in with system at Blue Hill, also to ascertain amount of water which could be obtained from Walpole. Further voted to request Fay Spoffard & Thorndike to make a complete survey of water situation in the town.

Voted to purchase steel poles for up-town Washington Street lighting program.

November 29—Hearing. Esther Davis application for permit for storage of volatile inflammable fluids—Neponset Street and Route 1.

Conference with Veterans' Housing Board and Town Counsel with reference to acceptance by town of entire responsibility for temporary veterans housing project off Winter Street. Voted to concur with recommendation of Veterans' Housing Board that town continue with contractual arrangement with Federal Public Housing Authority.

Voted to extend new street lighting system on Walpole Street from Guild Square to Winter Street.

November 30—Conference with Electric Light Rate Survey Committee. Recommendations contained in the committee report were adopted and it was voted that the rates as recommended by the committee become effective as of January 1, 1950 and that schedule of new rates be filed with Department of Public Utilities.

December 6—Warrant signed for special town meeting December 19, 1949.

December 13—Conference with Chief of Police Lydon with reference to 40 hour week for members of the police department.

Voted that Board go on record as approving the 40 hour week for the police department if funds made available at adjourned annual town meeting and that at such time Board of Selectmen would recommend adoption of 40 hour week program.

Voted to approve recommendation of Chief of Police that Cottage Street be made one way from Washington Street to Central Street in an easterly direction during Christmas holidays and for 30 day trial period.

Throughout the year all persons desiring a hearing or conference with the Board with respect to complaints or grievances were given full opportunity to be heard and the matter complained of given due consideration.

Conclusion

The foregoing report is intended merely to indicate in part the many and varied activities of your Selectmen during the year 1949.

The list of persons qualified for Jury service as prepared by the Selectmen follows as an addendum of this report.

Respectfully submitted,

WALTER J. DEMPSEY, *Chairman,*

STURE NELSON,

HARRY B. BUTTERS,

GEORGE C. O'BRIEN,

CHARLES L. RICH,

Selectmen of Norwood.

**LIST OF PERSONS QUALIFIED FOR JURY SERVICE
(INHABITANTS OF THE TOWN OF NORWOOD)
AS PREPARED BY THE BOARD OF SELECTMEN ON
JUNE 28, 1949**

Name	Address	Occupation
Allen, Stewart B.	19 Rosemary Street	Insurance Agent
Amirault, Pius J.	191 Prospect Street	Prccsman
Anthony, Olney P.	43 Florence Avenue	Retired
Armstrong, Fred	15 West Street	Paperhanger
Atwood, Alfred L.	6 Philbrick Street	Factory Worker
Bailey, Chester A.	113 Cross Street	Operator
Balfour, William A.	459 Washington Street	Bookbindcr

REPORT OF THE TOWN COUNSEL

*The Honorable Board of Selectmen,
Gentlemen:*

I submit herewith in summarized form my report of the activities of the law department for the year 1949.

Frequent amendments of the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our town government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances and trials, drafting of articles for town meeting warrants and motions to be offered thereunder, and the drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the town were given and recommendations made as to disposition of the claims.

Other matters as to which service was rendered by way of advice and opinion are briefly referred to under the headings of the departments and officials concerned.

Selectmen

Workmen's Compensation claims—advice as to liability of town.

Abutters on unaccepted portion of public way—opinion as to right of use of private way.

Joint Policy Agreement—New England Telephone & Telegraph—advice as to authority to execute agreement.

Cemetery—Use of additional land for burial purposes—advice as to procedural requirements.

Admission of minors into pool rooms and bowling alleys—advice with reference to authority to prescribe rules and regulations.

Permit for storage of gasoline—advice with reference to conditions in such permit or conditional issue of permit.

Conveyance of town owned property—advice with reference to authority of town to make gratuitous conveyance of property.

Advice with reference to vacancy on Veterans Housing Board.

Preparation of report of Selectmen for 1949.

Advice with reference to Hanf house and matters in connection with registration of title.

Advice with reference to the licensing by local licensing of infant boarding houses.

Advice with reference to liability in Carmack claim. Conference and settlement of same.

Advice with reference to liability in Matta claim. Conference and settlement of same.

Advice with reference to lease of quarters for Marine Corps League.

Advice with reference to statutory provisions with reference to compensation of call firemen injured in the course of duty.

Preparation of articles for warrant for March 31 town meeting.

Department of Public Utilities—conference with reference to matter of installation of underground wiring.

Advice and opinion with reference to school and library repairs, authority of selectmen and matter of availability of balance in appropriation for school and library repair budgets for use in repair of municipal building.

Advice and opinion with reference to authority of selectmen acting as sewer commissioners in the matter of abatement of assessments.

Advice and opinion with reference to so-called town pole yard property and contemplated exchange of property for property of Veterans of Foreign Wars.

Advice with reference to applicability of pin ball statute to various amusement devices.

Advice with reference to demolition of building on tax title property and liability of town with reference to injury to independent contractor in removal of building.

Advice with reference to charges in connection with transportation to and use of Wakefield rifle range.

Conference and advice with reference to claim of Norfolk Construction Company in connection with trunk line sewer construction.

Advice and opinion with reference to requirement of license for dance in club and matter of authority of selectmen as licensing authority to regulate.

Advice with reference to authority of selectmen and Board of Public Welfare in relation to appointment and discharge of employees.

Advice with reference to procedure and responsibility in matter of retirement of member of police department because of disability resulting from injury received in course of duty.

Advice with reference to provisions of Betterment Act and jurisdiction of selectmen acting as Board of Survey.

Advice with reference to abandonment of old way upon relocation of new way; preparation of article and motion for town meeting action with reference to same.

Conference and advice with reference to procedure in matter of Federal Public Housing Administration contract with town relating to temporary housing accommodations.

Advice and preparation of releases in accordance with special acts of legislature enabling payments in reimbursement for sums spent for laying water mains in private ways later accepted by the town.

Advice with reference to tearing down of town lockup and statutory requirement that provision be made for lockup.

Advice with reference to common victualler license.

General Manager

Advice with reference to application of statute with reference to Saturday closing of public buildings.

Advice with reference to agreement relating to Lenox Street relocation and moving of Hanf house.

Opinion with reference to recording of water guaranty agreements at Registry of Deeds.

Conference with reference to Board of Survey layouts and matter of water extension policy.

Conference and opinion with reference to duties of employee of Light Department with relation to the installation of fixtures.

Correspondence and advice with reference to claims resulting from alleged defects in ways and sidewalks.

Consultations by telephone and in person with reference to proposal for bids.

Advice with reference to application of chapter 330 Acts of 1948 and time of granting vacations to employees.

Conference and advice with reference to problems in connection with suggested installation of underground wiring.

Advice with reference to matter of fixing of salaries and wages.

Civil service—seniority—application of chapter 708, section 2B Acts 1941 relating to military service—opinion.

Advice with reference to Flaherty compensation claim and settlement of same.

Advice with reference to requirement of bids where type of equipment required can be purchased from one source alone.

Advice with reference to by-law controlling height and set-back distance of shrubs in areas adjacent to intersecting ways.

Conference with reference to matter of lighting at airport.

Advice with reference to matter of subrogation rights of town against third party causing injury where injured employee has elected to accept Workmen's Compensation benefits.

Advice with reference to medical expenses incurred by fire department member resulting from injury sustained in performance of duty.

Conference and advice with reference to setting up of water guaranty agreements.

Opinion with reference to provisions of General Laws chapter 164 section 58A relating to electric light accounts.

Conference with reference to policy in connection with installation of utilities in proposed development in Winter Street area.

Conference and advice with reference to powers and duties of General Manager and jurisdiction of light commissioners.

Advice with reference to matter of ambulance charges.

Advice with reference to question of attachment of condition in original gift of town pole yard property.

Conference and advice with reference to Plimpton Avenue tax title property and removal of Lenox Street houses.

Advice with reference to matter of bids in connection with contract for installation of particular sewers.

Advice with reference to traffic rules and regulations and installation of slow signs in congested areas.

Advice with reference to necessity of appointment of building committee in connection with construction of public works building at town yard.

Advice with reference to police officers on time off—jurisdiction and liability of town.

Conference and advice with reference to Buckmaster Pond—question of gravel packed well and area within taking by water commissioners.

Advice with reference to Bird Road and layout under Betterment Act provisions.

Advice with reference to posting of town owned property to prohibit hunting.

Advice with reference to procedure in matter of retirement of police officer under statute providing for disability retirement.

Advice with reference to effective date of amendment of zoning by-law changing area requirement of lots for building purposes and distance from adjoining buildings and property.

Board of Appeal

Advice with reference to form of notice and recording of votes.

Opinion as to applicability of provision of zoning by-law relating to apartment houses in general residence and single residence districts.

Finance Commission

Drafting of motions under articles requiring appropriation of funds.

Advice with reference to reserve fund transfers.

Town Treasurer and Collector of Taxes

Advice with reference to petition for certificate of title.

Advice with reference to trustee process.

Town Clerk and Accountant and Clerk of Selectmen

Advice with reference to eligibility of employees retired under non-contributory retirement provision for increased allowance under chapter 588 Acts of 1948.

Advice with reference to preparation of ballot for town election.

Advice with reference to registration of voters.

Advice with reference to nomination papers and requirements for filing.

Advice with reference to chapter 48 Acts of 1945 and cost of living adjustment plan.

Preparation of articles for special town meetings and annual meeting.

Advice with reference to providing photostatic copy of record.

Advice with reference to jurisdiction of licensing board.

Conference and advice with reference to representative form of town meeting government.

Advice with reference to trustee process and effect of notice of claim.

Advice with reference to incurring liability between end of year and next appropriation.

Contributory Retirement Board

Advice with reference to exercise of option offered under retirement statute.

Board of Health

Advice with reference to use of area for burial purposes—preparation of notice.

Veterans' Housing Board

Advice with reference to eviction proceedings—preparation of legal papers and attendance at court hearing.

Advice with reference to matter of contract with Federal Public Housing Administration.

Board of Public Welfare

Advice and attendance at hearings with reference to failure to support complaint.

Advice with reference to welfare compensation plan and General Laws chapter 41 section 108A.

Advice and correspondence with reference to hospital bills.

Advice with reference to General Laws chapter 117 section 24—demand and notice.

Advice with reference to member of Welfare Board holding another elective office in the town.

Airport Commission

Conference and advice with reference to Access Road.

Building Inspector

Conference and advice with reference to interpretation of zoning by-law provision relative to set-back distance.

Planning Board

Preparation of articles and motions for town meetings dealing with amendments of zoning by-law.

Advice with reference to cost of publication of notice of hearing.

Police Department

Conference with Chief and advice with reference to pyramid clubs so-called.

School Committee and Superintendent of Schools

Opinion with reference to equal pay statute.

Advice with reference to by-law provision dealing with sale of obsolete equipment.

Town Engineer

Conference with reference to sewer contract and claims.

Consultations with reference to plans required on petitions for registration, property purchased for town yard purposes and description of areas to be sold or purchased required for town meeting articles and motions.

Respectfully submitted,

FRANCIS C. FOLEY,
Town Counsel.

REPORT OF THE GENERAL MANAGER

The Honorable Board of Selectmen:

Gentlemen:

I hereby transmit detailed reports of the various departments over which the General Manager has administrative control. These department reports contain some of the more important activities of the various departments. The following brief observations in connection with the various departments are offered for consideration:

1. Citizens are indebted to members of the Light Survey Committee who recently completed an intensive study of rates and operations of the Municipal Light Department. The new rate schedule should beneficially affect the earnings of the department: the recommendations otherwise of the Committee should be followed. The new street lighting system installed along Washington Street from Guild Square to Short Street is comparable in operating costs and illumination on street surfaces, to that of any city or town in Massachusetts. Large expenditures were made during the year to improve the distribution facilities of the department.
2. The sidewalk appropriation should be increased; every year we are getting farther behind on this important work.
3. Further studies were made during the year regarding much needed expansion of Highland cemetery.
4. The new system of collecting rubbish proved its worth from standpoint of more economical and efficient operations. Additional new equipment improved considerably working conditions of personnel of the Public Works Department and at same time lowered costs and enhanced calibre of public service rendered by the Department. New Town Yard construction has begun. The constant growth of the Town makes mandatory an increase in the number of Public Works Department employees.
5. Critical water shortage during drought conditions emphasized need of additional supply, and definitely established that assistance from the Metropolitan District Commission is not only expensive but is a matter of three years away or possibly much longer. A gravel packed well was installed under emergency conditions. Intensive search for greater supply resulted in locating a site of a new gravel pack well which according to expert outside engineering advices is capable of supply of minimum of 1,500,000 gallons daily which should take care of our water requirements for the next generation. It would appear to be wise to go forward with the development of this new well site as quickly as possible.
6. The Engineering Department was, during the year, relieved of its former responsibility of supervising and directing operations of the Public Works Department, both departments being set up as independent municipal

units. Despite such lightening of duties, the Engineering Department's assignments and work-load increased tremendously in connection with practically all phases of the multiple functions of the department. It is my sincere conviction that the Engineering Department of the Town of Norwood is the equal of, if not superior to, the engineering department of any city or town in the Commonwealth.

7. To provide more adequate protection, two additional permanent men were appointed to the Police Department.
8. The winter program of the Recreation Department is being expanded to satisfy a growing demand. The new outdoor swimming pool was opened in July and proved very popular. Much more has to be done to fully improve the site for maximum public enjoyment. The next logical forward step would appear to be restoration of the indoor swimming pool at the Civic. There is a noticeable increase in public appreciation of the fine work being performed by the Recreation Department especially in the field of youth leadership.
9. Insurance coverage of public buildings was increased approximately 50% during the year which gives us more protection, commensurate with replacement costs, in the event of a fire.
10. Competitive bidding, in the spirit as well as the letter of the law, was continued at all levels of purchasing, where practicable, with the usual beneficial results.
11. I would be seriously remiss in my sense of appreciation as I conclude this brief summary, if I failed to publicly extend my thanks and gratitude to all employees and department heads of the Town for their unstinted cooperation extended to me during the year just closed.

Detailed departmental reports follow.

Respectfully submitted,

EDWARD C. MONAHAN,
General Manager.

REPORT OF THE PURCHASING AGENT

*Mr. Edward C. Monahan,
General Manager,*

Dear Sir:

The following is a brief summary of purchase orders, and invoices handled by the department during the year ending December 31, 1949:

Purchase Orders Issued	1636
Total Amount of Invoices	\$960,305.73
Total Cash Discounts	2506.57

In connection with each and every order numerous telephone calls, letters and other means of communication were used in order to ascertain proper competitive prices, delivery dates and other important information.

In all but emergency cases, the spirit of competitive bidding was used to the fullest extent in order that Town purchases could be made at the lowest possible prices, provided quality, service, delivery, etc., were comparable. Local vendors were always contacted first in order to give them the opportunity to do business with the Town.

During the past year there was an increase in the number of vendors bidding on most of the items being purchased by the Town. It is hoped that in the future this competitive bidding by so many vendors will benefit the Town to a much greater extent than it has before.

Respectfully yours,

JOHN J. McAULIFFE,

Clerk of Purchases.

REPORT OF PUBLIC WORKS DEPARTMENT

*Mr. Edward C. Monahan,
General Manager,
Norwood, Massachusetts*

Dear Sir:

I herewith submit my report as Superintendent of Public Works Department for the year 1949.

HIGHWAY DEPARTMENT

Maintenance

The usual work that comes under this heading such as street cleaning, patching and repairing of streets, the maintenance of fences, bridges and sidewalks was cared for throughout the year.

The following streets were treated with MC 3 Asphalt and covered with sand.

East Vernon Street—Central Street to Broadway	780 sq. yds.
Pond Avenue—Dean Street to St. Paul Avenue	2,745 sq. yds.
Sturtevant Avenue—Washington Street to End	2,600 sq. yds.
Heaton Avenue—Washington Street to End	2,831 sq. yds.
St. James Avenue—Washington Street to Pond Avenue	1,502 sq. yds.
St. George Avenue—Washington Street to Pond Avenue	1,387 sq. yds.
Folan Avenue—Washington Street to End	1,213 sq. yds.
St. John Avenue—Washington Street to End	1,387 sq. yds.
St. Joseph Avenue—Washington Street to End	1,546 sq. yds.
St. Paul Avenue—Washington Street to End	1,676 sq. yds.
Cut-off—St. Joseph to St. Paul Avenues	664 sq. yds.
Beacon Park Road—Both Lanes—Maple Street to Bullard Street	1,100 sq. yds.
Press Avenue—Washington Street to Winslow Avenue	2,086 sq. yds.
Sumner Street—Walpole Line to Union Street	4,189 sq. yds.
Union Street—Route #1 to Sumner Street	4,059 sq. yds.
Oolah Avenue—Washington Street to End	1,242 sq. yds.

Total Square Yardage 31,007

The following streets were treated with RC-5 Asphalt and covered with $\frac{3}{8}$ " Crushed Stone:

Railroad Avenue—Washington Street to beyond Prospect Street	8,667 sq. yds.
School Street—Railroad Avenue to Nahatan Street	1,200 sq. yds.
Fulton Street—Railroad Avenue to Howard Street	2,120 sq. yds.
Myrtle Street—Fulton Street to Prospect Street	2,831 sq. yds.
Casey Street—Fulton Street to Prospect Street	2,889 sq. yds.
Pine Street—Prospect Street to End	1,546 sq. yds.
Fulton Street—Railroad Avenue to Prospect Avenue	3,236 sq. yds.

Jr. High Driveway—Bond Street to Washington Street	747 sq. yds.
Bond Street—Washington Street to Walpole Street	2,958 sq. yds.
Beech Street—Winter Street to Bond Street	1,647 sq. yds.
Bond Street—Walpole Street to Nichols Street	3,553 sq. yds.
Chickering Road—Walpole Street to Walters Road	1,933 sq. yds.
Walters Road—Chickering Road to Rosemary Street	751 sq. yds.
Rosemary Street—Walpole Street to End	2,470 sq. yds.

Total Square Yardage	36,548
----------------------------	--------

Brook Street Fence

The old wooden fence running along the West side of Willett Pond on Brook Street from the Walpole Line to the entrance of the Willett Pond Beach was removed and eighty (80) cement posts were erected in its place and a wire mesh fence strung along the entire length and attached to the cement posts.

Morse Street Recapping

Morse Street was recapped with amesite from the Neponset River Bridge on Morse Street to the New York, New Haven and Hartford Railroad Bridge on Morse Street.

SEWER DEPARTMENT

During the year, the department cleaned and scraped sewer main trunk lines and laterals in different sections of the town.

Parts of the system were flushed periodically.

The department had twenty plugged sewer services which were caused by roots of trees.

Total number of new connections added this year	137
Total number of connections Main to Line	31
Total number of connections	2807
Total miles of sewer main in operation	44.39

Sewer Construction

The two sections of the trunk line at the North End of the Town were completed this year and a number of private homes were connected into these lines.

Parks and Playgrounds

All parks and playgrounds were cleaned, mowed, and shrubbery around the various parks and playgrounds was kept trimmed.

Two new chain link backstops were erected. One at the Eliot Park Playground and one at the Civic baseball diamond.

The Civic baseball diamond was moved back to its original position and the old diamond regraded.

All skating rinks were cleaned and put into shape for skating and the hockey rink was set up at Hartshorn Swale, off East Cross Street.

The Civic Tennis Courts were regraded and put in shape for use during the early spring.

The new swimming pool at Hawes Brook was opened July 3, 1949 with a large swimming meet sponsored by the State Swimming Association.

Forestry

All the trees along all streets as well as those on Town owned property were sprayed with D.D.T. mixture.

All the removal and trimming was let out to private contract, due to lack of experienced help in the department, to do this work.

The two (2) Horse Chestnut trees that were growing in front of the Norfolk County Trust Company were removed due to their dangerous and rotted condition.

Maintenance and Control of Traffic

All street signs, crosswalks, traffic lines, slow signs, stop signs, taxi and bus stop signs were painted.

A number of "20 miles an hour" signs were erected on different streets around Town.

Day Street—Washington Street to Central Street was made a one way street going East.

Cottage Street—Washington Street to Maple Street was made a one way street going West.

Cottage Street—Washington Street to Central street was made a temporary one way street going East during December 1949.

WATER DEPARTMENT

Due to the extreme drought starting in early May, 1949 it was necessary to put on an additional temporary station operator so that both stations could be operated to take care of the demand for water.

Buckmaster Pond reached the lowcst level it ever has been and early in September we had to start pumping water from Forrest Gravel Pit through hose lines into our filter beds in order to keep the station running. We also had to pump out of a well driven near the Forrest Pit to keep our supply up as high as possible. In order to bring the water over from the pit we made several pontoons and ran two 2½ inch fire hose lines dirctly across the pond from the pit to the filter beds and clear water well.

At the Ellis Station a check of all the wells was made by the Hughes Company. The wells were rated and some were repaired. Then in August a new gravel pack well was started off Ellis Avenue and was put into operation in November. It is rated to deliver 300 gallons pcr minute. At present we have a hired pump working at this well and expect a permancnt pump to arrive any day now for installation.

The sand filters at Buckmaster Pond were cleaned about every ten (10) days due to the low water level in Buckmaster Pond.

The Gunnite Company of New Jersey repaired the walls at our #2 filter Bed at the Buckmaster Pond Station at a cost of \$5500.00.

This year, 1949, saw a great deal of new houses being constructed by different developing concerns and our service crews were working all hours in order to install services into these new homes.

WATER STATISTICS**Monthly Consumption in Gallons**

Month	Total Gallons	Ellis	Buckmaster
January	45,420,000	35,380,000	10,040,000
February	42,174,000	31,334,000	10,840,000
March	49,067,000	37,802,000	11,265,000
April	48,773,000	38,493,000	10,280,000
May	49,647,000	38,917,000	10,730,000
June	55,327,000	38,497,000	16,830,000
July	53,633,000	31,557,000	22,076,000
August	54,368,000	25,593,000	28,775,000
September	50,282,000	28,577,000	21,705,000
October	54,157,000	29,027,000	25,130,000
November	50,727,000	33,422,000	17,305,000
December	47,940,000	37,495,000	10,445,000
Totals	601,515,000	406,094,000	195,421,000

Greatest Amount Pumped or Used

Day — June 30, 1949	2,149,000
Week — June 19-25, 1949	13,145,000

Miscellaneous Information

Gallons Supplied to Mains during the year	601,515,000
Gallons Passed through service meters during the year	487,167,000
Use through Factory Meters	47.07%
Use through Municipal Meters	1.65%
Use through House Meters	51.28%
Miles of mains at end of year	56.13
Total number of services at end of year	3421
Number of services in use at end of year	3421
Number of meters in use at end of year	3421
Meters replaced in 1949	310
Total area of land used for water supply purposes	141.9 (acres)

Gallons of Water Pumped in Previous Years

1940	426,512,000	1945	469,699,000
1941	398,110,000	1946	512,542,000
1942	411,815,000	1947	480,553,000
1943	430,120,000	1948	548,990,000
1944	468,481,000	1949	601,515,000

Water Construction

The following mains were installed on the following streets by different contractors:

	6" Mains	8" Mains
Stone Circle	460'	
Fales Avenue		473'
Earle Street	257'	

Gravel Packed Well Line at Ellis		1104'
Richland Road	1167'	
Glendale Road		573'
Lancaster Lane	727'	
Edgehill Road	1125'	
Savin Avenue	60'	
Nahatan Street		166'
Tamworth Road	947'	
	4743'	2316'
In Westwood		
Perry Road	784'	
	5527'	2316'

Rubbish Collection

Our Town is split up in several districts and is covered in three (3) weeks of each month. When the collection started, the first two (2) weeks were four day weeks and the third week was a three (3) day week. This past year the collections have been extremely heavy and it takes three (3) full weeks of each month to cover the Town properly. If the building of houses continues in 1950, at the rate of the past year 1949, our Rubbish Schedule will be on a complete monthly basis. We still have a great deal of trouble with people who persist in placing garbage in the rubbish barrels and covering it over with ashes and cans and also overloading of large oil drums with ashes.

Again the question of a town dump arises and if our collections increase, thought should be given about obtaining more land or the erection of an incinerator.

Snow Removal

During the year 1948-1949 the snowfall was extremely light. There was quite a bit of sanding and salting problems during the winter months on streets and sidewalks around the Town.

New Town Yard

The new town yard was finally started in December 1949 after land was purchased from the Winslow Brothers and Smith Company.

The first section of garages are being erected by the Zoppo-Palmer Construction Co., Boston-Providence Turnpike, Norwood, Massachusetts.

Miscellaneous

In June we installed a drain at the Shattuck School and later on in the fall we did considerable Amesite work in the following school yards:

Shattuck School — Amesite work in yard and walks.

Winslow School — Amesite work around school and under swings.

Callahan School — Amesite work rear of school.

Balch School — Amesite work rear of school.

Personnel

Again the problem of personnel of the department comes to the fore. In order for the Public Works Department to function properly more men should be added immediately.

At this writing and with a few men retiring in a few months the present department has barely enough man power to take care of the following maintenance service requested by the taxpayers, such as rubbish collection, catch basin cleaning, Sewer main and lateral cleaning, Sidewalk repairs, Patching of streets, oiling of streets, and many other functions requested during the year.

Respectfully submitted,

JOHN E. GAHAGAN,
Supt. of Public Works.

IN MEMORIAM

Joseph E. Conley, Talbot Block, Norwood, Massachusetts.

Born — April 7, 1874.

Died — May 18, 1949.

Joseph E. Conley came to Norwood in 1907 when the first sewer systems were being installed in the Town. He was made Superintendent of the Sewer Department in 1908 and in 1911 he was made Superintendent of Public Works. In 1930 the Forestry Department was added to his duties.

He retired from the department on January 1, 1943, due to ill health.

Michael Murray, 30 Plimpton Ave., Norwood, Massachusetts.

Born — October 19, 1869.

Died — January 26, 1949.

Michael Murray was a Public Works Department Foreman, ever since he went to work for the Town of Norwood in 1907-1908.

He worked on a great many sewer, water, drain and highway projects that helped to develop Norwood and make it the Town it is today.

Patrick O'Neil, 184 Vernon Street, Norwood, Massachusetts.

Born — February 7, 1877.

Died — April 30, 1949.

Patrick O'Neil started work for the Public Works Department in 1928 as a Utility Foreman and in March of 1940 he was made a foreman doing all kinds of work.

Charles Mills, 8 Parkway, Norwood, Massachusetts.

Born — June 29, 1878.

Died — June 26, 1949.

Charles Mills started work with the Norwood Public Works Department on January 2, 1931, and was employed as a foreman the entire time.

He retired from the department June 29, 1948, when he reached the age of seventy years.

The above men served the Town of Norwood for a great number of years faithfully and helped in a large way to make Norwood the grand place it is today.

We here record the expression of our sorrow in their departure.

JOHN E. GAHAGAN,
Supt. of Public Works

REPORT OF THE ENGINEERING DEPARTMENT

*Mr. Edward C. Monahan,
General Manager.*

Dear Sir:

I herewith submit my report as Town Engineer for the year 1949:

Each year the demands and requests for engineering services increase and with our limited help it is almost impossible to keep up with these requests. Due to the great increase in housing developments in the Town, our work has increased tremendously.

This year it has been necessary to have an inspector on each of the major construction jobs thus reducing our personnel to the point where we wondered many times how we could do the many details involved in the building up of survey plans, writing of specifications for the various contract jobs that we have done this year. In addition to these, we have taken care of the many and varied requests from almost every department in the Town.

We have completed another section of our assessors' plans during the year. This section being that area easterly of Neponset Street between the Boston Providence Turnpike and the Canton Town Line and also a section northerly of Ellis Avenue.

One of our major problems during the year was the limited amount of water in our Westwood Pond reservoir and in our Ellis Well Field. The year was exceptionally dry with very little rainfall. The following elevations will reflect the 1949 water situation at Buckmaster Pond:

Elevation of highest water recorded	187.68
Elevation of lowest water recorded previously (1926)	173.33
Elevation of lowest water recorded Nov. 15, 1949	171.99
Elevation of normal high water	185.00
Elevation of normal low water	179.00

The elevation of the water table at the Ellis Well Field was about two feet lower than any previous year.

We completed the installation of a deep 24 inch gravel packed well at the Ellis Station in December 1949 which has helped the water situation. If we can construct another deep well at Ellis Station and one at Buckmaster Pond, our critical water situation will be greatly improved.

Buckmaster Pond Water Supply

The following is a report submitted by the Engineering Department in connection with Buckmaster Pond:

"Ground water in the vicinity of Buckmaster Pond, Westwood comes from the same source or sources which probably extend and run down into the Willett Pond

area through underground stratas but the Buckmaster Pond level does not affect the Willett Pond level or take water from Willett Pond. These ponds not only depend upon ground water but also from surface water from the surrounding areas.

"Buckmaster Pond is also a storage basin or reservoir for surface water from the surrounding area and also from some of the brooks entering into it. This surface water is always a source of pollution and for years the State and Local Health Departments as well as the local doctors have been greatly concerned over it. The present built up area in the vicinity of the Pond has made it impossible to exercise any control over the prevention of pollution. The Town of Westwood has no sewer system and the whole valley up to the center of Westwood, with its cesspools, leaks down into this area making it a very dangerous condition.

"We need a deep well in that area to get at the water when the ground water level is below the pond and there is apparently plenty of water if we go deep enough for it. The Pond itself is full of mud and during the low water, the decaying pond growth and the dead fresh water clams left on the banks of the Pond make it very smelly and an uninviting place to draw water from. We are also confronted with the situation of being unable to pump from the pond due to the fact that the pumps will not lift the water to the pumping station.

"During low water, we draw up a considerable amount of mud which clogs up our sand filters so that we have to clean them every week or two; this alone runs into heavy maintenance costs. Chlorination helps the situation but the bad taste and odors still remain, which makes it very objectionable.

"The only solution for this area is one or two deep gravel packed wells which will give us a good supply of clean odorless water with a minimum amount of maintenance work to get it and control it. In connection with further development of Buckmaster Pond, I believe we should take steps to either acquire the so-called Forrest Pit area or to control it so that no one can build or develop the area for a housing development."

The following is a report submitted by the State Department of Public Health regarding Buckmaster Pond:

"In response to your request, the Department of Public Health has caused the water of a 2½ inch tubular well located about 10 feet south of an excavation in the bottom of Buckmaster Pond, near the pumping station in Westwood, to be analyzed.

"It is the understanding of the Department that the well in question was driven to a depth of about 40 feet below the bottom of the pond which, at the time of the examinations, had been drawn to expose the bottom of the site. Water could be pumped freely from the test well, and the results of the analyses show that the water was clear, practically colorless, very low in organic matter and iron, and free from manganese. The water contained an amount of carbon dioxide gas which indicates that it would be likely to be corrosive of metallic pipes.

"If a permanent well is to be located in this general vicinity, it should be outside the limits of the pond, and care should be taken to locate it at a point remote from any possible source of pollution.

"If you should decide to install an emergency well near the pumping station, the Department will consider approval of such a well as an emergency source of water

supply under the provisions of Section 40, Chapter 40 of the General Laws. The Department must advise you, however, that under the present law it will be unable to approve a permanent ground water supply within the Town of Westwood because of its understanding that the Town of Norwood is at present limited to the use of the waters of Buckmaster Pond in Westwood. Approval however, may be given by the Department of Public Health for the emergency use of sources of water supply under the provisions of said Section 40, Chapter 40 of the General Laws."

The following is a report as submitted by Fay, Spofford & Thorndike regarding Buckmaster Pond:

"In response to your letter we submit herein our recommendations regarding the advisability of installing a gravel packed well at the site of the test well which was driven recently on the westerly shore of Buckmaster Pond in Westwood.

"In a letter dated December 9, 1949 to the Board of Health, Norwood, Mass., the State Department of Public Health recommended that the Town of Norwood immediately proceed with the development of suitable additional ground water supply or that consideration be given to obtaining additional water from the works of the Metropolitan District Commission, the reason for their recommendation being that recent analyses of the water from Buckmaster Pond showed indications of a considerable amount of pollution. In another letter dated December 16, 1949, to Mr. Edward C. Monahan, General Manager, Norwood, the State Department of Public Health stated that the site of the test well on the westerly shore of Buckmaster Pond in Westwood is a proper one for the installation of a gravel packed well.

"In view of the extremely low level in Buckmaster Pond and of the attitude of the State Department of Public Health in regard to the suitability of the water, it is our opinion that it will be necessary for the Town to take prompt action towards providing a suitable additional supply of water. Since the Metropolitan District Commission has advised that a minimum of three years would be required before it could be in a position to supply water to the Town of Norwood, an immediate additional supply cannot be obtained from that source.

"We believe that even if it should eventually prove advisable for the Town to obtain water from the MDC System, the installation of additional ground water supply is necessary now as an interim solution to the present problem.

"Many explorations and tests have been made in Norwood and Westwood over the past fifty years in an effort to locate suitable ground water supplies for the Town of Norwood. The records of these investigations show that, with the exception of the Ellis Avenue well field, no promising sites were discovered except the site which was recently tested at Buckmaster Pond.

"We therefore recommend that the Town proceed at once with the installation of a gravel packed well at the site previously referred to herein, on the westerly shore of Buckmaster Pond.

"The existing rights of the Town of Norwood at Buckmaster Pond are limited to taking water from the Pond itself, and additional legislation will be necessary to permit the Town of Norwood to take water from the ground as a permanent source of supply. However, the General Laws would permit the State Department of Health to allow the Town to take water from the ground at Buckmaster Pond as an

emergency measure for a six months' period. We recommend that the Town take water from the ground at Buckmaster Pond as a permanent source of supply for the Town of Norwood.

"In order to protect the proposed well from possible future pollution, we recommend that the Town should acquire by purchase whatever land is necessary to give the Town full control over all the area within 100 feet of the well. We further recommend that the Town should take steps to insure that there will be no future building or other source of pollution within 400 feet of the well."

All of the above reports indicate that the Town should take steps to secure legislation to permit the Town of Norwood to establish a permanent source of water from gravel packed wells in the vicinity of Buckmaster Pond in Westwood. We should also take steps to secure or control the area around the proposed gravel packed well.

The following work was put out on advertised bids and done by various contractors. This work required construction plans, estimates of cost, specifications, contract documents, supervision, final quantities and miscellaneous engineering services.

Highways

Lenox Street Relocation

Construction of Lenox Street relocation between Nahatan Street and Guild Street including the moving of two houses to a new location on Plimpton Avenue, highway grading, 6 inch bituminous macadam surfacing on a 12 inch gravel base, granite curbing, granolithic sidewalks, grass plots and drainage.

Access Road at Norwood Airport

The work was done under the authority of the Norwood Airport Commission and was a Federal, State and Town aid project. The work consisted of a road running from Neponset Street near Cross Street to the Boston Providence Pike near its intersection with Neponset Street. It also included the roadway to the administration building and a parking area at the taxiway. The construction was an oiled gravel surfacing with the necessary drainage.

Pleasant Street

This work was a Chapter 90 Construction job in cooperation with the Massachusetts Department of Public Works between Dean Street and Lenox Avenue and included a 4" bituminous macadam surface on a 12 inch gravel base, drainage and the installation of 63 house connections from the sewer and water mains.

Drainage Construction

Richland Road — Lincoln Street — Lewis Avenue — Pleasant Street — Providence Pike — Plantingfield Brook between Neponset Street and Washington Street.

Sewer Construction

Walpole Street at Endicott Street — Pleasant Street at Morse Street.
Fales Avenue.

Completion of Northeast Trunk Line Sewer.

Construction of 100 sewer services to various houses.

Building Repairs and Waterproofing

Buckmaster Pond Filters repaired with reinforcing rods and Gunite.
 Balch School — outside walls repointed and waterproofed.
 Shattuck School — outside walls repointed and waterproofed.
 Memorial Library — outside walls repointed and waterproofed.
 Municipal Building Memorial Hall — outside walls repointed and waterproofed.
 Reroofing Junior High School.

Water Construction

Tamworth Road — Nahatan Street — Earle Street — Stone Circle — Edgehill Road — Glendale Road — Lancaster Lane — Savin Avenue Extension — Richland Road — Fales Avenue.

Including street main and service connections to houses. Installation of 24" gravel packed well at Ellis Station including main to pumping station and brick well house.

Bituminous Concrete Sidewalks:

Winslow Avenue	Philbrick Street
Howard Street	School Street
Hawthorne Street	First Street
Lincoln Street	Broadway
Maple Street	Weld Avenue
Second Street	Cedar Street
Rock Street	Gay Street
Andrew Street	

Granolithic Sidewalks:

Hill Street	Park Street
Brookfield Road	Winfield Street
Nahatan Street	

Curbing:

Nahatan Street	Walpole Street
----------------	----------------

Miscellaneous Contracts

1. Parking area adjacent to Municipal Building.
2. Reinforced concrete transformer vault at Cottage Street.
3. Hawes Brook Swimming Pool.

The following is a partial list of other miscellaneous work done throughout the year:

1. Board of Survey layouts for the following streets were checked and estimates furnished for street construction, drainage and water main extensions:

Woodland Road

Richland Road

Brierwood Lane

Hill Street Ext.

Eaton Road

Cranmore Road

Veterans Housing Road

Lasalle Road

Hickory Road

Lancaster Lane

Forbes Avenue

Codman Road

Prescott Road

Tamworth Road

Spruce Road

Roosevelt Avenue Ext.

Cameron Road

Madelyn Road

Belnap Road

2. Central Street — Surveys started for the establishment of exterior lines and widening between Nahatan Street and Railroad Avenue.
3. Plans for land transfer for Public Works Building including plan of Winslow Bros. & Smith Co. land on Central Street and Railroad Avenue.
4. Plans and estimates for traffic lights at Washington Street and Hoyle Street.
5. Plans for widening Pleasant Street at Neponset Street.
6. Locating and posting tree removal notices.
7. House locations, measurements and calculation on 1949 new buildings for the Assessors, 190 new buildings, or remodeled, 40 garages and 7 factory additions.
8. Plotting 1949 land transfers on assessors' maps.
9. Plans and descriptions for tax sales.
10. Plans and staking out new burial sections at cemetery.
11. Plotting 1948 burials on individual lot plans.
12. Making particular sewer and water estimates to new houses and renewals to old houses.
13. Pole locations on various streets for the Light Department.
14. Plans and descriptions for Zoning changes.
15. Neponset River problems including conferences with Bird & Son, Inc., and various State Departments.
16. Placing and report of master meter checking water usage complaints.
17. Making various reports to the different State Departments.

The demands for engineering services are still increasing and it will be necessary to increase the Engineering Department force to keep up with these demands.

Respectfully submitted,

ALBERT W. THOMPSON,
Town Engineer.

REPORT OF MUNICIPAL LIGHT DEPARTMENT

*Mr. Edward C. Monahan,
General Manager.*

Dear Sir:

I submit herewith a report of the activities and operations of the Municipal Light Department for the year ending December 31, 1949.

The Light Department, with the cooperation of the Engineering Department, have started the survey of the underground system in South Norwood as proposed by the Town Officials. We have installed and put into operation a new vault in the Common as part of our program for improving the upper Norwood business district underground system.

The Light Department personnel in 1949 installed the new street lighting system in South Norwood, also the area between South Norwood and Guild Street. This was part of the new lighting program as approved by the Town Officials. We anticipate completing the new street lighting program in upper Norwood by early summer of this year.

For the year of 1949, the distribution lines and the department as a whole did not suffer too severely from weather conditions, as our outages were held to a low minimum for a period of the year.

The department is in the process of installing five new fire alarm boxes that were ordered in 1949. The Chief, a Fire Alarm system Engineer, and myself are in the process of making a complete survey of the existing fire alarm circuits as to how they would work in coordination with an advanced system which is necessary due to the large building program that Norwood is experiencing. There is no doubt that this will consist of adding more boxes than we have normally added each year, and will no doubt improve the call system not only as to the limited amount of blasts but also to the exact location.

The Light Department purchased a new 30 foot Ladder Truck which has been put into service. The increase in height of ladder was due to the new mounting height recommended by lighting engineers.

In the early part of 1949 we continued the program to replace old poles which did not meet with the safety requirements but had to abandon this somewhat due to the great demand of new line extensions because of the increase of new homes being built.

We have installed the aerial cable as an express feeder to the Ellis Avenue area to cope with the rapid increase in power demand in that area. This cable will be put into operation the early part of February.

Meetings of the Municipal Light Association were attended during 1949.

The other activities of this department have been briefly and accurately written up by each division head and are submitted as part of this report.

Respectfully submitted,

JOSEPH W. PRICE, *Superintendent,
Municipal Light Department.*

REPORT OF THE LINE FOREMAN

Joseph W. Price, Superintendent,
Municipal Light Department.

I am pleased to submit a report of the activities of the Line Crew of the Light Department for the year ending December 31, 1949.

Our work was consistent with last year; setting poles, trimming trees, and replacing old arms. An increase in new secondary service work was noted, due to the many new homes under construction. New construction work this past year was very heavy. We experienced little line trouble caused by stormy weather.

Our broken street lights continue to remain quite a problem. When it is possible, we send a man out each day to replace them. A Troubleman in our department would certainly eliminate my having to break up my Line Crew to answer calls and having to send a man out to replace the broken street lights.

Trouble with our Fire Signal Wires, also Police and Water Signal was at a minimum.

I would appreciate having two or three more linemen in our department together with a small line truck. This would help us immensely to catch up on our work and also to keep up with the setting of new poles and running wire for the new construction that is now under progress over the Town.

At this time I wish to thank the Line Crew for their fine cooperation they have given me and also the rest of the Light Department personnel.

Respectfully submitted,

JOHN F. BLASENAK,
Line Foreman.

REPORT OF CHIEF OPERATOR

*Mr. Joseph W. Price, Supt.,
Municipal Light Department.*

I herewith submit my report for the year 1949:

Purchased Energy

Short Street Sub-Station	3,907,072 K.W.
Central Street Station	15,138,553 K.W.
Total	19,045,625 K.W.
Increase for the year 1949	572,683 K.W.
Average cost per KWH for the year 1949.....	\$.0135

Statistics

K.W. used for the year 1949 Station Power & Lighting	22,720 K.W.
K.W. used for the year 1949 Fire Alarm Building	2,360 K.W.

Street Lights were illuminated approximately 3,956 hours and 19 minutes, using 692,719 K.W.H.

Respectfully submitted,

JOHN M. CLAPP,
Chief Operator.

REPORT OF CEMETERY DEPARTMENT

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood, Massachusetts.*

Dear Sir:

Following is the annual report of the Cemetery Department for 1949:

The department took care of 198 burials during the year of which one was in the Old Cemetery. Foundations were built for 83 monuments.

Work was continued in Section 47, preparing it for burial purposes by removing large boulders and bringing it to grade.

Although a surprising area of grass had already shown signs of recovery last fall, the full amount of damage by the severe drought we had last summer probably will not be known until next spring.

All gravel walks in the Cemetery were edged and topped with crushed stone. It was possible to do a thorough job this year because there was not so much grass to mow, on account of the dry weather.

The question of expansion was taken up at the Town meeting in December thru an article proposing the use of part of the Public Garden. It was voted instead that a committee be appointed to study the problem of expansion. The report of this committee is to be made at the annual Town meeting in 1951.

Respectfully submitted,

LOUIS J. D'ESPINOSA,
Superintendent.

REPORT OF POLICE DEPARTMENT

Mr. Edward C. Monahan,
General Manager,
Norwood, Mass.

Dear Sir:

I hereby submit the report of the Police Department relative to the personnel, organization, arrests, disposition of cases and miscellaneous duties performed during the year ending December 31, 1949.

The members of the Norwood Police Department are always willing and anxious to become better informed in the advanced methods of police procedure.

It is my intention in the future if possible, to conduct classes that police officers may be more fully informed in police procedure and criminal law.

I wish to thank the Honorable Board of Selectmen, Mr. Edward C. Monahan, General Manager of the Town of Norwood and all departments of the town for their co-operation.

Respectfully submitted,

THOMAS C. LYDON,
Chief of Police,
Norwood, Mass.

REPORT OF THE BUILDING INSPECTOR

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood,
Norwood, Massachusetts.*

Dear Sir:

The following is the report of the Building Inspector for the year 1949:

	No. of Permits Issued	Estimated Cost
New Buildings		
Dwellings	176	\$2,055,345.00
Factories—Commercial	12	311,350.00
Garages—Commercial	3	25,520.00
Garages—Private	36	24,565.00
Minor Out Buildings	2	400.00
	229	\$2,417,180.00
Additions and Alterations		
Dwellings	67	\$57,830.00
Factories—Commercial	21	87,950.00
Repairs of fire damage	2	7,500.00
Buildings razed	2	
	92	153,280.00
Total	321	\$2,570,460.00

One hundred and seventy-six (176) permits were issued for dwellings; one permit was issued for fifty-one (51) units at the Veterans Housing Project making two hundred and twenty-six (226) buildings with accommodations for two hundred and fifty-two (252) family units.

Very truly yours,

HENRY J. CRONAN,
Building Inspector.

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1949 together with the statement showing comparison of tax rate recapitulations for the years 1948 and 1949.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On March 29, 1949, William J. Dalton was reappointed as an assessor by the Selectmen and approved by Henry F. Long, Commissioner of Corporations and Taxation, to serve for the term of three years, expiring April 1, 1952.

Tax Rate for the Year 1949

On May 4, 1949, the Board of Assessors voted that the tax rate for the year 1949 be determined at \$37.80 per each one thousand dollars of valuation, a decrease of \$0.20 from the 1948 tax rate of \$38.00.

Financial Report

The financial statement of the department will be found in the report of the Town Accountant.

Appellate Tax Board Cases

No appeals were pending before the Appellate Tax Board on January 1, 1949, and no new appeals were taken before the Board during the year.

Respectfully submitted,

EDWARD A. FLAHERTY,
WILLIAM J. DALTON,
RICHARD D. NORTHROP,
Board of Assessors.

TABLE OF AGGREGATES OF POLLS, PROPERTY, AND TAXES

*Includes gain of \$0.03 on account of fractional divisions of tax rate.

REPORT OF SEALER OF WEIGHTS AND MEASURES

*Mr. Edward C. Monahan,
General Manager,
Norwood, Massachusetts*

Dear Sir:

I herewith submit the annual report of the Department of Weights and Measures for the year 1949.

It is a pleasure for me to state that in carrying out the duties of Sealer for my first full past year, I do so believe that equity did prevail in sales of commodities or service involving the use of weighing or measuring devices in determining their values. During the course of mechanical and supervisional inspections, I found no justifiable perpetration of fraud.

One complaint was registered in regard to a quantity of coal purchased from an out of town dealer. Investigation proved the coal delivered was weighed on an approved and sealed scale and of a sworn weight. The buyer and seller were present at and when the delivered questionable coal quantity was determined by the Sealer and a State Inspector of Standards and was found to be equitable.

Two local merchants will be privileged to hearings in the near future with the State Commissioner of Standards, in regard to questionable practices resulting from inspections.

It is not the desire of the Sealer to obtain court cases or create publicity but if inspection findings warrant such, then I shall proceed according to required duties.

On May 31st last, the law relative to sealing duties was amended by Chapter 34, Acts of 1949; thereby reclassifying scales from fourteen types to four types, reclassifying weights from three types to one, also an adjustment of fees. This act however, does not reduce inspections but serves to increase the town revenue.

The number of units sealed during the year were 778, units not sealed were 12, units adjusted were 20, and units condemned were 7. Fees collected and paid to Treasurer was \$257.64. There has been a definite increase in the duties of this department.

According to latest available records from the Bureau of Standards, this Norwood unit report exceeds that of the following larger cities and towns which expend more money for this protection. Likewise, smaller towns than Norwood could also be listed to show larger expenditures in comparison, for less units sealed.

Attleboro	Units sealed 654	Total cost \$2138.60
Dedham	Units sealed 631	Total cost 850.00
Leominster	Units sealed 473	Total cost 1900.00
Methuen	Units sealed 564	Total cost 2700.00
Revere	Units sealed 506	Total cost 5550.00
Saugus	Units sealed 217	Total cost 800.00
Wakefield	Units sealed 271	Total cost 1125.00
Woburn	Units sealed 673	Total cost 1546.92
NORWOOD	Units sealed 778	Total cost 950.00

Respectfully submitted,

FREDERICK F. BROWN,
Sealer of Weights and Measures.

REPORT OF FIRE DEPARTMENT

The Honorable Board of Selectmen,

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1949.

Number of box alarms	378
Number of still alarms	54

Classified as follows:

Buildings	46
Automobiles	22
False	12
Woods, Dumps and others	352

Total	432
-------------	-----

Property involved:

Buildings	\$170,800.00
Contents	25,800.00
Estimated loss on buildings	29,225.00
Estimated loss on contents	15,500.00

Total	\$44,725.00
-------------	-------------

Insurance paid on buildings	\$22,678.20
Insurance paid on contents	15,139.50

Total	\$37,817.70
-------------	-------------

Insurance carried on buildings	\$181,800.00
Insurance carried on contents	120,900.00

Total	\$302,700.00
-------------	--------------

Number of gallons of water used	241,500
Number of feet of hose used	67,300
Ambulance calls attended	349

Inspection of business buildings, recreation and public gathering places, gasoline and oil storages, garages and gasoline stations were made in the usual manner.

I wish to thank the Honorable Board of Selectmen, the Press, and all departments of the Town for their cooperation.

Respectfully submitted,

ALONZO N. EARLE,
Chief of the Fire Department.

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen.

Gentlemen:

The Norwood Board of Public Welfare submits its annual report for the year ending December 31, 1949:

The present Board continued to serve for another year, having been re-appointed by the Selectmen on May 3, 1949. At a regular Welfare Board Meeting on May 17, 1949 Mr. Alonzo F. Swift, Jr. was elected Chairman for the ensuing year.

A summary of the General Relief and Aid to Dependent Children cases active as of the end of each month during the year 1949, with the total number of persons represented follows this report.

A small increase in the number of active Aid to Dependent Children cases was evident during the year.

The Federal Government continues to render cash grants to the Town of Norwood on the same basis as that in 1948 for regular Aid to Dependent Children payments. The Federal Government continues to render a cash grant on a percentage basis for Aid to Dependent Children administrative expenses.

The Commonwealth of Massachusetts shares in the expense of Aid to Dependent Children thus reducing the net cost to the Town in this category.

Employment conditions in Norwood were not as steady in 1949. However, the number of General Relief cases added because of unemployment conditions were comparatively few. The Unemployment Security Insurance carried most of those persons laid off during the year.

Unless there is a return to work during 1950 it is expected that there will be a considerable number who will apply for Public Assistance due to the Unemployment Insurance expiring.

Boarding rates and other services in Hospitals increased during 1949 and this accounted for, in part, to the increased general medical cost in the department.

The Commonwealth of Massachusetts has increased the cost of care at practically all of their institutions and this has been reflected in the General Relief Budget.

There is great need for some low-cost housing in Norwood. Due to this shortage it has been necessary for the Department in several cases to place members of a family group to board in different homes and to store their furniture, pending the procurement of proper housing.

This procedure was necessary because of evictions, and on one account of the property being sold, and the new owner desiring occupancy.

A small amount of Surplus Commodities from the Federal Government were distributed during the year 1949.

The Town Clerk and Accountant's report found elsewhere in the Town Report gives in detail the expenditures and receipts for the Welfare Department.

The Welfare Board expresses their appreciation to all persons, organizations and Town Departments for their co-operation during the year.

Respectfully submitted,

ALONZO F. SWIFT, JR., *Chairman*,
JOHN J. McGARRY,
MARTIN J. FOLEY,

Norwood Board of Public Welfare.

1949 PUBLIC WELFARE CASE LOAD

December	22	13	26	26	4	0	91	194

REPORT OF BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen.

Gentlemen:

The Norwood Bureau of Old Age Assistance herewith submits the annual report for the year ending December 31, 1949:

Listed below is a summary giving the number of Old Age Assistance cases active at the end of each month. Each case represents a person:

January	140	July	140
February	140	August	142
March	141	September	152
April	141	October	154
May	143	November	158
June	140	December	158

During 1949 there were several changes in the Old Age Assistance law made by the State Legislature. In general these changes liberalized the provisions of the law and increased the monthly payments.

A person may now have a Life Insurance policy with a cash surrender value of \$1,000 without executing an assignment.

A person may now have bank deposits not exceeding \$500.00 (formerly the amount was \$300.00).

An amount of \$4.00 per month is given to all Old Age Assistance recipients which is known as Leisure Time Activities Allowance.

The Federal Government continues to render monthly Cash Grants to the Town, on a percentage basis, for expenditures made in behalf of Old Age Assistance recipients.

The Federal Government also pays a Cash Grant to the Town to be used for the administrative costs of the Old Age Assistance Category.

The Town is reimbursed by the Commonwealth of Massachusetts in a proportionate amount for the cost of the regular Old Age Assistance payments made to recipients.

The Town Clerk and Accountant's report gives a detailed list of Expenditures in the Old Age Assistance Category and shows also the amount of receipts from all sources.

Respectfully submitted,

ALONZO F. SWIFT, JR., *Chairman,*

JOHN J. McGARRY,

MARTIN J. FOLEY,

Norwood Bureau of Old Age Assistance.

REPORT OF BOARD OF HEALTH

*Mr. Edward C. Monahan,
General Manager,
Town of Norwood,
Norwood, Massachusetts.*

Dear Sir:

The Board of Health submits the following report for the year 1949:

At a meeting of the Board of Health held on Feb. 10, 1949 Dr. Charles L. Lynch was elected Chairman of the Board for the year. Mr. James F. Foley and Mr. John P. Dixon continued to serve as members of the Board of Health. Regular Board Meetings were held throughout the year to take care of various matters coming to the attention of the Board, the Health Office or the Agent, Mr. Bartley J. King.

The following is the report of Miss Frances McDonough, nurse at St. Catherine's Parochial School, Norwood, Massachusetts.

It is a privilege to present my third annual report explaining my program at St. Catherine's School.

SCHOOL PHYSICIAN

Dr. Thomas O'Toole visited the school on two days each week and examined the children recommended for examination, plus routine work. This year he examined six hundred and twenty-six children and the following defects were noted:

Throats	136
Feet	12
Heart	14
Lungs	0
Speech	12

Eight children in our school have had their tonsils out since school started in the Fall, and many others have appointments to have them removed during the summer vacation.

Diphtheria Control

Schick Tested	115
Positive Reactors	7
Toxoid Injections given	92

Tuberculosis Control

Dr. Thomas O'Toole gave the Tuberculin Patch Test to all second and ninth grade children who had their parents' permission. We had two positive reactions which were X-rayed, along with three contact cases, by the Norfolk County Tuberculosis Association. No tuberculosis was found among them.

Communicable Diseases

The following rules regarding the exclusion of children with communicable diseases are still in effect. Children will be excluded from school for the following reasons:

- Temperature under 97 degrees or 99 degrees or over.
- Skin eruptions—contagious.
- Evidence of sore throat.
- Vomiting.

Returning to school without a certificate from the doctor after having a communicable disease.

The following is a list of reported cases of contagious diseases this year:

Scarlet Fever	0
Pertusis	0
Measles	78
Mumps	22
Chicken Pox	14
Rheumatic Fever	5
Infantile Paralysis	0

We wish to thank the parents for their fine co-operation in the matter of communicable disease control.

Audiometer Tests

The children from the third to the ninth grades, inclusive, had their hearing tested with the audiometer this year.

Number tested	492
Number retested	56
Failed in retest	12
Notices sent	12
Recommended for lip reading	2
Attending classes for lip reading	0

Children in the first to the third grades, upon recommendation, had their hearing tested with the Pure Tone machine.

Number tested	162
Failed	5

Eye Clinic

Dr. Reimer and Miss O'Sullivan, public school nurse, conduct the Eye Clinic each week at the Norwood Junior High School. Usually we are allowed five appointments each week.

All of the children at St. Catherine's School received the Massachusetts Vision Test this year. This test is divided into three parts. Part I is the test for acuity, Part II is the test for farsightedness, and Part III is the test for control. Two partial failures in any one part of the test means failure of the test, and these children are recommended for examination by an eye doctor.

Number given Massachusetts Vision Test	776
Number of children failing	60
Number needing new glasses	15
Number who did not need glasses	45
Number of children who needed glasses changed	16
Number of children to report next year	17
Number of children wearing glasses	101
Number of children examined by private doctors	15

Dental Clinic

The Dental Clinic is held each week at the Norwood Junior High School. In September, Dr. Timothy J. Curtin, assisted by Mrs. Curran, examined the teeth of all of the children in the school. Clinic permission slips were sent to parents of all children needing care. We sent twenty children each week and all dental work on the children was finished for the year.

Weighing and Measuring

September	763
Number losing	6
May	758
Number losing	12

Pupils recommended by the class room teacher as needing corrective speech work are taken by Mrs. Rose Nicholson in individual or group instruction classes depending upon the amount of correction necessary.

Mrs. Nicholson is a graduate of the Rooney School of Expression and has taken advanced courses under Dr. Pronovost of Boston University. She devotes five hours a week to group work and five hours a week to individual work.

Special cases receiving assistance now are:

Articulatory disorders	15
Voice disorders	1
Delayed speech	1
Cleft palate	1
Hard of hearing	3
Stuttering	1

At the Diocesan Teachers Institute, held in Mechanics Hall in August, 1949, Monsignor Minihan was given special commendation for the speech work done at St. Catherine's School by Mrs. Nicholson.

I am very grateful to all who gave me such kind assistance in my work during this school year.

The following is the report of Dr. Timothy J. Curtin, School Dentist.

Public School

Number of children completed	447
Number of children not completed	11

Number of temporary fillings	865
* Number of temporary extractions	191
Number of permanent fillings	482
Number of permanent extractions	13
Number of cleanings	401
Number of children examined	2131
Number of children O.K. at examination	1010

Parochial School

Number of children completed	194
Number of children not completed ..	7
Number of temporary fillings	339
Number of temporary extractions	81
Number of permanent fillings	234
Number of permanent extractions	5
Number of cleanings	159
Number of children examined	747
Number of children O.K. at examination	350

Mr. Harry A. Shannon, Plumbing Inspector for the Town of Norwood reports that 335 permits were issued during the year.

The following is the report of Mrs. Marie Waldron, Public Health Nurse.

Norwood Chest Clinic

Number of Clinic days	46
Number of patients attending	25
Number of patients given cold serum each week	2
Number of patients given T.B. skin test	6
Number of positive reactors	0
Number X-rayed at Norfolk County Hospital	8
Number admitted to Norfolk County Hospital	4
Number of patients in Norfolk County Hospital	7

The Tuberculosis Clinic is held on every Thursday at five o'clock P.M. at Room 9, Municipal Building, Norwood, Mass., under the direction of Dr. Walter A. Griffin. This is a diagnostic clinic, no medication is given and no charges made.

During the year the public health nurses averaged about 425 calls a month. The nurses are kept busy caring for chronic invalids along with acute cases. They give bed baths, dressings, hypodermics, prenatal and postnatal care, enemas, etc. They help instruct diabetics in their diets and how to take insulin. They also instruct mothers how to take care of contagious diseases. All the nurses work is done under physician's orders. The nurses have also transported patients to hospital clinics when they were unable to obtain other transportation.

The following cases were reported to the Board of Health during 1949:

Mumps	9
Measles	14

Lobar Pneumonia	6
Other Pneumonia	6
Anterior Poliomyelitis	15

6 paralytic — 9 non-paralytic

Typhoid Fever	1
Pulmonary Tuberculosis	3
Infectious Hepatitis	2
Chicken Pox	3

The following is the report of the Milk Inspector, Leonard E. Curran:

Licenses for the sale of milk and permits for the sale of oleomargarine were issued according to law.

Licenses for the pasteurization of milk were granted to each of the four pasteurization plants in Norwood.

Two licenses for the manufacture of ice cream were issued.

One hundred and one samples of milk were procured and tested for butterfat, total solids and bacterial content. In nearly all cases the milk was found to be far better than the law requires.

Twenty-four samples of cream were tested for butterfat and bacterial content.

I wish to recommend again that adequate and up-to-date milk regulations be drawn up and adopted by the Norwood Board of Health.

The following is the report of Bartley J. King, Health Agent for the Town of Norwood.

The Board of Health conducted routine sanitary inspections of restaurants, food markets and variety stores in Norwood during the past year. The Food and Drug Division of the Massachusetts Department of Public Health also made inspections throughout the Town and reported violations to the Norwood Board of Health.

Examinations were made of all Convalescent Homes and Homes for the Aged licensed by this Department.

All of the local Funeral Establishments were visited before the annual permits were issued.

The water shortage of the past year was watched with great concern by the Norwood Board of Health due to the low elevation to which the Buckmaster Pond Reservoir was drawn and also because of the serious danger of pollution to the local water supply.

Quoted below is a communication from Dr. Vlado A. Getting, Commissioner of the Massachusetts Department of Public Health, relative to the quality of water from Buckmaster Pond in Westwood after a recent examination.

"In response to a request of Nora P. Hayes, Clerk of your Board, confirming the verbal request of Bartley J. King, Agent of your Board, the Department of Public

Health has caused examinations to be made relative to the quality of the water supplied in Norwood from Buckmaster Pond, located in the town of Westwood.

"During the examination, samples of water were collected from Buckmaster Pond, from the surface of Filter #2 at Buckmaster Pond; from the hose line through which water was being pumped from the gravel pit at Buckmaster Pond; from the Clear Well at the Buckmaster Pond pumping station before chlorination; from a tap in the Buckmaster Pond pumping station representing the mixed water treated with sodium hypochlorite; from a tap at the Ellis Avenue pumping station; and from a tap in the town where complaints formerly had been received relative to odors. The engineer making the examination was informed by the Agent of the Board of Health that the previous complaints relative to musty odor in the water had ceased.

"The results of the analyses of samples of water collected from Buckmaster Pond and from the surface of Filter #2, show that the water had a very slight vegetable odor. No odor was detected in the sample from the Ellis Avenue pumping station or from a tap on the distribution system where complaints had formerly been received.

"The results of the bacterial examination of samples of water from the Ellis Avenue pumping station and of water after chlorination as supplied to the distribution system from the Buckmaster Pond pumping station showed that the water was free from bacteria characteristic of pollution and safe for drinking at the time the samples were collected.

"In general, the samples from Buckmaster Pond showed a considerable number of bacteria characteristic of pollution, and a relatively large amount of organic matter, chlorides and iron, possibly indicating the unfavorable effect of the increased population on the watershed.

"In view of the rather unfavorable analytical results of the water of Buckmaster Pond and the unusually low elevation to which the pond has been drawn, it is the opinion of this Department that the Town of Norwood should immediately proceed with the development of suitable additional ground water supply or that consideration be given to obtaining additional water from the works of the Metropolitan District Commission.

"Should you care to discuss this matter further or obtain additional information relative thereto, you should consult with the Division of Sanitary Engineering of the Department of Public Health, Room 511A, State House, Boston."

The foregoing statement bears out in part the warning issued by the Norwood Board of Health last year, relative to the danger of pollution to the Norwood Water supply, due to the increased inhabitation in the vicinity of Buckmaster Pond.

If the Town of Norwood is to continue the use of Buckmaster Pond as a source of water supply every effort should be made to enforce the existing regulations to protect the Pond from the ever increasing danger of pollution.

JAMES F. FOLEY,
CHARLES L. LYNCH, M.D.,
JOHN P. DIXON,

Board of Health, Town of Norwood.

ANNUAL REPORT OF THE TOWN PHYSICIAN

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Town Physician for the year 1949. Services rendered included the treatment of the following three groups:

General Relief
Aid to Dependent Children
Old Age Assistance

The services performed included medical, surgical, obstetrical and pediatric cases. In addition to the daily routine of house visits and office visits, patients were treated at the Norwood Hospital or a private nursing home according to the nature of their illness. Every consideration has been given to these cases for admission to the Norwood Hospital at a time when there existed an acute shortage of beds. All services provided by the hospital, such as X-ray and Laboratory facilities, have been utilized in the treatment of these patients when necessary.

In view of my pending resignation, I wish to take this opportunity to thank everyone with whom I have come in contact in the discharge of my duties as Town Physician. They have cooperated and assisted me in making available more adequate and efficient treatment for those coming under my care.

Respectfully submitted,

JOHN J. O'DAY, M.D.

REPORT OF THE ANIMAL INSPECTOR

*Mr. Edward C. Monahan,
General Manager.*

Dear Sir:

I herewith submit my report for the year 1949.

Nineteen dogs were quarantined for biting. None showed symptoms of rabies. Three truck loads of cows were shipped in from out of state. All shipments were inspected and were according to law.

An inspection of all animals and the condition under which they were kept was made for the Division of Livestock Disease Control. All premises and conditions as to cleanliness and ventilation were good.

Respectfully submitted,

THOMAS U. MAHONEY,
Inspector of Animals.

REPORT OF RECREATION DEPARTMENT

*Mr. Edward C. Monahan,
General Manager,
Norwood, Massachusetts.*

Dear Sir:

Herewith is submitted the report of the Norwood Recreation Department for 1949.

I was appointed to the position of Superintendent of Recreation and assumed my duties on May 2, 1949, succeeding Joseph B. Fenton who had served as Temporary Superintendent following the resignation of Leon P. Smelstor, February 12, 1949.

For purposes of clarity, my report for 1949 is divided into Winter and Summer Programs. Summer Program covers the period from June 1, 1949 through October 1, 1949. Winter Program covers the balance of the year.

Winter Program

Rifle Club. The Norwood Recreation Junior Rifle Club met weekly at the range on the top floor of the Municipal Building under the supervision of George J. Oelschlagel Jr., its instructor, through May 1, 1949. Activities of the club were resumed during November 1949 with 25 boys between 14 and 18 joining. Reaffiliation with the National Rifle Association was made, and thereby the Club is eligible for equipment and ammunition from the Department of the Army at no cost. Postal shooting matches will be held periodically during the 1949-1950 season. The members of the club receive expert instruction in the care and use of firearms, and at the same time derive much enjoyment from the competition and practice.

Symphony Orchestra. The Norwood-Norfolk County Orchestra concluded its 1948-1949 season with a concert early in May 1949 at the Norwood Junior High School for the benefit of the Norwood Hospital Ladies Aid Society. During the winter, regular weekly rehearsals were held at Memorial Hall. The Orchestra opened its 1949-1950 season in early October 1949, and as a result of a publicity campaign for new members, the Orchestra now has 45 members. Predominantly the Orchestra is made up of Norwoodites, with a small representation from surrounding towns. It is felt worthwhile to accommodate out-of-towners in this project in order to round out the Orchestra, thereby making it a more satisfying activity for all members. A concert is to be held in January sponsored jointly by the Recreation Department and the Norwood Teachers' Club for the benefit of the latter's scholarship fund. Two other concerts will be held during 1950, each for a suitable cause. Professor Jean V. Dethier has continued to give unselfishly of his time to the Orchestra, and his efforts are greatly appreciated by all members.

Modern Dancing. Mrs. June Beasley Keating conducted Modern Dance classes at the Civic on four afternoons a week for girls, with recitals given before an appre-

SUMMER PLAYGROUND STAFF

Front Row: Richard E. Ready, Anne Coughlin, Joan Duane, Angela Kneizys, Theresa McNulty, Irene Perniola, Jean Nugent.
Second Row: Thomas Curran, Robert Chandler, Charles Parker, Martin Curran, Anthony DeRoma, Roy Mecars.
Back Row: Charles Ennis, Claire Burns, Nancy Chandler, Barbara Dowd, Barbara Jefferson, John Stapleton.

ciative audience at the Junior High School in February and May 1949. Curtailment of funds forced a postponement of resumption of classes until after January 1, 1950.

Boxing. Boxing classes were held for boys under high school age at the Civic one afternoon a week under Mr. Robert O'Donnell, for approximately a two month period during early 1949. Inadequate facilities seriously handicapped the boxing program, but the boys participating gained in knowledge of boxing and at the same time improved their physical condition.

Elementary Basketball for Boys. The smaller boys of Norwood had the opportunity to play basketball afternoons and Saturday mornings through early April in Swimming Pool Hall. This activity was resumed in late November 1949. Many boys who do not otherwise have the opportunity to take part in indoor physical exercise have such an opportunity in this program. Facilities at Swimming Pool Hall are very limited for this activity, but maximum use is made of those available.

Senior Recreation Basketball League. The 1948-49 season of this league concluded during the first week of March 1949 with eight teams competing throughout the season. The 1949-1950 season began the first week of December 1949 and will continue through February 1950. Twelve teams are playing this year, and much interest has been shown by the over high school age men participating. Games are conducted on three nights of the week at the Senior High School.

Juvenile Dramatics. In the original program plans for 1949 was provision for addition of this activity for young girls on various afternoons of the week. Shortage of funds in the Department, and lack of a suitable leader for this activity has delayed its undertaking.

Friday Evening Dances. Dances have been conducted for young people on Friday evenings throughout the year, as often as the Junior High School Auditorium has been available. Attendance at the dances has been very good, with as many as 250 attending at one time.

Summer Program

General Comment. Attendance figures for all playgrounds show a general increase over the preceding year of over 6,000. Leaders reported many children attending who previously had not shown interest. All playgrounds showed an increase in attendance except Winslow which showed a slight decline. In general, morning attendance exceeded afternoon attendance, but many children went to the swimming areas in the afternoon, so were still under supervision. During the extremely warm weather, some decline in attendance was noted. A breakdown of the attendance figures according to sex shows that at the Endean playground where only a female leader is assigned, nearly three times as many boys as girls attended. At Wilson Street playground where also only a female leader is assigned, only forty less boys attended through the year than girls. A growing need exists for play facilities in the new area off Washington Street between Everett Street and Prospect Street. The same need exists in the new area on the southerly side of Route 1 off Dean Street.

Leadership Institute. With the cooperation of Community Recreation Service of Boston, a Red Feather agency, a training institute for all summer playground personnel was held one week prior to the opening of the playgrounds for the 1949 season. Personnel from surrounding towns were invited, but none responded.

In addition to this training institute, a thorough review course in First Aid was held for the summer playground personnel by Mr. Joseph McAuliffe of the Norwood Fire Department.

Miss Shumaker of the Norwood Memorial Library met with the female leaders for purposes of giving instruction in story telling, and to arrange for book borrowing by the individual playgrounds.

Band Concerts. A total of eight band concerts were held during the months of July and August 1949, four being given by the Norwood Post No. 70, American Legion Band, and four by the Norwood Musicians' Union. These concerts were played on the Municipal lawn and proved very popular again this year.

Baseball Trips. On Thursday, July 21, 1949, 286 boys and girls from the playgrounds journeyed to Braves Field in the company of their playground leaders to watch the Braves play the St. Louis Cardinals. On Friday, August 12, 1949, 154 boys and girls returned to Boston, this time to watch the Red Sox play the Washington Senators. For days after each trip, the children could be observed attempting to copy the styles of the different players they saw in action at the big league parks.

Beach Trips. Each playground had at least one outing to Nantasket Beach accompanied by their leaders. These outings began early in the morning from the respective playgrounds, and after a long day of sun, fun, and swimming at the beach the children returned in early evening.

Playground Baseball. Beginning the first week of the playground season, and extending through the last week of the season, an eight team league was operated in both the midget and intermediate classes. Teams played in the league at least twice a week, and in addition the various playgrounds had the opportunity to meet out-of-town competition from such towns as Sharon, Canton, and Westwood. The Junior boys played non-league games during the daytime with other teams from Norwood, and also competed with out-of-town teams from the towns mentioned. There were not enough Junior teams to form a day time league. One hundred fifty games were played during the daytime by the various playground teams.

Playground Softball. A softball league was conducted for the girls on the playground both in the intermediate and midget classes. A total of 60 games were played in the leagues, and in addition the girls played teams from Westwood, Sharon, and Canton.

Playground Volleyball. A single playground volleyball league operated successfully during the playground season. The teams representing the playgrounds in this league were made up of girls from the midget and intermediate classes.

Mothers' Night. On Monday, August 22, 1949, a minstrel show was staged at the Civic by the playground girls for their mothers. Talent was recruited from each playground, and the final production by the girls was well received by the audience of over 200.

Fathers' Night. Again this year, the playground boys staged a track meet as the highlight of Fathers' Night. In addition, there were certain baseball events

added to the competition. Father McAleer's playground took over possession of the trophy presented by Welch's Newsstand for the winning playground.

Leaders' Competition. The male leaders met the leading team in the Junior Twilight League at the Civic before a large audience of playground children near the end of the playground season. Shortly thereafter, the female leaders met an all-star softball team made up of representatives of the various playgrounds at Fr. McAleer's field. In both contests, the leaders emerged victorious, although they were hard pressed for their victories.

Tennis. The courts at the Civic were ready for use by May 15, 1949, and from then until late October they were well used. The excessive heat of the summer held down daytime attendance, but over the entire season, attendance was above that of the previous year, due in large part to the fact that the courts were ready for play earlier, and because of the fine weather that prevailed throughout the fall months. The annual tournaments were conducted this year, although entries were not as numerous as in previous years. Lack of prizes as an incentive may have accounted for the decline.

Senior Twilight Baseball League. Beginning with an All-Star game on Memorial Day and extending through mid-September, the Senior Twilight League for boys beyond high school age enjoyed one of its most successful seasons. The exceptionally dry weather made it possible for three rounds to be played by the eight teams in the league. Including the playoffs, which were won by the Cobras, 100 games were played in this league.

Junior Twilight League. Seven teams, made up of boys between 14 and 18 years of age, competed in this baseball league. Beginning in mid-June, they were able to play two complete rounds, concluding with playoffs which were won by Fr. McAleer's. In all, 50 games were played in this league.

Senior Twilight Softball League. Following a tremendous show of interest, the Recreation Department undertook in June, the formation of a softball league for men, with games played on four nights of the week at Endean and Wilson Street fields. Eight teams played in this league, and a total of 100 games were played throughout the season. Representatives from Norwood participated in the Metropolitan Boston Tournament held this year in Everett, with teams in both Class "A" and Class "B". Both teams made a creditable showing in the tournament.

Summer Playground Leaders. The following is a list of the summer playground leaders and their assignments:

Supervisor of Girls' Activities—Anne Coughlin
Supervisor of Tennis—Martin B. Curran
Callahan Leaders—Theresa McNulty, Anthony DeRoma
Shattuck Leaders—Joan Dwane, Thomas Curran
Father McAleer's Leaders—Nancy Chandler, Charles Parker
High School Leaders—Angela Kneizys, Charles Ennis
Elliot Park Leaders—Claire Burns, John Stapleton (2 weeks), Timothy McDonough (6 weeks)
Civic Leaders—Irene Perniola, Robert Chandler
Winslow Leaders—Barbara Jefferson, Roy Meeers
Endean Leader—Barbara Dowd
Wilson Street Leader—Jean Nugent

Swimming Program. For purposes of clarity, this subject is treated under two headings as follows:

1. **Willett Pond**—Because of the early onset of warm weather, life guards were assigned to Willett Pond on June 11, 1949, some three weeks before the scheduled opening of the season. Attendance ran to an all time high during the early weeks of the season. The season began with four life guards assigned to Willett Pond, but it later became necessary to transfer two to Hawes Brook Pool, and from that time on, the concessionnaire furnished the salary for one life guard. No serious accidents were encountered this year except for the usual number of cuts from broken glass. As the season progressed, and especially following the opening of Hawes Brook Pool on July 2, 1949, weekday attendance declined, but weekend attendance continued at an all time high. Observations of myself and the life guards place the figure at between 75 and 80 percent out-of-towners using the pond at all times.

2. **Hawes Brook Pool**—The new pool opened on July 2, 1949, with a swimming meet sponsored jointly by the Recreation Department, the Amateur Athletic Union, and the Boston Record-American, and attended by many hundreds of persons. Attendance which ran extremely high during the first four weeks of the season, took a remarkable drop during the last four weeks. This would seem to have been due in part to the early problem of keeping the pool clean in appearance, and largely due to the poliomyelitis epidemic which caused many persons to avoid swimming areas entirely. Many of the problems of sanitation and control of swimmers can be more easily met with the installation of a walk around the pool, and with the erection of adequate shower and toilet facilities. Because of the large numbers of persons using the pool, the Director of the Water Safety Division of the American Red Cross recommended that no classes in swimming instruction be undertaken this year. Night swimming was tried, but proved to be successful only during prolonged periods of extreme heat.

Lifeguards. The following is a list of the lifeguards and their assignments:

Head Lifeguard—Hawes Pool: Elizabeth Corcoran

Head Lifeguard—Willett Pond: Charles McDonough

Lifeguards: Hawes Pool—William V. Ahearn, Jr., William Slaney, Albert Hohmann

Lifeguards: Willett Pond—Stephen Learnard, Carl A. Klinzman (part time)

In conclusion, I wish to express my sincere thanks to Mr. Edward C. Monahan, General Manager, for his untiring efforts in behalf of the cause of Recreation in Norwood. His leaving Norwood represents the loss of one of the most Recreation minded municipal administrators in the country. I wish also to thank the members of the Recreation Advisory Committee who have helped immeasurably in making a success of the Norwood Recreation Department.

Respectfully submitted,

RICHARD E. READY,

Superintendent of Recreation.

REPORT OF NORWOOD HOUSING AUTHORITY

*Board of Selectmen,
Norwood, Massachusetts.*

Gentlemen:

The following is the Report of the Norwood Housing Authority:

The term of membership of the Norwood Housing Authority as appointed by the Board of Selectmen expired on January 17, 1949. At the annual town election in 1949 the following were elected members of the Housing Authority: Daniel Collins, Frank B. Coughlin, Lawrence J. O'Brien and John Bamber. The fifth member, Arthur H. Gleichauf, is appointed by the State Housing Board for the term of three years.

The following are the elected officers of the Authority: Frank B. Coughlin, Chairman, Daniel Collins, Vice Chairman, Arthur H. Gleichauf, Treasurer, John Bamber, Asst. Treasurer, and Lawrence J. O'Brien, Temporary Secretary.

With the completion of plans and the approval of the State Housing Board, a contract for the construction of 75 dwelling units was awarded to the A. W. Smiley Construction Co. of Pawtucket, R. I., on November 25, 1949. The work Proceed Order by the Authority was dated December 9, 1949 and it is expected that in 240 days from this date the buildings will be completed. The project is located northeasterly of Roosevelt Avenue in the vicinity of the Callahan School.

The Authority expresses its thanks to the Board of Selectmen for their appreciated cooperation during the year.

The Authority gratefully acknowledges the service rendered by our consultant C. Roger Pearson and Harry J. Korslund our architect.

Respectfully submitted,

FRANK B. COUGHLIN,
DANIEL COLLINS,
ARTHUR H. GLEICHAUF,
JOHN E. BAMBER,
LAWRENCE J. O'BRIEN,
Norwood Housing Authority.

REPORT OF VETERANS' HOUSING BOARD

To the Citizens of Norwood:

The Norwood Veterans' Housing Board is a permanent Board which was elected by the Town Meeting to operate a temporary housing project for veterans, using federal funds.

The project is located off Winter Street and has been in operation since August 1946. There are forty units in the development, and the veterans and their families find them to be comfortable temporary homes.

The Board is responsible to the federal government for the financial operation of the project, and the Board submits the following statement of cash receipts and disbursements for the year ending June 30, 1949.

NORWOOD VETERANS' HOUSING BOARD

Statement of Cash Receipts and Disbursements For the Year Ended June 30, 1949

Cash Receipts:

Rent income	\$14,129.00	
Security deposit, contra	10.00	
Total cash received		\$14,139.00

Cash Disbursements:

Repair, maintenance, and replacement:

Grounds	\$ 159.35	
Structures	584.85	
Plumbing and gas	45.03	
Electrical	5.00	
Heat	500.00	
Ranges	12.00	
Total	\$ 1,306.23	
Management	1,153.84	
Operating services	360.00	
Dwelling utilities, water	480.00	
Insurance	23.75	
Rent of land	600.00	

Furniture allowances, heaters	204.30	
Taxes	2,300.53	
Security deposit refund, contra	10.00	
Rent refund	15.50	
Payment to United States Government for year ended June 30, 1948	6,153.74	\$12,607.89
Net increase in cash, July 1, 1948-June 30, 1949		\$ 1,531.11
Cash balance, July 1, 1948		8,862.95
Cash balance, June 30, 1949		\$10,394.06

Disposition of Cash Balance

Due to United States Government	\$ 5,318.08
Reserve for repairs and maintenance	4,714.98
Security deposits	400.00
Cash on hand, June 30, 1949	15.00
Rent receivable	(54.00)
Cash balance, June 30, 1949	\$10,394.06

During the year 1949, there were seven vacancies which were filled from a list of applicants still desiring temporary housing.

Using town and federal funds, macadam parking spaces were provided for the tenants of the project, and the properties were painted. These were much needed improvements.

During the year, the Federal Housing Administration offered the temporary properties to the Town of Norwood for its operation. After consideration, and on recommendation of the Housing Board, the Selectmen voted to decline the offer and to continue under the present method of administration.

The Board wishes to express its appreciation to all Town officials and employees for their cooperation during the year.

Respectfully submitted,

FRANCIS W. SMITH, *Chairman,*

THOMAS A. RORKE,

JOSEPH V. NUTTALL,

JOHN J. FEENEY,

WALTER A. BLASENAK,

Veterans' Housing Board.

REPORT OF MORRILL MEMORIAL LIBRARY

To the Citizens of Norwood:

We transmit herewith the annual statistical and narrative reports of the Morrill Memorial Library for the year ending December 31, 1949.

Respectfully submitted,

MAUDE A. SHATTUCK,
Chairman, Board of Trustees
RACHEL P. MARTIN
MARY L. DUNN
GEORGE H. WELLES
FRANCIS J. DORAN
EUGENE A. NELSON

To the Board of Trustees:

The following is a statistical report of the Morrill Memorial Library for the year 1949, arranged according to the form recommended by the American Library Association:

Name of Library	Morrill Memorial Library

A YEAR AT YOUR LIBRARY 1949 MORRILL MEMORIAL LIBRARY

Norwood's Books

Our 36,844 books is a smaller collection than is usual in New England communities of our size. The large area covered by our population calls for book service outlets not equally needed in places having more population density. Hence, we need more books than we now have.

Here, as in most progressive libraries, book selection is considered a professional task, delegated by the Board to the Librarian. A review of her stewardship follows.

The chief criteria for purchase are (1) the worth and standing of books, judged as a whole; (2) the needs for addition, in relation to the library's other books on the subjects; (3) local readers' interests, both demonstrated and potential; (4) public trends, in events, in book production, and in reactions to books; (5) a comparison with the experience and conclusions of other libraries of standing.

The methods of selection by the Librarian and other staff members working with her is to evaluate books from the broad base of having access to all the best pre-publication and post-publication sources of criticism and information, plus such reading of the books as is deemed necessary.

It is the goal of this library to have a live collection, stressing the more important books, but including those for entertainment; to give readers access to the best books of their kind esteemed by the leading authorities; and to make the library a center for the pursuit of truth, information, the aesthetic experience, and happiness, in conformity with the following Library Bill of Rights, adopted by Council of American Library Association, at Atlantic City on June 18, 1948:

Library Bill of Rights

"The Council of the American Library Association reaffirms its belief in the following basic policies which should govern the services of all libraries:

"1. As a responsibility of library service, books and other reading matter selected should be chosen for values of interest, information and enlightenment of all the people of the community. In no case should any book be excluded because of the race or nationality, or the political or religious views of the writer.

"2. There should be the fullest practicable provision of material presenting all points of view concerning the problems and issues of our times, international, national, and local; and books or other reading matter of sound factual authority should not be proscribed or removed from library shelves because of partisan or doctrinal disapproval.

"3. Censorship of books, urged or practiced by volunteer arbiters of morals or political opinion or by organizations that would establish a coercive concept of Americanism, must be challenged by libraries in maintenance of their responsibility to provide public information and enlightenment through the printed word.

"4. Libraries should enlist the cooperation of allied groups in the fields of science, of education, and of book publishing in resisting all abridgment of the free access to ideas and full freedom of expression that are the tradition and heritage of Americans.

"5. As an institution of education for democratic living, the library should welcome the use of its meeting rooms for socially useful and cultural activities and discussion of current public questions. Such meeting places should be available on equal terms to all groups in the community regardless of the beliefs and affiliations of their members."

Inspection of every book in the library at intervals of not more than five years

is almost as important as adding books. This has been completed in 1949 by the Librarian, the Assistant Librarian and other staff members. Books that had become obsolete or superceded were withdrawn.

Schools and Libraries: Joint Action

At the request of the Library, the Superintendent of Schools and all principals of high and elementary schools met with the Librarian and the Junior Department Librarian to plan further development of library-school relationship. A basis of discussion was a statistical record of circulation covering twenty years, made for the occasion. Among plans mutually agreed upon were monthly book talks by the library staff at the Senior High School; wider grade coverage for class instruction at the library; wider school coverage for state certificate reading; more visits at Elementary and Junior High Schools by the library staff. Progress has been made in putting each of these in effect. One result is a gain of 3,470 in school circulation of library books.

The Peabody School has started a substantial loan collection from the library.

At the request of Mr. Hayden, the Librarian met with faculty and a group of students to confer on further developments of the Senior High School Library.

Building Improvements

A lighting project for the Adult Department, Lobby and Reference Room; and Junior Department, Children's Room and Intermediate Room; was completed.

Remedial waterproofing of the outer walls and re-tiling of the roof were completed.

A small electric refrigerator and two-burner electric plate were installed in the Staff Room.

Book display shelves at the ends of stacks in the Plimpton Wing have been installed with income from the Plimpton Fund.

The library continues to be indebted to the fine judgment, and knowledge of all matters pertaining to the building, of Carl B. Pearson, Senior Building Custodian.

Junior Department —

As reported by N. Dorothy Shumaker, Junior Department Librarian, whose fine work with boys and girls is highly valued both in Norwood and in a wider professional field.

During the story hour season, one special program was planned for each month, such as: moving-pictures, slides, a short book review program by the children, and a Doll Story Hour, to which girls brought a doll, and boys, a toy.

The summer reading club, with a hobby-horse as its symbol, was called the **READING RIDERS**, and kept many youngsters interested in reading during the vacation months. All members were invited to a special film program as a reward for their reading efforts, with certificates of merit to those who had earned them.

Library instruction was given to the sixth grade pupils of all schools. A new plan of giving instruction to all grades is under way.

Small collections of books were lent to all nine summer playgrounds, in place of the weekly service to only three playgrounds.

Use of books with the elementary grades of public and parochial schools was more than a third greater than in 1948.

Miss Shumaker spoke to playground leaders, and gave a demonstration story hour program for a senior girls social studies group at the Peabody School. She completed two years as Secretary-Treasurer of the Round Table of Children's Librarians.

Ghost Services

When you get a book you want, when you want it, there is a direct relationship to behind-the-scenes, important, time-consuming work, not necessarily known to our public.

The cataloging of 2,702 books under the direction of Martha C. Eaton, Assistant Librarian and Cataloger, was done with competence and dispatch. Records work involving the coordination and final preparation of all statistical reports, work on requisitions and bills, has never been better done than by Shirley Day, Records Librarian. The physical preparation and care of books and magazines is largely done by high school pages under the direction of staff members.

Staff Progress

Edna Phillips, Librarian, prepared a statement entitled, "Staff Qualifications and Analysis of Positions." She presented to the Board, with recommendation, a Minimum-Maximum Salary Scale.

Six members of the staff are making application to the Commonwealth for legal certification as librarians.

Miss Phillips served again as Chairman of the American Library Association's Committee on Intercultural Action; of the Nominating Committee, Old Colony Library Club; and as member, Librarians' Advisory Council, United Council on World Affairs; Planning Committee for Institute for Teachers and Librarians, Boston Public Library. She spoke at the Merrimac Valley Library Club, and as a panel member, at the Old Colony Library Club.

Esther C. Hallet and Shirley Day are, with high marks, taking the course in Reference Work offered by the Massachusetts Division of Public Libraries.

Staff members have attended library meetings, comprising national, state, local, and special subjects, as Cataloging, Young People's Work, and the Children's Round Table. The Staff has 100% membership in the Massachusetts Library Association.

Doris Allen joined the staff March 1st, as Assistant and is already making a real place for herself. The position of Reference Librarian and Readers' Consultant is vacant.

During a year that included two vacancies, Martha C. Eaton, Assistant Librarian, had extra demands on her abilities, and they were met with a very special helpfulness.

South Norwood Branch —

As reported by Mary Knowles, Branch Librarian, whose enterprise, ability and charm are factors in a marked branch development.

Perhaps the most interesting event under Library leadership was the South Norwood Gardens and Trees Project. With the aim of making better known the many lovely gardens in South Norwood, and of encouraging new garden, tree and shrub planting, representatives from several community organizations were invited to take joint action.

A long-range plan of tree planting was drawn up for the Project by a tree expert, and submitted to the Board of Selectmen and the Town Manager, who promise consideration.

Despite the drought, the interest of householders was enlisted in plans for garden recognition, and of the Arts, Crafts and Hobbies Club in taking garden pictures as soon as conditions permit.

Thirty-three story hours for children were held throughout the cool seasons, with a total attendance of 477. Summer Reading Club members read 280 books in conformity with club requirements. Plans are under way for the first time to have all classes from the Balch School visit the library for instruction. An increased number of non-fiction books having had a year at Main Library are taken to the Branch. Mrs. Knowles has spoken on books and library services before three community groups for Norwood, as a whole. These activities are part of the reason the Branch circulation increased by 2,670.

South Norwood readers have appreciated Mrs. Robert Mitchell's gift of an electric clock.

Hospital Service —

As reported by Esther C. Hallet, Circulation Librarian, whose hard and effective work and gracious personality are assets to her library.

1,579 more books were circulated at the hospital this year than last. Among the trends noticed by the librarians is a forging ahead in reading of biography and religious books. Nurses are using the service, not only in assigned class reading, but for aid in personal enterprises, as in planning a trans-continental motor trip. In ward service, it was noticed how much all patients in the room are likely to be affected by the response to proffered book service, made by the first patient approached.

Mrs. Harold Alden and Mrs. Louis Balboni have volunteered highly appreciated aid.

Norwood Organizations Use Their Library

The Adult Civic Education classes have met here, as have the Executive Board, Norwood Woman's Club, the Horizon Club, Camp Fire Girls, the Women's Community Committee, and the Senior Girl Scouts.

The Librarian served on the Planning Committee, Norwood Community Coun-

cil, and on the appointment of the Town Counsel, as member of a committee on town purchase of land for school purposes. She spoke at Senior, and briefly at the Junior High Schools.

Material continues to be supplied to the "Welcome Wagon" for distribution to new residents.

The Fine Arts Are Furthered

The Art Committee of the Norwood Woman's Club exhibited pottery made by Mrs. Arnold Zoboli and her students. The Norwood Garden Club arranged artistic patterns in flowers and branches to accompany the exhibits. They also most kindly provided mantel arrangements at Christmas. National Art Week was featured in all departments, including a display in the Junior Department and South Norwood Branch of art work done by pupils in the public schools.

Mr. George Augusta, a local artist of great talent, had his second one-man show here.

The Art Round Table of the American Library Association requested a brief article for their bulletin on "Art in the Small Library."

The Library's Friends

Fifty-one people benefited other readers by gifts of 207 books.

The Rotary Club has again been a public benefactor in the gift of a handsome clock in an especially designed Mexican mahogany frame, for the Reference Room.

Mrs. Robert Mitchell's generous gift to the Branch was elsewhere recorded. A large hand-blown Blenko Ware glass vase has been a welcome gift from the Norwood Woman's Club.

Mrs. Robert Ludington of Summit, New Jersey gave the library a valuable set of slides of New England.

The Women of the Moose have kindly made their annual gift of children's books and handmade bookmarks.

Books of special value have been purchased with income from the Whedon, Chickering and Morse Funds.

This year the library's circulation of 117,372 (7.6 per capita) represents a 10,443 gain — the largest gain in 16 years. Despite the difficulties arising from two vacancies, it has been a fine year. The Librarian is deeply indebted to the Board of Trustees for their confidence and support; and to a Staff second to none as a librarian's teammates.

Respectfully submitted,

EDNA PHILLIPS,
Librarian.

LIBRARY HOURS

Adult Department: Monday-Friday 9 a.m.-9 p.m.
Saturday 9 a.m.-6 p.m.

REPORT OF PLANNING BOARD

*The Honorable Board of Selectmen,
Norwood, Massachusetts*

Gentlemen:

At the first meeting of the Planning Board in January, Patrick Long was elected chairman and Charles S. Ennis was elected secretary. The other members of the Board are Rosewell A. Norton, Lester N. Lechter and Hazis Kelley.

The Board acted upon many zoning changes and after much consideration, the following action was taken:—

a. The Planning Board recommended that the zoning of property on the southerly side of the Boston-Providence Highway from Neponset Street up to the Cloverleaf property be changed from THA to THB. This recommendation was upheld at the Town Meeting.

b. The Planning Board, after numerous hearings, tabled a petition received for a change in zoning on Weld Avenue inasmuch as the main objective raised by the residents of that area had been complied with by the petitioner.

c. The Planning Board recommended a change in the zoning law book by increasing the lot sizes from 6,000 square feet to 8,000 square feet. This recommendation was upheld at the Town Meeting.

d. The Planning Board recommended a change in the zoning law book by increasing the distances between house lots, ect. This recommendation was upheld at the Town Meeting.

The Planning Board acted on and discussed the following projects:

a. They recommended to the Board of Selectmen that a committee be appointed to study the possibility of the construction of the South Norwood Highway going from Walpole Street to Washington Street. This committee has since been appointed and progress is now being made.

b. They recommended that underground wiring be installed in South Norwood and in all future new housing developments.

c. They recommended that Dean Street be widened and resurfaced.

d. They recommended that arrangements be made to relocate the traffic island at Pleasant and Neponset Streets,

e. They met with a special committee from the Norwood Hospital to discuss traffic conditions near the Norwood Hospital. As a result, a recommendation was made that parking be prohibited on the westerly side of Washington Street from Guild Street to Winter Street which recommendation has been put into effect and has worked out very satisfactorily.

f. They went on record as being in favor of a fulltime Building Inspector.

g. They propose that one square foot of parking area shall be provided for every square foot of first floor building area.

h. They propose to rezone the entire Boston-Providence Highway from THA to THB.

i. They went on record as believing that dead-end streets should be completed wherever possible and that they be placed under the category of public necessity from the safety standpoint of the people living in said areas.

The retiring members of the Planning Board are Lester N. Lechter and Rosewell A. Norton.

Respectfully submitted,

PATRICK LONG, *Chairman*,
CHARLES S. ENNIS, *Secretary*,
ROSEWELL A. NORTON,
LESTER N. LECHTER,
HAZIS KELLEY,
Members of Planning Board.

Committee Meetings

The regular monthly meeting of the School Committee is held in the Committee room, Room 100, Junior High School Building, at seven-thirty o'clock, on the third Wednesday of each month.

Superintendent of Schools

Lincoln D. Lynch, 21 Florence Avenue, Telephone NORwood 7-1266.

The Office of the Superintendent of Schools is at the Junior High School and is open from 8 a.m. to 5 p.m. every day, from Monday through Friday, inclusive. Telephone NORwood 7-0133.

Secretary and Clerks

Elizabeth V. Syverson, 68 Elm Street, Telephone NORwood 7-1461-W, Principal Clerk and Secretary to Department Head.

Elvie A. Schaier, 44 Highview Street, Tel. NORwood 7-2227-R, Junior Clerk and Stenographer.

School Calendar**1949-50**

Monday, September 12, 1949 — Kindergarten in session.

Tuesday, September 6, 1949 — Teachers report.

Wednesday, September 7, 1949 — Grades 1-12 in session.

Holidays

Wednesday, October 12, 1949 — Columbus Day.

Friday, October 28, 1949 — County Convention.

Friday, November 11, 1949 — Armistice Day.

Thanksgiving Recess: Schools close at noon, Wednesday, November 23rd, and re-open on Monday, November 28th.

Christmas Recess: Schools close at noon on Thursday, December 22nd, and re-open on Tuesday, January 3, 1950.

Winter Recess: Schools close Friday, February 17th, and re-open on Monday, February 27th.

Friday, April 7, 1950 — Good Friday.

Spring Recess: Schools close Friday, April 14th, and re-open on Monday, April 24th.

Memorial Day Recess: Monday and Tuesday, May 29th, 30th.

No-School Signal 2-2

Repeated at 7:15 a.m. No forenoon session, Kindergarten through 12th grade.

Repeated at 7:30 a.m. No forenoon session, Kindergarten through 9th grade.

Repeated at 7:45 a.m. No forenoon session for Kindergarten through 6th grade.

Repeated at 12:15 p.m. No afternoon session, Kindergarten through 9th grade.

Repeated at 12:30 p.m. No afternoon session, Kindergarten through 6th grade.

Repeated at 6:15 p.m. No session for evening school.

Note: When the No-School signal is sounded, all street lights are illuminated for three minutes.

Radio Stations (WBZ, WEEI, WHDH, WNAC) will broadcast notices between 7:00 a.m. and 8:00 a.m. and when possible, at noon and at night.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors, present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

This statement, and the reports of school officers, taken together, are adopted as the Report of the School Committee, it being understood that such adoption does not commit the Committee to the opinions or recommendations made therein.

Modernization

During this year the Henry O. Peabody School has been completely equipped with new fluorescent lighting fixtures. Aside from the fact that the original installation of incandescent fixtures was inadequate for the daytime program, it was necessary to make the change so that the hundreds of people who were using the school in the Evening Practical Arts Program could work and learn under hygienic lighting conditions.

Special Health Services

For several years, and, until the War, we had in Norwood the assistance of a Lip-reading teacher who devoted part-time services. During the period of the middle 40's, the service was discontinued due to our inability to employ a specially trained person to do this important work.

Realizing the importance of such a program, arrangements were made to have Miss Patricia Shortall, one of our regular teachers, who is interested in this area of instruction, take special training. Under her able leadership, the Lip Reading Program has been resumed.

The School Committee has also been able to secure the services of one who has had much experience as a regular classroom teacher and in addition to this, special training and experience in Remedial Reading and Speech Clinics, Miss Rita McLaughlin.

Arrangements have already been made to have Miss McLaughlin, with the assistance of Principals, teachers, and nurses, to select those children who have remediable speech defects for special training and assistance. It will be immediately obvious to the reader that this kind of service to handicapped children will prevent considerable maladjustment in children who might otherwise be extremely unhappy.

Until this time, little has been done at the Junior and Senior High School levels to attack directly the problem of the pupil who has marked deficiencies in reading. Miss McLaughlin has agreed to undertake the organization of remedial reading classes in our secondary schools in addition to her work with those suffering from speech handicaps.

The Committee hopes that the steps taken as indicated, will result in a well rounded program in these very important areas of school adjustment.

A majority of Committee members believe that the addition of a third full-time nurse to the staff is necessary to maintain our school health standards.

The School Committee has this year voted to employ an additional nurse so that the health program may be more complete and satisfactory. The appointment will be made sometime in 1950.

Baseball — Elementary Schools

After trying other arrangements for several years, the School Committee this year, reorganized the supervision of the elementary baseball program. Regular, full-time men teachers who are employed during the school day in the Junior and Senior High Schools have been assigned to take over this important play activity and under their coaching, a very satisfactory schedule of play has been conducted.

Land Acquisition

The School Committee has unanimously agreed that the land opposite the High School should be taken for school purposes, and (regrets the action of the Town Meeting in its unwillingness to acquire the parcel of land), notwithstanding a unanimously favorable report of a Special Committee appointed by the Town Moderator.

Staff Council

As part of an overall salary policy and personnel relations program, jointly agreed upon by the teachers and the School Committee, there has been organized a Staff Council which has this year cooperated with and generously aided the School Committee in working out arrangements designed to improve the Professional Improvement of our teaching staff.

Massachusetts Council

The Committee announces its satisfaction with the action taken this year in affiliating with other School Committees in the State in a common endeavor to improve the services of our schools.

Halloween

We would like to commend our teaching staff particularly for their generous assistance in cooperation with the Recreation authorities in making our community's Halloween program a most satisfactory community activity.

CHANGES IN PERSONNEL — 1949

Resignations

Miss Paisley Sasso, Winslow School, to be married.
Miss Gertrude Crowell, Balch School, to stay at home.
Miss Dorothy Blood, Peabody School, to be married.
Mrs. Ruby Keown, Peabody School, to stay at home.
Miss Jane O'Sullivan, R.N., School Nurse, to be married.
Mrs. Jennie Mann, West School, substitute.
Mrs. Doris M. Cullen, Balch School, substitute.
Mrs. Esther J. Chitty, Shattuck School, substitute.
Mrs. Grace M. Sprague, Shattuck School, substitute.
Mrs. Margaret O'Reilly, Callahan School, substitute.
Miss Harriet Davidson, Junior High School, to be married.

Retirements

Miss Minnie C. Cole, Elementary Schools.
Mrs. Ethel H. Cook, Senior High School, Art Department.
Miss Gertrude M. Shaw, Junior High School, Mathematics.

Re-instatement

Miss Mary A. Canning, R.N., Supervising School Nurse, following military leave.

Military Leave

Mr. Henry F. Fairbanks, Senior High School.

Appointments

Miss Margaret A. Cassidy, Shattuck School.
Miss Nancy Schmalz, Shattuck School.
Miss Mary M. Toomey, Shattuck School.
Miss Elaine Macmann, Callahan School.
Miss Barbara Brown, Kindergarten, Junior High School.
Miss Rita McLaughlin, Balch School.
Miss Marjorie Rappold, Winslow School.
Miss Doris Jackson, West School.
Mrs. Helen Beardsell, H. O. Peabody School, Trades.
Miss Bertha Tarallo, H. O. Peabody School, Trades.
Mrs. Harriet Davidson Tippet, Junior High School, Temporary Teacher.
Miss Phyllis Condon, Junior High School, Junior Clerk and Stenographer.

Resolutions

Gertrude M. Shaw

Following thirty years of uninterrupted service in teaching in the Public Schools of Norwood, we know that you must feel that you have played a very important part in contributing, in no small way, to the effectiveness of our school program.

Mindful of your generous, cooperative and enthusiastic spirit, we regret your departure from the service of our community.

The hundreds of fathers and mothers, as well as our young people with whom you have worked so conscientiously through these many years, will also note with regret your leaving.

We hope that in the years to come, you will look back upon your record with much satisfaction. We hope too, that the memories of pleasant associations and work well done, will enrich the enjoyment of the many years which lie before you.

THE NORWOOD SCHOOL COMMITTEE.

June 16, 1949.

Minnie C. Cole

At the end of a long and fruitful period of service, characterized by unselfish devotion to the children of our Town, you must feel most satisfied.

You have always been interested in and worked for children who have found school work difficult. This has been your life and we know, your happiness.

The compensations and rewards which spring from the knowledge that young people are happier and better for having your help must be many.

We hope that in the years which lie ahead, your associations with our children will remain fresh in your memory, and that the good work which you have done will always be a source of pride and satisfaction to you.

While we are sorry to see you leave our service, we hope that you may look forward to many years of good health and fortune.

THE NORWOOD SCHOOL COMMITTEE.

December 31, 1949.

Appreciation

We, Members of the Norwood School Committee, appreciate the willingness of the employees of the Norwood Schools in the performance, each according to his capacity to contribute, of the many and difficult tasks they have so generously undertaken.

JOHN F. KILEY, *Chairman*
THOMAS R. BOWLER
JOHN J. COOK
JOHN J. CAVANAUGH
EDWARD H. THOMPSON
JOHN F. REYNOLDS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith, I submit my fourteenth annual report as Superintendent of Schools.

Measurement and Evaluation

Last year, in a meeting with our principals, I suggested the need for a more systematic, comprehensive and thorough study of our testing program. It was a source of pleasure to me to learn that most of our staff was interested and eager to undertake the work involved. Arrangements were made to provide for those teachers who have not reviewed the most up-to-date techniques in measurement and evaluation, a course under the able leadership of Professor Kavaraceus of Boston University. Those who have taken the course are outspoken and enthusiastic,—ready to go, so-to-speak.

We propose to learn all we can about individual pupils,—and to do something for them.

It is easy to comprehend the improvement that will accrue from the pursuit of our objective.

Word has come to me that already, many of our teachers have begun to work in this interesting area, and I have no doubt that, now, as this course nears completion, it will be a matter of only a few weeks when we will be at work in formulating a program which will be fruitful.

Condition of Plant

Fortunately, Norwood does not face the immediate need of new construction to house school enrollments. The Town has, during the past few years, made generous appropriations to take care of necessary plant maintenance and replacement needs.

However, before it becomes necessary, because of expanding population, to build new school structures, it would be well to invest sizable sums in modernizing our whole school plant. Particularly, I refer to the need for modernization of the interior of school houses.

First of all, it is well to remember that for many years practically nothing has been done to make our classrooms more attractive.

Recent studies reveal the total inadequacy of our school lighting as related to the hygiene of the school situation.

The well lighted modern classroom is a delightful place in which to live, work, and learn. The stresses and strains upon the emotional and health aspects of development in the old dull classrooms are quite incalculable except in a qualitative and general way.

Many experiments have been made by public and private interests in making the old classroom a hygienic place in which children may work to their best advantage. Remodelling the old classroom is a big job in a community where we have many old buildings, but, if planned wisely and without bearing too heavily on the tax structure in any one year, is relatively easy.

For these reasons, I am requesting, and am pleased to report that the School Committee is most interested, that we undertake forthwith the installation of modern lighting and decoration with paint surfaces having proper light reflection qualities, in all schools.

Town Growth — Re-Districting

New housing developments in Norwood, particularly in the area now comprising the Callahan School district, will most certainly require the attention and action of the School Committee. It is certain that with construction, completed or planned, intended to house some 400 family units in this area alone, the School Committee must redistribute its school enrollment.

The School Committee is aware of the problem, has taken it for study and will undoubtedly, in the near future, re-draw district lines.

What this growth will eventually require, if continued, no one is in a position at this time to predict.

However, planning for this in anticipation of possible further growth, is quite in order.

High School Addition

When our High School was originally designed, it was intended that soon after its construction, an addition would be built making provision for auditorium and school assembly facilities.

It seems to me that, while State matching-funds are available for new construction, it would be well to consider the advisability of planning for this addition in the near future. In planning the new construction, serious consideration may be given to the probable demand for more opportunities for boys in the vocational and industrial training fields.

Apprentice — Cooperative

Long term predictions reveal a probable shortage of trained young workers in industrial and commercial activity in the next decade. Raising our sights a little, and prospecting for possible future demands and opportunities, we school people will do well to study the possibilities of providing young people with the kind of opportunity for practical training which will be profitable as well as educational.

It may be that a cooperative part-time work-school arrangement will be the answer to the problem of furnishing a type of education which will be more practical and beneficial to certain pupils than the kind of offering which is now typical in secondary schools.

Reading

Among all school activities, nothing appears to occupy the time and attention of pupil and teacher more than reading. Plans are now being formulated to provide children in Norwood Schools with better reading techniques.

Many years ago, as principal of the Junior High School, it was my privilege to work with an enthusiastic group of teachers in the development of better technique in reading. We strove for, among other things, increase in reading and comprehensive rates, for efficiency.

For many years the problem, because others seemed more important, has not occupied the time and forced the concentrated attention of our school staff.

Recently, however, many studies have been made, newer methods have been developed and there is much of promise in the program.

It is quite likely that it will be possible to bring to Norwood a specialist in the field as part of our Professional Improvement work who will help in reorganizing our effort along this line.

Play Area

For a period of many years, I have discussed the matter of a hard-surface play area to be located on the site of our tennis courts at the High School.

Invariably the problem revealed shortcomings. First, was the matter of materials. Other communities had tried concrete or asphalt or other material and invariably it was reported that difficulties arose. Next was the matter of expense — especially important because of the likelihood of its being a permanently satisfactory installation.

Recently we have located at Vermont Academy, an installation which has withstood frost, and weather for several years.

Now, it is a pleasure to report that the School Committee is wholeheartedly in favor of the construction of a hard-surface area which will be used for year-round sports, including ice-hockey.

Henry O. Peabody School

Before concluding my report, may I ask our townspeople to consider the unusual opportunities afforded the residents of this community through the offerings at the Peabody School. It is unusual. It is an excellent school — most competently staffed. It has the best of equipment.

Conclusion

May I take this opportunity to express to our new teachers a word of welcome and satisfaction, to our older teachers and other co-workers a word of gratitude and to the School Committee, a word of appreciation for the helpful support and encouragement which has been given me.

LINCOLN D. LYNCH,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE NORWOOD SENIOR HIGH SCHOOL

I have the honor to present my fourth annual report as Principal of the Senior High School.

The last two decades have been for secondary education in the United States an unprecedented period of critical analysis and improvement. One feature increasingly evident in the evolving philosophy has been a new concern in secondary education for boys and girls rather than for abstract subject matter. Today, as never before, the experiences offered by the modern school, which indeed constitute its subject matter, are being related to the real needs of the young people in attendance.

More and more the function of the instructor in the modern school is being viewed as the teaching of boys and girls *through* subject matter rather than the teaching of subject matter to boys and girls. It is believed that numerous examples of this interesting and significant trend will be found in this and in preceding reports.

In Retrospect

1. The first operetta since 1935 was presented by the graduating class of last year. Almost every member of the class took part in this production, the quality of which bordered on professional excellence, both because of the talent available and because of the exceptional competency of the coaching staff.

I am very much pleased, therefore, to be able to underline significant educational value as well as entertainment merit in this activity of the graduating class of last year, and I am equally happy to report that the graduating class of this year has already decided to present an operetta during the coming spring.

2. Mention should be made of the success which again last spring attended the efforts of those of our graduates who sought admission to college. That each year our young people are successful in securing college acceptance is a source of pride and satisfaction to us all. Equally pleasing is their continued high achievement on the collegiate level.

3. For the first time in the history of the school, in the early fall an experimental, non-credit, half-year course in Journalism and Newspaper Reporting was made available for Juniors and Seniors. I am happy to report that more than twenty-five students have taken advantage of this new instructional opportunity during the first semester. It is planned to open the course to Sophomores during the second half year.

Also this fall, a series of monthly book reviews, given by staff librarians of the Norwood Public Library, was initiated at the Senior High School. The aim of this program is to develop among our young people additional interest in and appreciation of the best of current literature. One hundred and sixty-five boys and girls attended the December book review. This student interest has been a source of considerable satisfaction to our English teachers and to all others concerned. We are

indeed grateful to the Norwood Public Library Staff for making this program possible in the High School, and it is hoped that during the coming year, more and more students will seek to share in the unusual cultural values which it affords.

4. With the reopening of school in September, a new and unique plan of citizenship evaluation went into operation in the school. The plan was drawn up and recommended by a Student-Faculty Committee after intensive research and study of the problems involved. It is designed to furnish both increased incentives for all students to make good citizenship functional in their lives and at the same time to provide for a wider sharing of the leadership experiences available at the school. This citizenship plan offers a large promise of success and is a significant attempt to meet a problem which is most challenging both in its immediate and post high school implications.

5. The outstanding record of service to the school made by the Student Council during the year has been a source of particular pleasure to all of us who hold to the view that the only defensible activity in education is that which provides significant and functional learning experiences for the student. The adult visitor who looks in on a Student Council meeting invariably is surprised to note the businesslike organization of council activities, the sagacity manifested in its deliberations and the uncounterfeited seriousness with which its members accept their responsibilities.

I am happy also to report that employing the concept of representative government mentioned above, this year for the first time similar class councils have been formed on a smaller scale by each of the two upper classes to transact business of concern to their groups. This is indeed democracy in action.

STATISTICS

Personnel

In order that she might devote additional time to the Mathematics Department of which she is the Head, during the spring, Miss Ruth Gow asked to be relieved of the duties of Dean of Girls effective at the closing of school in June. This decision was a source of regret to us all. Miss Gow's remarkably effective service as Dean will long be remembered. On March 23, 1949, Miss Katherine Ryan of the Home Economics Department in the High School was appointed to the Dean's position — her duties in this connection to begin with the opening of school after the summer months.

Early in the fall, Mrs. Ethel Cook, who for many years had taught art in the High School, resigned her position because of ill health. Mrs. Cook must indeed have pleasant memories of the many young people who gained new standards of esthetic values in her happy and interesting classes.

On November 16, 1949, Mr. Lloyd Schultz, Art and Mechanical Drawing Teacher at the Junior High School, was transferred to the Senior High School for assignment to our art classes effective January 3, 1950.

In Prospect

In previous reports, mention has been made of the inadequacy of the Senior High School library. Although there is reason to hope that some improvement in our library situation may not be too far over the horizon, yet it must be recorded that to date, Senior High School library facilities are inadequate and unsatisfactory. In the first place, if the library is to measure up to standards set by the Massachusetts State Department of Education for schools of our size, we should have the full time services of a trained librarian. In the second place, a long-range, adequately-financed, book-purchasing program should be undertaken in most particulars conforming to

the recommendations of the American Library Association. In the third place the physical area assigned for library use should be replanned and redecorated with a view to making possible more effective administration of the library situation and with a view to making the appearance of the library reasonably inviting for our teen agers.

Also in need of attention is the telephone system in use at the High School for communication between the office and the various classrooms. The present installation is antiquated and ineffective and should be replaced by one of the modern systems available on today's market at reasonable cost. A modern system of communication would be of substantial value in facilitating efficient administration. At the same time, it would make it possible for worth while cultural programs to be carried from any point in the school to appropriate classrooms. Thus valuable learning experiences otherwise of limited application could be made available for all who might profit from them.

A third area in which we look for help during the coming year has to do with remedial reading. It is well known that success in high school depends to no small degree on reading ability and that this skill is particularly susceptible to improvement through instruction. Employing the pertinent data furnished through our annual B. U. testing program, as well as that based on their own classroom observations, our English teachers are now in a position to identify with virtual certainty those in their classes who are in need of special instructional help in reading. I am, therefore, very happy in the recent information through Superintendent Lynch's office that trained personnel early in the year will be made available to undertake a remedial reading program at the Senior High School. It is difficult to overestimate how much such a program can mean to the boys and girls in the school who are deficient in this basic skill.

In Conclusion

To Superintendent Lynch for his wise counsel and constant support, to the School Committee, and to all others who have joined hands with us in any phase of this educational venture during the year, I am indeed grateful.

This report will close with a statement of the special honors awarded and with the program of the 1949 graduation exercises.

REPORT OF THE HENRY O. PEABODY SCHOOL FOR GIRLS

I hereby submit the eighth annual report of the Henry O. Peabody School for Girls.

It is with much concern that I write my report this year! Those of us who are directly responsible for the progress and growth of the Peabody School realize that Norwood is not benefitting by this vocational program to the extent intended by its founders. At present, the entire enrollment of the school is 76 students, 33 of which are non-residents. This number is startlingly low if compared to the 516 enrolled in the Norwood Senior High School. National statistics show that 60 per cent of our high school population does not enter college or special schools. Vocational schools should be serving this group to a greater extent. Since the School was established, there has been a gradual increase in enrollment, with some fluctuation according to employment trends and placement; but this year, there has been a decided drop. Slow growth is expected in any new educational project, especially in an area where no offering has been available on a public basis before.

Vocational education in Norwood has not met with the enthusiastic co-operation anticipated. Instead, it has faced opposition which has impeded its progress. Much of this opposition is deep-seated in tradition. We have been able, however, to maintain the best in vocational education. We hope, eventually, to help overcome the "social stigma" attached to vocational education and to refute the false reasons for not accepting this new type of school here. After seven years, all reason for slow growth can no longer be attributed to pioneering in a new field of education. The Peabody School was not established as an experiment, but as a result of a long and deliberate study by leading educators and townspeople interested in a unique opportunity for the youth of Norwood and its surrounding area.

Time and again, I have had Norwood citizens cite to me the financial benefits of the Peabody School to the Town. From a financial point of view, the School is a sound investment. Judged from the aspect of numbers served, the School would long since have been declared bankrupt. Educational services have many recognized but intangible values which cannot be measured in the cold light of business alone. The American public is willing to pay generously for these services but expects production to be reasonably consistent with expenditures.

Vocational education is a recognized component of our modern educational system. In Norwood, we are more fortunate than most communities in that we have our own vocational facilities — a modern school, excellently equipped and competently staffed.

Our Business Department alone, which is considered to be one of the best in this vicinity in point of equipment, training, and placement, has only sixteen students this year. Businessmen and educators visiting the School are appalled at the lack of interest shown by Norwood students and parents in the unique facilities which are offered in our department of vocational business training and placement. They cannot understand why more students do not avail themselves of its use when so many eventually enter this field of work.

As Norwood also has every educational service known to the present-day school system, I strongly urge that we make more objective use of some of these services, especially guidance and counseling, with a more practical interpretation of test results. If the Peabody School is to survive, the underlying causes for the slow acceptance of our program in this community must be brought into the open. A genuine study of the entire situation should be made by all who are concerned in any way with the life stream of the school.

The following is an excerpt from the annual report to the Superintendent of Schools from the State Department of Vocational Education: "The School has continued to operate on a highly commendable basis, with high standards of workmanship, excellent productivity and good publicity in evidence.

"The trade training of the Food Trades Department has been strengthened through the daily operation of the Tea Room. The serving of guests and special groups in the Tea Room has been another effective means of publicizing the distinctive purpose and offerings of the school."

ENROLLMENT AND PLACEMENT BY COURSES

***Reasons for leaving:

To go to work, 15; To be married, 3; Returned to High School, 3; Joined the Service, 1; Transferred to another Department in School, 1; Ill health, 1; Left—Reasons unknown, 4.

DISTRIBUTION OF NON-RESIDENT PUPILS

Canton, 1; Careyville, 1; Dedham, 7; Dover, 1; Foxboro, 1; Franklin, 5; Medfield 4; Millis, 5; Plainville, 2; Randolph, 2; Sharon, 1; Walpole, 11; Westwood, 4.

The following graduates have been granted certificates:

Mary Laura Bilotta	*Martha Louise McDavitt
*Mary E. Cappuccino	Josephine Marie Melino
*Phyllis Ann Condon	*Lillian Elinor Metsola
Marjorie Helen Davis	Clara Louise Mumblow
Therese Edith Dickson	Gretchen Alice
Helen Evelyn Downey	*Ruth Eleanor Pask
*Elizabeth Louise Falconer	Prudence Marianne Pelletier
Claire Lorraine Groh	Barbara Anne Ross
Elizabeth Ann Groh	Anna M. Rusiecka
Dorothy Eva Johnson	*Jennie Rose Safranska
Ogenia Ann Kavolinas	*B. Constance Simpson
*Rose Marie Kern	Ann Marie Smith
Jean Ruth King	*Harriet Louise Smith
Estelle Irene Laraway	Barbara Taber
Margaret Geraldine LeBlanc	Dorothy L. Walker
Dorothy Muriel Lockwood	*Eleanor M. Weatherbee
Kathryn Lucille Lydon	

* These graduates received a Certificate of Proficiency.

Public Relations

This year, to further our objectives in Guidance and Public Relations, a home visiting program was presented to parents and students at our first annual Parents' Night which was held last April. Teachers of the Peabody School have volunteered to visit the homes of all the students at least once in the school year. This will promote a closer relationship between the School and the home, as well as provide a direct means of advertising our offerings in the various communities.

A Kodachrome film of all the activities of the School has recently been completed. This film, accompanied by a running commentary, is to be used later in our public relations program.

To compete with the glamorous advertising of private vocational schools, I recommend that a new School catalogue, of a pictorial nature, be published in the near future.

Faculty

Several changes have occurred in our faculty this year. Mrs. Ruby Jean Keown, Related Science and Homemaking teacher, resigned in April, 1949. Mrs. Helen Beardsell, formerly a teacher in our Foods Department, was elected to the Related Science position. Miss Dorothy Blood resigned to be married in November, 1949. Miss Bertha Tarallo, for many years a teacher in one of the foremost beauty culture schools of Boston, was appointed in December, 1949. Mrs. Anne Mucinskas, a former graduate of the Beauty Culture Department of the Henry O. Peabody School, substituted for Miss Blood in the interim. Miss Nancy Siegmund, a graduate of the

Commercial Foods Department of the Henry O. Peabody School, June, 1949, has been employed as a student aide in that department for the period of one year.

Evening School

For the sixth year, we are operating to capacity a very successful Evening Practical Arts and Handicrafts Program. Primarily, this program is to serve homemakers and adults interested in the crafts and was instituted as a result of many requests. Enrollment is heavy, and there is always a waiting list. The demand for and success of this program in no way compensates for the lack of enrollment in our day school. There is no similarity in the objectives of the two programs, since the main objective of the day school is to train young women for profitable employment. The evening program, however, does make available the further use of the School to the community and is an excellent contribution to successful homemaking. It may be considered, too, as having definite advantages from the standpoint of good public relations.

The following courses, with enrollments, are included in this year's program:

	Enrollment	Number of Classes
Children's Clothing	55	3
Dressmaking	124	7
Decorative Art	44	3
Jewelry Making	15	1
Rug Braiding	16	1
Rug Hooking	34	2
Slip Cover Making	16	1
Upholstery	15	1
Totals	319	19

Conclusion

I wish to commend our staff for continued enthusiasm and effort in furthering the progress of the school. A School of such limited numbers offers little challenge to either teacher or student. It is difficult to plan courses which are flexible enough to meet the needs of students of limited ability and also challenge students of higher ability. Although the work is geared to the student's individual needs, there must be a reasonable number in a class to effect the stimulation so necessary to successful accomplishment.

In conclusion, I should like to express my appreciation and thanks to all those who continually co-operate with us, for without their encouragement, it would be far more difficult to believe in the future of the Peabody School.

Respectfully submitted,

BLANCHE L. MARCIONETTE,

Director, Henry O. Peabody School for Girls.

REPORT OF THE PRINCIPAL OF THE NORWOOD JUNIOR HIGH SCHOOL

It is with pleasure that I submit my tenth annual report as principal of the Norwood Junior High School.

If we are to teach properly, we must know exactly what the achievement is so that we may help each pupil to progress from the point where he actually is rather than where he ought to be. Thus the more advanced student as well as the one who learns with difficulty may be aided according to his needs. With this in mind, we administered in May the Terman-McNemar Test of Mental Ability to our incoming pupils, and in October we gave the complete battery of Metropolitan Achievement Tests to the same group. The battery of Differential Aptitude Tests, as well as the Stanford Achievement Test in arithmetic, was given to all our pupils in grade eight. Much effective work has been done by the Junior High School teachers in analyzing the results of these various tests so that lesson planning could be done most advantageously, for we realize that our testing program cannot justify itself unless it contributes to improved instruction for our pupils.

Perhaps no program has made more progress during the year than Visual Aids. Under the direction of Miss Mary Cullinane, much new equipment has been purchased so that an adequate program could be carried on. Teachers have prepared themselves by courses and reading to use this educational tool intelligently for better instruction. That they have succeeded is proven by the enthusiastic pupil reaction to our program. Parents also are interested in visual aids, and were pleased to see actual demonstration of this type of classroom work at one of our P. T. A. meetings.

During the school year many opportunities are provided for pupil activity, since boys and girls must learn to take part in a democratic society. Our assembly programs, traffic squads, and clubs are some of the school activities which provide opportunities for pupils to plan and carry out projects.

Our school publication, "Junior Narrator," which we issue twice a year, was awarded second prize for general excellence in a national contest sponsored by Columbia University.

While our guidance department compares favorably with the best in this area, it does have a weakness in grade nine, where we have not replaced the full-time teacher in that department. The school would benefit by having a trained guidance teacher for ninth grade individual conferences. If such a person also had training as a librarian, the remainder of the time could be well spent in providing improved library service which would help the pupils not only in our reading program, but in all subject areas.

The building and grounds are in satisfactory condition.

While our immediate needs are not numerous, a sound system in the auditorium and full-length lockers for ninth grade girls would be appreciated.

I wish to express my appreciation to you, Mr. Lynch, and the School Committee for continued guidance and support, and to the teachers for their loyalty and cooperation.

JOHN J. CORCORAN.

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS

The annual report of the Vocational-Industrial Arts Department for the year ending December 31, 1949 is herewith respectfully submitted.

Vocational Education

It is gratifying to report the effectiveness and successful progress of vocational training in cabinet-making during the past year.

We have maintained a capacity enrollment of thirty boys, which includes grade nine through grade twelve. There were only one or two withdrawals, but these vacancies were quickly filled from our waiting list. We have at present requests for entrance to the school, but unfortunately we cannot handle any more students because of limited facilities.

Increasing interest in the vocational school, particularly of non-residents, is evidenced by the enrollment of boys from our small neighboring communities as well as requests for information about the school. The attendance of these few boys is remarkable because in all cases it is nearly perfect. Thus it would seem that the school provides a challenge and stimulates a wholesome interest and a keen desire to secure a training, leading to profitable employment for each and every one of our boys.

In June we have five boys graduate, this group of young men making the second class to complete the four-year training period. On a recent follow-up each was found to be gainfully employed.

Construction and sale of cabinet work reached a new high, both from the standpoint of pupil participation and requests from customers outside the school.

Our academic and related work classes have in some instances suffered somewhat from year to year by a change in teacher personnel. It is justified, but I believe if we had a teacher who could assume a greater part of related and academic work, a big problem could be overcome.

Early in October we opened our shop to adults who wished to take advantage of evening training. The response was more than was anticipated, as a total of thirty-two men registered. This enrollment required organizing two classes that meet one night a week for a period of three hours. Mr. Lugton, our day school instructor, conducted these evening classes.

Industrial Art

Senior High School. Once more I would like to state the needs of the many boys in the Senior High School, who, if facilities were available, would like to receive some industrial arts training.

Within the near future it is quite certain we may expect an increase in the high school enrollment. In this group, not all boys will be looking toward college, the majority will have to look towards the industrial side of life.

I sincerely hope that if this much discussed life adjustment program is actually set up, something may be accomplished to give the boys who want shop work a period or two each week. Let us have something in our high school for all.

Junior High School. Our unit course offerings, with a round of exploratory experiences in several industrial fields, have been well established, they have proven satisfactory, and encouraged our young students with a "curiosity to know" and an "urge to do."

Conclusion

I wish to express my sincere thanks and appreciation to Mr. Lynch, Mr. Hayden, and to all, for the splendid cooperation given me and the department.

CLIFFORD H. WHEELER.

REPORT OF THE SUPERVISOR OF HOME ECONOMICS

I herewith submit a report on Home Economics Education for the year ending December 31, 1949.

Home Economics and the American Way of Life

It is agreed that the most important basis of American unity is the American home and that homes and homemaking are basic to civilization itself. The family, therefore, becomes the most important single unit in our country today. Efforts to bring family members closer together are apparent everywhere. Family living can best be strengthened through thoughtful consideration of factors which promote happiness and solidarity. Home Economics in education makes its contribution to our American way of life by teaching the very foundations that produce an enduring structure and the sincere and serious purpose of Homemaking Education in our schools at the present time is to help our pupils with the kind of information which will assist them in the formation of satisfying and stable homes for America.

Certain concepts of what makes good family living have long been our heritage and today are inherent in our American way of life. We, in Home Economics, believe that family unity is strengthened through sharing resources, responsibilities and experiences. We believe that courtesy, kindness and understanding are first conceived in the home and from there are transmitted through all human relationships from one generation to another. Specifically then, the goals in homemaking education or family living instruction are 1) to understand, refine and interpret the varying beliefs springing from our mixed culture, as to what constitutes good family living. 2) To mold these beliefs into a truly American pattern of home life. 3) To nourish and cultivate the family pattern.

Since it is the primary function of Homemaking Education to improve home and family life of our society which is founded on democratic ideals and principles all other objectives are subordinate. It is obvious that values for successful living in contemporary society are different than the code which was acceptable for yesterday's world and the mere acquisition of skills is not enough for meeting the complex problems of today. Many seem eager to destroy family life and the type of instruction which will preserve and protect our democratic American way of family living is not only desirable and important but vital.

The Need for Better Understanding of Home Economics (or Homemaking) Education

The need for developing the essential attitudes and skills for desirable family living must become a major responsibility in education. Schools should provide continuous learning experiences in family life education from kindergarten through Senior High School. These experiences should emphasize the importance of the family and of becoming a good family member. To accomplish these ends we need and must have:

1. Greater national understanding of the deep purposes of Home Economics Education.
2. Recognition of the far reaching import of Home Economics Education in so far as real homemaking is concerned.
3. More importance placed upon and interest in a subject which is so vital in strengthening family life.
4. More recognition of our family living courses at the advanced or High School level. Many of America's new families will be established by our present pupils whose formal training ceases with their High School years.
5. Clarification of the existing confusion between specialized vocational training in trades as compared with general homemaking education which trains generally in the art of living and creating homes.
6. More up-to-date equipment in functional homemaking programs in keeping with a broader curriculum in Home Economics and to allow for a more balanced program, in order that the pupil may acquaint himself with and build skills in *all* phases of family life, as well as the social relationship areas of homemaking instruction.

Modern Homemaking Education in Norwood

In an attempt to offer the best in Homemaking Education to Norwood pupils and in keeping with the above objectives our courses have been planned to "grow-up" with our pupils with great concern for sequence and selection of subject matter suited to each age level. Home interests and activities are stressed in order that pupils may become veritable "home helpers." Emphasis is placed upon hospitality, friendliness, getting-along together and spending wisely as well as sharing responsibilities.

High School pupils have special and personal interests and all phases of home-making involving personal and family problems are interwoven to make our units meaningful and helpful, including problems involving elementary psychology in order that they may better understand themselves and others. Thus the teen-ager learns to participate with increasing satisfaction in family affairs. She seeks the social approval of her own group, desires a chance to assume more responsibility, wants to appear at her best at all times, needs to understand better the growing-up process and it is at this psychological period that we introduce our "Youth Problems" course for all Senior High School girls. All teen-age problems, including family expenditures, family fun and family work are included in this course. Here she learns all about herself, how she can improve and be the kind of person she wants

to be, how to handle everyday situations and how to create happiness. The importance and value of making a good appearance and general health are stressed together with an attempt to give the wholesome advice and counselling she desires and needs at this bewildering period in her life.

From this generalization in the area of Home Economics with all girls we proceed to our more specialized courses for Senior Girls looking to the future in our course offerings. In anticipation of tomorrow's needs, the girl becoming a woman and her future role as an American homemaker we have established our "Gracious Living" and "Family Living" courses for Senior Girls as a culmination of training for our potential homemakers. Here pupils can train for their future role as homemaker while enjoying instruction suited to their age level, present interests and needs.

Thus our courses are planned and suited to the various age levels which we teach. Because of planned sequence, lack of duplication and suitable material which orients the pupil to her role in the home and which stimulates to further endeavor to create satisfying homes for themselves Homemaking education in Norwood is interesting our pupils and proving of vital importance in their lives. Boys should be included in our course offerings since their place in the home cannot be overlooked. We have frequent requests that they be considered and offered the type of information which they would find so helpful and useful. No Homemaking Education can function at its best unless there is complete sympathy with or understanding of the prime importance of homemaking training in the total education of our youth.

Conclusions and Acknowledgments

We wish to express our appreciation and thanks for the continued assistance and cooperation of the Federal Lunch Organization, The Norwood Mothers' Club, our local and wholesale business associates, Companies who have furnished visual aids and demonstrations to enrich our program, administrators, co-workers, pupils and all who have made possible a complete functioning program of homemaking during the past year.

Our pupils are interested in Homemaking Education and want more and more opportunities for contact with the department and enjoyment of our facilities. We have a healthy, happy enrollment of pupils who would like to see our facilities improved for their benefit and enjoyment and there is much to be done in the way of modernizing, renovating and expanding our physical equipment.

I specifically recommend:

1. Expansion of our family living program to reach more pupils, particularly younger pupils and boys.
2. Modernization of and addition to our physical equipment to broaden interests and present material in all areas of homemaking at all levels.

AGNES M. BRIDGES.

REPORT OF THE DIRECTOR OF GUIDANCE AND PLACEMENT

Herewith, I submit my fourth annual report as Director of Guidance and Placement.

Guidance

During the past year, we carried on, in the manner described in our previous reports, the usual important functions of the Guidance Department. These include, as you may recall, the many and varied aspects of the educational, vocational, and placement phases of the guidance program.

However, the part of the year's work that attracted most popular attention was our Career Day for Norwood High School students which was held on Wednesday, March 9, 1949, at the Norwood Senior High School.

Career Day

The major part of the Career Day program consisted of a series of group conferences at which our students had an opportunity to hear speakers, experienced in their fields, discuss their particular vocations and answer questions pertaining to them.

In order to build the programs around the most popular fields of work, each student in the Senior High School filled out a listing sheet on which he indicated the three occupations he wished to hear discussed. The requests on these sheets were tabulated, the most frequently mentioned vocations determined, and then the conference program was drawn up. We had forty different speakers conduct about sixty-five group meetings which covered forty different occupations.

Some of the points covered in the talks by the speakers were: Educational requirements, special skills and personal traits required, minimum age and apprenticeship requirements, trade union factors to be considered, licenses required and chances of securing them, monetary and social compensation, kinds of work beginners in the field would do, promotion possibilities and ultimate levels which may be achieved by successful workers, present and future situation as to supply and demand for the type of worker, advantages and disadvantages of the occupation.

Each student in the school attended three of these conferences during the morning. Thus, the pupils secured valuable occupational information to aid them in making plans for their vocational future.

At the close of the group meetings, the guest speakers enjoyed a luncheon in the Tea Room of the Henry O. Peabody School for Girls. Many thanks are due Miss Marcionette and Mrs. Marcoux for planning and supervising this important part of the program.

One of the most pleasant experiences associated with the Career Day project was to note the ready cooperation given by all who were invited to take part in the program. These busy men and women gave generously of their time and knowledge without receiving any compensation other than the satisfaction of knowing they were helping the students of the Norwood Senior High School.

Our heartfelt thanks are extended to all who contributed toward making Career Day a success.

Placement

During the year, there was a decrease in the number of requests from employers for pupils to fill part-time and full-time positions. This was a reflection of the increase of unemployment that developed during 1949. Even so, this office helped some sixty boys and girls to secure work. Forty-eight per cent of the senior class, forty-four per cent of the junior class, and thirty-two per cent of the sophomore class reported that they engaged in some type of part-time work.

We thank the employers of these young people for giving them an opportunity to secure practical experience in the business world, as well as the opportunity to earn monetary compensation.

Other Activities

The Guidance Department arranged for several lectures by outside speakers. Some of the topics covered were: "Educational and Vocational Opportunities in the Armed Forces of the United States"; "Improve Your Personality"; "The Changing Employment Situation"; "Correct Procedures in Applying for a Position"; "Correct Conduct During An Employment Interview"; and "The Co-operative Plan of Education."

As in former years, the Director had the pleasure of attending several conferences of guidance workers, other educators, and businessmen. The New England Regional Guidance Conference of the National Vocational Guidance Association, which was held at Northeastern University, had as its theme, *Basic Guidance and Personnel Services*. The Third Annual Conference of Businessmen and Educators, sponsored by and held at Babson Institute of Business Administration, had as its topic, *Freedom, Education, and Business*. The Fisher School of Boston was also host at a meeting and supper for guidance workers and administrators. The New England Aircraft School at Logan International Airport organized a conference on *Career Opportunities in Aviation*. Northeastern University planned a meeting for headmasters and guidance officers at which Dr. George F. Zook, former United States Commissioner of Education and now President of the American Council on Education spoke on *Education for Tomorrow*.

The Director had the pleasure of being one of the Consultants who assisted the State Supervisor of Guidance and Placement in revising the Department of Education bulletin on *Directors and Programs of Occupational Guidance and Placement*.

Follow-Up

A follow-up of 161 of the graduates of the Norwood Senior High School Class of 1949 showed the following distribution: (does not include Veterans, Boys' Vocational School, or Henry O. Peabody School graduates.)

	<i>Number</i>	<i>Per Cent</i>
Attending School or College	61	37.9
Employed	91	56.5
Married	1	0.6
In Armed Services of United States	8	5.0

Of the sixty-one members of the Class attending school or college on a full-time basis, the distribution was as follows:

<i>Type of School or College</i>	<i>Number Enrolled</i>
Four Year College	32
Business or Accounting (less than four years)	13
Schools of Nursing	6
Preparatory Schools	5
Post Graduates	2
Miscellaneous	3

A, broad classification of the number of members of the Class employed, shows the following distribution:

<i>Type of Employment</i>	<i>Number Employed</i>
Industrial	20
Secretarial, Stenographic, Clerical	24
Sales and Distribution	27
Building Trades	5
Apprentices in Printing Trades	5
Telephone Operator	3
Cooks	2
Miscellaneous	5

Conclusion

It is well to keep in mind the fact that effective guidance comes from the combined efforts of those working in the interest of young people. The cooperation of pupil, home, school, and church is required if desirable results are to be achieved.

Sincere thanks are extended to the School Committee, Mr. Lynch, Mr. Hayden, and all who have helped the Guidance Department.

D. VINCENT KENEFICK.

REPORT OF THE ART DIRECTOR

This is the annual report of this department for the year ending December 31, 1949.

Organization

Mr. Lloyd Schultz, Instructor of Art in the Junior High School, has been transferred to the Senior High School to fill the vacancy created by the resignation of Mrs. Ethel Cook.

Mr. Carl Lindgren has been appointed as a substitute teacher of Art and Mechanical Drawing in the Junior High School. He is a graduate of the Mass. School of Art with the degree of B.S.E. and brings to us a background of professional accomplishments in the fields of Ceramics, Drawing and Painting, Photography and Industrial Design, combined with a contemporary viewpoint of the place of Art Education in today's curricula.

Appointments to fill Elementary School vacancies have given us the additional task of acquainting these people with our General Art Program. We expect that in a very short while they will be making their creative contribution.

Emotional Immaturity Is An Art Problem

We are living in an extremely fast moving and constantly changing age whose every month sees us drawn into a sphere of complexities so great that we can only hope to understand the significance of but a tiny fraction of it. Because cold intellectualism in the hands of skilled specialists has served to run us far afield of emotional maturity, the scope of our job as teachers is gradually being expanded into fields which find us groping with some of the same problems we try to teach.

In our everyday life we are faced with new tools and new technologies which are shifting the ways of production, possessions, and power; yet, though we accept these same technologies as offering us many new and improved ways for labor saving and profit making, and though these things are accepted on pragmatic intellectual terms, how often we see those new ideas in the emotional sphere stubbornly opposed — where we cling to obsolete standards and empty conventions of the past, not to be approached by any logical argument and often as not against our best interests.

Though it may go by many names the largest problem of our time is to bring the intellectual and emotional, the social and technological components into balanced play; to learn to see and to feel them in relationship.

We probably don't think of it as such but today we not only buy material goods on the free market but also emotional commodities. Specialists in entertainment now provide for the greater part of our passive recreation. This industrial era marks the arrival of what we might call the "careerist", that person whose aim is purely to commercialize a certain means of expression. This new form of occupation has become part of our way of life, not from any sincere efforts to produce out of conviction (for personal self-fulfillment) but merely to deliver a technical skill for whatever subject is asked. The Art involved is taken not as an elevation of individual effort through the sincere expression of feelings, or as evoking an intense range of emotional experiences, but as an escape in a kind of spectator's art, a display of skill.

Many years ago there were countless group activities which served to give people a feeling of solidarity, coherence and articulation. Many festivals of former times have been transformed into dull fairs. Television, radio, phonographs, and the movies have killed the amateur plays, group quartets, home crafts, etc., without opening any new doors for the creative abilities so subtly usurped.

To think of one's self as having a mechanical mind, a mind capable of cool, factual intellectualism is hardly to be a warm human being. Without the inter-relatedness of the intellectual and emotional sides of life which serve to bring the social and technological components into balanced play we would — and easily might — retain only the disjunctive technical skill of handling human affairs, a rigidity stifling the most basic of biological and social impulses; a memorized, not a lived life.

It is an individual as well as social waste to have eyes and not see; ears and not really hear; to destroy the endowment of instincts to create. The results would be an atrophy of our inherent capabilities, a step-by-step deterioration of that part of our mental being which really gives us the most out of life. Man, in order to function as a well and satisfied person must function through an integration of *all* his abilities.

In order to bring education into a state of equilibrium of hand and brain, of intellect and emotion, the task must be to give the student enough opportunities to use his brain together with his emotional potential; to provide for experimental sensory experiences of eyes, ears, tongue, and fingers; and to assist him in his problem of bringing about their transformation into controlled expression. The student must be allowed to find the facts himself by experience with his material. In Art Education especially, we must provide youngsters with the opportunity to make their own discoveries and to form their own expressions. Our work must then provide the purposeful fusion of social tradition with experience, practice, and conclusions.

Art in the Elementary School

There is no level in our program which finds a more uninhibited and responsive audience than in these early grades. Without our adult fears of perfectionism these young people are quick to awaken their imaginations, and sweeping aside the clutter of unessential details, they express their individual ideas honestly, clearly, and unhesitatingly. The position of our grade teacher, perhaps a bit vague at the start of our new program, has gradually crystallized to the point where she now has the confidence to expose and stimulate these young people to use freedom of expression in their own individual ways, without fearing the problem of trying to criticize their productions by adult standards; those commonly based upon the criterion of stark realism.

The task of class stimulation and guidance toward aims which will serve to do the most for a child's growing awareness of the world about him and the important part that he plays in such a world is a major function of our program. We feel that this year has shown marked progress in that direction.

We are gradually beginning to absorb many new ideas with regard to the important place of visual aids and each school now has at its service a projector capable of handling both slides and filmstrips.

Activities

The *Kindergarten* teachers are to be commended for the fine use they have made of creative materials which have included exceptionally fine work in tempera color, colored paper, finger paint, and clay. At an age when manipulation plays such an important part in the learning process we have succeeded in offering a broad selection of materials. Individual creative initiative has been competently fostered by teachers who have learned to recognize that "by-gone" pattern work can never develop individual personality adjustments but can only serve to pour each child into the same mold. The efforts of each teacher to make her environment conducive to the pleasant, informal, group functions of these young people is greatly appreciated, since we recognize that such an atmosphere has an emotional appeal of friendliness completely lacking in many classrooms.

Grades One to Three, while making good use of art work as means for a child to express himself, have also matured to the point where it is recognized that a child should respect individuality. It is to be expected that an art lesson should produce results equal in variety to the number of differing personalities in the class. With so many subjects requiring some form of mental regimentation the problem of getting a group to express individual ideas is a difficult one. In a group study of

our work examined at the Mass. School of Art we were highly commended for our creative work at this level. We hope to do just as well with the Design and Three-Dimensional problems.

Grades Four to Six have made many outstanding contributions during this year. Some of them include our Craft Program which from a slow start of two years ago has been accorded much enthusiasm, the results of which have been very nicely exhibited by each of the Grade Schools. This department recognized the many difficulties entailed with the presentation and conduct of a program which included such a variety of projects and has forwarded each teacher a note of appreciation.

We have also succeeded in refreshing the approach to understanding famous pictures. The historical importance of paintings have been de-emphasized to the benefit of relative meanings. This unit has been incorporated into notebooks which contain both reproductions and individual comments by the children. Our collection of colored slides was used as supplemental study.

Our emphasis on the problem of seeing color by awakening the eyes of children to the increased range of color mixtures has been well received and the results are most gratifying. It is rather peculiar that we have accomplished more in this respect at the elementary level than in the upper grades. We hope to study this next year. We also feel that we have come to a point in our new program where it would be justified to develop and administer a testing program.

Art in the Junior High School

At this level we are primarily interested in helping students develop a sense of artistic discrimination. Many class discussions were held in connection with units of work involving contemporary art viewpoints, both in the fine and in the industrial arts field. A very commendable unit of work was built around the art properties of line, shape, form, color, and texture.

Two sound films in color and four in black and white were shown during the year as part of class study.

Three-dimensional projects in the arrangements of contemporary rooms benefited the eighth grade classes in their knowledge of *function* as applied to an art problem.

Ninth grade classes completed a very interesting project concerned with the making of a filmstrip. Upon the completion of studies relative to spacial relationships as a factor in contemporary design each student had his work photographed and shown in the projector.

Last March the Art Room and the adjoining Studio room had an Open House session after a PTA meeting during which many visitors and parents had an opportunity to see an exhibit of recently acquired reproductions, student work, and a demonstration of our use of visual aids as an instruction media.

Clay modeling, bulletin boards, the art and layout of the "Junior Narrator", stage properties, various poster projects, the design of new book covers and shoulder bands, and assistance with Red Cross projects were also tucked into the year's work.

Art in the Senior High School

Representational drawing, painting in water color, traditional design work, puppetry, and elemental studies of perspective made up much of the work. The classes also found themselves very much occupied with the production of posters. A three-dimensional mural project done in a decorative manner was most interesting.

We have held several discussions between members of the department with regard to establishing a new curricula and hope to have it ready to incorporate into the High School program as soon as we can recognize fully our administrative problems.

Experimental Photography

Because we are vitally interested in photography and the part it plays in the expression of ideas, we have experimented in the production of filmstrips and colored transparencies. Many slides showing various school activities have been made in the Junior High and we hope to expand these efforts to assist other schools when our time and equipment can be put to its best use.

Studio Groups

The third to twelfth grades are participating in our special program which provides for the interests of youngsters particularly adapted to the arts as a means of expression. Three of these people have been accepted by the Mass. School of Art for experimental work conducted during Saturday morning sessions.

Recommendations

Senior High — We would like to solve the administrative problem of keeping each class separated into homogeneous groups. We feel this is a vital factor in creating an effective teaching program. In addition, we hope an adequate number of copies of our recommended text can be made available. We also hope to achieve a cooperative interest in the space and arrangement problems of the art room.

Conclusion

May I take this opportunity to express my sincere appreciation to Mr. Lynch, the School Committee, and to the principals and teachers which this department contacts for their many cooperative efforts in behalf of our program.

WALTER E. LUNSMAN.

REPORT OF THE SUPERVISOR OF MUSIC

I herewith submit the report of the Music Department for the year ending December 31, 1949.

Elementary Schools

The study of music, both applied and theoretical is progressing satisfactorily in all grades. Besides acquiring a working knowledge of the technical facts of music, the children are also trained to sing in groups and individually for pleasurable musical experience.

A few slight changes in the outline have been made to meet some special requirements.

The Winslow School children gave a fine rendition of the operetta "Midsummer Days" last spring.

We hope to continue this kind of activity in all the schools.

Junior High School

The program in vocal and theoretical work has continued as indicated in previous reports. Although the classes meet only once a week, very creditable work was accomplished in singing, theory, and music appreciation.

Senior High School

In the Senior High School, vocal and instrumental groups were formed and gave several performances in and out of town with great success.

Some of the rehearsals necessary to prepare these groups were held during the homeroom period; the others were held after school.

A Senior Quartet sang for the Chamber of Commerce at their Education Night Program in May.

While small groups as the one mentioned above have been able to carry on in spite of difficulties, the formation of a large glee club which would include members of the three classes has not been possible owing to the present set up of class meetings, lunch periods, student council, and so forth.

However in order to satisfy the demand for choral work, a Junior Glee Club has been organized and is preparing a program to be given in the early spring. We plan to do the same thing for the sophomores as soon as time and room space permit it. The outstanding feature of the year in the Senior High School was the rendition of the operetta "Sunbonnet Sue" in which the majority of the Senior Students took part. The Choral Group from the Peabody School sang in public on two occasions and were very well received.

Conclusion

I wish to take this opportunity to express my sincere appreciation of the helpful interest and the cooperation of all who have aided in the work of this department.

JOHN V. DETHIER.

REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

The report of the Physical Education Department for the year ending December 31, 1949, is respectfully submitted.

Introduction

Education in America has a responsibility, as have other great social institutions, to help boys and girls live effectively in a democratic society. Education dedicated to the democratic ideals of this society must provide —

An opportunity to deal honestly and realistically with problems which come within the experiences of boys and girls and within the experiences of teachers.

A program rich in knowledge, skills, techniques, and understandings in all areas of life.

An opportunity to recognize and deal effectively with needs and purposes of boys and girls.

An opportunity to translate ideals of democratic society into everyday living and teaching.

Physical education has the same responsibilities and the same objectives as has education in general. It is that area of education which, because it deals with the body in action, in movement, has one of its major aims the development of the more sensitive control of this instrument for more effective functioning. It is significantly that area which deals constantly and continuously with the individual in his most dynamic learning, for he moves, sees, thinks, feels at once in situations of social and democratic import.

The physical education program must provide —

An opportunity for the promotion of vigorous normal growth through a wide range of large motor activities such as natural activities of daily life, free and individual play, games and sports, dance, athletics, self-testing activities, relaxation and rest, remedial and adapted activities, co-educational and co-recreational activities, trips, and parties.

An opportunity for the development of sound attitudes, habits, and knowledge of wholesome living.

An opportunity to develop interest, joy, and satisfaction in many skills, and these skills in terms of sports, dance and recreational activities, now and which will continue in the mature use of leisure time.

Physical Education Program

Senior High School — Boys

An integrated program of physical education that included calisthenics, group correctives, combative activities, and group games was carried on during the year.

The athletic program consisted of the following sports:

- Varsity Football
- Junior Varsity Football
- Varsity Basketball
- Junior Varsity Basketball
- Intramural Basketball
- Hockey
- Indoor and Outdoor Track
- Golf
- Varsity Baseball
- Varsity Tennis

This year the intramural basketball program was under my supervision. This activity was run for two weeks after the football season and was enjoyed by eighty-five boys. It is expected that this program will be continued at the end of the basketball season.

A varsity and junior varsity basketball schedule of fourteen games in competition with Bay State League teams was completed in a successful manner. Our record: nine wins, five defeats in varsity competition.

Varsity hockey under the direction of Mr. William Hagblom held practice sessions in the Skating Club, the Boston Arena, and the Arena in Providence, Rhode Island. Games were played with teams of the Bay State League.

An indoor track program was scheduled with Mr. Fisher in charge. Meets attended were the Northeastern University meet, the State meet, and the Greater Boston Interscholastic meet which takes two Saturdays to complete,—first, at the East Armory and then, at the Boston Garden. No individual stars were developed, but Norwood again won the "Intermediate" class relay championship in the GBI (Greater Boston Interscholastic) meet. One lap, two lap, and Medley Relay teams finished well in large starting fields.

Outdoor track candidates were called out early in April. About thirty-five boys answered the first call and started preliminary conditioning, getting into shape for the first dual meet with our neighbor, Foxboro High. The boys' spirit was one that showed enthusiasm for the sport; competition was keen among all candidates seeking their desired place in the various events. The schedule consisted of three dual meets, three triangular meets, and entry in the State Meet at Newton. Robert Flaherty, Co-Captain of the team, accomplished a remarkable feat in the high-jump at the State meet. He took a second place, forcing the record holder to his utmost to win.

Boys' Tennis was held in May and June with home and home matches with Boston College High, Dedham, Needham, Wellesley, and Westwood.

The Varsity baseball team played fourteen games in the Bay State League. The league Championship had to be decided by a play-off game between Norwood and Framingham. This game was won by Framingham.

A Junior Varsity baseball schedule of ten games was carried out under the supervision of Mr. William Cavanaugh.

The Golf team under Mr. Everett Learnard competed as in the past in the Norfolk County High School Golf League. The teams in the league are as follows: Dedham, Needham, Walpole, No. Quincy, and Quincy. All home matches were held at Ponkapoag Golf Club.

The first football meeting was held August twenty-ninth at the Senior High School. This meeting was attended by eighty-five boys. The first few days were devoted to organization, such as doctor examinations, giving out equipment, and lockers. Our first official practice took place on September first. Calisthenics, warm up, and conditioning exercises were scheduled for about a week followed by body contact work and dummy scrimmages. The 1949 record was as follows:

Norwood	6	North Quincy	32
Norwood	0	Needham	19
Norwood	0	Framingham	12
Norwood	0	Belmont	6
Norwood	19	North Attleboro	13

Norwood	0	Rindge	33
Norwood	0	Natick	34
Norwood	0	Milton	28
Norwood	0	Dedham	12
Won	1	Tied	0
		Lost	8

The Junior Varsity Football Team was coached by Mr. Joseph Fenton. Approximately thirty-five boys reported for practice sessions and completed a five-game schedule. Record: Won 3, Lost 1, Tied 1.

Senior High School — Girls

This program under the supervision of Miss Erna Kiley included corrective exercises, apparatus, marching, dancing, hiking, games, and posture work.

The after-school athletic program consists of Archery, Basketball, and Tennis. About thirty-five girls reported for Archery this fall.

Basketball started the middle of November, and over one hundred girls reported for practice. A schedule of five games are played with neighboring towns. The intramural program was carried out at the end of the basketball season.

The 1949 Girls' Tennis season opened in March with some fifty girls reporting to Miss Johngren in the gymnasium. Instruction and practice continued here until warmer weather made the use of the courts possible. These had been put into excellent playing condition. Finally ten girls were selected to represent Norwood in matches with other schools. Norwood girls were happy to report a most successful season, winning all four matches: two with Braintree High School, one with Needham, and one with Wellesley.

Junior High School — Girls

The physical education program for girls, under the direction of Miss Ellen Gifford, included apparatus, marching, corrective exercises, dancing, hiking, games, and posture work.

An intensive after-school program is carried out, consisting of games such as tennis, tenniquoit, volley ball, softball, badminton, and basketball.

Junior High School — Boys

Under the supervision of Mr. John Dixon, the program at the Junior High School included calisthenics, gymnastics, marching, apparatus, health hints, group games, social dancing, and a sports club.

The Athletic program consists of the following: varsity basketball, varsity baseball, intramural basketball, and intramural baseball. A carefully planned schedule of fourteen games is arranged for both basketball and baseball.

An excellent intramural program in basketball and baseball was carried out with over one hundred and fifty boys participating.

Elementary Schools

No formal program by a Physical Education instructor is carried on in the elementary schools. However, the classroom teacher practices daily health lessons and supervises a play program for these children.

Health and Hygiene Education

Health education classes are organized in the sophomore classes for boys and girls while classes in hygiene are given weekly to senior high school boys and girls.

The general objectives of the health program are:

To improve the general condition of the individual so that he may function normally, may avoid disease, and may fit himself for his life work.

To develop the functional power of each individual consonant with his needs and capacities.

To develop in the pupils an interest in good body mechanics through self appraisal and group judgment.

To present to the pupils health instruction material that is progressive, scientific, social, and individualized.

Conclusion

I sincerely thank the Superintendent of Schools, School Committee, faculty, and physical education department for their splendid cooperation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI.

REPORT OF THE SUPERVISING SCHOOL NURSE

The annual report of the Health Department is herewith submitted.

After an absence of seven years, one is certain to have developed a new perspective, albeit a keener and more critical one than results from the routine daily contacts. In these seven years it was my good fortune to have observed and participated in many phases of health in many countries. It is my sincere hope that such experiences may be used to advantage in my work in the Norwood Schools.

The school health program is definitely one of education and prevention with the school nurse serving as liaison officer to interpret its functions to the school, the home, and the community. It is a continued process of providing for the physical, mental, emotional, and social needs of the child.

Physical Examinations

The School Physicians, Drs. George R. Allen and Harriet F. Rogers, examined all of the children in the fall. Because of the more strenuous nature of the physical education classes in Junior and Senior High Schools physical examinations are started with these groups and continued down through the grades to the kindergarteners.

To insure the safety and well being of the candidates for football, physical examinations were done on these boys before they were permitted to take part in any active scrimmaging on the field.

Defects noted at the time of examinations were reported to the parents who in turn were advised to consult with their family doctors for any necessary treatment.

It is gratifying to note the improvement in the physical status of the children as a result of the joint cooperation of parents and family physicians in the corrections of these remedial defects. A few markedly enlarged and diseased tonsils are still to be found in the older age group.

Scoliosis is not uncommon in our teen age girls. Several severe cases are under the care of orthopedists. The slight cases of scoliosis have shown great improvement with corrective work under the direction of Miss Gifford in the Junior High School and Miss Kiley in the Senior High School.

Dental Examinations

A dental examination was given to each child from kindergarten through grade twelve, by the School Dentist, Dr. Timothy J. Curtin. Parents were notified of the defects and urged to have the necessary dental care by their family dentist. In the event they were financially unable to secure the services of a private dentist they were advised to send the child to the School Dental Clinic where the work would be done at a minimal cost to the parent.

Considerable progress has been made to date in the promotion of good dental hygiene but there is still much to be accomplished in this field. We cannot urge the parents, teachers, and dentists too strongly to cooperate with us in this work. It is disconcerting and discouraging to find so many children who fail to brush their teeth. This is not a failing of the younger children alone, but is as commonly found in the teen age group.

With the advances being made in the field of dental research, we can hopefully look forward to a not too distant future when perhaps we too may enjoy the benefits of fluorine treatments and a dental hygienist to help with the prophylaxis work.

The ultimate aim of the dental program is to have each child in the school system have all necessary dental corrections completed each school year.

Vision Tests

The need for a complete ocular examination for each school child by a qualified ophthalmologist has long been recognized but until such time as a practical means can be found to make it possible, we must rely on some other device in school to screen out those in need of particular attention.

For this screening the Massachusetts Vision Test, developed after several years of research, is given. It tests for (1) visual acuity, (2) latent hypermetropia (far-sightedness), and (3) heterophoria (muscle imbalance) at distance and near vision.

The standards set for this test are high but the consensus of opinion is that it is better to err in the direction that a few are needlessly referred for examination than to overlook any who have a definite need for corrective work. All defects found are reported to the parent and an examination by an ophthalmologist advised.

The School Eye Clinic is under the direction of Dr. Hugo B. C. Riemer. During the past year he has examined one hundred and seventy-four children and made recommendations for their individual needs.

Communicable Disease Control

Almost daily we hear of some new discovery made in medical research to overcome and control disease. The immunization program is the result of such studies. For many years the inoculations of toxin-antitoxin have been given to the children in the susceptible age group with the result that the once common and dreaded diphtheria is a stranger in our community.

Other childhood diseases, mumps, chicken pox, measles, and whooping cough have been most prevalent both in the spring and in the latter months of the year. There have also been many cases of gastrointestinal disturbances during the fall months.

Since our preventive program depends largely upon reports of such diseases which we receive from the Board of Health, we ask the cooperation of parents in seeking the advice from their physicians and of the physicians in reporting such diseases to our local Board of Health. Such cooperation would enable us to check all contacts so that children showing symptoms of infections could be excluded before infecting others. All children returning to school after a communicable disease are required by law to have a certificate from the doctor.

The common cold is always with us and until such time as science finds a definite preventive and cure for it, it must be treated with proper respect. To that end, we endeavor to teach parents to keep the child at home, (1) to prevent the unavoidable spread of the infection to others with whom he comes in contact, (2) to prevent him from picking up additional infection, and (3) because the majority of communicable diseases in their initial infectious and unrecognized state resemble the common cold.

As in previous years, chest X-rays were taken of all members of the twelfth grade in the Senior High School. No cases of active pulmonary tuberculosis were found as a result of these examinations.

Children who are contacts of tuberculosis are referred to the Norwood Visiting Nurse Association. The visiting nurse arranges for them to be taken to the Norfolk County Hospital in Braintree for their follow-up X-ray and examination.

Milk Lunch

The Woman's Club through the Norwood Community Chest Fund make it possible for some 97 children to have a milk lunch each day. Children who are able to provide their own milk also have an opportunity to have this mid-morning lunch.

Handicapped Children

For the physically handicapped child (one who might have a cardiac condition, rheumatic fever, polio, orthopedic surgery, etc.) unable to attend regular school sessions home tutoring is provided on request made by the attending physician. The number of children so tutored varies from month to month. The tutoring enables the child to keep pace with his classmates.

Habit and Guidance Clinics

Having known of the good work accomplished in the past when we had the facilities of the Habit and Guidance Clinics in the Norwood Hospital we find it difficult to help solve many problems without their assistance.

There are clinics in Boston which could be used for this work, but the time consumed in reaching them by bus and trolley, the expense of this transportation, etc., present difficulties. Again enthusiasm for the service cools when waiting several weeks for an appointment.

Combined efforts on the part of all who are interested in the welfare of children, i. e., the community at large, P.T.A., Veterans' groups, Women's Club, Mothers' Club, Fraternal organizations, individual parents, teachers, and nurses could promote the reestablishment of such a clinic in our community. This would be an excellent project to be undertaken if the proposed Norwood Community Council is realized.

Conclusion

To all those within the school system and to our friends outside the school family, we of the Health Department extend our appreciation and thanks and sincerely hope that we may count on the same wholehearted cooperation in the future. We hope they will feel free to call upon us for any assistance we may be able to give them.

MARY A. CANNING, R.N.

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my report as Attendance Officer for the year ending December 31, 1949.

Total number of investigations	209

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1949, as follows:

Daniel E. Callahan, *Chairman*
John Ahearn, *Clerk*
Thomas F. Riley, *Member*

On January 1, 1949, the debt of the Town was \$155,000.00 with maturities in 1949 of \$37,000.00. No money was borrowed during the year for any purpose.

After examining the request for appropriations submitted by various departments the Commission met with Department Heads and Committees charged with the disbursement of the appropriations and discussed in detail the basis for such requests.

On completion of the work of the Commission a public hearing was held prior to the Adjourned Town Meeting.

The sum of \$20,000.00 was appropriated for the Reserve Fund and transfers were made therefrom as follows:

New Air Whistle	\$4,500.00
Traffic Signal at E. Hoyle and Washington Streets	397.00
Hawes Brook Swimming Pool	1,700.00
Police Department Salaries, Special	1,000.00
Travel Out of State	40.00
Permanent Sidewalks	150.00
Roadway and Parking Area for Norwood Municipal Airport	5,075.00
Maintenance and Control of Traffic	350.00
Police Department Salaries, Special	1,100.00
Public Works, Incidental Expense	569.74
Public Works, Sick Leave	250.54
Police Department Salaries, Special	59.40
Board of Survey	15.00
Election and Registration, Incidentals	60.00
Treasurer and Collector, Incidentals	150.00
Board of Appeal	35.00
Travel Out of State	22.53
Maintenance of Public Dumps	68.82
Fire Salaries, Subs and Callmen	325.00
Treasurer and Collector, Incidentals	1.30
Maintenance of Municipal Building, Public Services	70.96
Police Incidentals	186.30
Maintenance and Control of Traffic	42.34
Health, Personal Services	8.47
Permanent Sidewalks	1.96
Garage, Gas and Oil	289.17

Sick Leave, Public Works Division	.24
Town Committee on Rehabilitation	18.64
Observance of Memorial Day	10.08
Housing Veterans of World War II	238.65
	\$16,736.14

Respectfully submitted,

DANIEL E. CALLAHAN, *Chairman*

JOHN AHEARN, *Clerk*

THOMAS F. RILEY, *Member*

CHARLES P. STONE

Born June 25, 1893

Died July 4, 1949

Charles P. Stone served the Town of Norwood as Assistant to the Town Clerk and Accountant from July 19, 1919 to April 1, 1928, when he was appointed Chief Billing Clerk for the Electric Light Department.

The Town of Norwood extends this expression of gratitude for his long period of faithful service and records its appreciation and its expression of condolence in his departure.

The Honorable Board of Selectmen,

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1949, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule:

WALTER A. BLASENAK,
Town Clerk and Accountant

February 14, 1950

Norfolk, ss.

Then personally appeared the above named Walter A. Blasenak and made oath that the foregoing statement is true.

WARREN L. MILLIKEN,
Notary Public,
My Com. expires Sept. 20, 1951

REPORT OF STATE AUDITORS

DEPARTMENT OF CORPORATIONS
AND TAXATION

DIVISION OF ACCOUNTS

Made in Accordance with the Provisions of
Chapter 44, General Laws*THE COMMONWEALTH OF MASSACHUSETTS*

*To the Board of Selectmen,**Mr. Walter J. Dempsey, Chairman,
Norwood, Massachusetts.**Gentlemen:*

I submit herewith my report of an audit of the books and accounts of the Town of Norwood for the year ending December 31, 1948, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

*Mr. Francis X. Lang,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.**Sir:*

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Norwood for the year ending December 31, 1948, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the Town, or committing bills for collection, were examined and verified by comparison with the books and records in the office of the Treasurer and the Town Accountant.

The books and accounts in the office of the Town Accountant were examined and checked. The recorded receipts were compared with the Town Treasurer's books and with the records of the several departments collecting money for the Town or

committing bills for collection. The records of disbursements were checked with the treasury warrants approved by the Selectmen and with the Town Treasurer's books.

The general and appropriation ledgers were analyzed, the appropriations were checked with the Town Clerk's records of Town Meetings and the transfers from the reserve fund were checked with the finance committee's authorizations for such transfers. A trial balance was taken off, the necessary adjustments resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the Town on December 31, 1948. This balance sheet indicates that the Town is in excellent financial condition.

The books and accounts of the Town Treasurer were examined and checked in detail. The cash book was added and the recorded receipts were compared with the records in the several departments in which money was collected for the Town and with the other sources from which money was paid into the Town Treasury. The payments were checked with the treasury warrants and the Town Accountant's books.

The Treasurer's cash balance on January 25, 1949 was proved by reconciliation of the bank balance with statements furnished by the banks in which Town funds are deposited and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and were checked with the cancelled securities and coupons on hand.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the Town Treasurer were examined and listed. The income was proved, the amounts transferred to the Town were verified, and the balances were reconciled with the Town Accountant's ledger accounts.

The investments of the contributory retirement system in the custody of the Town Treasurer were examined and listed. The receipts and disbursements were verified by comparison with the records of the contributory retirement board, and the cash balance on January 25, 1949 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The books and accounts of the Henry O. Peabody School for Girls Fund, in the custody of trustees, were examined and checked for the period from January 1, 1948 to January 31, 1949. The investments were examined and listed, the income was proved, the payments were checked with the approved vouchers on file, and the amount transferred to the Town was verified by comparison with the Town Treasurer's cash book. The cash balance on January 31, 1949 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The records of tax titles and tax possessions held by the Town were examined and checked. The amounts transferred to the tax title account were compared with the Tax Collector's books, the recorded redemptions of tax titles and of sales of tax possessions were checked with the Treasurer's cash book, the foreclosures were verified, and the tax titles and tax possessions on hand were listed, reconciled with the Town Accountant's ledger accounts, and compared with the records in the Registry of Deeds.

The books and accounts of the Veterans' Housing Committee were examined and checked in detail. The tenants' ledger accounts were analyzed, the recorded collections on account of surety deposits and rentals were compared with the Town Treasurer's cash book, and the outstanding accounts were listed.

The Town Treasurer's payments from the Veterans' Housing account were compared with the approved warrants on file, and the cash balance on January 25, 1949 was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit.

It was noted that the Veterans' Housing Committee is still administering the affairs of the local project even though a Housing Authority has been created by the Town.

Section 8 of Chapter 372 of the acts of 1946, as amended, reads in part:

"In carrying out the provisions of this act, any city or town in which a housing authority has been organized under Chapter 121 of the General Laws shall use such housing authority as its agent, and all moneys appropriated under this act or received by such city or town for the purpose of this act from any source shall, except as provided in section 8B of this act, be paid to the treasurer of the authority, and shall be disbursed by him subject to section 26U of said Chapter 121."

The books and accounts of the Town Collector were examined and checked in detail. The tax, motor vehicle and trailer excise, assessment, departmental, municipal light, and water accounts outstanding at the time of the last examination, as well as all subsequent commitments, were checked with the warrants for their collection.

The collector's cash books were analyzed and the recorded collections were compared with the payments to the treasurer, the abatements and discounts were checked to the records in the departments authorized to grant them, the taxes and water liens transferred to the tax title account were verified, and the outstanding accounts were listed and proved with the respective ledger accounts.

Verification of the correctness of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the Town, the replies received thereto indicating that the accounts, as listed, are correct.

Attention is called to the outstanding departmental, municipal light, and water accounts. Prompt action should be taken to bring about a complete settlement of these accounts.

The records of guarantee deposits for sewer, municipal light, and water services, as well as those made by consumers of electric energy, were examined and checked. The recorded deposits were listed, the refunds and transfers to accounts receivable were verified, and the deposits on hand were reconciled with the Town Accountant's ledger accounts.

The financial records of the Town Clerk were examined and checked in detail. The records of licenses granted were compared with the record of licenses issued, and the receipts on account of licenses, permits, recording fees, etc., were compared with the Town Treasurer's recorded receipts.

The collections on account of dog and sporting licenses were checked with the stubs on file and compared with the payments to the Town Treasurer.

The surety bonds of the several town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of licenses and permits issued by the police, fire, and health departments were examined and checked. The payments to the Treasurer were compared with the Treasurer's recorded receipts and the cash balances were verified by actual count.

The records of departmental cash collections by the sealer of weights and measures, as well as by the school, library, and cemetery departments, were examined and checked, and the payments to the Treasurer were verified.

In addition to the departments mentioned, the records of all other departments collecting money for the Town were examined and checked in detail.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the Treasurer's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, municipal light, and water accounts, as well as tables showing the condition and transactions of the trust, investment, and retirement funds.

During the progress of the audit, cooperation was received from the several officials of the Town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That Article 2 be laid upon the table.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

Voted: That the Town Treasurer and Collector of Taxes as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1950, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer and Collector of Taxes in his capacity as Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1950, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

ARTICLE 6. B-5. Inspector of Buildings. a. Salary b. Incidentals.

Voted: That the sum of \$4,650.00 be raised by taxation and appropriated for the following purposes: (a) For salary of Inspector of Buildings, \$3,900.00; (b) Incidental Expense of Building Inspector, \$750.00.

ARTICLES 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25 and 26.

Voted: That Articles 5, 6, with the exception of Article 6, Sub-Division B-5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25 and 26 be referred to the Finance Commission for consideration and report with recommendations at the Adjourned Session of this meeting.

Voted: That this meeting adjourn.

Attest: WALTER A. BLASENAK.
Town Clerk and Accountant.

SPECIAL TOWN MEETING**March 30, 1950**

On a warrant duly issued by the Selectmen under the date of March 14, 1950, and signed by Clement A. Riley, W. J. Dempsey, Charles L. Rich, Harry B. Butters and George C. O'Brien, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundary established under Section 17 of said By-Law with respect to a certain portion of existing General Residence District and to establish the same as a Business District with respect to the following area, namely,

Beginning at a point N 80°-27'20" E and distant 165.51 feet from the point of beginning of the THB district point of beginning as laid out on even date and runs thence N 15° 27' 20" E 1477.05 feet and northeasterly by a curve of 4810 foot radius a distance of 142.48 feet to the present M district thence running S 76° 02' 10" E 100.15 feet by the present M district thence running southwesterly by a curve of 4710 foot radius a distance of 169.09 feet and S 15° 27' 20" W a distance of 110.34 feet to the point of beginning as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the Existing Trunk Highway "A" and to establish same as Trunk Highway B with respect to the following area: namely,

Beginning at a point in the easterly line of the State Highway known as the Boston Providence Turnpike (Route 1) said point being N 15° 27' 20" E and distant 75 feet from the intersection of the easterly line of the State Highway with the northerly line of Sumner Street and runs thence N 15° 27' 20" E 1547.00 feet and northeasterly by a curve of 4960 foot radius a distance of 102.56 feet along the easterly line of the State Highway to the present terminus of the THB district, thence runs S 76° 02' 10" E 150.23 feet, thence running southwesterly by a curve of 4810 foot radius a distance of 142.48 feet and S 15° 27' 20" W a distance of 1477.05 feet, the last two distances being parallel with and 150 feet easterly of the State Highway and runs thence S 80° 27' 20" W a distance of 165.51 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 3. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Laws with respect to a certain portion of the existing General Residence and to establish same as a Business District with respect to the following area: namely,

Beginning at a point in the easterly line of Lenox Street, said point being 97.50 feet southerly of the southerly line of Williams Street; thence running easterly by a line parallel with and distant 97.50 feet from the southerly line of Williams Street a distance of 400 feet more or less; thence southerly by a line parallel with and distant 400 feet from the easterly line of Lenox Street a distance of 415 feet more or less; thence northwesterly by a line parallel with and 100 feet distant from the northerly line of Nahatan Street a distance of 312 feet more or less; thence northerly by a line parallel with and 100 feet distant from the easterly line of Lenox Street a distance of 128 feet more or less; thence turning at right angles and running 100.00 feet to the easterly line of Lenox Street; thence running northerly to the easterly line of Lenox Street a distance of 215.20 feet to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 4. To see if the Town will vote to authorize the Selectmen to lease for a period not exceeding five years a building or parts of building for the purpose of providing suitable headquarters for American Legion, Norwood Post 70, subject to regulations to be made by the Selectmen therefor as provided by law, and to raise and appropriate a sum to provide for the current year, or take any other action in the matter.

Voted: To so authorize the Selectmen and that the sum of \$500.00 be raised by taxation and appropriated for the payment of rent reserved under such lease for the current year.

ARTICLE 5. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing, on the site of the tennis courts on the Senior High School grounds, a play area suitable for winter, fall, and summer sports, or take any other action in the matter. (On request of the School Committee.)

Voted: That the Town Moderator appoint a Committee of five citizens to make a study of, and report upon the advisability of building on the site of the tennis courts on the Senior High School grounds, a permanent hard smooth surface play area, which may be used and equipped for year around play and sports area.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to sell for such price as they may determine the obsolete hook and ladder unit and other pieces of obsolete motor equipment in the Fire Department.

Voted: To so authorize the Selectmen.

ARTICLE 7. To see if the Town will vote to authorize the Selectmen to purchase for playground purposes a certain parcel of land on Allen Road belonging to Julia A. Keohane, bounded southerly by Allen Road, easterly by land of the Town of Norwood, northerly by land of Julia Murphy and westerly by land of Carlton W. and Helen F. Soderstrom, Julia A. Keohane and Margaret M. Taylor, and containing 21,440 square feet, and to raise and appropriate money by taxation, for such purpose, or take any other action in the matter.

Voted: To so authorize the Selectmen, and be it further voted that the sum of \$700.00 be raised by taxation and appropriated for such purpose.

ARTICLE 8. To see what sum of money the Town will vote to raise, borrow, or transfer from available funds in the treasury, and appropriate for the constructing of an addition to the present new Public Works Building and Yard, or take any other action in the matter.

Voted: By transfer from Surplus Revenue, the sum of \$35,350.00.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

SPECIAL TOWN MEETING

March 30, 1950

On a warrant duly issued by the Selectmen under the date of March 21, 1950, and signed by Charles L. Rich, Clement A. Riley, Walter J. Dempsey, George C. O'Brien and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to authorize the Selectmen to purchase for public parking purposes certain parcels of land shown as Parcels 1, 2, 3, 4, 6, 7 and 10 and portions of Parcels 8 and 9 as shown on plan entitled, "Plan of Proposed Parking Area in the Vicinity of Washington Street, Nahatan Street, Maple Street and Cottage Street, by A. W. Thompson, Town Engineer," and to see what

sum the Town will vote to raise, and borrow and appropriate for such purpose.

Voted: Indefinite postponement.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant.

ADJOURNED ANNUAL TOWN MEETING

January 16, 1950 to March 30, 1950

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak, and dated March 15, 1950, the Adjourned Annual Town Meeting was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant, and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of town officers and committees.

Voted: That the Seventy-Eighth Annual Report of the Town of Norwood be received and accepted as printed.

Voted: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the year 1950 be received and acted upon.

Voted: To place a picture of George F. Willett in the Municipal Building bearing suitable inscription, and that the following Resolution as presented by the Committee be presented to Mr. Willett at public ceremony:

Town of Norwood

RESOLUTION TO GEORGE F. WILLETT

RESOLVED THAT:

The Town of Norwood and its citizens are most fortunate in having you, GEORGE F. WILLETT, as a citizen. Your exceptional civic leadership has contributed greatly to the fame and growth of the town.

You have given freely of your time, energy, experience, knowledge and money. The full value of these is only known to yourself. We, as citizens, know what a great contribution you have made and extend our sincere thanks.

In spite of the dark days and troubled times you have pressed on for your ideals and principles in the interest of Norwood. Most men would have yielded and sought the path of least resistance. Your continued participation in town

affairs exemplifies that you still have faith in Norwood and that you are still looking to the future for an even better community.

Your thoughts and long range planning have had no equal. Some of our present problems would not exist today if your plans and suggestions could have been carried out.

Years ago you contributed much to the improvement and modernizing of our Town Charter. As the result, Norwood was the first town to adopt the town manager form of government.

Through your efforts the old town square was changed to one of modern times and has become known over the country. You, Mr. Willett, realized the importance of the health of this community and established and financed free dental, orthopedic and eye clinics with the Corner House as Health Center and Emergency Hospital. Norwood soon outgrew this small hospital, whereupon, you acquired Dr. Norton's property and established the Norwood Hospital. Willett Pond, Westover Garden Village, Holmwood-on-Willett Pond, Memorial Park and future highways are an example of your good community planning.

The Norwood Civic Association, which you so generously provided for all, was a civic center second to none. The children and youth who enjoyed the finest in recreation and civic functions at that institution are now citizens of today.

BE IT RESOLVED: That we, as citizens of Norwood, show our appreciation for all those benefits and leadership obtained at the Civic by taking an active part in present civic affairs in the best interest of our town.

BE IT FURTHER RESOLVED: That this resolution be spread upon the records of the Town of Norwood and that a copy be presented to George F. Willett in an appropriate manner, also, a copy be prepared for publication in the local papers.

RESOLUTION COMMITTEE

Herbert A. Wiggin
Lucile W. Riemer
Stephen M. Hefferan
Clement A. Riley
Rosewell A. Norton

Voted: To accept the following report:

"We, the undersigned submit the following report with respect to the section of road from Washington Street, South Norwood to State Highway, Route 1.

We recommend advisable the contruction of this section from Washington Street, South Norwood, to State Highway, Route 1, as soon as definite plans and arrangements can be completed, and that the layout, from the westerly side of said State Highway to the easterly line of location of the Old Colony Railroad Company, follow as closely as possible a plan of same by A. W. Thompson, Town Engineer, July 13, 1938, and from the easterly line of location of the Old Colony Railroad Company to the easterly end of St. Paul Avenue and thence to Washington Street.

With respect to the section of road from Washington Street to Walpole Street,

We recommend that this section be given further study by this committee to determine a proper location for future construction.

THOMAS U. MAHONY, Chairman
PATRICK LONG, Secretary
JOHN A. ABDALLAH
ROSEWELL A. NORTON
MICHAEL J. CROWLEY
HARRY B. BUTTERS

Voted: That the following report submitted and signed by Herbert A. Wiggin be accepted:

SOUTH NORWOOD HIGHWAY

The advisability of a new highway between Boston-Providence State Highway and Walpole Street through the southerly section in Norwood should be considered in two parts.

Part One—Washington Street to the Boston-Providence State Highway.

Part Two—Washington Street to Walpole Street.

In each instance they should be a part of a coordinated overall long range planning program for the entire town.

Washington Street to Walpole Street

There are many factors to be taken into account before proceeding with plans for this section. It is recognized that some people would receive some benefit from such a highway. It must be remembered that the railroad and other factors would make this a costly project and places upon it certain limitations.

A general observation does not indicate that there is a need for it at this time. It is conceivable that future developments would make a demand for consideration.

It is recommended that no action be taken at this time.

Washington Street to Boston-Providence State Highway, U. S. Route 1

From a general viewpoint and observation there appears to be a present need and demand for provision to relieve traffic conditions between these two points over Dean Street. This need extends over the same street to Neponset Street.

It appears there is a present need and demand for proceeding with plans and advisable to correct the condition now.

The lack of up to date details and data prohibits rendering an opinion as to the proper solution. The limitations caused by the two railroad lines, water levels and other area conditions must be given careful study.

It is recommended that our Engineering Department proceed with the work as follows:

First: Collect data to ascertain specific needs for handling, industrial mercantile and residential requirements. a. Present b. Future.

Second: Study and evaluate the needs and coordinate them with an overall plan for the town. This should include all departments and services. What are other traffic control agencies doing or plan to do in this area?

Third: Ascertain what step by step changes, improvements, regulations, etc., if any, can be made for existing street, or combinations of changes to provide a reasonable solution to the problem.

Fourth: Does the analysis of the problem reveal such conditions that an entire new highway is the only solution and will warrant its cost?

Five: Prepare plans and specifications for the project which will solve our present problem and provide for future needs.

ARTICLE 5. To see what disposition the Town will make of money received for dog licenses.

Voted: That this Article be laid upon the table to be taken up and acted upon together with Item 8, Sub-Division D of Article 6.

ARTICLE 6. To see what sum of money the Town will vote to raise, borrow, or transfer from available funds in the treasury, and appropriate for the current fiscal year for the following purposes, or take any other action in the matter.

A. General Government.

1. Selectmen. (a) Salaries, (b) Incidentals.

Voted: (a) That the Selectmen receive no salaries. (b) By taxation, the sum of \$500.00 for the Clerk of the Selectmen and the further sum of \$100.00 be raised by taxation for incidental expense of the Selectmen.

2. (1) Town Clerk and Accountant (2) Town Bookkeeper.

(a) Salaries, (b) Incidentals, (c) New Equipment.

Voted: (1-2) (a) For salary of Town Clerk and Accountant and Town Bookkeeper, \$5,400.00, of which sum \$2,800.00 shall be raised by taxation, \$2,000.00 taken from receipts of the Electric Light Department, and \$600.00 taken from receipts of the Water Department. (b) For incidentals, \$31,225.00 of which amount, \$13,975.00 shall be raised by taxation, \$13,000 taken from receipts of the Electric Light Department, and \$4,250.00 taken from the receipts of the Water Department, and with respect to said \$31,225.00, not more than \$25,550.00 shall be available for personal services. (c) For purchase of new equipment, \$500.00 by taxation.

3. Town Treasurer and Collector of Taxes. (a) Salary, (b) Incidentals, including premium on suretyship bond, (c) To meet the expense of the foreclosure of tax titles held by the town.

Voted: (a) \$5,300.00 for salary of Town Treasurer and Collector of Taxes, of which amount, the sum of \$4,150.00 shall be raised by taxation, \$900.00 taken from the receipts of the Electric Light Department, and \$250.00 taken from the receipts of the Water Department, said salary to be retroactive to January 1, 1950. (b) \$15,200.00 for incidental expense, of which amount \$11,500.00 shall be raised by taxation, \$2,900.00 taken from the receipts of the Electric Light Department, and \$800.00 taken from the receipts of the Water Department; and with respect to said \$15,200.00, not more than \$11,700.00 shall be available for personal services. (c) By taxation, the sum of \$100.00.

4. Assessors. (a) Salaries, (b) Incidentals, (c) New Equipment.

Voted: (a) By taxation, \$5,500.00. (b) By taxation, \$5,210.00 of which amount not more than \$3,600.00 shall be used for personal services. (c) By taxation, \$3,432.60.

5. Certification of Bonds and Notes.

Voted: By taxation, the sum of \$50.00.

6. Finance Commission. (a) Incidentals.

Voted: By taxation, \$700.00.

7. Law. (a) Salary, (b) Incidentals, (c) Books for law library, (d) Expense of defense of Assessors in proceedings under Chapter 58A, General Laws.

Voted: (a) Salary, by taxation, \$3,300.00. (b and c) By taxation, \$415.00. (d) Indefinite postponement.

8. Election and Registration. (a) Salaries, (b) Incidentals.

Voted: (a) By taxation, \$1,000.00. (b) By taxation, the sum of \$10,995.00.

9. Memorial Municipal Building. (a) Maintenance.

Voted: \$17,468.00 of which amount \$15,368.00 shall be raised by taxation, \$1,800.00 taken from the receipts of the Electric Light Department, and \$300.00 taken from the receipts of the Water Department, and with respect to the \$17,468.00, not more than \$6,648.00 shall be used for personal services.

10. General Manager. (a) Salary, (b) Incidentals, including premium on suretyship bond.

Voted: (a) \$7,464.93, of which amount \$4,214.93 shall be raised by taxation,

\$2,150.00 taken from receipts of the Electric Light Department and \$1,100.00 taken from receipts of the Water Department. (b) \$10,265.00, of which amount \$8,865.00 shall be raised by taxation, \$1,200.00 taken from the receipts of the Electric Light Department and \$200.00 taken from receipts of the Water Department, and with respect to the \$10,265.00, not more than \$8,500.00 shall be available for personal services.

And be it further voted that the sale of existing equipment is authorized, and the proceeds of the same made available for the purchase of new equipment.

11. Engineering. (a) Salaries, (b) Incidentals.

Voted: (a) By taxation, \$6,000.00. (b) By taxation, \$13,585.00.

12. Board of Survey. (a) Incidentals.

Voted: (a) By taxation, \$50.00.

13. Planning Board. (a) Incidentals.

Voted: (a) By taxation, the sum of \$400.00.

14. Board of Appeal. (a) Incidentals.

Voted: (a) By taxation, \$50.00.

B. Protection of Persons and Property.

Voted: To so accept and allow.

ARTICLE 4. To see if the Town will vote to accept and allow a new town way to be known as Pond Avenue, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept and allow.

ARTICLE 5. To see if the Town will vote to accept and allow a new town way to be known as West Border Road, running between

East Cross Street and Nahatan Street Extension, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept and allow.

ARTICLE 6. To see if the Town will vote to accept and allow the widening of Central Street, between Railroad Avenue and Lyman Place, as laid out and reported by the Board of Selectmen, or take any other action in the matter.

Voted: To so accept and allow.

ARTICLE 7. To see if the Town will vote to authorize a petition to the legislature for amendment of Chapter 197, Acts of 1914, being the Town Charter Act, so called, changing the date of the Annual Town Meeting from the third Monday in January to the third Monday in March.

Voted: Motion lost.

ARTICLE 8. To see if the Town will vote to accept the provisions of Sections 81-K to 81-U, inclusive, of Chapter 41, of the General Laws as amended relating to powers of the Board of Survey.

Voted: To so accept.

ARTICLE 9. To see if the Town will vote to adopt the following as a town by-law: A Board of Appeals shall be established under the provisions of Section 81-R of Chapter 41 of the General Laws as amended:

Voted: To so adopt.

ARTICLE 10. To see if the Town will vote to abandon all rights under the easements and rights of way acquired by said Town of Norwood by taking dated September 24, 1935, recorded with Norfolk Deeds, Book 2085, Page 578, in and to a strip of land two feet wide along the northerly side of said easements and rights of way running from Shaw Street to "20 Ft. Sewer Taking Dated 1907" shown on plan hereinafter mentioned, acquired as hereinbefore stated said easements and rights of way being shown on plan entitled "Town of Norwood, Mass., Plan of Easement taken from Dennis J. Keohane for Sewer Purposes," A. W. Thompson, Town Engineer recorded with Norfolk Registry of Deeds with taking by Town of Norwood filed as Number 363 of 1935 recorded as aforesaid in Book 2085, Page 578.

Voted: To so abandon.

ARTICLE 11. To see what action the Town will vote to take with reference to a report of the Norwood Civic Association as submitted to the meeting. (On petition of George F. Willett.)

Voted: That a committee of fifteen be appointed by the Moderator, one from each district and seven at large, to consult with Mr. Willett and the Trustees of the Norwood Civic Association with reference to development of plans of the Norwood Civic Association and report to some town meeting not later than next January.

ARTICLE 12. To see if the Town will vote to authorize the General Manager to enter into agreement for the acquisition, installation or maintenance of parking meters in accordance with the provisions of General Laws, Chapter 40, Section 22A as amended, or take any other action in the matter. (On petition of Ambrose J. Kelly.)

Voted: Motion lost.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant

SPECIAL TOWN MEETING

October 20, 1950

On a warrant duly issued by the Selectmen under the date of October 11, 1950, and signed by Harry B. Butters, Walter J. Dempsey and Clement A. Riley, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of town meetings were complied with. The warrant calling

the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing General Residence District and to establish the same as a Manufacturing District with respect to the following area: namely,

Beginning at a point in the northerly line of Everett Street said point being 400 feet easterly from the easterly line of the Boston Providence Turnpike; thence running northeasterly by a line parallel with and distant 400 feet from the said easterly line of the Boston Providence Turnpike a distance of 1128 feet more or less; thence running easterly by the Town line between Norwood and Westwood a distance of 628 feet more or less; thence running southerly by the westerly line of Downer Street a distance of 1340 feet more or less; thence running northwesterly by the northerly line of Everett Street a distance of 1140 feet more or less to the point of beginning, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to authorize the Moderator to appoint a committee to study the matter of acquisition of land for school purposes.

Voted: Motion lost.

ARTICLE 3. To see if the Town will vote to authorize the Selectmen to purchase for school purposes two (2) parcels of land, (1) a certain parcel of land lying Southerly of Dean Street and Westerly of Neponset Street, owned by Friedrich W. Schumacher and containing 9 acres, 2,314 square feet, more or less; (2) a certain parcel of land lying Southerly of Dean Street and Westerly of Neponset Street, owned by Albin Stitt and containing 2,890 square feet, more or less; and raise and appropriate a sum of money for such purpose." (On petition of John F. Reynolds et al.)

Voted: To so authorize the Selectmen.

ARTICLE 4. To see what sum of money the town will vote to raise and appropriate to meet the further expense of Electric Light Department, purchase of electrical energy, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: By transfer from Chapter 90, Highway Construction the sum of \$20,000.00 and by transfer from Surplus Revenue, the sum of \$10,000.00.

ARTICLE 5. To see what sum of money the town will vote to raise and appropriate to meet the expense of Electric Light Department Construction, said appropriation to be provided for by transfer from Surplus Revenue, Overlay Surplus, and or from available balances in existing appropriations for the current year.

Voted: By transfer from Overlay Surplus, the sum of \$9,600.00, and by transfer from Surplus Revenue, the sum of \$16,400.00.

Voted: That this meeting be dissolved.

Attest: **WALTER A. BLASENAK,**
Town Clerk and Accountant

THE COMMONWEALTH OF MASSACHUSETTS
TOWN OF NORWOOD

WARRANT FOR STATE ELECTION

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings;

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood, qualified to vote in elections and town affairs, to assemble in the State Armory on Nahatan Street,

Norwood, on Tuesday, the seventh day of November, A. D. 1950, at 5:45 o'clock in the forenoon, then and there to give in their votes for: Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney General; Representative in Congress, Thirteenth District; Councillor, Second District; Senator, Second Norfolk District; Two Representatives in General Court, Seventh Norfolk District; District Attorney for Norfolk County; One County Commissioner for Norfolk County; Sheriff for Norfolk County; County Treasurer for Norfolk County (To fill vacancy); and to vote on the following questions:

Question No. 1

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 9, 1947, received 244 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 8, 1949, received 242 votes in the affirmative and 7 in the negative?

YES	
NO	

Summary

This proposed amendment of the Constitution provides for the time when the respective terms of office of the governor, lieutenant-governor and councilors shall begin and the time when their respective terms shall end. It also makes provision relative to the succession to the office of governor in the event of the death of the governor elect before qualification for the office of governor; and it further makes provision relative to the succession to the office of governor in the event of the death of both the governor elect and the lieutenant-governor elect before qualification for their respective offices.

Question No. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 4, 1948, received 154 votes in the affirmative and 44 in the negative, and in a joint session of the two branches held June 8, 1949, received 160 votes in the affirmative and 93 in the negative?

YES	
NO	

Summary

This proposed amendment to the Constitution provides for an increase in the number of signatures of qualified voters required upon an initiative or upon a referendum petition, and it further makes provision for changes in legislative procedures thereon with reference to dates upon, or within which, acts shall be done in the various stages necessary to be taken upon such petitions.

Question No. 3

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

YES	
NO	

Summary

This measure provides for minimum payments of seventy-five dollars per month, or eighty-five dollars per month if blind, as assistance to deserving aged persons who have reached the age of sixty-three years or over and are in need of relief and support.

Question No. 4

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

YES	
NO	

Summary

This measure provides for the creation of a Massachusetts commission for the purpose of conducting once every month a lottery drawing to raise additional funds by means of tickets sold to the public, within the Commonwealth, the net proceeds to be divided as follows: 50 per cent to the winners as prizes, 35 per cent for assistance to needy aged persons, 7½ per cent for assistance to needy blind persons, 7½ per cent for assistance to dependent children.

Question No. 5

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 139 in the negative and in the Senate by a vote of 13 in the affirmative and 25 in the negative?

YES	
NO	

Summary

The proposed measure strikes out the first sentence of section 113B of chapter 175 of the General Laws (Tercentenary Edition) as most recently amended by section 4 of chapter 459 of the acts of 1935, and inserts in place thereof a sentence which provides that the Commissioner of Insurance shall annually, on or before September fifteenth, after due hearing and investigation, fix and establish fair and reasonable classifications of risks and adequate, just, reasonable and non-discriminatory premium charges to be used and charged by insurance companies in connection with the issue or execution of motor vehicle liability policies or bonds, as defined in section 34A of chapter 90 of the General Laws, for the ensuing calendar year or any part thereof, but said classifications and premium charges shall be uniform throughout the Commonwealth and shall not be fixed or established according to districts or zones.

Question No. 6

A. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

YES	
NO	

B. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

YES	
NO	

Question No. 7

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES	
NO	

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES	
NO	

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES	
NO	

Question No. 8

(a) If a voter desires that this city (or town) shall declare by popular referendum that a shortage of rental housing accommodations exists which requires the continuance of federal rent control in this city (or town) after December

thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of the Housing and Rent Act of 1950, he will vote "YES" on said question. (b) If he desires that federal rent control shall cease to be in effect in this city (or town) at the close of December thirty-first, nineteen hundred and fifty, he will vote "NO" on said question. If a majority of the votes cast in any such city or town in answer to said question is in the affirmative, such city or town shall be deemed to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of said act. If a majority of the votes cast in any such city or town in answer to said question is not in the affirmative, such city or town shall be deemed not to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty.

Shall a declaration be made by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental housing accommodations exists which requires the continuance of federal rent control in this city (or town) after December thirty-first, nineteen hundred and fifty and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions

YES	
NO	

The polls shall be opened at 6:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they shall be closed.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this twenty-fourth day of October, A.D. 1950.

CHARLES L. RICH
WALTER J. DEMPSEY
CLEMENT A. RILEY
GEORGE C. O'BRIEN

October 28, 1950

Selectmen of Norwood

Norwood, Norfolk, ss.

By virtue of the within warrant, I have posted the same as directed. The posting was completed on October 28, 1950 at 5:30 P. M.

JAMES E. QUINN,
Constable of Norwood

Attest: WALTER A. BLASENAK,
Town Clerk and Accountant

Total Number of Deaths 302

Of which deaths:

148 were residents of Norwood whose death occurred in Norwood.

122 were non-residents of Norwood who died in Norwood.

32 were residents of Norwood who died in other towns.

In Memoriam

WALTER F. TILTON

April 26, 1857

August 29, 1950

Mr. Tilton was born in Boston, Mass., on April 26, 1857. He was one of Norwood's oldest and most beloved benefactors.

Mr. Tilton was a Selectman of the Town of Norwood from 1918 to 1921.

In 1927 Mr. Tilton purchased for the Town of Norwood a set of 50 carillon bells made in Croyden, England.

At the time of the presentation Mr. Tilton stated, "It is my wish that this carillon may for all time serve as a memorial to, and a reminder of, the patriotic service of all citizens of Norwood who have given their lives, their health, their strength, their thought, their comfort and means, that this nation may live.

"It is my wish that these bells may keep fresh the memory of that sacrifice and service, and by such a reminder, ever sound the call of good citizenship."

Mr. Tilton's death will be recorded in history as the loss of one of the most distinguished and humane citizens to have lived in Norwood.

**DEPARTMENTAL
REPORTS**

REPORT OF THE SELECTMEN FOR THE YEAR 1950

The Selectmen submit the following report on the activities of their department for the year 1950.

The Board organized on January 24, 1950, with the election of Charles L. Rich as Chairman and Walter A. Blasenak as Clerk.

Appointments were made during the year as follows:

January 10—**James E. Bunney** reappointed Game Warden.

January 17—**Alonzo N. Earle** reappointed Forest Warden.

January 24—**H. William Anderson** and **John F. Burke** appointed to Airport Commission.

February 14—**Joseph Long** appointed to Veterans Housing Board.

March 7—**Thomas U. Mahoney** reappointed Inspector of Animals.

March 28—**Richard D. Northrop** reappointed to Board of Assessors.

Edgar B. Armour appointed to Board of Registrars of Voters.

Claims and Litigation

Claims against the Town brought to the attention of the Selectmen during the year by court action or otherwise, were, when it appeared to be desirable or necessary, referred to the Town Counsel for advice, report and appropriate action and where disposition was made, it was on approval given.

Miscellaneous

January 3—Warrant signed for Annual Town Meeting.

Election officers appointed.

Resignation of General Manager Monahan accepted.

January 10—Public hearing on Board of Survey layouts of Cameron Road Extension, Madelyn Road, Corporal Road and Anne Road.

Approval voted of official bonds of Town Treasurer and Collector of Taxes in the amounts of \$54,400 and \$57,200.

January 17—Voted that temporary one way traffic regulation on Cottage Street be made permanent.

January 24—Voted to request State Traffic Division to conduct traffic count and survey for traffic lights at Dean and Washington Streets.

February 14—Public hearing on Board of Survey layouts of Theodora Road, Madelyn Road Extension, Forbes Avenue Extension, Codman Road Extension and Eaton Road Extension.

March 7—Voted to prohibit parking on northerly side of Railroad Avenue from Washington Street to Central Street.

March 7—Voted to adopt the following parking regulations:

(a) Parking to be allowed only on the northerly side of Howard Street from Washington to Baker Streets and No Parking signs placed on southerly side of Howard Street.

(b) Parking to be allowed only on the northerly side of Railroad Avenue from Washington to Baker Streets and No Parking signs placed on southerly side of Railroad Avenue.

(c) Parking to be allowed only on the northerly side of Nahatan Street from Washington to Maple Streets and No Parking signs placed on the southerly side of Nahatan Street.

(d) A free parking sign to be placed on the electric light pole on Central Street at the entrance to the parking lot on the northerly side of the municipal building and illuminated at night.

March 14—Conference with Electric Light Rate Survey Committee. Recommendations of Committee with respect to survey approved.

March 21—Public hearing on Board of Survey layout of Windsor Road.

April 4—Public hearing on Board of Survey layout of Westview Drive, Longwood Terrace, Lee Road and Woodland Road.

April 11—Traffic regulation adopted providing for parallel parking on southerly side of Nahatan Street between Central Street and Broadway, 60° angle parking on northerly side and elimination of center parking.

Traffic regulation adopted providing for parallel parking on southerly side of Nahatan Street between Central Street and Broadway, 60° angle parking on southerly side and elimination of center parking.

June 20—Voted to proceed with the installation of eight eight-inch gravel packed wells at Ellis Station as recommended by Fay, Spofford and Thorndike.

June 27—Public hearing on Board of Survey layouts of Bruce Road, Wood Drive, Lane Drive, Azelea Drive, Juniper Drive, Meadow Road, Ridgewood Road, Talbot Road, Morrill Road and Rosemary Street Extension.

Traffic regulation adopted prohibiting parking on either side of Dean Street from Washington Street to the Dean Street bridge.

July 18—Public hearing on Board of Survey layouts of Central Street widening, Pond Avenue, West Border Road, Lewis Avenue and Richland Road Extension.

August 15—Traffic regulation adopted providing for "No Parking" signs on southerly side of Bond Street between Walpole Street and Nichols Street.

Orders of Taking and Layouts signed with respect to Lewis Avenue, West Border Road, Pond Avenue and Central Street widening.

September 5—Warrant signed for State Primary. Election officers appointed.

Traffic regulation adopted prohibiting parking on southerly side of Winter Street from Walpole to Washington Streets and allowing parking on northerly side of Winter Street from Walpole to Washington Streets.

Traffic regulation adopted prohibiting parking on northerly side of Winter Street from Washington Street to Broadway and allowing parking on southerly side of Winter Street from Washington to Broadway.

Resignation of Chief of Police Lydon accepted and the Chief commended for his many years of faithful service to the town.

October 24—Warrant signed for State election. Election officers appointed.

Traffic rules and orders amended by inserting at the end of Section 2, Article V the following:

- (u) Howard Street southerly side from Washington Street to Baker Street.
- (v) Railroad Avenue, southerly side from Washington Street to Baker Street.
- (w) Nahatan Street, southerly side from Washington Street to Maple Street.
- (x) Railroad Avenue, northerly side from Washington Street to Central Street.

November 8—Voted to approve extension of federal rent control until June 30, 1951.

Voted to establish minimum building permit fee at \$3.00 up to \$3,000 estimated cost and \$2.00 per thousand from \$3,000 up.

November 14—Voted to accept resignation of Joseph W. Price, Superintendent of the Electric Light Department, effective January 1, 1951.

November 21—Public hearing on Board of Survey layouts of Windsor Road and right of way from Nahatan Street southwesterly.

December 26—Voted to notify the Federal Public Housing Authority of town's desire to take over the Veterans Housing project at Winter Street.

Throughout the year all persons desiring a hearing or conference with the Board with respect to complaints or grievances were given full opportunity to be heard and the matters complained of given due consideration.

Conclusion

The foregoing report is intended merely to indicate in part the many and varied activities of your Selectmen during the year 1950.

The list of persons qualified for Jury service as prepared by the Selectmen follows as an addendum of this report.

Respectfully submitted,

CHARLES L. RICH, *Chairman*

GEORGE C. O'BRIEN

HARRY B. BUTTERS

WALTER J. DEMPSEY

CLEMENT A. RILEY

REPORT OF THE TOWN COUNSEL

January 24, 1951

The Honorable Board of Selectmen

Gentlemen:

I submit herewith in summarized form my report of the activities of the law department for the year 1950.

Frequent amendments of the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation and its relation to our activities in order to competently advise those charged with the conduct of our town government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances and trials, drafting of articles for town meeting warrants and motions to be offered thereunder, and the drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the town were given and recommendations made as to disposition of the claims.

Other matters as to which service was rendered by way of advice and opinion are briefly referred to under the headings of the departments and officials concerned.

Selectmen

Preparation of report of Selectmen.

Preparation of deed—George lot—Plimpton Avenue.

Advice with reference to claim for property damage caused by sanding machine.

Advice with reference to statutory provisions concerning quarters for veterans organization.

Advice with reference to statutory provisions concerning tax title custodian.

Advice with reference to authority concerning disposition of obsolete motor equipment.

Advice with reference to purchase of parking area.

Advice with reference to Central Street house—O.P.A. regulations as relating to municipalities.

Opinion with reference to license requirements Route 1.

Preparation of Hanf deed to Plimpton Avenue property.

Draft of bill providing for legislative authority with reference to driven well at Buckmaster Pond.

Preparation of notices for advertising petition for same.

Opinion with reference to authority to impose restrictions on traffic on Atwood Avenue.

Opinion with reference to matter of use of town seal on published notices.

Advice with reference to parliamentary procedure.

Draft of petition with reference to legislation authorizing amendment of charter to change date of annual town meeting.

Advice and opinion with reference to authority of Board of Survey.

Advice with reference to Sunday permit in connection with Westwood Gun Club request.

Advice with reference to seasonal alcoholic beverage license.

Conference and advice with reference to sewer and drain easement on former Baptist Church property.

Opinion with reference to procedure in establishment of exterior lines of ways.

Opinion with reference to Board of Survey procedure.

Draft of article for town meeting with reference to authority for petition to legislation authorizing amendment of charter to change date of annual town meeting.

Draft of article for town meeting providing for acceptance of provisions of General Laws chapter 41 sections K to U.

Examination of record title of Keohane property with reference to proposed purchase.

Draft of article for town meeting with reference to authorization for the purchase of land for school purposes.

Attendance and advice in connection with hearing on complaint with reference to vicious dog.

Draft of bill for legislative authority with reference to reimbursement for water system expenditures on Margaret Street.

Advice with reference to status of common victualler and alcoholic beverage licenses.

General Manager

Advice with reference to Central Street house.

Advice with reference to registration procedure in connection with Plimpton Avenue property.

Advice with reference to sewer assessments.

Advice with reference to Board of Survey procedure and authority in connection with applications for subdivisions of land.

Advice with reference to Nahatan Street house in connection with Nahatan Street extension.

Advice with reference to Commonwealth bill for use of Wakefield rifle range by National Guard.

Advice with reference to Walpole Street development.

Conference and advice with reference to charter provisions with respect to jurisdiction and authority of General Manager.

Advice with reference to issuance of permit to carry revolver.

Conference and advice with reference to abatement of alleged dust nuisance.

Board of Appeal

Advice with reference to applicability of zoning by law restrictions with reference to undertaking establishment.

Advice with reference to variance in application of restrictions with reference to set back and area requirements.

Finance Commission

Drafting of motions under articles in town meeting warrants providing for the appropriation of funds.

Town Clerk and Accountant and Clerk of Selectmen

Advice with reference to provisions of General Laws Chapter 32 with reference to police retirement.

Advice with reference to statutory requirement of notice in claims against municipality.

Advice with reference to validity of contract payments involving question of adequacy of appropriation.

Advice with reference to procedure in matter of Atwood Avenue traffic restrictions.

Opinion with reference to police vacations.

Opinion with reference to restaurant sale of alcoholic beverages.

Advice with reference to auction license.

Advice with reference to requirement of license for sale of articles—Route 1.

Advice with reference to apportionment of sewer assessments.

Advice with reference to acceptance of General Laws chapter 41 section 73.

Advice with reference to validity of Board of Survey layouts of ways.

Advice with reference to provisions governing retirement pension of police officer.

Opinion with reference to library film lending service.

Advice with reference to requirements for extension of rent control regulations.

Advice with reference to election date, signatures required, dates for filing papers for certification and for election.

Advice with reference to requirement for nomination for re-election of town meeting members.

Building Inspector

Advice with reference to legal authority in enforcement of zoning by-law provisions.

Conference and advice with reference to interpretation of zoning by-law provision with reference to removal of loam.

Conference and advice with reference to zoning by-law set back provisions.

School Committee and Superintendent of Schools

Preparation of town meeting article with reference to play area.

Conference and advice with reference to Elks Park playground.

Advice with reference to motor vehicle property damage claim.

Board of Health

Advice with reference to garbage contract.

Advice with reference to abatement of alleged dust nuisance.

Planning Board

Opinion with reference to jurisdiction and authority in matter of apartment houses.

Opinion with reference to proposed restrictions on Everett Street.

Revision of draft of proposed amendments to zoning by-law with reference to area and frontage requirements.

Board of Public Welfare

Filed Answer—Superior Court in Boston vs. Norwood—suit for reimbursement.

Claim for reimbursement made against Town of Bellingham.

Advice with reference to status of funds held by recipient in joint account.

Advice with reference to procedure in matter of neglected children.

Cemetery Superintendent

Advice with reference to procedure in matter of application of laborer for retirement.

Police Department

Opinion with reference to police vacations.

Advice with reference to disposal of unclaimed property.

Librarian

Advice with reference to return of books forwarded by publishers.

Advice with reference to life membership.

Town Engineer

Conference with reference to release or abandonment of easement on Shaw Street.

Advice with reference to order of taking for public way.

Board of Assessors

Advice with reference to requirement of tax payment as condition precedent to appeal.

Respectfully submitted,

FRANCIS C. FOLEY,
Town Counsel

REPORT OF GENERAL MANAGER

*Board of Selectmen
Norwood, Massachusetts*

Gentlemen:

Herewith transmitted are the reports of the various departments over which the General Manager has administrative control.

Inasmuch as I did not become General Manager until May 29, 1950, all of the budgets and programs for 1950 originated with someone else. It was difficult to pick up the loose ends and carry out programs which were the product of someone else's thinking. However, with the help of the loyal employees and Town Officers, all of our facilities were coordinated and our projected program was carried out successfully.

It was my privilege during the time I have been here to make three important appointments and I point with pride to the extremely well qualified men I selected; namely, Albert E. Casey, Superintendent of Public Works, Patrick J. Coyne, Chief of Police and Earle D. Hardy, Superintendent of the Municipal Light Department. The wisdom of these selections is already obvious because of the increased activities and efficiency in their Departments.

To the employees and officers, I extend my most sincere thanks for their cooperation during the past year. Also, I wish to thank the 1950 Board of Selectmen which brought me here. My family and myself are very happy here. In 1951 I look forward to a happy and successful administration of the affairs of our Town.

Respectfully submitted,

JOHN B. KENNEDY
General Manager

REPORT OF THE PURCHASING AGENT

Mr. John B. Kennedy
General Manager

Dear Sir:

The following is a brief summary of purchase orders, and invoices handled by the department during the year ending December 31, 1950.

Purchase Orders Issued	1670
Total Amount of Invoices	\$983,716.00
Total Amount of Cash Discounts	\$3,755.55

In connection with each and every order numerous telephone calls, letters and other means of communication were used in order to ascertain proper competitive price, delivery dates and other important information.

In all but emergency cases, the spirit of competitive bidding was used to the fullest extent in order that Town purchases could be made at the lowest possible prices, provided quality, service, delivery, etc., were comparable. Local vendors were always contacted first in order to give them the opportunity to do business with the Town.

With the beginning of the world crisis in June, prices began to soar and deliveries on most items became very indefinite. All quotations again contained the well known wartime escalator clause, which stated that prices shown on quotations are only temporary and charges will be made in accordance with prices at time of shipment.

It is hard to say at this writing just what the coming year has in store for us as the federal government has not as yet set up any price freeze or any rationing or priorities of any type.

It is hoped that the near future will bring us peace throughout the world and that the procurement of materials will become easy once again.

Respectfully yours,

JOHN J. McAULIFFE
Clerk of Purchases

In Memoriam

MICHAEL CORCORAN

September 9, 1870 March 23, 1950

Michael Corcoran started working for the Town of Norwood in 1920. He was employed as a laborer working on all types of construction work for the Public Works Department until his retirement in 1939.

JOSEPH C. MARTIN

July 17, 1865 October 18, 1950

Joseph C. Martin was employed by the Town of Norwood as a water station operator from 1917 until his retirement on July 1, 1939.

The above men served the Town of Norwood faithfully for a great number of years and helped make Norwood the wonderful town it is today.

The Town of Norwood extends this expression of gratitude for their long period of faithful service and records its appreciation and its expression of condolence in their departure.

REPORT OF PUBLIC WORKS DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit the report of the Public Works Department for the year ending December 31, 1950.

Highland Street — Walnut Avenue (West) to Saunders Road	2687 Sq. Yds.
Cedar Street — Chapel Street to End	3222 Sq. Yds.
Quincy Avenue — Cedar Street to End	846 Sq. Yds.
Melville Avenue — Savin Avenue to End	1236 Sq. Yds.
Savin Avenue — Chapel Street to Cedar Street	3097 Sq. Yds.

The following streets were treated with M.C.-3 Asphalt and covered with sand.

Pleasant Street — East Walpole Line to Sunset Avenue	17,410 Sq. Yds.
Earle Street — Carpenter Street to Achorn Street	1,915 Sq. Yds.
Carpenter Street — Earle Street to Neponset Street	578 Sq. Yds.
Rock Street & Rock Street Extension — Pleasant Street to End	5,691 Sq. Yds.
Union Street — Sumner Street to Walpole Line	4,160 Sq. Yds.
Everett Street — Route 1 to Washington Street	4,162 Sq. Yds.
Water Street — Neponset Street to Bird & Son Gate	2,080 Sq. Yds.
Pleasant Street — Cross Street to Lenox Avenue	3,481 Sq. Yds.

Highway Construction

A new cut off was made between Dean Street and Pleasant Street. This work was done in the Fall of 1950. The loam was removed and taken to the Cemetery,

Endean Pool Grounds and Allen Road Playground. Drainage and Catch Basins were installed near Dean Street and gravel was hauled from the Old Town Pit, spread and rolled to a sub-grade level.

Also Lewis Avenue was excavated and new gravel spread up to grade.

SEWER DEPARTMENT

All Sewer Mains and Laterals were cleaned in the Town with wire brushes, scoops, etc. This took about eighteen (18) weeks, starting early in the month of January.

In the month of December, the Flexible Sewer Rod Company of Boston cleaned out different Sewer Mains with their special sewer cleaning equipment which consisted of augers and wire rods. This work was done on streets where tree roots were giving trouble in the natural flow of sewage in the pipe lines.

During the year different parts of the system were flushed.

Total number of sewers put in by Contractors (probably)	226
Total number of new connections added this year by the Public	
Works Department	44
Total number of connections	3077
Total number of Sewer Mains in operation at end of 1950	487

The Department had eighteen (18) plugged sewer services which were caused by tree roots growing into the Main Line pipes. These were cleaned out and opened up satisfactorily.

Sewer Construction

Several Trunk Line Sewers were constructed and completed this year by different Contractors.

- Main Sewer Line
1. Mastercraft Development, David Terrace, Ellis Avenue, Margaret Street, into North End Trunk Line.
 2. Richland Road, Edgehill Road, Glendale Road, Dean Street into Trunk Line.
 3. Endicott Street, to Hillshire Development at Plimpton Estate.
 4. Jefferson Drive — New Veteran's Homes into Neponset Street.
 5. Rizzo Development off Neponset Street into Trunk Line.
 6. Gay Street Sewer Construction — Sixth Street to Route 1. (Lorusso Contractor)
 7. Prospect Street — Upland Road to Gay Farm.
 8. Pleasant Street — Sunset Avenue to Sumner Street.

In addition to these Sewer Lines, private house connections were also connected into the System.

Drains Maintenance

All drains, catch basins and drain manholes were cleaned during the year and open drains were maintained.

Drain Construction

New drain constructed between the Fisher Block.

A drain and two catch basins were installed at the dead end of Sycamore Street.

A new basin was installed at the dead end of Beacon Avenue.

200' of 24" R.C. Pipe was installed at the end of Richland Road to the Neponset River.

PARKS AND PLAYGROUNDS

The Parks and Playgrounds in all sections of the Town were cleaned, mowed and all shrubbery in all Parks and Playgrounds was trimmed and shaped.

Eliot Park Baseball Diamond was regraded and surplus and waste fill has been carted and dumped to lengthen out left field.

The Civic Tennis Courts were graded and put in shape for use.

All Skating Rinks were put in shape for the winter months.

A new chain link Backstop was erected at the Wilson Street Playground.

Additional Playground equipment such as Swings, See-Saws, Jungle Gym, etc. were erected at different Playgrounds.

Forestry

All trees on all streets in the Town were sprayed with D.D.T. mixture. Also all the trees on all Town owned land were sprayed.

Eighty (80) Maple Trees were set out in front of Taxpayers homes around the Town.

Some removal work was done by the Eastern Tree Company of Dedham on our large Elm Trees in Town.

The Public Works Department men removed several small trees and also trimmed a great number of trees around Town.

Maintenance and Control of Traffic

As usual, all street signs, cross-walks, traffic lines, slow signs, stop signs, taxi and bus stop signs were painted twice during the year.

"Children Go Slow" signs, "Twenty Mile an Hour" signs and "One Hour Parking" signs were erected on posts in different sections of the Town.

WATER DEPARTMENT

The year 1950 was about the same as 1949 in regards to the water situation in Norwood. We had to use five operators to run both Pumping Stations at different times during the year in order to keep our water supply up and ample for both domestic and manufacturing use. Also for fire use and health purposes for nearly 17,000 people that are living in Norwood.

The Chapman Company of Oakdale, Massachusetts were hired to drive six (6) 8" wells in our Ellis Station Well Field in order to get more water in this area.

The Maher Company of Woburn, Massachusetts, were hired to drive the new well at Buckmaster Pond in Westwood. At this writing this work is still going on and all twelve (12) inch pipe that is going to be used on this connection to our present mains has been delivered and is now waiting to be placed in the gravel by a contractor.

The Sand Filters were cleaned about every two weeks at Buckmaster Pond during the summer season.

No. 2 Gravel Packed Well that was started in 1949, off Route 1 at Ellis Station was connected into the System and a permanent pump installed in the Well house.

As in the year 1949 a number of new homes were built in Norwood by different developers and our crews were working all hours installing new services into these new homes.

Water Statistics

MONTHLY CONSUMPTION IN GALLONS

<i>Month</i>	<i>Total Gallons</i>	<i>Ellis</i>	<i>Buckmaster</i>
January	48,432,000	40,907,000	7,525,000
February	46,692,000	39,067,000	7,625,000
March	55,329,000	40,864,000	14,465,000
April	53,590,000	45,305,000	8,285,000
May	55,747,000	46,542,000	9,205,000
June	58,873,000	42,548,000	16,325,000
July	56,579,000	41,999,000	14,580,000
August	53,339,000	40,719,000	12,620,000
September	48,319,000	36,039,000	12,280,000
October	51,566,000	39,611,000	11,955,000
November	51,328,000	38,093,000	13,235,000
December	62,271,000	49,631,000	12,640,000
		501,325,00	140,740,000

Greatest Amount of Water Pumped or Used

Day: December 22, 1950	1,948,000 Gallons
Week: December 17 - 23, 1950	12,281,000 Gallons

Miscellaneous Information

Gallons supplied to Mains during the year	642,065,000
Gallons passed through meters during year	56,069,830 Cu. Ft.
Use through Factory meters	25,544,330 Cu. Ft.
Use through Municipal meters	682,000 Cu. Ft.
Use through House meters	29,843,500 Cu. Ft.
Miles of Main at end of year	61.11
Number of Services in use at end of year	3544
Number of Meters in use at end of year	3638
Number of New Meters set	380
Meters replaced in 1950	285
Total area of land used for Water Supply purposes ..	141.9

In Retirement

OLE JACOBSEN began his employment with the Public Works Department in 1937. He worked as a laborer in this department on maintenance and construction until July, 1944 when he was transferred to the Cemetery Department. He remained at work with the Cemetery Department until July 8, 1950 when he retired from active service.

VINCENZO FAMIGLIETTI retired from active service on February 16, 1950, after twenty-eight years of faithful service with the Public Works Department as Blacksmith. Mr. Famiglietti was one of many who have made the Town of Norwood a great town.

PATRICK J. CURRAN was employed by the Public Works Department from 1931 as a laborer. During his long employment by the Town, Mr. Curran worked on various large construction jobs which built up the Town of Norwood. Mr. Curran retired on May 17, 1950.

The Town of Norwood wishes to take this opportunity to thank the above men for their loyalty in the past years and to wish them a very happy and long retirement.

Gallons of Water Pumped in Previous Years

1941	398,110,000	1946	512,542,000
1942	411,815,000	1947	480,553,000
1943	430,120,000	1948	548,990,000
1944	468,481,000	1949	601,515,000
1945	469,699,000	1950	642,065,000

Rubbish Collection

Rubbish Collection has grown to such an extent in all sections of the Town, that practically each month of the year is fully taken up by Rubbish collecting.

We are still having a great deal of trouble with people persisting in placing garbage in their barrels and also overloading of large oil drums with ashes.

If the Rubbish Collections increase much more, it will be necessary to add another truck and crew to handle it satisfactorily.

Snow Removal

During the year 1950, we had only one bad month on snow work. This was between February and March. Considerable sanding and salting work was done on streets and sidewalks throughout the Town.

New Town Yard

The first section of the New Yard was completed in June 1950 and consisted of the Highway Locker, Sewer Locker, Water Locker, Main Repair Garage and three (3) individual garage stalls as well as a Locker and Shower Room.

In December, the second section was started and in this section eleven (11) new garages are being added. This section is being constructed by the Dunwell Company of Attleboro, Massachusetts.

Personnel

On October 2, 1950, Mr. Albert E. Casey of Stoneham, Massachusetts, came to Norwood to assume the position of Superintendent of the Norwood Public Works Department. Again the problem of more men being added to the Department comes to the fore. Additional good men should be added to the Public Works Department to build it up, so that we can function properly and give maintenance service, the people are asking of the present department.

Respectfully submitted,

JOHN E. GAHAGAN

Asst. Supt. of Public Works

REPORT OF THE ENGINEERING DEPARTMENT

General Manager

Mr. John B. Kennedy

Town of Norwood, Mass.

Dear Sir:

I herewith submit my report as Town Engineer for the year 1950:

The work load on the Engineering Department increases each year and this year was an exceptional year. It has required a great deal of effort and work to keep up with the extra work with the number of available engineers in the department.

The year 1950 was a boom year in Norwood with the building of 461 new houses, it was necessary to construct water, sewer and drain mains to service these new houses.

The third section of the North East Trunk Line Sewer was completed which will enable the northeasterly section of the Town to connect into the system. This section will also provide a sewer main for a future sewer system in the Islington section of Westwood. If and when this section of Westwood decides to have a sewer system the Metropolitan District Sewer Commission will take over the North East Trunk Line Sewer Main and reimburse the Town of Norwood for part of the cost.

A change in Town policy relative to the construction of utilities has resulted in the developer constructing the streets, sewers, drains and water mains. With the several developers working in various sections of the Town at the same time, it has taxed our ability to see that all this work was done in accordance with good construction methods and with the Town of Norwood requirements and regulations.

The water situation was given considerable thought this year by the Engineering Department and by consulting Engineers from the firm of Fay, Spofford and Thorndike of Boston, Mass. With the addition of four eight inch gravel walled wells and the elimination of twenty-five old 2½ inch driven wells at the Ellis station and the starting of the 24 inch gravel packed well at the Westwood station, it begins to look as if our troublesome water supply situation is beginning to look better and much safer. It is estimated that the new well at Westwood will give us at least one and one-half million gallons of good water per day and it will be pumped directly into the system. Within the next few years our attention will be directed to better distribution throughout the Town by increasing the size of some of our street mains.

In order to protect the well at Buckmaster Pond and the new well at Ellis from future pollution, we again recommend that the Town acquire by purchase or lease with restrictions, whatever land is necessary to give the Town full control over all the area within 400 feet from these wells.

The following was put out on advertised bids and the work done by various contractors. This work required construction plans, estimates of cost, specifications, contract documents, supervision during construction, final quantities and miscellaneous engineering services.

Highways

Lewis Avenue — Margaret Street — David Terrace — Pleasant Street relocation. Nahatan Street Extension was a Chapter 90 construction job in cooperation with the Massachusetts Department of Public Works. The layout was 80 feet wide running from Pleasant Street to a point 300 feet from Route 1 and 40 feet wide from this point connecting with East Cross Street.

Baker Street	251'		

Building Repairs and Waterproofing (by Contract)

- Balch School — Remaining portion not done in 1949.
Municipal Building — Remaining portion not done in 1949.

Miscellaneous Contracts

1. Completion of parking area adjacent to Municipal Building.
2. Reinforced concrete transformer vault (14'x16") Cottage Street.

Miscellaneous Works

The following is a partial list of other miscellaneous work done throughout the year:

1. Board of Survey layouts for the following streets were checked and estimates of cost for street construction, drainage, sewers and water main extensions.

Valley Road	Bruce Road
Hillshire Road	Wood Road
Westview Terrace	Lane Drive
Longwood Terrace	Talbot Road
Ridgewood Drive	Juniper Drive
Azalea Drive	

2. Central Street exterior lines and plans for extension.
3. Plans for land transfers for school purposes near Dean Street.
4. Locating and posting tree removal notices.
5. House locations, measurements and calculations on 1950 new buildings for the Assessors.
 - 461 new houses
 - 54 remodeling of old houses and business properties
 - 15 business and factory buildings
 - 34 garages
6. Plotting 1950 land transfers on the Assessors Plans.
7. Plans and descriptions for tax sales.
8. Plans and staking and new burial sections at cemetery.
9. Plotting 1950 burials on individual lot plans.
10. Making particular sewer and water estimates to new houses and renewals to old houses.
11. Pole locations on various street for the Light Department.
12. Plans and descriptions for Zoning changes.
13. Installing master meter for checking water usage complaints.
14. Making various reports to the different State departments.
15. Final plans and reports on Access Road construction to receive State and Federal contributions.
16. Attendance at State and County hearings relative to new highway layouts and requests for maintenance contributions on various State highways.
17. Plans for additional parking areas at various locations.
18. Investigation of complaints relative to drain and sewer overflow in various sections of the Town.
19. Checking chlorine feeding equipment at Westwood Pumping Station and Hawes Brook Swimming Pool.
20. Printing and placing names of veterans on the Honor Roll.
21. Gas main locations on various streets.
22. Information for various private engineers, contractors, builders, and plumbers on water and sewer locations and elevations for service connections.
23. Attendance at Selectmen's meetings and hearings, and Town Meetings, to answer questions relative to Engineering problems.

The demand for engineering services continue to increase, and it will be necessary to increase the Engineering Department force to keep up with these demands.

Respectfully submitted,

ALBERT W. THOMPSON

Town Engineer

REPORT OF MUNICIPAL LIGHT DEPARTMENT

Mr. John B. Kennedy
General Manager

Dear Sir:

I submit herewith a report of the operations of the Municipal Light Department for the year ending December 31, 1950.

From Guild Street to Railroad Avenue new standards were erected with 15000 lumen incandescent lamps.

A new 3000 KVA, 3 phase transformer was installed at the 31st Station.

Aerial cable was installed as an express feeder from the 31st Station to Ellis Avenue.

The real estate developments in various parts of the town have required a large amount of new construction. This has made it rather difficult, with our small crew, to keep up with all of our work. This should ease up some this coming year, giving us an opportunity to rebuild some of our lines and work on the 4 KV change-over.

Some of our Fire Alarm cables should be renewed. While every effort will be made to improve our plant, all indications point to our being somewhat handicapped by difficulty in getting material.

The following is a brief summary of work done the past year:

Poles Set in New Locations			Poles Replaced		
35 ft.	40 ft.		35 ft.	40 ft.	45 ft.
86	5		18	13	2
Primary Extensions			Secondary Extensions		
No. 8	No. 6	No. 4	No. 8	No. 6	No. 4
1000 ft.	11,125 ft.	2100 ft.	1150 ft.	9677 ft.	40,446 ft.
Secondary Extensions			Street Light Extensions		
No. 1	No. 1/0		No. 8	No. 6	
6300 ft.	275 ft.		4500 ft.	5050 ft.	
Pole Type Transformers Installed			New Services		
Total KVA	559.5 KVA		Overhead	Underground	
Removed	175 KVA		383	19	
Increase	384.5 KVA				
Services Changed			Underground Cable Installed		
64			No. 7	980 ft.	5150 ft.
			5215 ft.	No. 2/0	No. 4/0

Respectfully submitted,

HOWARD C. BABCOCK, *Acting Supt.*
Municipal Light Department

TOWN OF NORWOOD

In Retirement

JOHN F. BLASENAK started working for the Municipal Light Department in 1920 as a lineman. He was promoted to line foreman in 1933 and continued in that capacity until December 1, 1950 when he retired from active service.

MICHAEL CONNOLLY began his employment for the Municipal Light Department in 1925 as a ground hand. In 1926 he was appointed as collector and meter reader. In 1940 he was made stock clerk and continued to do this work until his retirement in 1950.

The Town of Norwood wishes to take this opportunity to thank the above men for their loyalty to the Town in the years of their employment and wish them a happy and long retirement.

REPORT OF CHIEF OPERATOR

*Mr. Howard C. Babcock, Acting Supt.
Norwood Municipal Light Department*

I herewith submit my report for the year 1950.

Purchased Energy

Short Street Sub-Station	5,206,291 KWH.
Central Street Station	16,146,000 KWH.
TOTAL	21,352,291 KWH.
Increase for the year 1950	2,306,666 KWH.
Average cost per KWH. for the year 1950	\$.0137

Statistics

KWH. used for Station Power and Lighting	23,899 KWH.
KWH. used for Fire Alarm System	2,543 KWH.
TOTAL	26,442 KWH.

Street Lights were illuminated approximately 3,980 Hrs. 54 Min. using 727,197 KWH.

Respectfully submitted,

JOHN W. CLAPP
Chief Operator

METER AND INSPECTION DIVISION

*Howard C. Babcock, Acting Supt.
Municipal Light Department*

1. Wiring Permits	863
2. New Meters Installed	596
3. Meter Replacements	189
4. Meters Discontinued	41
5. Meters Discarded	113
6. Complaints from the Billing Department investigated	134

Respectfully submitted,

JOSEPH J. O'BRIEN
Deputy Wire Inspector

REPORT OF CEMETERY DEPARTMENT

*Mr. John B. Kennedy
General Manager
Town of Norwood. Mass.*

Dear Sir:

Following is the annual report of the Cemetery Department for 1950:

During the year, 204 burials were taken care of. Only one of these was in the Old Cemetery.

Foundations for 62 monuments were constructed within the year.

The effects of the drought of 1948 are still in evidence, since we found the grass to be in a generally weakened condition. We think that if the weather is favorable in 1951, the grass will regain most of its strength.

About 135 feet of black top walk, 4 feet wide was constructed in Section 48.

In an effort to screen off some of the less desirable surroundings, we planted 30 arbor vitae along the side of the dump road. We intend to add to this, since we feel that what we have done already, has made a decided improvement in the area affected.

The committee studying cemetery matters is due to report at the annual Town Meeting. We hope that they will have a solution to the problem of expansion.

Respectfully submitted,

LOUIS J. D'ESPINOSA
Superintendent

REPORT OF POLICE DEPARTMENT

*Mr. John B. Kennedy
General Manager
Norwood, Mass.*

Dear Sir:

I hereby submit the report of the Police Department relative to the personnel, organization, arrests, disposition of cases and miscellaneous duties performed during the year ending December 31, 1950.

PERSONNEL AND ORGANIZATION

Chief

Patrick J. Coyne

Acting Lieutenant

Mark F. Folan

In Retirement

THOMAS C. LYDON was appointed a member of the Norwood Police Department on April 26, 1915 and served as a patrolman until his appointment as Sergeant May 1, 1931. He was appointed Chief of Police on May 1, 1946 which position he held until his retirement on November 1, 1950.

JOHN J. NEE was appointed a member of the Norwood Police Department on April 20, 1923 and retired from the department on April 13, 1950.

WILLIAM F. MULLANE was appointed a member of the Norwood Police Department April 28, 1928 and retired from the department January 29, 1950.

The Town of Norwood is indeed grateful and extends sincere thanks to these loyal employees who have served the Town so well during the past years. May their retirement years bring them much happiness, and satisfaction for a job well done.

Disposition of Cases

Committed to Concord Reformatory	12
Committed to House of Correction	5
Committed to State Farm	3
Committed to State Hospital	8
Committed to State Prison	1
Committed to Youth Service Board	3
Continued Cases	29
Delivered to other Departments	15
Dismissed	4
Filed	25
Fined	35
Not Guilty	7
Probated	15
Released	39
Suspended Sentence	11

Miscellaneous Duties

Accidents reported and investigated	249
Accidental death	4
Ambulance calls attended	370
Buildings found open and secured	605
Cases investigated	648
Death by auto accident	4
Defective street lights reported	154
Defective streets reported	48
Defective water pipes reported	3
Disturbances suppressed without arrest	88
Dogs killed by police	8
Funeral escorts	160
Lodgers at Police Station	46
Lost children returned to parents	19
Mental patients cared for	11
Missing persons reported	3
Money escorts	738
Sick and injured assisted	47
Summonses served	170
Suspension of Motor Vehicle License	19
Vacant homes checked	83

Three members of the Norwood Police Department were retired during the past year, Chief Thomas C. Lydon, Officer John J. Nee and Officer William F. Mullane.

I wish to thank the Board of Selectmen, General Manager and the members of the other Town Departments for their cooperation with the Police Department.

Respectfully submitted,

PATRICK J. COYNE
Chief of Police

REPORT OF THE BUILDING INSPECTOR

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The following is the annual report of the Department of Inspector of Buildings for 1950:

		Estimated cost
New dwellings	429	\$3,463,153
Dwelling alterations	42	44,710
Garages private	37	31,695
Garages alterations	2	600
Minor out buildings	2	450
Dwellings moved	1	1,200
Factory & Commercial	9	585,000
Factory & Commercial alterations	17	70,000
Elevators	1	5,400
Fire repairs	1	2,500
Buildings razed	4	no cost
	545	\$4,204,708

On November 8, 1950 the Selectmen voted to make the following charges for building permits:

\$3.00 minimum fee for construction up to \$3,000.

\$2.00 per thousand above \$3,000 to be figured on estimated cost of contract price.

Fees collected for permits issued after November 8, 1950:

November — 21 permits — Fees \$260.00

December — 10 permits — Fees 190.00

\$450.00

All buildings for which permits were issued were inspected.

Ten permits were refused because of possible violation of zoning laws.

The Board of Appeal granted 7 permits and refused 2 and 1 hearing held over to 1951.

Respectfully submitted,

HENRY J. CRONAN
Building Inspector

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1950 together with the statement showing comparison of tax rate recapitulations for the year 1949 and 1950.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On March 28, 1950, Richard D. Northrop was reappointed as an assessor by the Selectmen and approved by Henry F. Long, Commissioner of Corporations and Taxation on April 11, 1950, to serve for the term of three years expiring April 1, 1953.

Tax Rate for the Year 1950

On April 11, 1950, the Board of Assessors voted that the tax rate for the year 1950 be determined at \$39.90 per each one thousand dollars of valuation, an increase of \$2.10 over the 1949 tax rate of \$37.80.

Financial Report

The financial statement of the department will be found in the report of the Town Accountant.

Appellate Tax Board Cases

There is pending for hearing before the Appellate Tax Board but one appeal from the Assessors' valuations—this being the only case in the past four years:

Docket No. 84847 Mary M. DeQuattro vs. Town of Norwood.

History

During the past ten years the town has had an increase of seven or more million dollars in valuation. Our revenue from Motor Vehicle and Trailer Excise has increased in ten years from thirty-five odd thousand to over one hundred thousand dollars, which means an increase of over 1800 vehicles.

On January 1, 1951 the Assessors will have over six hundred parcels of real estate to visit, a vast increase over ten years ago, when one hundred was considered a great deal. Norwood is growing and also its population. 1951 will also show perhaps the largest increase in valuation the town has ever had.

Respectfully submitted,

EDWARD A. FLAHERTY
WILLIAM J. DALTON
RICHARD D. NORTHROP

TABLE OF AGGREGATES OF POLLS, PROPERTY, AND TAXES

Assessed under Date of May 1, for the Following Years: 1872, 1875, 1880, 1885, 1890, 1895, 1900, 1905

*Includes gain of \$3.03 on account of fractional divisions of tax rate.

**Includes gain of \$10.42 on account of fractional divisions of tax rate.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Mr. John B. Kennedy
General Manager
Norwood, Mass.

Dear Sir:

I herewith submit my annual report for the Department of Weights and Measures for the year ending December 31, 1950.

Number of units sealed	821
Number of units adjusted	103
Number of units not sealed	18
Number of units condemned	6
Total fees collected and paid to town treasurer	\$433.55

I am pleased to report that local industries, merchants and other individuals using measuring devices requiring my supervision, have been most cooperative in complying with codes and legislature pertaining to the use of same. The supervisional inspections tended to minimize complaints which were negligible; with but a few minor exceptions, all of which were investigated and settled satisfactorily to parties concerned.

A number of non-resident pedlers and hawkers were found operating illegally within the town on the Lord's Day and stopped. That matter was handled by the State Director of Standards and the sealer was advised to relieve himself of that task and the local police was recommended for future enforcement of that Sunday ordinance. Local merchants and authorized operators desire that enforcement, to say the least in regard to others desiring to keep the Lord's Day holy.

I wish to offer the following recommendations: That all pedlers and hawkers be restricted from operating within a respectable radius of any church or cemetery at any time unless otherwise granted special authorization. That only Norwood residents be granted special Sunday licenses for peddling and hawking. That suitable space be provided the sealer within a town owned building or that proper authorization may be otherwise obtained, thus relieving the town of any assumed responsibility during the testing of vehicle equipment.

During the past year, I have become a member of the Massachusetts Weights and Measures Association and attended an annual conference for two days. Such collaborations with representatives of industry and officials in other jurisdictions are most enlightening in education toward better uniformity of enforcement methods and procedures.

I wish to thank and express my appreciation for the cooperation of all town officials and others whom I have contacted during my duties.

Respectfully submitted,

FREDERICK F. BROWN

Sealer of Wts. & Meas.

REPORT OF FIRE DEPARTMENT

*The Honorable Board of Selectmen,
Gentlemen:*

I herewith submit my report of the Fire Department for the year ending December 31, 1950.

Number of box alarms	346
Number of still alarms	49

Classified as follows:

Buildings	57
Automobiles	33
False	19
Out of Town	3
Woods, dumps and others	283

Total	395
-------------	-----

Property involved:

Buildings	\$330,450.00
Contents	109,490.00

Total	\$439,940.00
-------------	--------------

Estimated loss on buildings	\$22,415.00
Estimated loss on contents	28,100.00

Total	\$50,515.00
-------------	-------------

Insurance paid on buildings	\$20,516.33
Insurance paid on contents	29,507.76

Total	\$50,024.09
-------------	-------------

Insurance carried on buildings	\$331,850.00
Insurance carried on contents	89,650.00

Total	\$421,500.00
-------------	--------------

Number of gallons of water used	700,000
Number of feet of hose used	56,000
Ambulance calls attended	403

Inspection of business buildings, recreation and public gathering places, gasoline and oil storages, garages and gasoline stations were made in the usual manner.

I wish to thank the Honorable Board of Selectmen, the Press, and all departments of the Town for their cooperation.

Respectfully submitted,

ALONZO N. EARLE

Chief of the Fire Department

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Board of Public Welfare submits its annual report for the year ending December 31, 1950:

Mr. Adam R. Meissner was appointed to the Welfare Board on May 2, 1950, while Mr. Alonzo F. Swift, Jr. and Mr. Martin J. Foley were re-appointed. At a regular meeting of the Welfare Board on May 9, 1950 Mr. Swift was elected Chairman for the ensuing year.

A monthly summary of the number of Active General Relief and Aid to Dependent Children cases, together with the total number of persons represented follows this report.

It will be noted from the summary that the number of Aid to Dependent Children cases during the last four months is fewer than for the preceding eight months.

The Federal Government continues to render cash grants to the Town of Norwood for a proportionate amount of the regular cash allowances given to Aid to Dependent Children recipients. The Federal Government also renders cash grants on a percentage basis which is used to help defray the administrative costs of the Aid to Dependent Children program.

The Commonwealth of Massachusetts reimburses the Town on a percentage basis for the cost of Aid to Dependent Children regular assistance payments made to recipients.

Employment conditions in the Norwood area held up fairly well throughout the year.

A strike at the Bird and Sons Mills was reflected in an increase in the number of General Relief cases. The nuber of cases rendered aid because of the strike is as follows:

During September 1950	1 case
During October 1950	4 cases
During November 1950	5 cases
During December 1950	5 cases

During 1950 most hospitals have increased the cost of their services and this has been reflected in the General Relief Budget. Medicine costs have also increased.

The shortage of low-cost rentals continues in Norwood and as a result the Department finds it necessary to board members of families in different homes pending the locating of housing facilities in a moderate priced bracket.

The Town Clerk and Accountant's report found elsewhere in this Town Report shows in detail the receipts and expenditures of the Welfare Department.

The Welfare Board wishes to express their appreciation to all persons, organizations and Town Departments for their help and co-operation during the year.

Respectfully submitted,

ALONZO F. SWIFT, Chairman

MARTIN J. FOLEY

ADAM R. MEISSNER

Norwood Board of Public Welfare

REPORT OF BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Bureau of Old Age Assistance submits herewith its annual report for the year ending December 31, 1950:

Listed below is a summary giving the number of Old Age Assistance cases active at the end of each month during 1950. In this category each case represents one person:

January	160	July	170
February	161	August	177
March	168	September	175
April	166	October	173
May	167	November	174
June	166	December	175

During the year 1950 there were not any basic changes in the law which affected the amount of payments.

The Federal Government renders monthly Cash Grants to the town; on the same basis as 1949; for expenditures made in behalf of Old Age Assistance regular allowances.

The Federal Government allows a Cash Grant to the town, on a percentage basis, for use in helping defray the Old Age Assistance administrative costs.

The Commonwealth of Massachusetts pays to the Town Treasurer a percentage of the amount of the regular Old Age Assistance payment made to recipients.

Commencing October 1, 1950 the Federal Government increased the monthly allowances paid to persons receiving Social Security Benefits.

The building program in Norwood has been reflected in the Old Age Assistance case load, there being several transfer cases from other communities, which have been taken on by the Norwood Bureau.

The Town Clerk and Accountant's report listed elsewhere in the Town Report gives a detailed list of the Expenditures of the Old Age Assistance Bureau and shows also the receipts from all sources.

Respectfully submitted,

ALONZO F. SWIFT, *Chairman*

MARTIN J. FOLEY

ADAM R. MEISSNER

Norwood Bureau of Old Age Assistance

REPORT OF BOARD OF HEALTH

Mr. John B. Kennedy
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

The Board of Health submits the following report for the year 1950:

At a meeting of the Board of Health held on Feb. 10, 1950 Mr. John P. Dixon was elected Chairman of the Board for the year. Mr. James F. Foley and Dr. Charles L. Lynch continued to serve as members of the Board of Health. Regular Board meetings were held throughout the year to take care of various matters coming to the attention of the Board, the Health Office or the Agent of the Board, Mr. Bartley J. King.

The following is the report of Miss Frances McDonough, R.N. nurse at St. Catherine's Parochial School, Norwood, Mass.

It is a privilege to present my fourth annual report explaining by program at St. Catherine's School.

School Physician

Dr. Thomas O'Toole visited the school on two days each week and examined the children recommended for examination, plus routine work. This year, he examined five hundred twenty-eight children and the following defects were noted:

Throats	92
Feet	6
Heart	12
Lungs	0
Speech	20

Twelve children in our school have had their tonsils out since school started in the Fall, and many others have appointments to have them removed during the summer vacation.

Diphtheria Control

Schick Tested	144
Positive Reactors	15
Toxoid Injections	45

Tuberculosis Control

Dr. Thomas O'Toole gave the Tuberculin Patch Test to all second and ninth grade children who had their parent's permission. We had one positive reaction which was x-rayed, along with three contact cases, by the Norfolk County Tuberculosis Association. No tuberculosis was found among them.

Communicable Disease

The following rules regarding the exclusion of children with communicable diseases are still in effect. Children will be excluded from school for the following reasons:

- Temperature under 97 degrees or 99 degrees or over.
- Skin eruptions—contagious
- Evidence of sore throat
- Vomiting
- Returning to school without a certificate from the doctor after having a communicable disease.

The following is a list of reported cases of contagious diseases this year:

Scarlet Fever	0	Measles	78	Rheumatic Fever	1
Pertusis	0	Mumps	22	Infantile Paralysis	0
		Chicken Pox	14		

We wish to thank the parents for their fine co-operation in the matter of communicable-disease control.

The children from the first to the ninth grades, inclusive, had their hearing tested with the Massachusetts Puretone Machine this year.

Number tested	776
Number retested	86
Failed in retest	10
Notices sent	10
Recommended for lip reading	0
Attending classes for lip reading	4

Eye Clinic

Dr. Riemer and the public school nurses, conduct the Eye Clinic each week at the Norwood Junior High School. Usually, we are allowed five appointments each week.

All of the children at St. Catherine's School received the Massachusetts Vision Test this year. This test is divided into three parts. Part I is the test for acuity, Part II is the test for farsightedness, and Part III is the test for control. Two partial failures in any one part of the test means failure of the test, and these children are recommended for examination by an eye doctor.

Number given Massachusetts Vision Test	776
Number of children failing	46
Number needing new glasses	15
Number who did not need glasses	31
Number of children who needed glasses changed	19
Number of children to report next year	12
Number of children wearing glasses	108
Number of children examined by private doctors 6.....	34

Dental Clinic

The Dental Clinic is held each week at the Norwood Junior High School. In September, Dr. T. J. Curtin, assisted by Mrs. Curran, examined the teeth of all of the children in the school. Clinic permission slips were sent to parents of all children needing care. We sent twenty children each week and all dental work on the children was finished for the year.

Weighing and Measuring

September	763	May	758
Number losing	6	Number losing	12

Speech Correction

Pupils recommended by the classroom teacher as needing corrective speech work are taken by Mrs. Rose Nicholson in individual or group instruction classes depending upon the amount of correcting necessary.

Mrs. Nicholson is a graduate of the Rooney School of Expression and has taken advanced courses under Dr. Pronovost of Boston University. She devotes five hours a week to group work and five hours a week to individual work.

Special cases receiving assistance now are:

Articulatory disorders	15
Voice disorder	1
Delayed speech	1
Cleft palate	1
Hard of hearing	3
Stuttering	1

I am very grateful to all who gave me such kind assistance in my work during this school year.

Herewith is submitted the report of the School Dentist for the year ending December 31, 1950.

Public School

Number of children completed	481
Number of children not completed	9
Number of temporary fillings	753
Number of temporary extractions	196
Number of permanent fillings	527
Number of permanent extractions	64
Number of cleanings	415
Number of children examined	2120
Number of Children O.K. at examination	1011

Parochial School

Number of children completed	196
Number of children not completed	3
Number of temporary fillings	260

Number of temporary extractions	64
Number of permanent fillings	169
Number of permanent extractions	2
Number of cleanings	164
Number of children examined	740
Number of children O.K. at examination	357

Mr. Harry A. Shannon, Plumbing Inspector, Town of Norwood reports that 621 Plumbing permits were issued during the year.

The following is the report of the Public Health Nurses, Town of Norwood, for the year 1950:

Norwood Chest Clinic

Number of Clinic days	45
Number of patients attending Clinic	25
Number of patients given cold serum each week	2
Number of patients given T.B. Skin Test	6
Number of positive reactors	0
Number x-rayed at Norfolk County Hospital	12
Number admitted to Baintree	2
Number expired	2

The Tuberculosis Clinic is held on every Thursday at five o'clock at the Municipal Building in the Public Health Nurse's Office under the direction of Dr. Walter A. Griffin. This is purely a diagnostic clinic, no medication is given and no charge is made.

In May, 1950 Norwood was fortunate in having the Public Health Mobile Unit in x-raying the people of Norwood, co-operating with the Norfolk County Health Association, Inc., 10 Chestnut Street, Quincy. During the weeks, May 15, to May 22, 1950 the people were x-rayed. Those found to have a faulty x-ray or definite chest complications were given retakes. Of all the hundreds x-rayed only two were found to have tuberculosis. There were five thousand and fifty-four people x-rayed during this time in Norwood. This method of x-raying people is a very valuable health asset to the community as it helps in checking the increase of Tuberculosis.

During the year the Public Health nurses averaged about 450 calls per month. The nurses were kept busy caring for chronic invalids, giving bed baths, enemata, doing dressings, hypodermics, prenatal and postnatal care. They also instruct diabetics how to take insulin. They teach mothers how to take care of contagious diseases. All of this work is done wholly under the doctor's orders. In the last six months of 1950 the nurses held office hours in the Municipal Building from 1:00 to 2:00 P. M. thereby people that are able to come to the office may receive treatment, medications, etc. at a slightly lower rate.

The following is the report of Mr. Bartley J. King, Health Agent for the Town of Norwood:

The Board of Health conducted sanitary inspections of all restaurants, bakeries, and food stores throughout the past year.

Inspections were made of all convalescent homes, funeral parlors, and Homes for the Aged in Norwood before annual permits were issued.

In the past year the Board of Health has spent considerable time and effort in correcting sanitary conditions in the new building developments in the various sections of Norwood. Many new homes have experienced considerable difficulty with wet cellars. In some instances as much as one and two feet of water would not be uncommon after a rainstorm.

Another difficulty experienced by some new home owners is poorly operating septic tanks and cesspools.

The major causes of these nuisances are poor drainage and the construction of new homes on small lots in close proximity to one another. The ground does not absorb the surface water fast enough and thus we have overflowing sanitary systems and flooded cellars.

The Town of Norwood should insist upon the installation of sewer mains in addition to the storm drain system in all new developments. The cost of which should be borne by the developer and not by the home owner and taxpayer as is the case under the present system.

The Board of Health wishes to thank the doctors in Norwood, the Norwood Hospital, the Red Cross for their help to the Board of Health during the year.

JAMES F. FOLEY

JOHN P. DIXON

CHARLES L. LYNCH, M.D.

Board of Health, Town of Norwood

REPORT OF THE ANIMAL INSPECTOR

The Honorable Board of Selectmen

Gentlemen:

I submit herewith my report as Inspector of Animals for the year 1950.

I quarantined 27 dogs for biting. All were released at the end of required legal quarantine period and none showed any signs of Rabies at any time.

I inspected four shipments of cattle from out-of-state for dairy purposes.

I made the annual inspection of livestock required by the Massachusetts Division of Livestock Disease Control and it revealed the following: 181 cows, 6 horses, 34 heifers, 34 calves, 9 bulls, 1 goat, 34 swine, and 23 sheep.

Respectfully submitted,

THOMAS U. MAHONEY

Inspector of Animals

REPORT OF FISH AND GAME WARDEN

Total time spent patrolling, law enforcement and answering complaints	1225 hrs.
Total miles traveled in car	1646 miles
Total number of complaints	21
Total number of complaints investigated	18
Number of prosecutions resulting from complaints	None
Number of hunting, fishing and sporting licenses checked	555
Total expense to Town of Norwood	\$98.76

One deer killed at Guild Pond and one taken at Raider's Village, Walpole, Mass. These deer both turned over to the Wrentham State School.

One hundred pounds of scratch feed used in feeding of birds. Grain furnished by Norwood Sportsman's Association.

Respectfully submitted,

JAMES E. BUNNEY
Town Fish and Game Warden

REPORT OF DOG OFFICER

*To the General Manager
Town of Norwood, Mass.*

Dear Sir:

I submit herewith my report as Dog Officer for the year 1950.

Dogs licensed from April 1, 1950 to December 31, 1950	811
Stray Dogs picked up and destroyed	125
Stray Dogs picked up and returned to owners	38
Complaints answered in 1950	237
Dead Dogs picked up in 1950	17

Respectfully submitted,

GEORGE H. LYNCH,
Norwood Dog Officer

REPORT OF RECREATION DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Mass.

Dear Sir:

Approximately 95 cents per person is the amount of money spent to operate the Recreation Department during the year 1950. Below we have attempted to describe how we have spent this money.

The Recreation Department has completed its sixth year of operation as a full time department. Progress of necessity has been slow, but little by little we are realizing our goal—the provision for wholesome leisure time activities for all citizens of the town of Norwood. We know the responsibility which a municipal recreation program has along this line, and more and more the community is coming to realize this and to support our efforts to realize this goal. With continued support from the community we shall be able to further our efforts in the years that lie ahead. In these times particularly when uncertainty prevails, it is most important that children and adults have the opportunity for wholesome play with its accompanying satisfactions and releases from worry and care. We are ever alert to the suggestions of the community through its individuals or its organizations as to ways in which we can improve on or add to the Recreation program. Ours is a flexible program based on the desires of its participants.

A brief description of the varied activities of the Recreation Department follows.

Friday Evening Dances

In response to many requests made to the Department, a series of dances exclusively for junior high school age boys and girls was begun in 1950, and are conducted at intervals for this group, in addition to the series of dances for high school age boys and girls which have been long a feature of the recreation program. Approximately \$1000.00 was turned in to the General Fund after payment of Federal Admission Taxes.

Rifle Club

Upon resumption of the activities of the Norwood Recreation Junior Rifle Club in the fall of 1950, it was found necessary to expand the program because of the large numbers of boys between the ages of 13 and 18 who wished to avail themselves of this opportunity to learn how to handle firearms and to engage in friendly competition with others. The Club now operates on two evenings of the week, and will do so during 1951.

Girls' Modern Dancing

This has long been a popular activity in the Department's program, with over 75 girls taking part in this new art. The increasing appearance of modern dancing in television has increased the interest of girls in this activity.

Boxing

At their appearance at the Sports Night of the American Legion last spring, the boys in the Boxing program demonstrated the fine work of this activity to the large and enthusiastic audience present. On two afternoons of the week, more than 30 boys are on hand to improve their boxing skill. Boxing is conducted at Swimming Pool Hall of the Civic during January and February.

Girls' Juvenile Drama

A long hoped for activity was added during the fall of 1950 when over 100 girls registered for the Juvenile Drama program which is conducted on four afternoons of the week. This program provides the opportunity for girls from age 7 through age 17 to take part in many different activities such as one act plays, pantomime, square dancing, and individual and group presentations. Additional leisure time activities for girls have long been seen as needed in the program of the Recreation Department, and this is certainly one step in the fulfillment of the need.

Basketball

The Recreation Basketball League, operated for young men beyond high school age concluded its most successful season in the spring, with 12 teams competing throughout the season. In all, more than 120 young men participated in the 1949-1950 season. Resuming in December 1950 for the 1950-1951 season, some falling off in participants has been noted because of the entry of young men into military service, but for those still taking part in the program, it has continued to be as popular as always. Predominantly now the participants are young veterans.

During 1950, leadership was provided for the first time for boys of school age for basketball at Swimming Pool Hall of the Civic after school and on Saturday mornings. Provision of leadership for the boys in this program has enabled us to make it a safer and more attractive one for the boys taking part. Interest in basketball in Norwood is on the rise, and this program provides the opportunity for play to many young boys who are not able to compete with the more skilled boys on a more highly organized basis.

Symphony Orchestra

The year 1950 was a year of outstanding achievement for the Orchestra sponsored by the Recreation Department. Under the volunteer leadership of Professor Jean V. Dethier, the Orchestra presented five wonderful concerts in 1950, with the series reaching its climax in May with a 60 piece Orchestra performing at the Junior High School Auditorium for the benefit of the Norwood Hospital Women's Aid. Resuming its season in September 1950 the Orchestra gives promise of even better accomplishments, among them the joining with a community chorus of some 80 voices to give Norwood one of the best musical evenings ever presented.

Miscellaneous Activities

In addition to the above activities, the Recreation Department cooperates in the matters of coasting and skating areas when weather conditions permit. During

1950 the Department assisted in the organization and operation of the Boatsmen's Club, a newly formed group in Norwood which provides programs of interest to the boatsmen and which is sponsoring in 1951 a course in piloting under the direction of the United States Power Squadron. At various times during the year, the Department is called on by different community organizations to assist in planning and carrying out recreational programs.

Summer Playgrounds

A total of 9 playgrounds were operated on a full time basis for a period of 8 weeks during 1950, with attendance averaging considerably above that of preceeding years. The advancing of the opening date of the playground season proved most popular, although the early closing date left a long period at the end of the summer when no supervision was available on the playgrounds. Plans have been made to operate the playgrounds on a full time basis for a period of 9 weeks in 1951, thus providing more adequate supervision for the children during their summer vacation period. We have also recommended assignment of a male leader to Endean Playground since attendance figures there show that the number of boys attending far outnumber the girls.

In order to reactivate interest in tennis, we have recommended the restoration of the position of Supervisor of Tennis.

With few exceptions the usual summer activities were conducted in connection with the playground program. Four baseball leagues were conducted for the boys. Volleyball and softball leagues were conducted for the girls. Many other games of an individual and group nature were conducted on the playgrounds, in addition to the outings, crafts work, and special affairs which have always proved most popular to the boys and girls.

A total of ten teams and more than 125 young men took part in the Senior Twilight Softball League in 1950. This League was operated on a cost sharing basis with the teams assuming the major part of the cost of running the League. The League enjoyed its most successful season since pre-World War II days, and Norwood was singularly fortunate in having a team from the League emerge as Class "A" champion of Metropolitan Boston.

Swimming Program

Curtailement of funds forced the Recreation Department to discontinue in 1950 the practice of providing lifeguards for Willet Pond with the concessionaire assuming the responsibility for protection of the waterfront at the area. In practice this system did not work satisfactorily since there were many times when the waterfront was not adequately covered by lifeguards. It is being recommended in 1951 that 2 lifeguards be provided by the Recreation Department and 2 by the concessionaire with the Recreation Department retaining supervision of all such personnel.

Hawes Brook Pool was open for a 12 week period during the summer season in 1950, with many thousands availing themselves of the facilities for safe and enjoyable swimming. A complete course of instruction in swimming was given at the Pool under the direction of Miss Elizabeth Corcoran, with more than 100 boys and girls participating in the various classes. Courses were given for

In Memoriam

WILLIAM R. CARLSON

1868

1950

Mr. Carlson was employed by the Town of Norwood since 1930 as custodian of the Civic Building and caretaker of the Civic grounds. During the years of his employment he served the Town to the fullest of his ability. He retired from active service on February 2, 1938. Mr. Carlson died after a short illness on December 12, 1950.

We here record the expression of our sorrow in his departure.

beginners on up through the various skills with certificates being awarded upon successful completion of the courses. In addition to the classes, swimming meets were held with surrounding towns, and plans are underway to form a league in this area in 1951.

Conclusion

The programs described briefly above represent the efforts of the Recreation Department to provide interesting and attractive leisure time activities for the citizens of Norwood. We are hopeful of being able to go forward in our efforts to realize our goals. With the continued improvement of our facilities and our programs, we are confident that Norwood can take its rightful place as a leader in the field of Recreation as it is in so many other fields.

The encouragement and active support of the members of the Board of Selectmen in the past year have been a source of great inspiration to us in our efforts. The continued help and interest of the members of the Recreation Advisory Committee have been of immeasurable importance in enabling the Department to go forward toward the realization of its aims. We are deeply appreciative of the assistance given the Department by both groups. We also wish to express our feelings of gratitude to the other town departments and officials who have cooperated so unselfishly in helping to make our program a successful one.

Respectfully submitted,

RICHARD E. READY

Superintendent of Recreation

REPORT OF NORWOOD HOUSING AUTHORITY

MEMBERS: Judge Frank B. Coughlin, *Chairman*; Daniel Collins, *Vice Chairman*; Arthur H. Gleichauf, *Treasurer*; John E. Bamber, *Assistant Treasurer*; Lawrence J. O'Brien, *Secretary*.

DEVELOPMENT: Washington Heights, the NHA 200-1 State-aided Housing development was started on Dec. 9, 1949 and scheduled for completion about Aug. 1, 1950. It contained 33 single dwellings, 12 duplex dwellings and 6 triplex dwellings—a total of 75 units. Architect was Mr. Harry J. Korslund of Norwood. Contractor was A. F. Smiley Constr. Co. of Pawtucket, R. I. Sub-contractors were as follows: Belanger & Son of Cambridge—heating, Sandy Plumbing Co. of Mattapan—plumbing, Peterson Electrical Co. of Stoughton—electrical, Horton Painting Co. of Norwood—painting. Due to shortages of materials, bad weather, and other reasons the first tenants did not occupy the dwellings until Oct. 2, 1950—two months later than the scheduled completion date. The street within the Development was named Jefferson Drive.

FINANCIAL: The original estimated cost of the development was \$850,000. which sum was borrowed on temporary notes from the Second National Bank of Boston. This estimate was necessarily high and the Authority is now on

third series notes for the amount of \$815,000.00. Due to a land damage suit now pending against the Authority, this is not a definite figure in the cost of development. Permanent financing will not be until July, 1951. The cost of operating and maintaining the development will be borne through rentals and a state subsidy—if needed. The property itself is tax-free except for a 5% payment in lieu of taxes to the Town of Norwood. None of the units may be purchased for a period of 40 years by the tenants under the existing statutes.

PERSONNEL: Mr. C. Roger Pearson of Norwood was retained by the Authority as Consultant, Mr. Dennis O'Leary as counsel, Mr. Thomas Foley as Insurance Representative, Mr. Harry Farnsworth as Clerk of the Works, and Mr. Kenneth Berkland as Accountant. State Construction Adviser was Mr. Phillip Kneeland. On November 1, 1950 Mr. Lawrence J. O'Brien resigned as a member of the Authority and was appointed Executive Director of the Authority and Mr. Kenneth Berkland was appointed Manager Accountant. All of these appointments were necessary for proper functioning of an undertaking as large as this and were sanctioned and approved by the State Housing Board.

TENANT SELECTION: This was the most difficult problem which the NHA had to face, as there were over 200 applications and of this number 75 had to be selected. The State Housing Board representatives eliminated some of these for high incomes, etc. Then the members of the Authority spent many hours sifting the Applications and interviewing the applicants.

Eligibility of the applicant was based on housing need, income and veteran status. Factors considered in housing need were as follows: Eviction notices, doubling up, overcrowding, condition of dwelling in which the applicant lived, and paying of high rents on a low income. As this was a low income development, maximum admission limits were as follows: \$3250.00 for a family of four or less—\$3500.00 for a family of five or more. Veterans of World War II received top priority in selection. Norwood veterans were given first consideration. Veterans with dependent parents were also considered and married veterans must have at least one child. All of these factors were carefully checked and considered by the members before making any selection.

PROGRESS: On Sept. 5, 1950 selection of 75 applicants was finally completed. The first tenant entered Washington Heights on Oct. 2, 1950 and the last on Dec. 11, 1950. Dedication ceremonies were held on Dec. 9, 1950. As expected in any new building there are several things to be adjusted and some small items to be completed by the contractors. Grading will be done in the spring, and we hope that street lights will be installed shortly. On the whole, the members of the Authority feel that Washington Heights is a very well laid-out development and an asset to the Town of Norwood.

NORWOOD HOUSING AUTHORITY

REPORT OF VETERANS' HOUSING BOARD

To the Citizens of Norwood:

The Norwood Veterans' Housing Board which operates a temporary housing project for veterans on property located off Winter Street submits the following statement of cash receipts and disbursements for the year ending June 30, 1950.

NORWOOD VETERANS' HOUSING BOARD Statement of Cash Receipts and Disbursements

For the year ended June 30, 1950

Cash Receipts:

Rent Income	\$13,921.00	
Security deposit, contra	140.00	
Insurance dividend	45.55	
		\$14,106.55

Cash Disbursements:

Repair, maintenance and replacement:

Grounds	\$44.83
Structures	426.65
Painting	1,604.68
Plumbing and gas	239.57
Heaters	793.00
Ranges	83.75

Total	\$3,192.48
-------	------------

Management	1,345.49	
Operating services	360.00	
Dwelling utilities, water	480.00	
Insurance	952.39	
Rent of land	600.00	
Furniture allowances, heaters	196.80	
Taxes	2,358.20	
Security deposit refund, contra	120.00	
Payment to United States Government for year ended June 30, 1950	5,318.08	
		\$14,923.44

Net decrease in cash for year ended June 30, 1950	816.89
---	--------

Cash in bank, July 1, 1949	10,379.06
----------------------------------	-----------

Cash in bank, June 30, 1950	\$9,562.17
-----------------------------------	------------

Disposition of Cash in Bank

Due United States Government	\$4,806.77
Reserve for repairs and maintenance	4,649.40
Security deposits	400.00
Collection losses	(294.00)
Cash balance June 30, 1950	\$9,562.17

It will be noted that \$3,635.00 was paid into the treasury of the Town of Norwood.

During the calendar year of 1950 there were 26 vacancies due largely to the opening of the dwellings built by the Norwood Housing Authority. These vacancies had been substantially filled by the end of the year.

Early in the year the Federal Housing Administration again offered the temporary properties to the Town of Norwood for its operation. On December 26, 1950 the Board of Selectmen voted to notify the Public Housing Administration that the Selectmen had voted to apply for transfer, to the Town of Norwood, of the temporary housing project.

EDNA PHILLIPS

Librarian

HOW YOUR LIBRARY IS USED IN RELATION TO TOWN CHARACTERISTICS THAT INFLUENCE READING HABITS. A COMPARISON WITH OTHER MASSACHUSETTS TOWNS OF LIKE SIZE.

Local Factors with Bearing on the Use of a Library

Norwood is a progressive town, generous to its library, and it is primarily industrial.

There is no college or private school in town.

There is no public or parochial school near the main library.

Most books are lent for four weeks. This gives reader-satisfaction, but it does not make for quick turn-over of books. Libraries having the usual short loans with renewal privileges find that a factor in circulation count.

Reference Services and Special Events in the Adult Field

Elizabeth Gallup Myer came to the position of Reference Librarian and Readers' Consultant in the latter part of March, bringing superior training and experience. This ended a long staff vacancy, during which we were greatly helped by our very competent substitutes. With the aid of other staff members, Miss Myer has already carried forward the organization of our reference service and strengthened our book collection in that field.

From April 1, when she started the exact recording of questions, to December 30, 2,554 reference questions, and 1,595 book selection questions have been met.

Through the generosity of the Women's Community Committee a Record-Lending Service will start in February. It is the culmination of definite need and interest in this phase of audio-visual service. Miss Myer, who is in charge of it, and Miss Eatou, in charge of its cataloging, are both musically trained. The cataloging of the records is in itself a new and interesting project; and like other features of the service, required study and observation of record-lending service at other libraries. Records have been purchased for all playing speeds.

Typical of reference and book selection services to high schools has been the choosing of twelve groups of books, comprising several hundred titles—all requiring careful book selection methods.

Mimeographed lists of new books, issued every month—not usual at such frequent intervals in libraries of our size—are much used.

Eight book talks have been given by several members of the staff.

Another way books are introduced to readers is in lively and beautiful book exhibits and bulletin board displays which Doris Allen, Assistant, arranges in the Lobby, and Mrs. Knowles at the South Norwood Branch.

Staff members have compiled subject booklists on "Lenten Reading"; "American Indian Culture"; and on "Picture Books for Adults Learning English". They have arranged weekly displays of books having television program interest; and a Family Bookshelf for parents and teachers.

A Young Adult Alcove in the Adult Department is meeting a real need, under the capable and gracious direction of Mrs. Allen.

Hospital Service

Under the effective and understanding care of our Circulation Librarian, Esther C. Hallet, aided by Helen Fraser, Substitute, weekly service at the Norwood Hospital continues to grow. When started in 1943, the circulation was 1,191. This year it was 7,507—a gain of 1,260 over last year. More important still is the higher reading levels noted, fewer missing books, and sustained interest and support of all the hospital staff.

Increased interest in hospital library service in the Commonwealth has brought back into activity the Institutional Libraries Group, of which Mrs. Hallet is Vice-President. It is an affiliate of the Massachusetts Library Association.

Neighborhood Service, South Norwood

During summer repairs at the Main Library, the South Norwood Branch had a full week of twelve-hour-a-day service for five days, and but slightly less

than that on Saturday. Enthusiastic use, at this and other times, and the aid of many South Norwood readers in bringing flowers, exhibits—such as the loan of paintings by Mr. George Augusta—and the preparation of posters, all point toward the coming need of increased hours at the branch. The South Norwood Parent-Teacher Association and the South Norwood Retail Merchants Association show active interest in furthering book service.

348 reference questions were answered by obtaining the books from Main Library. 2,400 books came on rotating loan.

41 story hours were held with a total attendance of 610.

11 classes from the Balch School came for library instruction.

Protestant, Catholic, and Jewish faiths were represented in gifts of five Bibles or other sacred books in various languages. They came from South Norwood churches, or those having South Norwood communicants.

The outstandingly good work of Mary Knowles, Branch Librarian, has had a great deal to do with a flourishing branch.

Special Events and Reference Services, Junior

An attendance of 965, at 33 story hours, including "Picture Book" hours for younger children, led to further interest in books. Dramatizations by Shattuck School pupils, film strips, occasional aid from Mrs. Allen, all assisted Miss Shumaker's presentations.

300 more books were sent to the schools this year than last.

"The United Nations Pals"—a summer reading club offered here and at the South Norwood Branch—has quickened interest in other countries. In the fall members came to a "General Assembly", where moving pictures, certificates to those having done required reading, and refreshments provided by the library staff, brought the club to a happy conclusion.

"Firsts" in 1950:

With the exception of one grade, in one school, and three in another, all grades from the first through the sixth, in all public schools came to the library with their teachers, a total of 900 children. (Some of these were repeats, upon entering the next grade.) Information was given on what books are owned, where they are kept, and how to use them. This series, carefully prepared to fit the comprehension of the various grades, is a substantial contribution to Norwood youth. N. Dorothy Shumaker, Junior Department Librarian, deserves much credit for having planned it and seen it to a successful conclusion. The same invitation has been extended to St. Catherine's Parochial School.

"Certificates of Honor", prepared by Mrs. Knowles and Miss Shumaker were offered every class room, grades 2 - 9, public and parochial schools, having 100% pupil registration at the library. This, together with the extended service to classes noted above, has had an appreciable effect in stimulating reading interest.

First grade pupils who appear ready for library privileges may now have cards of their own after January 1st of any year.

Morning opening during the entire summer vacation period was a welcome extension of service.

Public Relations

Few projects have helped more in keeping the town informed about books and special events at the library than the "Norwood Messenger" and the "Norwood Tribune" having sent reporters to the library for news—whenever possible, at weekly intervals.

A commendation of our "Portrait of Norwood's Library—1949" appearing in the LIBRARY JOURNAL, brought requests for it from all over the country.

Miss Shumaker and Miss Phillips serve on boards and committees of several organizations, which always helps integrate local Town needs and library services.

Building Upkeep and Improvement

Norwood owns costly property in the library building, and the fine work of Carl B. Pearson, Senior Building Custodian, is highly valued.

Floors were refinished and had new koroseal stripping. The same work was done on four stairways adjoining the Children's Room.

A work center has been equipped for processing books and other materials, near the Circulation desk. House telephones are all being renewed, and a station added for the Staff Room. An outside telephone extension was installed in the Children's Room to the great convenience of our patrons.

Thanks to our Friends!

To the Women's Community Committee for their implementing the start of a Record-Lending Service, elsewhere reported; and for their subscribing to three magazines for our hospital service.

To the Lions Club for their gift of a beach umbrella in gay colors, and table with four chairs, to use on the library parapet, for outdoor reading.

To the Rotary Club for a gift of 17 children's books, for use at the hospital.

To the Norwood Garden Club for repeated and beautiful arrangements of flowers and greens.

To the Massachusetts Division of Public Libraries for continuous loans of books, in English and other languages.

To the Norwood Women's Club for a copper dish, and accessories for flower arrangements.

To the Women of the Moose for their annual gift of children's books and of hand-made bookmarks.

To St. Catherine's Boy Scout Troop for volunteer work in mending books.

To Mrs. Otis D. Swain, a former library trustee, for the start of an annual book gift in memory of her husband. Other memorial book gifts were to honor Mrs. Harold Metters, from Mr. and Mrs. Grover J. Oberle; and in honor of Mrs. Ernest Fisher from Miss Edna Phillips.

To the Art Committee of the Norwood Woman's Club, for an excellent Art Week exhibit of handmade lamps.

The library collection was enriched with costly books bought with the income of the Cudworth, the Whedon, the Chickering, and the Morse funds.

Staff Progress and Their Part in the Wider Professional Life

The Misses Phillips, Eaton, Myer, Shumaker and Mrs. Hallet have State Certificates of Librarianship.

Mrs. Hallet and Miss Day completed, with high marks, a course in reference work offered by the Massachusetts Division of Public Libraries.

Six staff members made fourteen visits of observation at eight libraries, in part on their own time. About an equal number of visits were made here by staff members from other libraries.

Miss Phillips led panels on intercultural action at the Cleveland Conference of the American Library Association, and at the Swampscott Conference of the Massachusetts Library Association. She completed six years as chairman of the A.L.A. Committee on Intercultural Action, during which it was reorganized, its name changed, and added work done in broader fields. She served on the Planning Committee of the Third Human Relations Institute in Boston; and spoke at Simmons College, School of Library Science, on "The Small Library as a Social Institution".

The good judgment, and knowledge of this library's needs shown by Martha C. Eaton, Assistant Librarian and Cataloger, is a continuing aid to the librarian.

Statistical Measures of Service

The deepest value in library work is what the right books can do in the lives of readers, and that can't be measured statistically. Concrete figures do have their place, however.

Statistical work, accounting, and secretarial work are centered here in the position of Records Librarian, most capably handled by Shirley Day.

2,855 books for all departments were added by purchase and gifts. Miss Eaton is in charge of acquisitions, and directs the cataloging and filing.

Circulation, 1950, 117,868. Per capita, 7.06. In spite of the library being closed for ten Saturdays for the first time this summer, the Adult Department being closed for five days in addition to this, on account of floor repair, we had a slight gain over last year, of 496, and the 1950 circulation was the largest in 12 years.

Reference questions 2,554; book selection 1,595; total, 4,149 from April 1 to December 30.

We have no report on reference figures from other Massachusetts libraries in our size group. An excellent Rhode Island library in a somewhat larger place, with a book collection about double ours, reports 1,712 reference questions met in 12 months, in 1949.

There are 24 Massachusetts towns with 15,000 - 25,000 population. Norwood was in the top ten of these for per capita circulation in 1948, the latest published comparison on a state scale. Of these towns, the highest per capita circulation was 11.3—attributed by the librarian in that community to the local advent of two colleges. The lowest was 1.6.

The present study of Norwood suggests this measuring rod: Against given factors in the town, how does a library do in 1) extent of reference services; 2) in an imaginative, dynamic reaching out to the non-reader; 3) the staff's part in organized library life beyond its own town; and IN RELATION TO THE ABOVE POINTS, 4) for circulation?

A Ten Year Plan

In 1946 a Ten Year Plan was made with three points in mind: gradual expansion of service, especially to non-users; the use of modern approaches to readers' interest: and needed building improvements. This was to be carried on together with such basic matters as staff progress and betterment of remuneration, and steady improvement in the book collection.

Measurable steps were planned ahead for each year and then each annual report accounted for that year's progress.

One of the coming needs pointed out in this Ten Year Plan was for a small motorized branch.

New developments in Norwood since 1946 have lent added urgency for it. Such a mobile branch could serve various areas with the same equipment and the same book collection, and it would be much less expensive than new branches in fixed locations. A motorized branch is already in successful operation in two towns of our size group: Natick and Greenfield.

A Summing Up

Direct Service Centers, Manned by Library Staff

Adult Department, Circulation Desk
Adult Department, Reference and Reading Room
Children's Room
Intermediate Room (Junior High School age)
South Norwood Branch, three days weekly
Hospital, one day weekly

Weekly Hours, total of Adult Department, Junior Department, South Norwood Branch and Hospital: 132½

The Quality of the Team

We began, and we close, with a thought of gratitude for the live, forward-looking town, the liberal support and friendly comprehension of the Board of Trustees, and for association with a staff never bettered in the librarian's experience. Work with them helps make work a joy.

Respectfully submitted,

EDNA PHILLIPS

Librarian

REPORT OF PLANNING BOARD

*The Honorable Board of Selectmen
Norwood, Massachusetts*

Gentlemen:

At the first meeting of the Planning Board in January, 1950, Patrick Long was leceted Chairman and Matthew B. Connolly was elected Secretary. The other members of the Board are Rosewell A. Norton, Hazis Kelley and Charles S. Ennis.

The Board acted upon many zoning changes and after much consideration, the following action was taken.

a. The Planning Board recommended that the zoning of property off Lenox Street and Williams Street be changed from General Residence to Business. This recommendation was upheld at Town Meeting.

b. The Planning Board recommended that the zoning of property on the easterly side of the Boston-Providence Highway near Sumner Street be changed from THA to THB and that the land adjacent to the rear of the above mentioned property be changed from General Residence to Business. These recommendations were upheld at Town Meeting.

c. The Planning Board recommends that the zoning of property on the westerly side of Everett Street be changed from General Residence to Manufacturing. This recommendation was upheld at Town Meeting.

d. The Planning Board is recommending a change in the zoning law book by increased lot sizes and setbacks as follows:

1. The area bounded by the Norwood-Walpole Town Line, the center line of Wilson Street and the center line of Walpole Street which shall provide a lot area of not less than 12,5000 square feet with a lot frontage of not less than 100 feet and a setback of 30 feet.
2. The area bounded by the Norwood-Westwood Town Line, the center line of Upland Road, the center line of Prospect Street and the center line of Nahatan Street, which shall provide a lot area of not less than 15,000 square feet with a lot frontage of not less than 125 feet and a setback of 40 feet.
3. The area bounded by the Norwood-Walpole Town Line, the Norwood-Westwood Town Line, the center line of Winter Street, the center line of Walpole Street, the center line of Rosemary Street, the continuation of the center line of Rosemary Street to Nichols Street, the center line of Nichols Street, the center line of Elliot Street, the center line of Highland Street, the center line of Saunders Road, the center line of Walpole Street and the center line of Wilson Street which shall provide a lot area of not less than 15,000 square feet with a lot frontage of not ness than 125 feet and a setback of 40 feet.

These recommendations are being held over to 1951 when they will be presented at a special town meeting for approval.

e. The Planning Board is recommending a change in the zoning of property on the southerly side of the Boston-Providence Highway from Everett Street to Pleasant Street from THA to THB. This recommendation is to be presented at the next special town meeting.

The Planning Board acted on and discussed the following projects.

a. We recommended that new street lights be installed between the two high bridges on Washington Street when the street is resurfaced.

b. We recommended that steps be taken to install a caution light or blinker on the Boston-Providence Highway at approximately 500 feet before approaching the intersection of East Cross Street and the Highway going in a southerly direction.

c. Plans submitted by the Engineering Department for the widening of Central Street were accepted.

d. We recommended that safety devices such as a caution blinker or traffic light be installed at the corner of Washington and Dean Streets and Pleasant and Dean Streets.

e. After numerous meetings with the School Committee, it was the recommendation of both Boards that land on Neponset Street be purchased for school purposes. At a future date, if necessary, an elementary school would be erected to take care of the increased school population in that district. This recommendation was approved by town meeting action.

f. A petition was received by the voters of District I requesting that a parcel of land now owned by W. Cameron Forbes be acquired for playground purposes.

g. We recommended that the County Commissioners be requested to develop a new layout of Everett Street.

h. We recommended that the Selectmen consider the possibility of the Town acquiring Willett Pond as a beach area.

i. We recommended the extension of Garfield Avenue and the erection of a bridge over the railroad tracks.

The retiring members of the Planning Board are Patrick Long and Hazis Kelley.

Standing Committees

Appointment of Teachers: Mr. Bowler, Mr. Kiley, Mr. Cook.

Educational Program, Purchase of School Books and Supplies:
Mr. Kiley, Mr. Bowler, Mr. Cook.

Finance: Mr. Thompson, Mr. Cavanaugh, Mr. Reynolds

Custodians, Schoolhouses, and Grounds: Mr. Cavanaugh, Mr. Thompson, Mr. Reynolds.

Committee Meetings

The regular monthly meeting of the School Committee is held in the Committee room, Room 100, Junior High School Building, at seven-thirty o'clock on the third Wednesday of each month.

Superintendent of Schools

LINCOLN D. LYNCH, 21 Florence Avenue, Telephone NORwood 7-1266.

The office of the Superintendent of Schools is at the Junior High School and is open from 8 a.m. to 5 p.m. every day, from Monday through Friday inclusive. Telephone NORwood 7-0133.

Secretary and Clerks

Elizabeth Syverson, 68 Elm Street, Telephone NORwood 7-1461-W. Principal Clerk and Secretary to Department Head.

Elvie A. Schaier, 44 Highview Street, Telephone NORwood 7-2227-R, Junior Clerk and Stenographer.

School Calendar

Tuesday, September 5, 1950—Teachers report.

Wednesday, September 6, 1950—Grades 1-12 in session.

Monday, September 11, 1950—Kindergarten in session.

Holidays

Thursday and Friday, October 12th and 13th, 1950—Columbus Day recess.

Friday, October 27, 1950—Teachers' Convention, Norwood.

Thanksgiving Recess: Schools close at noon, Wednesday, November 22nd, and re-open on Monday, November 27th.

Christmas Recess: Schools close at noon on Friday, December 22nd, and re-open on Tuesday, January 2, 1951.

Winter Recess: Schools close Friday, February 16th, and re-open on Monday, February 26th.

Friday, March 23, 1951—Good Friday.

Spring Recess: Schools close Friday, April 13th, and re-open Monday, April 23rd.

Wednesday, May 30, 1951—Memorial Day.

No School Signals 2-2

Repeated at 7:15 a. m. No forenoon session, Kindergarten thru 12th grade.

Repeated at 7:30 a. m. No forenoon session, Kindergarten thru 9th grade.

Repeated at 7:45 a. m. No forenoon session, Kindergarten thru 6th grade.

Repeated at 12:15 p. m. No afternoon session, Kindergarten thru 9th grade.

Repeated at 12:30 p. m. No afternoon session, Kindergarten thru 6th grade.

Repeated at 6:15 p. m. No session for evening schools.

Note: When the No-School Signal is sounded, all street lights are illuminated, if possible, for three minutes.

Radio Stations (WBZ, WEEL, WHDH, WNAC) will broadcast notices between 7:00 a. m. and 8:00 a. m. and when possible, at noon and at night.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors, present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

This statement, and the reports of school officers, taken together, are adopted as the Report of the School Committee, it being understood that such adoption does not commit the Committee to the opinions or recommendations made therein.

Callahan School — Heating

During the summer months, the School Committee arranged for the installation of a pair of heavy duty Todd oil burners in the Callahan School. For two reasons the oil storage tank has been installed in the coal pocket. It was impractical to bury the tank outside the building because of ledge formation and, further, oil storage, within the building makes unnecessary complicated and expensive pre-heating apparatus.

The installation satisfies the rigid safety requirements of the Department of Public safety.

Land Purchases — Neponset Street

The School Committee invited the Planning Board to consider jointly the problem of future demands for School building sites.

Of special concern, were the facts that the widening of Route 1 is certain to create hazardous crossing conditions at several locations, especially for children living east of the highway in going to and from school and play areas and also the rapid rate of housing development in the area.

Following several meetings of both groups, a location was settled upon by unanimous agreement among the members of both the Planning Board and the School Committee.

The whole proposal was presented to the Town Meeting on October 20th. The Town Meeting representatives voted 81 to 5 in favor of acquiring the land by purchase from the owners of each of two adjoining parcels which together constituted the desired area.

John G. Rizzo — Gift of Land

As a result of the generosity of one of our citizens, Mr. John G. Rizzo, an egress from the land area, to be acquired by purchase, (mentioned above) to Richland Road is possible.

Mr. Rizzo, when planning the Richland development, appreciative of the need of a way to the area which is to be purchased set aside a right-of-way which he has offered to the Town.

Thus, it is possible to have approaches from the proposed school site and playground area to Neponset Street, to Dean Street, and to Richland Road.

We are happy to acknowledge Mr. Rizzo's foresight and thoughtfulness.

Redecoration — Shattuck School

Anyone who has visited the Shattuck School will agree that the cost this year (upwards of \$6000) of replastering, reflooring, and repainting the interior of the Shattuck School has been well spent.

This is but the first step in planning for the redecoration of all of our school buildings, several of which are very much in need of the same reconditioning.

The Staff Council

Members of the School Committee are very much pleased with the efforts of representatives of the teaching staff who have volunteered to work with the School Committee in a joint effort to improve the professional qualifications of our teachers.

Separate and joint meetings of the Staff Council and the School Committee have been held during the year.

The Staff Council, appreciative of the purpose for which it was established, has been most conscientious and unselfish in their devotion to purpose.

As a result of the cooperation between the Staff Council and the teaching staff, teachers are taking courses or otherwise improving their competence. The School Committee thru the application of the provisions of the new salary schedule arranges for super-maximum salary increments to reimburse, in considerable measure, the teacher for the time, effort, and expense involved in worthwhile and approved advanced professional study.

Norfolk County Teachers Convention

The Norfolk County Teachers Association voted to hold their annual convention in Norwood this year on Friday, October 27, 1950. Mr. John F. Reynolds, Chairman of the School Committee, addressed the secondary school teachers section which held its meetings in the Senior High School. Supt. Lynch welcomed the elementary teachers section at the Junior High School where the elementary meetings were held.

Parent-Teacher Association Council

For many years, School Committees have been interested in all activities designed to bring the school and the home closer together.

The PTA's of the elementary school districts have, for many years, worked cooperatively with our schools. A further step was taken a few years ago when the Junior High School P.T.A. was organized. During the past year, two additional developments, related to this general problem, have been realized. The Senior High School P.T.A. has been established and, in addition, a Parent-Teacher Association Council is now organized.

Representatives of each of the PTA's will be able, thru the Council, to sponsor programs which must certainly assist in establishing rapport between home and school. They will be able to do more collectively than has been possible hitherto, working separately. To cite an example: the whole problem of handwriting was carefully studied by teachers and the results of their review of the problem were communicated to all interested parents at a general meeting sponsored by the PTA Council.

The School Committee, invited to the meeting, was given an opportunity to learn in this manner, more about the wishes, attitudes, and reaction of parents. This is helpful.

Third Nurse — Additional Service

The School Committee, by majority vote, has established provision for the services of an additional school nurse so that the health needs of school children may be better served. Under this arrangement, coverage of schools will be more complete.

Elks Park — Baseball

Limitations which have been placed upon Junior High School use of the Civic playground pointed up the need for an additional area for the afternoon use of our Junior High Schools (boys, in particular).

The Norwood Lodge, B.P.O.E. generously offered the use of Elks' Park to school authorities.

As a result of an expenditure of approximately 200 dollars, the field was leveled, loamed, and lined for the use of boys in our Junior High School intra-mural baseball program.

A complete schedule of intra-mural games was played under the able supervision of two of our Junior High School men teachers, Mr. Francis McAuliffe and Mr. James Fulton.

The field was used for play four afternoons each week and the grass was cut weekly on the fifth by the boys themselves.

We publicly acknowledge, with thanks, the generosity of the members of the Norwood Lodge of Elks.

Male Teachers — Elementary Schools

We have finally completed arrangements to provide the services of one male teacher in each of our elementary schools. The men who have been appointed each have adequate background in the field of science, and, on that account, they are helpful in building a better science program in the elementary schools.

It is helpful too, to have a male teacher in each building to help in handling certain problems involving boys. The boys appreciate their leadership in the sports programs.

CHANGES IN PERSONNEL — 1950**Resignations**

- Mrs. Sylvia Stanton, Balch School, to stay at home.
- Miss Helen B. McMullen, Shattuck School, to teach elsewhere.
- Miss Mary M. Toomey, Shattuck School, to teach elsewhere.
- Miss Nancy Schmalz, Shattuck School, to be married.
- Miss Pauline Cataldo, Winslow School, to be married.
- Mrs. Harriet Davidson, Junior High School, to teach elsewhere.
- Miss Alice Dowling, Junior High School, to be married.
- Mrs. Lucille Coite, Peabody School, to stay at home.
- Miss Barbara Brown, Kindergarten, to teach elsewhere.

Retirements

- Miss Katie M. Hunt, Winslow School.
- Mr. Edward T. Abely, Junior Building Custodian, Junior High School.
- Mr. Frederick J. O'Connor, Senior Building Custodian, Callahan School.

Military Leave

- Mr. Henry F. Fairbanks, Senior High School.

Transfers

- Mr. Lloyd F. Schultz from Junior High School Art Department to Senior High School Art Department.
- Miss Rita McLaughlin, from Balch School to Division of Special Services.
- Miss Patricia Shortall, from Callahan School Kindergarten to Division of Special Services.
- Miss Alice O'Malley, from Callahan School to Balch School.
- Miss Molly Fleming from Grade Six, Winslow School, to Grade Five
- Miss Louise Nugent, from Balch School, Grade One, to Junior High School, Grade One.
- Mr. Francis E. Nichols, from Junior High School to Winslow School, Junior Building Custodian.
- Mr. Edward Campbell, from Winslow School to Callahan School, Senior Building Custodian.
- Mr. James Meade, Junior Building Custodian, from Senior High School to Junior High School.
- Miss Eleanor T. Sline, Junior High School and Senior High School Home Economics.

Appointments

Miss Mary E. O'Neil, Junior High School, Languages.
 Miss Patricia McDavitt, Junior High School, Home Economics.
 Mr. Carl F. Lindgren, Junior High School Art Department.
 Mr. Robert E. Duke, Shattuck School, Grade 6.
 Mr. Francis Lambert, Winslow School, Grade 6.
 Mr. Robert Fox, Callahan School, Grade 5.
 Mr. Thomas A. White, Balch School, Grade 6.
 Miss Margaret Riley, Balch School, Grade 4-5.
 Mrs. Kathryn Paige, Balch School, Grade One.
 Mrs. Elizabeth Stowe, Shattuck School, Grade Two.
 Miss Carolyn Stimson, Callahan School, Kindergarten.
 Mrs. Aileen Lee, to Division of Special Services.
 Mrs. Pauline Ficco, Winslow School, Temporary Teacher, Grade One.
 Mr. James Curran, Junior Building Custodian, Senior High School.
 Mr. Maurice J. Fitzgerald, Junior Building Custodian, Junior High School.
 Miss Catherine McDonough, School Nurse.
 Mrs. Doris Cullen, Grade 4-5 Callahan School, Temporary Teacher.

Resolution

MISS KATIE M. HUNT

Whereas, Miss Katie M. Hunt has taught in the Public Schools of Norwood for thirty-six years, twenty-nine of them in the Winslow School, and has exerted an incalculable influence upon the lives of hundreds of children to whom she has ever been a guide and counselor,

RESOLVED, that upon the occasion of her retirement from the service of the Town of Norwood, the School Committee records its deep appreciation of her efforts and her accomplishments in the cause of Education.

NORWOOD SCHOOL COMMITTEE

June 21, 1950

Appreciation

We, Members of the Norwood School Committee, appreciate the willingness of the employees of the Norwood Schools in the performance, each according to his capacity to contribute, of the many and difficult tasks they have so generously undertaken.

JOHN F. REYNOLDS, *Chairman*
 THOMAS R. BOWLER
 JOHN J. COOK
 JOHN J. CAVANAUGH
 JOHN F. KILEY
 EDWARD H. THOMPSON

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith, I submit my fifteenth annual report as Superintendent of Schools.

Another School Site

The Shattuck School is being filled rapidly. So, too, is the Winslow School. The situation is, by no means, alarming. However, considering the rate of new development of housing areas in each of these districts, it is not difficult to foresee a situation in which we will find these schools crowded.

By redistricting or otherwise redistributing our enrollments, it may be that vacant rooms in the Balch and Junior High Schools will accomodate considerable surpluses of enrollments in these two school districts.

Notwithstanding, there is another large area of undeveloped land in Norwood, which, if fully, or nearly so, "built up" will surely require additional school housing facilities. It is the land west of the High School — Westover.

This past year, we have witnessed the electrifying pace at which housing areas have been taken by housing development operators,—so fast, even, as to surprise those who might otherwise be expected to plan for it, in meeting the anticipated needs of the services of the community.

Naturally, my concern is the need of school housing which must be satisfied if Westover is developed as rapidly as other areas have been.

I submit that it would be wise to take, in the near future, a site which may be reserved for school and play area, a parcel of land on, or close to Nichols Street, across from or just below the end of Fisher Street.

If a school were built in that location, it could relieve pressure, if created, upon the Shattuck and Winslow Schools, because of the need for more school housing to meet enrollment needs.

After this is done, one could, using a compass, and with the elementary school sites in Norwood as centers, draw circles of less than one mile radius covering practically all the housing areas of the Town, save the one or two areas for which such provision would not be practical.

Such a procedure, would, if conditions demand, and, if it seemed wise to do so, make possible the use of the Winslow School for the development of a Boys' Vocational School.

The rapidly increasing tempo at which the National Defense Program is building up may soon require postponement of action upon this proposal. On the other hand, inflationary tendencies may well indicate the desirability of early action. Naturally, no one would expect for some time, at least, new housing development in Westover. However—it is worth considerable thought and reflection.

Division of Special Services

This report would be incomplete if special mention were not made of our efforts to provide correction of a remediable defects among members of our total school population ranging from grades one to twelve.

In other years we have had unassigned (so-to-speak) teachers who have assisted retarded children who were not performing at top level capacity because of deficiencies in reading skills, speech, hearing and son on. These teachers have been doing most of their work in the elementary schools until this year.

Now, rather than being assigned to certain buildings, working under the direction of a particular principal, all such teachers are grouped in what we term the Division of Special Assistance.

Working cooperatively, the Misses Casey, Shortall, and McLaughlin, and Mrs. Aileen Lee have nearly completed a survey of each our grades in all of our schools which is quite revealing. We are facing the facts that there are many children in our schools at all levels who need more special attention than they now receive.

Our lip reading program is complete. Our speech correction program leaves nothing to be desired. However, many of our children are not reading as well as might be expected if they could have the benefit of individual instruction which a teacher with a large class of pupils is unable to provide.

We are going to attack this problem forthwith.

In addition to School Committee authorization to procure an additional remedial reading teacher, I have arranged for a course which will start in February for Norwood teachers only, given by Professor Niles of Boston University and designed to assist all teachers from grades four through twelve in improving their capacity to teach reading to all pupils in all grades and subjects.

Moreover, I have arranged with authorities of the Harvard-Boston University Extension Service to provide for us the professional services of Professor Pronovost who, next fall, will assist our teachers in mastery of the techniques of good speech teaching.

One who is familiar with the problem will readily see the inter-relationships of speech, reading, and general school adjustment.

Social Studies

This year, we have replaced the Rugg Social Science Program with which we have been working successfully for several years. The program has not been brought up-to-date,—in fact it is no longer printed. Our new integrated Social Science series is known by the title "Tiegs-Adams". Our teachers chose this from a variety of offerings in the field and the School Committee has authorized the change.

War — Again?

Practically all of our High School pupils were born during the depression,—were old enough to feel the effects of the great World War II and now—we do not know what we are facing—nor do they. They will, however, I am sure, adjust to the shocks of the impact to which they may be subjected. However,—consider the perplexing situation in which these young people find themselves.

It is too much to ask that all,—but we pray that most will establish for themselves enduring goals upon which they will be able to keep "raised sights".

Let us hope that our teachers can face this crisis in the lives of those upon whom we will have to depend in the future and, spurred on by the challenge, give

to these young people every help in leadership and encouragement that can be provided through human ingenuity and effort.

Conclusion

May I take this opportunity to express to our new teachers a word of welcome and satisfaction, to our older teachers and other co-workers a word of gratitude and to the School Committee, a word of appreciation for the helpful support and encouragement which has been given me.

LINCOLN D. LYNCH,

Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE NORWOOD SENIOR HIGH SCHOOL

I have the honor to present my fifth annual report as Principal of the Senior High School.

At this without doubt the most critical period in our national existence, it is believed that society can look to its youth with high hopes and abiding confidence. In our own typical community, never have we found our young people more anxious to cooperate with school authorities, never more understanding of the democratic ideal, never more concerned with reaching significant levels of achievement in living the American way. This indeed augurs well for the future and in these difficult days should bring a measure of assurance and consolation to all of us.

Some of the efforts of the School during the past year to promote these desirable outcomes are indicated below.

In Retrospect

1. The oldest of the evaluative criteria customarily applied to the typical high school has been the measure of its success in college preparation. In this particular, there is, of course, no question about the adequacy of the instruction available in Norwood. A long record of unbroken success in college entrance preparation is eloquent to attest to the outstanding skill of our teachers. Yet all teachers recognize that in the schools of a democracy there should be much even for those who expect to go to college over, above, and beyond academic preparation for further study. The modern school is an overall experience in living—living here and now in a specially controlled environment into which the personal and social virtues of tomorrow's society have been projected. One of its chief aims must be to teach all students the significance of and an appreciation for democracy—through living democratically. The modern curriculum present hundreds of classroom and non-classroom experiences designed to promote through activity student growth in personality, in understandings, in attitudes, and in adjustments, all in accord with the democratic ideal. Within the year just past, the significance of the modern high school as a functional phase of democratic living for all students, college and non-college alike, has been increasingly recognized, and the activity of the School has been increasingly directed within the framework of this philosophy.

2. Last spring for the first time at the Senior High School, professional remedial help was made available for those students with critical deficiencies in reading skills. In addition, in the early fall a testing program was undertaken to identify those Senior High School students who had speech defects. Special corrective training in speech has been provided for these young people twice each week during recent months. These are problems of considerable proportions. It is generally recognized that substantial numbers of high school students here as elsewhere are seriously handicapped because of deficiencies in reading and/or in speech. It is, therefore, a pleasure to announce that appropriate remedial services are now being provided in these cases and that many Senior High School students are now receiving help in these areas in which normal competence is outstandingly important to them both as individuals and as contributing members of society.

3. For several years English teachers and others have expressed concern over the fact that some students in our secondary schools approach graduation with less than minimum satisfactory competence in basic English. The observation has also been made that because of the losses resulting from disuse and consequent forgetting, students in the upper level of the secondary school sometimes have less computational facility than was undoubtedly theirs in the eighth grade.

To meet these conditions to the limited degree to which they obtain in our own School, during the year just past new emphasis has been given to reviewing fundamental processes. Mention has already been made of the special remedial help which is now available for those with deficiencies in reading and in speech. In addition through faculty meetings and conferences, every effort is being made to translate into the realia of our school life the idea that all teachers in the School are in a sense English teachers. Similarly with regard to arithmetic, teachers of all subjects whenever feasible now stress the computational derivatives of each learning situation.

Finally during the coming spring, it is planned to administer a standardized test in arithmetic to all members of the Junior Class. Those who fail to demonstrate a satisfactory competence in arithmetic will be strongly urged to elect Mathematics for the Consumer as one of their twelfth grade subjects.

4. On the evening of April twenty-sixth, the first Science Fair in the history of the School was held in the gymnasium. On this occasion, thirty-two different students presented for the inspection of classmates and grown-ups the particular science projects with which they individually had been concerned during the year. The large number who attended this activity were, I believe, much impressed with the excellent work being done through our Science Department. At the same time, by their presence and interest, visitors brought new motivation to the young participants. Science students and their teachers should feel very proud of our first Science Fair.

5. The first Parents' Night, at least in the recent history of the School, was held on the evening of May 4, 1950. On this occasion, parents came to school—students stayed home. Visitors were able to follow abbreviated time schedules of individual students and to hear in each of the rooms visited an explanation by the teacher of the educational objectives and learning experiences of that particular class. At this meeting, steps were also taken to form a Parent Teachers Association at the Senior High School. On November 20, 1950, the first P.T.A. meeting was held. It is believed that this organization will make possible better school-home relationships to the ultimate benefit of our young people. Parents and teachers alike have high hopes for its success.

6. Following are some additional activities which should be mentioned as indicative of the experiences which constituted the total School Curriculum during the year:

a. Periodic book reviews by members of the Public Library Staff were again presented for our students.

b. The Senior Year Book of the Class of 1950 was awarded second prize in the annual National Competition conducted by Columbia University. The book was also awarded second prize by the New England Scholastic Press Association at Boston University.

- c. The very comprehensive and diversified weekly assembly program at the Senior High School was continued. Assemblies were planned through the Student Assembly Committee and conducted almost entirely by student representatives of this committee.
- d. During the year, a record number of students received their driving licenses through our Driver Training Program.
- e. Students enthusiastically supported the athletic program at the High School under a new membership plan for the year 1950-51. Three hundred and forty-five students paid annual membership dues in the High School Athletic Association.
- f. For the first time, a Bulletin Board Committee was appointed by the Student Council to take over the supervision and arrangement of all displays and exhibits on the corridor bulletin boards. Through this Committee, new and advanced standards of artistic arrangement and display were made possible.
- g. Through the testing service of the B. U. Division of School and College Relations, comprehensive individual test profiles for all Juniors and Seniors were again made available for Guidance.
- h. The Student Council and the Senior and Junior Class Councils afforded outstanding opportunities for experiences in orderly democratic procedure. On several occasions during the year, members of our Student Council were invited to lead group discussions at Regional and State Meetings.
- i. Our annual Christmas pageant, designed to portray with prayerful reverence and respect the true spirit of Christmas, was again presented during the Christmas Season by the Sophomore Class.

STATISTICS

Table I

Enrollment as of October 1, 1950

12 grade			
High School	64	67	131

Unclassified		1	1
Total			534

Table II

Estimated Enrollment as of September 1951

	<i>Number of Pupils</i>
To be Seniors	163
To be Juniors	170
To be Sophomores	180
To be in Boys' Vocational	30
Total	543

Personnel

But one significant change in personnel has taken place during the year. Miss Catherine A. Coleman because of the pressure of teaching duties asked to be relieved of her assignment in connection with dramatics coincident with the close of school in June. This request was granted by the School Committee. Miss Coleman's painstaking and tireless efforts were reflected in the excellence of the dramatic productions with which she was concerned.

The Senior Play which was staged in December was capably coached by Mrs. James A. Dunn. It is hoped that we may be equally fortunate in securing coaching assistance for the Senior Operetta which is customarily presented in the spring.

Recommendations

All our needs are known to Superintendent Lynch. The following statements merely suggest some of the improvements which when financially feasible will in our opinion contribute to the instructional accomplishment at the School.

1. The School library should be rearranged and redecorated. Library reference material should be brought up to standards acceptable to approving agencies.
2. Better lighting facilities should be installed in our gymnasium particularly if night basketball games are to be played at the Senior High School.
3. Additional instructional time should be made available for remedial reading.
4. The School cafeteria should be redecorated.
5. The present antiquated intrabuilding communication system should be modernized.

In Conclusion

Whether free democratic society as we know it is to survive in our country or the shackles of a totalitarian ideology are to be forged for all of us may well depend in the last analysis on how thoroughly our citizens comprehend and how dearly they cherish the American way of life.

To Superintendent Lynch, to the School Committee, and to all others who have in countless ways during the year helped us to translate more fully the concept of democratic living into our daily school life, we are indeed grateful.

This report will close with a statement of those seniors who last June received special honors at graduation and with the program of the 1950 graduation exercises.

GRADUATION EXERCISES OF NORWOOD HIGH SCHOOL**Class of 1950**

Tuesday Evening, June 13, 1950

Junior High School Gymnasium

Program

PROCESSIONAL—March *F. Mendelssohn*
High School Orchestra

INVOCATION

Rev. Christopher P. Griffin

"Alma Mater" *J. V. Dethier*

Chorus and Orchestra

Words by J. J. Gormley

I am your Alma Mater.
Come! Grasp my hand tonight
Ne'er shall I grow weary
Shedding my sacred light.

Join hand with mine tonight, O Comrades, dear.
Raise up your hearts in song; shed not a tear
Because, no more your footsteps echo down my hall;
I have your hand! I'll harken to thy call!

High flies the Flag, Before my portal wide,
You gazed at her; take her for your guide!
Proudly you bore her colors—white and royal blue.
Gaily to you she waved them when the breezes blew.

ADDRESS

Rev. James Gordon Gilkey, D.D.

*South Congregational Church
Springfield, Massachusetts*

"Pomp and Circumstance" .. *Edward Elgar*

Chorus and Orchestra

Words by J. J. Gormley

Lord guide our Nation,
Justice ever our goal.
Strengthen hearts that are weary;
Lord guide our lives each day so we pray.
Foster, nourish each soul.
Lead us into Thy Kingdom,
Thy Kingdom come.
Lead us into Thy Kingdom
Thy will be done.

GIFT OF THE CLASS OF 1950

Frank P. Malacaria

ACCEPTANCE OF THE GIFT FOR THE SCHOOL

William J. Lynch

AWARD OF MEDALS AND PRIZES

REPORT OF THE PRINCIPAL OF THE NORWOOD JUNIOR HIGH SCHOOL

I herewith submit my eleventh report as Principal of the Norwood Junior High School.

Since one of the duties of administration is to make possible more effective teaching, an adequate testing program must be continued. A worthwhile portion of this program has been the testing, for mental ability and scholastic achievement, of those who enter our seventh grade. The results were studied by our teachers in order that they might better know the strengths and weaknesses of our pupils and thus render more effective teaching according to the needs and abilities of the students.

I am pleased to have a teacher for half of each week as a remedial specialist for speech and reading. I would like to have her services full-time, since that necessary work can most effectively be done by one who has had special training.

Although our guidance service, under Miss Smart's able direction, has been extremely effective, there exists today a greater need for more guidance service, since life is becoming increasingly complex. The substitute for guidance which we put in effect during the war has not successfully replaced the formal guidance program which we formerly had in grade nine, and I recommend that we go back to our former program which included a full-time guidance teacher for grade nine.

The social studies teachers have begun a reappraisal of the work of the department which they will complete during the ensuing year. Pupil needs as well as teaching materials and methods are being considered so that we will be able to select new basic text which we must have very soon. The teachers are enthusiastic about the benefits derived from the social studies workshop in grade eight and hope to have one for each of the other two grades.

The philosophy of modern education concerns itself with the growth of the individual rather than with an arbitrary measure of growth which all are expected to achieve. Our deviates, who never can gain real success in scholarship, do have the satisfaction that they are achieving success at a rate which they can attain. We would do more for them with a teacher who could provide a program exactly suited to their needs, and including more handwork than we can now give them with our limited personnel.

Our student publication, "Junior Narrator" was again awarded first place in a national contest sponsored by the Columbia Press Association at Columbia University. This award was for the general excellence of our publication in competition with schools of its size throughout the country. Despite the fact that our "Junior Narrator" has repeated this outstanding honor, the publication has been discontinued so that a school newspaper may be started by our students. This will afford more experience for a greater number of pupils, and will present a better opportunity for more practical writing.

The Recreation Department informed me, through its superintendent, last spring that the Norwood Junior High School would no longer have full daytime

use of the Civic Field, which has been our athletic field since our building was constructed. The loss of any existing facility, athletic or otherwise, is a matter about which I must be seriously concerned, and I have protested to the Superintendent of Recreation. I prefer, however, to wait until next year to see if this situation is corrected before I make a specific proposal concerning our needs.

The building and grounds are in good condition, and I know that the necessary interior painting will be done when funds are available in our superintendent's planned program.

May I take this opportunity to thank you, Mr. Lynch, for your co-operation and advice, which have been always most helpful.

JOHN J. CORCORAN.

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS

Submitted herewith is the annual report of the Vocational-Industrial Arts Department for the year ending December 31, 1950.

Vocational Education

The boys' vocational education program is limited by necessity to a rather small student enrollment. Thirty boys is the enrollment limit which the school can accommodate at present.

This year it was necessary to eliminate those boys who had completed the eighth grade and were fourteen years of age, who expressed a desire to enter the school. We accepted only those who had completed their ninth year. The anticipated heavy enrollment made this decision necessary, as in June we would lose only six boys by graduation, and the waiting list would provide replacements in September.

To date some withdrawals from the ranks of the older group of boys with a three-year training has reduced the enrollment somewhat, but no doubt the vacancies will be filled after the mid-year.

Regarded as a "Boys' Day Trade School", the program is federally supported, so all products must be marketed at current prices. Throughout the year customers from the outside kept the student trainees busy with orders. The work varied from small lamp bases to cabinets, such as knee-hole desks and corner china cabinets. The productivity record showed a total of 146 jobs undertaken and completed. The distribution is as follows: 33 jobs for outside customers, 17 jobs for the various schools, 3 jobs for the town and 93 jobs for the students themselves, with a total market value of approximately \$2,809.50.

The school has one of the longest days of any school, from 8:15 A. M. to 3:00 P. M. daily. Each student must take three clock hours of uninterrupted shop training, in addition to four class periods of related and academic study. We would like to place our boys in part-time jobs but unfortunately this arrangement has not been possible.

Once again the vocational shop was opened to adult training, for those who wished to take advantage of a three-hour evening period once a week. Two classes were organized and each class was held to a maximum of fifteen men, who for the most part were enrolled the year before. They received class instruction on projects selected by themselves and within their ability to construct.

Industrial Arts

In 1910 Dr. Frderick G. Bonser defiened industrial arts as a "study of the changes made by man in the forms of materials to increase their values, and of the problems of life related to these changes." The study of these changes has been divided into areas according to materials used, but the latest trend in the study of these "changes made by man in the form of materials to increase their values" is to divide the work into units based on the classification of the project. This type of unit work seems to present itself in a round of exploratory experiences to all boys in our seventh and eighth grades.

A boy entering the seventh grade is required to take industrial arts in two such units (metalwork or woodwork); a half year spent in each. This introduction to the industrial field teaches him the basic concepts which these two units offer, particularly the use of woodworking and metalworking tools.

A further look into the field of industry is given the boy in the eighth grade in the form of a "try-out" period of ten weeks in the units of printing and mechanical drawing. Mechanical drawing introduces to him the language of industry and teaches him how to read and transmit this new language upon a drawing board. Printing, a very fascinating unit for our students, allows a ten-weeks' trial period; there the basic fundamentals of this industry are learned. During these two years in the seventh and eighth grades, each boy works with the materials of the units, and if an interest develops, he can follow it up during his ninth year. This is the limit for all industrial arts in the school, with the exception of woodwork, which a boy may follow by enrolling in the vocational education program at the high school.

In previous reports I have mentioned the needs for the many boys who would like to have industrial arts at the high school. I believe now, with so many of our young men going into the armed services, a background of some industrial unit would be more than beneficial to them. Industrial arts, as a form of general education, should be included in the high school curriculum.

I wish to express my sincere appreciation of all the help, cooperation and wise counsel given to me and to the departments by Mr. Lynch, Mr. Hayden and the School Committee.

CLIFFORD H. WHEELER

REPORT OF THE HENRY O. PEABODY SCHOOLS FOR GIRLS

I hereby submit the ninth annual report of the Henry O. Peabody School for Girls.

Conditions influencing the growth and progress of the Peabody School have been discussed at length in previous reports. Although acceptance of the program is still below that which was first anticipated, the School is continuing to progress. Our training is recognized and graduates are doing well on the job. Placement contacts are excellent but difficult to maintain because of scarcity of graduates.

This vocational school, established with high purpose, in spite of low enrollments, has gained in stature. It has attained state-wide and national recognition in educational and industrial circles. Members of our staff have been invited to take active part in conferences, have served on evaluating committees, and have held office in leading educational organizations. Trade teachers find no difficulty

in entering their trades for professional improvement. This year, the Director has written a chapter for a new bulletin of the United States Office of Education, "A Guide to the Operation of A Local Program of Trade and Industrial Education—With Emphasis on Supervision." The technicolor motion picture film showing students at work in all departments of the Peabody School was shown at the State conference on Vocational Education held at Fitchburg. It was also shown at the Nurses' Training Workshop at Boston University and at nearby high schools. It served as a highlight for the Open House program this year and as would be expected, it met with much enthusiasm on "Parent's Night."

Several of our students have brought recognition to the School this year. William Pudsey, a senior in the Trade Dressmaking Department, recently won a national award in the Young Designer's Contest sponsored by the Simtex Mills, New York, for garments of original design and high standard of workmanship. Seven thousand schools participated in this contest with approximately 45,000 garments judged. The two state awards for that contest were also won by pupils of the Peabody School—Lillian Martowska and William Pudsey. The National prize consisted of a cash award of \$250 and an all-expense week's trip to New York for the winner and his teacher. The state prize was the awarding of a \$25 Government Savings Bond. Through these awards, the School was featured in Trade publications, and Fashion magazines.

Last September, a group of students from the Food Trades Department, Paul Mick, Janet Frost, Albert Natoli, and Arthur Seel, took full charge of the kitchen and dining room over a period of three days for the Indoctrination Program for freshmen students of Clark University held at Camp Kiwanis, Hanson, Mass. On November 14, the senior class of the Food Trades Department catered for the Tea celebrating the fiftieth anniversary of the Norwood Woman's Club. This same group prepared and served the supper for the Red Cross Bloodmobile workers. On November 15, this Department also prepared and served a dinner for the Norwood School Committee and the Trustees of the Henry O. Peabody Fund, Incorporated.

The School Lunch Program supervised by the State Department of Education rates our Cafeteria as outstanding for a small school and one which co-operates with them to the fullest extent. This cafeteria is operated by students of the Food Trades Department as an outlet for training.

The following are excerpts from the annual report of the State Department of Vocational Education for 1950:

"The school is to be commended on the continuous effort made to secure more local interest and support, so much needed, if the school is to prosper and grow.

"The moving picture which was made this year of activities in this school, is one example of good publicity, not alone for this particular school, but for Vocational education in general.

"In spite of the small numbers, it is commendable that the Tea Room was operated for a unit of instruction at least, and for special groups; and that further emphasis was placed on cafeteria operation and service.

"High standards of workmanship and productivity have been in evidence throughout the school.

"Teaching organization and teachers are recommended for approval."

ENROLLMENT AND PLACEMENT BY COURSES

January, 1950—December, 1950

Course	Enrollment	Res	idents	School**	Graduates	Granted	PT*	FT
Beauty Culture	18		9	2	10	6	1	4
Business Education	39		8	4	19	16	3	16

Total	136		47	23	78	35	18	33

*Part-time placement

Full-time placement

**Reasons for leaving:

To*go to work, 11; Transferred to Boston Trade High School for Girls, 1; Returned to High School, 3; To be married, 3; Joined Armed Forces, 1; Moved to another town, 2; Ill health, 1; Left—Reasons Unknown, 1.

DISTRIBUTION OF NON-RESIDENT PUPILS

Braintree, 1; Brookline, 1; Canton, 1; Dedham, 5; Dover, 1; Foxboro, 2; Franklin, 5; Medfield, 5; Millis, 4; Milton, 1; North Easton, 1; Norton, 1; Needham, 1; Plainville, 1; Randolph, 2; Sharon, 1; Walpole, 9; Westwood, 3; Wrentham, 2.

The following graduates have been granted certificates:

Mary C. Bilotta	Rosemarie Arlene Norton
Shirley L. Brauer	Rita Lorraine Paquin
Joan Fances Canfield	Gloria Beatrice Pennington
Edith Laura Celima	Danna Florence Puopoue
Eleanor Marie Cisternelli	Helen Patricia Razulevich
Josephine A. Clerici	*Wilda Helen Ristom
*Lorraine F. Conradson	Mary Ellen Rooks
Arlene Beverly Drake	Dorothy Frances Santoro
Alice Ann Esper	Phyllis Scampini
Joanne Martha Flood	Nancy Louise Siegmund
Ann Marie Folan	Joan Lorraine Sorby
Eleanor Gretchen Gregory	*Gloria Joyce Taylor
Mary G. Hamilton	Ann Marie Thomashay
*Elizabeth Helen Hurley	Eleanora M. Tomm
Virginia Helen Lane	*Genevieve Elaine Tomm
Margaret LeBlanc	Mary Christine Wall
Mary Dorothy Lydon	Elizabeth Louise Whitten
Stasia Miecko	*Joan Helen Whitcher

* These graduates received a Certificate of Proficiency

The Alumnae Association, organized in 1948, is actively interested in the success of the school. We are justly proud of this group and believe it will exert a strong influence in the community as it grows. The following young women have served as officers of the Henry O. Peabody School Alumnae Association for the 1949-1950:

Anna Santoro, *President*
 Christine Hamilton, *Vice President*
 Louise Charron, *Treasurer*
 Mary Hamilton, *Recording Secretary*
 Mary Pennacchio, *Corresponding Secretary*

The Evening Practical Arts Program in its seventh year is still using the school facilities to capacity with 332 students enrolled in the following classes this year:

	<i>Number of Classes</i>
Dressmaking	9
Children's Clothing	3
Dressmaking I	2
Dressmaking II	3
Tailoring	1
Furniture Refinishing	2
Jewelry Making	1
Millinery	1

Rug Braiding	2
Rug Hooking	2
Slip Cover Making	1
Tray Painting	3
Upholstery	1
Hooked Rug Design	1
	—
Total	23

Plans are under way to bring together, at the invitation of the Norwood School Committee, the Trustees of the Henry O. Peabody School Fund, Incorporated, Supervisors of the State Department of Vocational Education, School Committee members, School Superintendents, Principals and Guidance Directors of the area included in the original survey. Practical plans may be suggested by this group for further acceptance of this unique vocational program and a more direct means sought by which parents and pupils can be made aware of its existence and of the educational and economic advantages of the Peabody School.

Suggestions which are already under consideration involve a new school catalog and a program of well-planned newspaper advertising. Vocational Days are held for Norwood students at the Peabody School every year and occasionally interested teachers from nearby towns have brought groups of students to visit. Additional days will be set aside for this purpose during the coming year.

The Peabody School maintains at all times a policy of gracious hospitality, encouraging parents and the public to visit the school, and through its public relations program constantly endeavors to widen its contacts. Today, in the light of the national emergency, the School stands ready, as before, to adapt its programs of training to whatever practical demands are made upon it.

Norwood Rotary Club Scholarship

The Norwood Rotary Club has expressed its continued faith in the Peabody School by establishing a scholarship of \$200 to be awarded each year to a student for further pursuit of specialized skills for which the candidate has shown an aptitude as a student in the Henry O. Peabody School. We appreciate this fine civic gesture and pledge ourselves to uphold the purpose of the scholarship, and we accept our part in the responsibility of its administration. Complete information concerning the scholarship is available at the school or at the Office of the Superintendent of Schools.

The Faculty of the Henry O. Peabody School endeavors at all times to demonstrate to the public the worth of its vocational program. Realizing that many of the factors which affect enrollment are beyond their control, they still maintain a pioneering spirit, accept the challenge, and continue to work wholeheartedly for the further development of the school. It is my privilege at this time to commend them for their effort and thank them sincerely for their co-operation.

I wish to express my appreciation to the Norwood School Committee; to Mr. Lincoln D. Lynch, Superintendent of Schools; and to Mr. Paul Salsgiver, Educational Adviser to the Trustees of the Henry O. Peabody Fund, Incorporated, for their support in making another year a success. May I also include those friends of the School whose faith and friendship is ever heartening.

BLANCHE L. MARCIONETTE

REPORT OF THE SUPERVISOR OF HOME ECONOMICS

I herewith present a report on Home Economics Education in the Norwood schools for the year ending December 31, 1950.

Complete Homemaking Education

The tendency today is to use the entire life of the home and family as a core for the Home Economics program. Our prime objective, therefore, should be to familiarize our pupils with the creation and direction of efficient and satisfying homes. Whatever we expect of our homemaking pupils, whether it be to master skills or preside at social functions we must provide suitable physical set-up to these ends, keep them modernized and in condition to function. Provision must be made for carrying on a logical balance among the various activities of house-keeping and homemaking. We must provide actual experiences in ALL tasks and ALL phases of home management, for continuity of the work and cooperation in carrying it on.

Particularly in our more advanced courses in Senior High School we are trying to arouse interest and desire for the better and lasting things in life. Our "Youth Problems", "Gracious Living" and "Family Living" courses offer material directly leading to the establishment of better homes and we attempt to keep the pupil in the atmosphere and spirit of the home itself. When girls say, as frequently happens "We don't feel as though we are in school—it's just like home," we know that we have created the feeling of "living together" which we are trying to have permeate our classes. We have an able group of well-trained, experienced Home Economics teachers who have these objectives at heart and who hope to be of influence in guiding our pupils toward right thinking in order that they may develop mature, healthy, positive attitudes towards successful partnership in establishing strong and satisfying homes. Our courses are geared to the readiness of the pupils. Much subject matter is selected from questions which teen-agers ask covering problems which perplex them. Topics for consideration are chosen wholly by the evidence of their need and acceptability.

We feel that we are meeting the challenge of Home Economics Education in a modern world.

Home Economics News

1. *Our First "Family Living" Class.*

The year 1949-50 saw the beginnings of our long-desired objective, viz., to form an advanced class in Homemaking for the more mature pupils—an ambition finally realized. To the Senior girls who pioneered with us in grounding this course goes all our appreciation for their determination, interest and loyalty. This group of enjoyable, enthusiastic girls are to be congratulated for carrying through a most effective program of work, for the ideals they established for their own homes and for emerging under many odds with high standards and appreciation of home-life at its best and the determination and ambition to aim for these ideals. We have not worked for years with a more cooperative, sympathetic group of girls who loved what we were accomplishing together and radiated a spirit which can only result in better homes for America, wherever these girls find themselves.

Since it is the ambition of our Home Economics faculty to really function in the lives of our girls it has been most gratifying to have them visit us from time to time

and graciously tell us how much they valued our Family Living course and how much it has already meant to them. Consequently, this course is deserving of more recognition, should be evaluated as an indispensable climax to a complete program of Home Economics. Based upon its own merits, "Family Living" should become and remain a major course, open to all who desire to enroll.

2. *Our Mother-Daughter Tea.*

In the spring of the year our Home Economics "Family" (the members of the Family Living class) entertained their mothers and friends at a Tea sponsored and carried out by themselves in our Family Living room at Senior High School,—such a happy time for everyone who attended! Delicious refreshments were prepared and served by our young hostesses,—and the excellent flash pictures taken by the Photography Club to commemorate the occasion! It was a happy and worthwhile event and the mothers were delighted with the accomplishments of their daughters as well as the pleasant social afternoon.

3. *The Meeting of Norfolk County Home Economics Teachers.*

This meeting, held in connection with the annual Teachers' Convention, in our department rooms at Senior High School was inspiring and well-attended by a group of thirty Home Economics Teachers from neighboring towns. The group was delighted with our physical set-up, most generous in their evaluation of our Home Economics program and most appreciative of the efforts evidenced to make our department really a "home" for our pupils.

4. *Graduation—1950.*

A member of our Family Living Class, Miss Josephine DeRose, received the award for excellence in Home Economics given by the Norwood Mothers' Club. The honor was genuinely earned. The generosity of the Mothers' Club in recognizing proficiency in homemaking in this manner is stimulating and leads to higher endeavor toward the best possible accomplishment.

5. *Teaching Personnel.*

Miss Alice Dowling resigned in August to be married. Miss Patricia McDavitt of Norwood was assigned to carry on Home Economics in Junior High School together with other assignments. Miss Eleanor Sline was assigned to both Junior and Senior High School this year and is ably conducting classes in "Youth Problems" at Senior High in addition to her usual Home Economics classes at Junior High School.

6. *Major Problems in Home Economics Accomplishment.*

a. The problem of a suitable standard for size of Home Economics classes is now a topic for discussion wherever Home Economics educators meet. In classes that are over-crowded pupils cannot receive a reasonable degree of personal help with consequent inattention, lack of interest and finally lack of industry, general unhappiness and decided drop in standards of work.

b. Lack of previous preparation in Home Economics basic skills is most pronounced. When pupils arrive at our Senior High School teachers find themselves teaching fundamentals while at the same time trying to raise the grade of work done to a reasonable High School standard. Our high school pupils show a definite lack of experience in technical skills. This has lowered the standard of creative work that can be done in the more advanced classes.

7. At both Junior and Senior high schools our original sewing machines have been replaced and we are now fully equipped with modern Singer electric machines. A new ice chest has replaced the old one at Junior High School. This is a start in the direction of replacing equipment which has served its purpose and lasted surprisingly well.

Recommendations for 1951

1. Apropos of mention of lack of basic training in Home Economics, I recommend that 5th and 6th grade girls be given organized Homemaking instruction, returning to our former practise in this respect.

2. I recommend reorganization of the program of Home Economics in Junior High School, with more time devoted to the subject. There is need of expansion of the program at this level.

3. At Junior High School a room should be set apart for our use where we may create a home atmosphere for homemaking practises. This would add much to the effectiveness of our instruction. Details for completion of such a project have been worked out and I recommend the completion of this project.

4. The cafeteria at Senior High School needs redecoration to establish its rightful position as a pleasant place to gather for eating. Now used for many activities it does not meet the requirements of a modern, healthful or attractive cafeteria. A cost of colorful paint, a little carpentry here and there and a now dull and uninteresting room could be brought to life with a consequent spirit which could add much to the happiness and morale of all concerned. I recommend complete renovation of the lunchroom, with addition of a deep freeze and milk storage unit for better handling of food.

5. Modernization of the Food laboratory at Senior High. This room contains all of the original equipment in respect to utensils, gas stoves, refrigerator, cupboards, chairs. Some of this is inadequate and much of it out-dated. These facilities should be improved and brought up to modern standards. In both food laboratories, Junior as well as Senior High, our pupils should be given the opportunity to work with modern household utensils and gadgets.

IN APPRECIATION:

Once again I wish to thank the Norwood School Committee, administrators, our business associates, members of the department, cafeteria workers and all who have contributed to the successful functioning of this department.

AGNES M. BRIDGES.

REPORT OF THE DIRECTOR OF GUIDANCE AND PLACEMENT

Herewith, I submit my fifth annual report as Director of Guidance and Placement.

Guidance

It is satisfying to note the continuing growth of the justified recognition that is being given to the importance of guidance in our educational systems.

Just a few short years ago, the guidance movement was in its infancy. Today, according to a survey made by the Department of Education of the Commonwealth of Massachusetts, eighty-one per cent of the high schools of the state have guidance programs. The same survey also shows that guidance services are being increasingly extended to the junior high and elementary grades.

In the school system of Norwood, we continue to offer our many guidance services along the lines of the pattern described in our prior annual reports, but always trying to be alert to ways in which these services may be improved.

Occupational Information

During the early part of 1950, a series of group meetings was held to convey occupational information to students of the senior high school. These meetings, conducted once a week over an extended period, covered broad occupational areas.

Some of the topics discussed were: "Work In Industry"; "Work As a Salesman"; "Work In Professions"; "Work In Offices"; "Educational and Vocational Opportunities in the Armed Forces of the United States"; "How To Choose A School or College"; "Home To Secure Summer Work"; and "How To Apply For Employment".

Speakers at these meetings were men and women, leaders in their fields of work, who graciously contributed of their time and talent without receiving any monetary compensation for the help they give us.

Placement

It was a pleasure to be able to help some seventy-five boys and girls to secure either permanent or part-time employment during the past year. Of the present classes in the senior high school, fifty-one per cent of the seniors, fifty-five per cent of the juniors, and thirty-six per cent of the sophomores reported that they engaged in some type of part-time work.

In view of the vast defense program now getting underway in industry, the requests for high school students to help out through part-time employment will probably increase greatly.

We extend our gratitude to the many employers who give our students the opportunity to gain valuable work experience.

Follow-Up

A follow-up of the 165 graduates of the Norwood Senior High School Class of 1950 showed the following distribution: (Does not include Boys' Vocational School, or Henry O. Peabody School graduates.)

	<i>Number</i>	<i>Per Cent of Class</i>
Attending School or College	64	38.8
Employed	92	55.8
Married	2	1.2
In Armed Services of United States	7	4.2

Of the sixty-four members of the Class attending school or college on a full-time basis, the distribution was as follows:

<i>Type of School or College</i>	<i>Number Enrolled</i>	<i>Per Cent of Class</i>
Four Year College	33	20.0
Junior College	3	1.8
Business or Accounting (Less than four years)	14	8.5
Schools of Nursing	8	4.9
Preparatory Schools	2	1.2
Post Graduates	1	.6
Miscellaneous	3	1.8

A broad classification of the number of members of the Class employed, shows the following distribution:

<i>Type of Employment</i>	<i>Number Employed</i>	<i>Per Cent of Class</i>
Industrial	32	19.4
Secretarial, Stenographic, Clerical	25	15.2
Sales and Distribution	18	11.0
Construction and Building Trades	8	4.9
Telephone Operators	7	4.2
Cooks	2	1.2

Conclusion

In these perilous times of world complexity all of us, particularly the home, the school, and the church, are faced with great responsibilities in our endeavor to furnish effective guidance for youth. Through continued cooperative effort, much can be accomplished in meeting the challenges presented.

Sincere thanks are extended to our School Committee, Mr. Lynch, Mr. Hayden, and all who have helped the Guidance Department.

D. VINCENT KENEFICK.

REPORT OF THE DIRECTOR OF MUSIC

Submitted herewith is the annual report of the Music Department for the year ending December 31, 1950.

Objectives

Besides the various aims already mentioned in previous reports, the music course now in force is also planned to provide definite opportunities for participation in and beyond school and to increase the enjoyment of music by the community as a whole.

Procedure

While there is a place for pure enjoyment in education, it would be wrong to allow mere recreation to supplant serious study. Therefore in the lower grades, the children are trained to read notes and understand theoretical rules.

In the upper grades, we teach them an appreciation of what these notes stand for and what prompted the composer to write them.

When the students learn the thought behind the composition, the reading of notes becomes more attractive and hard work a pleasure.

Elementary Schools

In several schools, worn out and out of print music readers have been replaced by a new series. The loss of the Music Assistant is still being felt by the pupils, parents, and teachers who had occasion to view and hear the work done in rhythm and song.

Junior High School

The fact that the classes meet only once a week, and in some cases less often, has slowed the progress of music in this School. This condition has been mentioned in all previous reports since the year when the time allotted for music was cut in half.

Senior High School

In order to offset the condition reported above and to satisfy the demand for more musical activities by the students, I have added the following classes to my regular schedule:

- a. An instrumental ensemble in the Junior High School
- b. A Junior-Senior Glee Club
- c. A Sophomore Glee Club.

So far, the Senior Glee Club has appeared with great success on the following occasions: Chamber of Commerce Night, Norfolk County Teachers Convention, Assembly, and Parent-Teacher Meeting.

The Sophomore Glee Club made their first appearance at the Christmas Assembly.

One of the outstanding features of the year was the rendition of the musical comedy *THE GYPSY ROVER* in which the majority of the Senior students took part.

While other groups would like to get together, time and space are lacking.

I have suggested after-school time, but owing to outside work, make-up, and other things, many students would be unable to attend.

Conclusion

I wish to take this opportunity to express my sincere appreciation of the helpful interest and cooperation of all who have aided in the work of this department.

J. V. DETHIER.

REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

The report of the Physical Education Department for the Year ending December 31, 1950, is respectfully submitted.

Physical Education Program*Senior High School—Boys*

An integrated program of physical education that included calisthenics, group correctives, apparatus, badminton, marching, and some posturre work.

The athletic program consisted of the following sports: Varsity Football, Junior Varsity Football, Varsity Basketball, Junior Varsity Basketball, Intramural Basketball, Hockey, Indoor and Outdoor Track, Golf, Varsity Baseball, Junior Varsity Baseball, Tennis—Boys, Tennis—Girls.

The intramural basketball program was run between football and basketball and again between the basketball and baseball seasons. This program is run for those boys who do not take part in varsity basketball. There is a great deal of interest in this program. We have as many as one hundred to one hundred and twenty boys taking part in this program. A more extensive intramural program could be run during the football and baseball seasons for those boys who do not take part in those sports.

The basketball team played fourteen games in competition with Bay State League teams and had a very successful year. We lost our first two games by a very close score and then won ten of our next twelve games. The boys improved with every game. The Junior Varsity also played a fourteen game schedule and gained quite a bit of experience.

Varsity Hockey under the supervision of Mr. William Hagblom enjoyed one of its most successful seasons. Practice sessions were held in the Skating Club, the Boston Arena, Boston Garden, and the Arena in Providence, Rhode Island.

Indoor Track under Coach Stanley Fisher held matches with Natick and Dedham. They also took part in the Northeastern Interscholastics, the Greater Boston Meet, and the State Championships. The Outdoor season consisted of dual meets with Natick, Framingham, Walpole, Needham, and Foxboro. The final State Meet was held at White Stadium in Franklin Park. The boys performed well.

Boys' Tennis was held during the months of May and June with home and home matches with Boston College High, Dedham, Needham, Wellesley, and Westwood.

The Varsity baseball team played fourteen games in the Bay State League. Our record was not impressive from the standpoint of winning games, but I feel that the boys, most of them first year men, gained quite a bit of experience and should do better this coming year.

The Junior varsity schedule was curtailed because of financial reasons, and the results were not too encouraging. Because of the above, we were not able to keep the interest of the boys at a high level. Every boy wants to play games with outside teams. When you take that away from them, they lose all interest.

The Golf Team competed as in the past in the Norfolk County High School Golf league. The teams in the league are as follows: Dedham, Needham, Walpole, North Quincy, and Quincy. All home matches were held at Ponkapoag Golf Club.

The first football meeting was held August twenty-eight at the Senior High School. The first few days were devoted to organization, such as doctor examina-

tions, giving out equipment, and assigning lockers. Actual practice got under way on September first. My Assistant Coaches were: Mr. Edward Clasby, who resigned two weeks later to continue graduate work at Boston College, and Mr. Paul V. Clark. Mr. William Donovan, former Norwood High School athlete, replaced Mr. Clasby, and he did a wonderful job.

Our record was not impressive in the win column, but we felt the boys always gave a very good account of themselves.

If we are to continue football on the same level as our neighboring schools, I feel we should have football in the ninth grade under proper supervision. We must also enlarge our Junior Varsity program and have a regular schedule for that group.

Senior High School—Girls

This program under the supervision of Miss Erna Kiley included corrective exercises, apparatus, badminton, marching, dancing, games, and group posture work.

The after-school athletic program consists of basketball, archery, tennis. The girls' basketball team played a schedule of five games with teams from neighboring towns. The intramural program was run before and after the regular basketball schedule.

The girls' tennis team reported in the gymnasium to Miss Ruth Johngren. Instruction and practice continued indoors until warmer weather made the use of the courts available. The held matches with teams from neighboring towns.

Junior High School—Girls

The Girls' Physical Education Department, under the direction of Miss Ellen Gifford, consists of corrective exercises, apparatus, marching, dancing, hiking, games, and posture work.

An extensive after-school program is carried out in games such as tennis, tenni-quoit, volley ball, badminton, and basketball.

Junior High School—Boys

The program under the supervision of Mr. John Dixon consists of calisthenics, marching, apparatus, health hints, group games, social dancing, and a sports club.

The Athletic program consists of the following: Varsity basketball, Varsity baseball, Intramural basketball, baseball, and touch football.

Health and Hygiene Education

Health education classes are organized in the Sophomore classes for boys and girls, while classes in hygiene are given weekly to Senior High School boys and girls.

The general objectives of the health program are: To improve the general condition of the individual so that he may function normally, may avoid disease, and may fit himself for his life work; to develop in the pupils an interest in good body mechanics through self-appraisal and group judgment.

Conclusion

I sincerely thank the Superintendent of Schools, School Committee, faculty, and Physical Education Department for their splendid cooperation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI

REPORT OF THE SUPERVISING SCHOOL NURSE

The annual report of The Health Department is herewith submitted.

School medical services in America had their start in Boston in 1894 and in New York in 1897. The chief reason for their establishment was fear, and rightly so, of contagious diseases. Little was expected of the earliest medical services in the school. To inspect and exclude children from school who showed signs of contagious disease was their accomplished purpose.

As years passed, science advanced in its battle against disease to the end that their incidence was tremendously reduced and in some instances completely eradicated. We have develop a newer approach and concept. We realize now that there are many other crippling conditions which handicap the school child (poor vision, loss of hearing, orthopedic anomalies, cardiac disease, mental and emotional adjustments) which would not have been discovered in the old type routine examination used at the start of the twentieth century. A health examination revealing a bad health problem which leads to nothing but a notice to the parent is wasted effort. Close follow-up for effective remedial work is essential.

We know a great deal more about curing and preventing illness, but we still do not know enough to do as good a job as we would like to do. We are justly proud of the progress made since the school medical services were established. School years are the healthiest periods of life. We have new drugs to combat and eliminate infection; to give relief to the asthmatic child, and to control the epileptic. Surgery has given the child with a congenital heart disease an opportunity to lead a normal life. Dental caries have been reduced 40 per cent with the use of fluorine. We have a newer understanding of the physical and emotional growth of the normal child. We know how to help children avoid some serious behavior problems. Despite all this, both educators and medical workers are still confronted with children with physical and emotional health problems which for the present cannot be solved.

"Our national health and strength is much like a stand of tall timber. We cannot take from them more than we plant without imperiling our survival. We must summon all our talents, all our wisdom in education and in medicine to build sturdy mental and physical health for all our children."

Physical Examinations

The physical examinations of all children from Kindergarten through Senior High have been done by the School Physicians, Dr. George R. Allen and Harriet E. Rogers. Parents have been notified of defects found and advised to consult family physicians for the necessary treatment and correction.

A marked increase in postural defects in children in the elementary grades was noted. Many had prominent hips and scoliosis of varying degrees of severity. The actual cause for this increase in postural defects is debatable, but every effort is being made to overcome possible causes. Special attention has been given to the adjustment of school furniture. Parents, teachers, and nurses have been carrying on a concerted effort to correct the handicap. Miss Ellen Gifford, Junior High Physical Education teacher, has helped several mothers in setting up corrective exercise schedules in the home. None of this work can accomplish th same effective results as did the carefully executed Corrective Posture Program carried on in the element-

ary schools by Miss Dorothy Benson previous to her entrance into military service. Correction of these defects during the early formative years will do much toward the prevention of more serious handicaps in later life. "As the twig is bent, so grows the tree." The Junior and Senior High School girls show considerable improvement of previously reported defects as a result of the corrective work done with these groups.

Dental Examination

Early in September, children in all grades were examined by the School Dentist, Dr. Timothy J. Curtin. Notices were sent to the parents requesting the family dentist be consulted. Those unable to meet the financial demands of the services of a private dentist were urged to take advantage of the facilities offered at the School Dental Clinic where the work is done at a minimal cost to the parent.

Too much stress cannot be placed upon the importance of dental care. A decayed or broken tooth never repairs itself as do other body tissues but must have such repair work done by the dentist. Teeth are essential to our general good health. Parents are urged not only to have all necessary dental care completed, but to supervise the children to the end that they take proper care of their teeth. Too many of the children (unfortunately many in the Junior and Senior High groups) are excessively negligent in cleaning their teeth. The teeth should be brushed morning and night and after eating to insure no food particles will be left on the teeth to cause decay.

A 40 per cent reduction in dental decay has been found to follow the use of flourine in the water supply and in the treatment of teeth. Penicillin tooth paste effected a 50 per cent reduction in the incidence of decay. Perhaps a similar program could be instituted in Norwood in the not too distant future to assure our children a better opportunity for good dental health.

The following table shows the results of the dental program from September, 1949, to June, 1950.

Grades 1 to 6 inclusive

Examined by school dentist	1169
O. K. at time of examination	456
Necessary work completed by family dentist	258
Necessary work completed by school dentist	362
Children still under treatment	68
Children receiving no treatment	29
Percentage of correction	91

Junior High — Grades 7 - 9 inclusive

Examined by school dentist	404
O. K. at time of examination	210
Necessary work completed by school dentist	63

Senior High and Peabody — Grades 10 to 12 inclusive

Examined by school dentist	631
O. K. at time of examination	332
Necessary work completed by school dentist	5

Vision Tests

The Massachusetts Vision Test is used to screen pupils in need of further examination by an ophthalmologist. The test is developed to check (1) visual acuity, (2) latent hypermetropia, and (3) muscle imbalance. Of the 2149 pupils tested, 230 failed one or more of the tests, and all but 19 of these failures received necessary correction of the refractive error.

Dr. Hugo B. C. Riemer examined 175 children at the School Eye Clinic and made recommendations for correction for defects found.

Hearing Tests

The Maico Puretone Audiometer was used to test the hearing of 1949 children. One hundred thirty-eight failed the test, and only 19 of these children did not seek the help of a physician for correction of the defect.

Communicable Disease Control

The incidence of communicable diseases reported reached a new low. The common cold and its newly masked cousin "virus infection" was prevalent. Few of us are immune to their evils so it is advisable not only to avoid complications for ourselves but to try to protect our fellow workers from infection. Acute illness often delays school progress. Thus, if we try to develop good health habits of living, it is possible to build our bodies to resist such infections. It is wiser to keep the child who has developed a cold out of school so that he may not pass it on to others or, with his lowered resistance, to develop added infection. It is well to remember that pneumonia, scarlet fever, and other serious illnesses are, in their early stages, often thought to be simple colds.

Diphtheria toxoid inoculations were given to 157 children to help them build an immunity to diphtheria. One hundred thirty-one others who had previously been inoculated were given the Schick test. Four of these proved to have positive reactions and required a second series of toxoid inoculations.

Chest X-Ray examinations were given to the seniors in February by the Norfolk County Hospital, and in May, the sophomores and juniors were X-Rayed by the State mobile unit. A large percentage of the school personnel took advantage of this opportunity. No active cases of tuberculosis were reported as a result of the examinations.

Milk Lunches

The Womens' Club, through the Norwood Community Chest, provides free milk to some 60 children each day. Other children buy their own milk. It is regrettable that our Junior Miss and Master group do not show as active an interest in the mid-morning lunch period as do the children in the lower grades.

Handicapped Children

Miss Patricia Shortall continues to guide the hard-of-hearing children into the skill of lip reading. At present we have 13 children in this class.

Speech training classes are conducted by Miss Rita McLaughlin, Miss Shortall and Mrs. Aileen Lee.

Home tutoring has been provided for the handicapped children unable to attend the regular school sessions. Special programs have been arranged for those who attend school but are not able to carry on as rigid a program as their healthier classmates.

The need for adequate examination and instruction of the mentally retarded child is still great. We have regulations for this particular problem but no provisions to execute them.

A concerted effort on the part of the community is needed to reestablish the services of the Habit and Guidance Clinics which were discontinued during the war because of personnel shortages.

Personnel Changes

Miss Catherine McDonough, formerly school nurse in Canton, joined our staff on December 4, 1950. We are happy to welcome her and hope that she will enjoy her duties.

Conclusion

To you, to the School Committee, to the members of the school system, as well as to our friends outside the school family, we of the Health Department extend our appreciation and thanks, and sincerely hope we may count on the same whole-hearted cooperation in the future.

Respectfully submitted,

MARY A. CANNING, R. N.

Supervising Nurse

REPORT OF THE ART DIRECTOR

This is the annual report of the Art Department for the year 1950.

The Art Workshop

It was pleasing to note, as I observed the way our program went along during the last year, the many general changes in our art attitudes, for these changes go a long way toward making our work more meaningful to children. However, it did seem that some difficulty was still evident when it came to actual lesson presentation. To help improve this situation an Art Workshop was begun. Its scope has been, first; to give each teacher an adult understanding of Art and the place it has in our lives, and second; to help show each teacher how such concepts can be realized more effectively in her own class.

Our monthly meetings are held in the Studio room of the Junior High School from 3:30 to 5 o'clock. We begin first by discussing problems in the previous month's work and then the results of the outside assignment are checked. From an outline of typewritten notes presented each teacher at every session I then present new material. This is followed by a period of discussion and experimental workshop activity during which time each teacher learns to make significant and educational use of various art media.

Substance of the Workshop Program

Many excerpts could be taken from the many pages of material so far presented to our elementary school teachers during the program but I believe these that follow will serve to indicate the aims and extent of our work.

The first accomplishment was to get a glimpse of the piece and purpose that Art has in our lives. Here are two paragraphs taken from the notes of that meeting.

* * *

"Art is a reflection of those universal and harmonious laws which govern all we know—when it reflects cosmic harmony we think of something as being "beautiful" because the harmony within ourselves creates a chord—when it reflects chaos, however, we feel disassociated, become emotionally upset, and feel dissatisfied."

"The broader this base of expressing experience the more exploration of how things *are* can be conducted and therefore, again re-acquaint more people for more exploration—this becomes the basis of a civilization. The more expressive a people the more their culture expends."

1. The Essentials of Art Structure

Following such an introduction of basic philosophy we delved into the problem of art structure by attempting to understand the properties of Line, Shape, Form, Color, Texture, Space and Function. In grades One to Three we studied one of these elements at each meeting. Since this material is new to our system, I quote the following:

On *Lines*: "The most elemental and simplest art structure is "Line". Almost every work of art is based (or can be adequately described—visually) upon the space harmonies and suggested emotions that a simple line can convey."

On *Shapes*: "Lines create shapes—a shape is an area separated by a line, enclosed by a line, or a separation of color which could be shown by a line."

On *Form*: "Form is that quality of art and life which we attach to the words 'three dimensional'. Light imparts a feeling of depth to the things we see—a roundness—a going in and coming toward feeling not truly represented by the tricky perspectives of a picture on flat paper. Sculpture is predominately accomplished in form."

* * *

During these discussions many references are made to the art of children and how these art qualities apply to their work. Some of these, accompanying the sessions above, are briefly mentioned.

* * *

"Children between 4 and 6 express themselves primarily by the elemental properties of Line".

"Children, ordinarily, do not see things as Shapes except that which summarily shows up through their use of lines. They 'experience' more than they see—adults 'see' more than they experience."

"In the class room; tabletops, plasticene modeling, cut paper, blocks, puppetry, sandtables, are all qualities of Form."

2. *Art and Child Psychology*

The double function of art in the elementary school classroom as self-expression and as a means of self-adjustment must become evident to our teachers if they are to understand a child's approach to his art work. The following will indicate the problem.

* * *

"Art, in addition to its problem of reflecting the essence of life itself—exists in school that children may find in it a way of expressing their ideas, and by such expression to develop better meanings. Art to a child also has the power of developing his emotional maturity since its aspects of color, rhythm, line, etc., reflect the happiness of his internal harmony—or, in some instances—the chaos of disorder. A child's drawing can reflect his intellectual and emotional maturity."

3. *Conducting the Art Lesson*

Following this understanding of how a child goes about his work I tried to show our teachers how this knowledge is associated with the classroom situation and in many instances demonstrated when I made my regular visits. Here are some salient points which should serve to give an idea of how the workshop is improving classroom presentation and how it is helping teachers to analyze their results—not in terms of the teacher's adult idea of the so-called 'perfect' picture, but at the child's level—what it is doing to fulfill his personality.

* * *

"Ordinarily, children must re-live the experience of the type of *line* in question and should be able to convince themselves through their own experiments. To afford them better ways of expressing their own experience is the primary purpose of all our work."

"The child's ability to think for himself should always be credited with teacher enthusiasm. Teacher stimulation to get him to express his individuality should be vigorous and sometimes playful—as the occasion demands—a stoic personality hardly presents the excitement of witches and goblins!"

"We cannot develop personality by pouring into each child the same material or by training him to give us the usual responses. Copying pictures, therefore, has no value to him."

"The expression of 'ideas' rather than visible descriptions is always sound when you expect a class to respond to the impact of an important holiday. It was not the *dress* of the Pilgrims that was so important but their innate character as they sought their ideals in a strange land. The emphasis should be on the 'meanings'—the decorative quality is secondary.

4. *The Art Lesson in Grades Five and Six*

In the upper elementary levels we have developed units entitled: Art In the Home, Art In Dress, etc. These notes are in reference to the first unit of Grade Five:

"This unit is primarily conducted to develop initial interest in creating a harmonious living place—as contrasted with the elementary provision for shelter alone. It makes art utilitarian and of use for all, regardless of the ability to apply themselves creatively to the specific fields of drawing or painting."

"The creative problem is to fit the necessary rooms together in a workable and functional unit utilizing all space to its best advantage and striking a plan adapted to the child's own family."

* * *

From notes on "Art In Our School": "Purpose: To make youngsters aware of the fact that the aesthetic environment of their school contributes greatly to their interest in what takes place within the school. In other words—an attractive school attracts—ugly schools are repulsive—being human and emotional by nature we tend to repel the education in the ugly school and accept it more readily in the attractive one."

From notes on "Craft Unit", Grade Six: The purpose of this unit is to give each youngster an understanding of the types of personality and work involved in the skilled occupations as compared with the creative ones. The *craftsman* coordinates his experience, follows instructions, applies high degree of ability in his craft. The *creative* personality imbues the original conception and formulates its appearance.

From notes on "Famous Picture" unit, Grade Six: "To interest children in the work of artists and to acquaint them with the possibilities of this form of expression and to have them become reasonably familiar with the work and purpose of a few outstanding people."

From notes on "Graphic Arts" unit, Grade Six: "Graphic Arts includes the huge field of printing—to make "graphic" by a repetitive (or reproduction) process. Art in quantity—if that makes it clear. The designing, illustrating, and publishing of books and printed matter—with some indication of the processes and how this differs from the original work of an individual artist."

Conclusion

To compare the above notes with our problem is expressed in this report of some three years ago, and to know that, in addition to appearing here, the elaboration of this material has, and is being conducted today in each classroom with confidence and a good degree of understanding, this is a sign of our healthy and forward-looking program.

Use of Visual and Audio Equipment

We now have a carefully selected group of 25 color filmstrips of basic art material which is available to all the schools. Our collection of color slides amounts to over 150 master paintings, 50 which show various art processes, and 50 which show student work.

With our present equipment we are prepared to produce for any school, monochrome or Kodachrome slides, strips, or photographs.

Since photography is a major visual art field we feel it properly belongs within the scope of this department. Mr. Schultz, Mr. Lindgren, and I have made many experiments to find out how this important art media can be made to become, educationally, more a part of our total school program.

The Audio Recorder has been used at the Junior High level only, though with our receipt of new tapes we have in production, a series of discussions which we shall use at the secondary levels until the elementary level has developed more interest.

A New Department — Ceramics

Because vitrified clay has so many uses in our lives, both domestic and scientific, we felt it important enough to introduce as a new art activity. We have two small kilns. In another year we hope to add a potter's wheel which would greatly increase the possibilities of student work.

Youngsters of all grades make use of this equipment. Since the kilns are difficult to move the dry pieces are sent to the Junior High for firing and glazing. As a beginning some grade children have made pendants; Junior High people have produced some interesting trays, pins, bowls and jars. Senior High people are experimenting with small sculpture.

The Studio Groups

On Thursday afternoon of each week youngsters from the Junior High meet in our Studio room with Mr. Lindgren and myself to participate in a specialized type of art work equal to their inherent talents. On Friday afternoons each week youngsters from our elementary schools meet with me for the same purpose. This is our attempt to accommodate those children who have specialized aptitudes and interests in Art.

Art — Junior High School

1. Grade Seven

The use of lines, shapes, and color in the selection of objects used in everyday life, and the way Art can play an important part in living a happy and full life, have been the general problems at this level. Under general topics were included: Art In the Home, In the Community, In Industry, In Advertising, and in Painting and Sculpture.

2. Grade Eight

General assignments in this grade covered: Color Reproduction, Trade Marks, Industrial Design, Theater and Television, Furniture Design, Textile Design, Photography, Architectural Design, and Ceramic Design.

3. Grade Nine

In addition to work in water color and crayon this grade has been experimenting with ways of proving the idea that it is more practical to obtain information from a picture since it explains an incident or process at a glance, and can be universally understood. Since such a picture is only valuable when it has meaning, Mr. Lindgren is doing some worthwhile work in acquainting his classes with the problem of finding these important points.

Art — Senior High School

This department shows a remarkable amount of growth in the contemporary spirit of its work. Mr. Schultz has done an excellent job in a short time toward making this division of the school comparable with the best. Some of this is attributed to the use of a new text entitled, "Exploring Art".

Most class work is related to specific art problems—some include: Meaning and Structure of Art, Experimental Color, Art and Abstraction, Three-Dimensional Design and a study of the "Isms" in Painting.

Related Activities

Reproduced in November 1950 Red Cross Journal is an illustration done by Joyce Johnson '50, entitled, "Saturday Square Dance". This picture was one of twenty submitted to the Internatinal School Art Program by the High School Art Department.

This department designed the program for the Norfolk County Teachers Annual Convention. I discussed "Art and Emotional Maturity" in the Elementary Program while Mr. Schultz acted as Chairman of the Secondary School Art Meeting.

* * *

I appreciate this opportunity to thank each grade teacher and principal for the success of this school year.

Mr. Schultz and Mr. Lindgren also deserve a note for their willingness to devote extra time in order to make their respective rooms more functional.

My sincere appreciation is extended to Mr. Lynch and the School Committee for reflecting a cooperative and democratic spirit.

WALTER E. LUNSMAN

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my report as Attendance Officer for the year ending December 31, 1950.

Total number of investigations	164
Number of truanies	20
Number of illness cases investigated	71
Assisting at home	17
Investigation of cases where children left school	3
Investigation of cases where home permits were desired	3
Investigation of cases where working certificates were desired	2
Moved	0
Miscellaneous cases	48
	164
Total number of children returned to school	4
Number court cases	0

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1950 as follows:

Thomas F. Riley, *Chairman*
 John Ahearn, *Member*
 Thomas M. Hayden, *Clerk*

On Monday, January 1, 1950 the debt of the Town of Norwood was \$118,000.00 with maturities in 1950 of \$23,000.00. No money was borrowed during the year for any purpose.

After examining the request for appropriations submitted by various departments the Commission met with Department Heads and Committees charged with the disbursement of appropriations and discussed in detail the basis for such requests.

On completion of the work of the Commission a public hearing was held prior to the Adjourned Town Meeting.

The sum of \$20,000.00 was appropriated for the Reserve Fund and transfers were made as follows.:

Drains Construction	\$3,630.00
Town Clerk and Accountant New Equipment	,243.00
New Industries Committee	100.00
Police Department Salaries	1,000.00
Police Uniforms	610.00
Police Department Salaries	550.00
Travel Out of State	250.00
Civilian Defense Committee	250.00
Aid to Dependent Children Administration	100.00
Assessors Incidentals	50.00
Schools, Maintenance of Buildings	1,126.00
Old Age Assistance, Incidentals	2,000.00
Aid to Dependent Children, Personal Service	50.00
Building Inspector, Incidentals	65.00
General Manager, Salary	125.00
Maintenance and Control of Traffic	250.00
Board of Health, Personal Service	1,100.00
Sick Leave, Public Works Department	500.00

EDMUND F. SULLIVAN, Collector of Taxes

In Retirement

CARL P. HAUCK retired February 1, 1950 after serving as Town of Norwood cashier for twenty-two years.

I wish to express my sincere gratitude and the appreciation of his fellow employees and of the Town for his many years of faithful and conscientious service.

E. F. SULLIVAN, *Treasurer & Collector*

THIRTY-SEVENTH REPORT
OF THE
TOWN ACCOUNTANT
OF THE

The Honorable Board of Selectmen,

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1950, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule:

DEPARTMENT OF CORPORATIONS AND TAXATION

DIVISION OF ACCOUNTS

REPORT OF AN AUDIT
OF
THE ACCOUNTS OF
THE TOWN OF NORWOOD

For the Period from January 1, 1949 to August 31, 1950

Made in Accordance with the Provisions of
Chapter 44, General Laws

REPORT OF STATE AUDITOR

To the Board of Selectmen

*Mr. Charles L. Rich, Chairman
Norwood, Massachusetts*

November 28, 1950

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Norwood for the period from January 1, 1949 to August 31, 1950, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG
Director of Accounts

*Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston*

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Norwood for the period from January 1, 1949 to August 31, 1950, and submit the following report thereon:

The financial transactions, as shown on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked with the records in the offices of the town accountant and the town treasurer.

The books and accounts in the office of the town accountant were examined and checked in detail. The recorded receipts were compared with the records of the several departments collecting money for the town or committing bills for collection and with the town treasurer's books. The records of payments were checked with the town treasurer's books and with the approved treasury warrants.

The general and appropriation ledgers were analyzed for the period of the audit. The appropriations as recorded were checked to the town clerk's records of financial votes passed at town meetings, the transfers from the reserve fund were compared with the finance committee's records of such transfers, and a balance sheet showing the financial condition of the town on August 31, 1950 was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The cash book was footed and recorded receipts were compared with the town accountant's books, with the records in the various departments in which money was collected for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with warrants authorizing the treasurer to disburse town funds. The cash balance on August 31, 1950 was proved by actual count of the cash in the office and by reconciliation of the bank balances with the statements furnished by the banks in which town funds are deposited.

The debt and interest payments were checked with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust, investment, and retirement funds in the custody of the town treasurer were examined and listed. The income was proved, the withdrawals were verified, and the cash on hand on August 31, 1950 was verified by reconciliation of the bank balances with statements furnished by the banks of deposit. In the cash of the retirement funds, all transactions were compared with the records of the contributory retirement board.

The books and accounts of the Henry O. Peabody School for Girls Fund, in the custody of trustees, were examined and checked. The investments were examined and listed, the income was proved, the payments were compared with the approved vouchers on file, the amount transferred to the town was verified by comparison with the town treasurer's records, and the cash balance on August 31, 1950 was reconciled with a statement furnished by the bank of deposit.

The records of tax titles and tax possessions held by the town were examined and checked. The taxes, assessments, and water liens transferred to the tax title account were compared with the collector's records, the foreclosures verified, and the redemptions of tax titles and sales of tax possessions were checked with the treasurer's cash book. The tax titles and tax possessions on hand were listed, reconciled with the town accountant's ledger, and compared with the records in the Registry of Deeds.

The records of the Veterans' Housing Committee were examined and checked. The collections on account of rentals and surety deposits were proved with the tenants' ledger accounts and the payments to the town treasurer were verified. The payments made by the town treasurer from the Veterans' Housing account were compared with the approved warrants on file, and the cash on hand on August 31, 1950 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit.

Attention is again called to the fact that the Veterans' Housing Committee is still administering the affairs of the local project even though the town has created a Housing Authority, which procedure is contrary to the provisions of Section 8 of Chapter 372 of the Acts of 1946, as amended.

The books and accounts of the town collector were examined and checked. The **tax, motor vehicle and trailer excise, assessment, departmental, municipal light, and water accounts** outstanding at the time of the previous examination, as well

as all subsequent commitments, were audited and checked with the warrants for their collection.

The collector's cash books were footed; the recorded collections were compared with the payments to the treasurer; the abatements and discounts were checked with the records in the departments authorized to grant them; the taxes, assessments and water liens transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

The outstanding accounts were further proved by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of guarantee deposits for sewer, municipal light, and water services, as well as those made by consumers of electric energy, were checked in detail. The recorded deposits were listed, the refunds and transfers to accounts receivable were verified, and the deposits on hand were reconciled with the controlling accounts in the town accountant's ledger.

The town clerk's records of dog, sporting, and miscellaneous licenses issued, as well as receipts from marriage permits, recording fees, and gasoline renewals, were checked in detail. The cash book was footed and the payments to the town treasurer were compared with the treasurer's recorded receipts.

The surety bonds furnished by the financial officers of the town for the faithful performance of their duties were examined and found to be in proper form.

The records of licenses and permits issued by the police, fire, and health departments were examined and checked. The payments to the treasurer were compared with the treasurer's recorded receipts and the cash on hand was verified by actual count.

The records of receipts of the sealer of weights and measures, and of the school, library, and cemetery departments, as well as of all other departments in which money is collected for the town, were examined and checked, and the payments to the treasurer were verified.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, municipal light, and water accounts, as well as tables showing the condition and transactions of the trust, investment, and retirement funds.

For the cooperation extended by all town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts
